Statutory Auditors’ report
on the financial statements

Year ended December 31, 2016
To the Shareholders,

In compliance with the assignment entrusted to us by your Annual General Meetings, we hereby report to you, for the year ended December 31, 2016, on:

- the audit of the accompanying financial statements of Criteo SA (the “Company”);
- the justification of our assessments;
- the specific verifications and disclosures required by law.

The financial statements have been approved by the Board of Directors. Our role is to express an opinion on these financial statements based on our audit.
I. Opinion on the financial statements

We conducted our audit in accordance with professional standards applicable in France. These standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit involves performing procedures, using sampling techniques or other methods of selection, to obtain audit evidence about the amounts and disclosures in the financial statements. An audit also involves evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made, as well as the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements give a true and fair view of the assets and liabilities and of the financial position of the Company as of December 31, 2016, and of the results of its operations for the year then ended in accordance with French accounting principles.

II. Justification of our assessments

In accordance with the requirements of Article L. 823-9 of the French Commercial Code (Code de commerce) relating to the justification of our assessments, we inform you that the assessments we conducted focused on the appropriateness of accounting policies used and the reasonableness of significant estimates made and the overall presentation of the accounts, including with regard to equity investments.

These assessments were made as part of our audit of the financial statements, taken as a whole, and therefore contributed to the opinion we formed, which is expressed in the first part of this report.
III. Specific verifications and disclosures

In accordance with professional standards applicable in France, we also performed the specific verifications required by law.

We have no observation to make as to the fair presentation and consistency with the financial statements of the information given in the Board of Directors’ management report and in the documents addressed to shareholders with respect to the financial position and the financial statements.

Pursuant to the law, we have verified that the management report contains the appropriate disclosures as to the acquisition of equity and controlling interests and the identity of and percentage interests and votes held by shareholders.
