IBERIABANK CORPORATION

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

MAY 3, 2006

IBERIABANK Corporation (the "Company") is furnishing this proxy statement to its shareholders in connection with the solicitation of proxies on behalf of its Board of Directors for use at the 2006 Annual Meeting of Shareholders to be held on May 3, 2006 and at any adjournments or postponements thereof (the "Meeting").

Your proxy will be voted in the manner you specify if you vote properly and timely by internet, telephone, or complete and return the enclosed proxy card. You may revoke your proxy by notifying the Company's Secretary in writing or by filing a properly executed proxy of later date with the Secretary at or before the Meeting.

This proxy statement was mailed to each shareholder of record at the voting record date, on or about April 3, 2006. The cost of preparing and mailing the proxy materials as well as soliciting proxies in the enclosed form will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, fax, e-mail and telex. Banks, brokerage houses and other nominees or fiduciaries will be requested to forward the soliciting materials to their principals and to obtain authorization for the execution of proxies, and the Company will, upon request, reimburse them for their expenses in so acting.

VOTING

The presence, in person or by proxy, of the holders of a majority of the total voting power of the Company will constitute a quorum at the Meeting. Only shareholders of record at the close of business on March 21, 2006 are entitled to notice of and to vote at the Meeting. On that date, 9,683,823 shares of common stock, par value \$1.00 per share ("Common Stock"), were outstanding, each of which is entitled to one vote. Directors are elected by a plurality of the votes cast (Proposal I). The affirmative vote of a majority of the votes actually cast is required to ratify the appointment of the independent auditors (Proposal II).

Shareholders may vote "FOR" or "WITHHOLD" authority to vote for each nominee for the Board of Directors (Proposal I). If you withhold authority to vote with respect to any nominee, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of that nominee. Shareholders may vote "FOR", "AGAINST", or "ABSTAIN" on Proposal II to ratify the appointment of the independent auditors. If you abstain from voting on Proposal II, your shares will be counted as present for purposes of establishing a quorum, but will not be counted as a vote cast for this proposal. If you just sign and submit your proxy card without voting instructions, your shares will be counted for purposes of establishing a quorum and will be voted "FOR" each director nominee and "FOR" Proposal II.

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal as to which your broker does not have discretionary authority to vote. Shares registered in the names of brokers and similar persons who hold the shares for clients and do not receive voting instructions are generally not voted other than on the election of directors, ratification of independent auditors and other routine matters ("broker non-votes"). Broker non-votes will be treated as shares present for the purpose of establishing a quorum, but will not be considered as votes cast.

The form of proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the nominee is unable to serve or for good cause will not serve. It also confers discretionary authority with respect to matters incident to the conduct of the Meeting and with respect to any other matter presented to the Meeting if notice of such matter has not been delivered to the Company in accordance with the Company's Articles of Incorporation. Except for procedural matters incident to the conduct of the Meeting, the Company does not know of any other matters that are to come before the Meeting. If any other matters are properly brought before the Meeting as to which proxies in the accompanying form confer discretionary authority, the persons named in the accompanying proxy will vote the shares represented by such proxies on such matters as determined by a majority of the Board of Directors.

Each share of Common Stock is entitled to one vote. Shares may not be voted at the Meeting unless the record owner is present or represented by proxy. A shareholder can be represented through the return of a physical proxy or by utilizing internet or telephone voting procedures. These procedures are designed to authenticate shareholders by use of a control number and allow shareholders to confirm that their instructions have been properly recorded. The method by which you vote will in no way limit your right to vote at the Meeting, if you later decide to attend and vote in person.

Participants in the Company's Retirement Savings Plan will receive a proxy card for the Common Stock owned through this plan. Award recipients in the Recognition and Retention Plan also will receive a proxy card for the unvested portion of shares held in this plan. These proxy cards will serve as voting instruction cards for the trustees of these plans.

PROPOSAL I - ELECTION OF DIRECTORS

Directors and Nominees

The Articles of Incorporation of the Company provide that the Board of Directors shall be divided into three classes as nearly equal in number as possible, with each class elected by the shareholders for staggered three-year terms. At the Meeting, shareholders will be asked to elect one class of directors, consisting of three directors, for three-year terms expiring in 2009. The nominees of the Nominating and Corporate Governance Committee of the Board of Directors are currently directors and have not been nominated pursuant to any arrangement or understanding with any person.

The Bylaws of the Company currently provide for a Board of eleven persons.

Unless otherwise directed, each proxy executed and returned by a shareholder will be voted for the election of the three nominees listed below. In the unanticipated event that any nominee is unable or unwilling to stand for election at the time of the Meeting, the Bylaws provide that the number of authorized directors will be automatically reduced by the number of such nominees unless the Board determines otherwise, in which case proxies will be voted for any replacement nominee or nominees recommended by the Nominating and Corporate Governance Committee.

Corporate Governance

Board of Director and Shareholder Meetings. The Board of Directors met 13 times during the fiscal year ended December 31, 2005. All directors attended at least 75% of the Board of Directors meetings and assigned committee meetings in 2005. The Company encourages director's attendance at its annual shareholder meetings and requests that directors make reasonable efforts to attend such meetings. All of the members of the Board of Directors, other than Larrey G. Mouton, attended the 2005 annual meeting of shareholders.

Board of Director Independence. Each year, the Board of Directors reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ listing standards and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director are considered to be "independent directors." The Board of Directors has reviewed a number of factors to evaluate the independence of each of its members. These factors include its members' relationships with the Company and its competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with the Company; and the relationships between the Company and other companies of which the Company's Board members are directors or executive officers. After evaluating these factors, the Board of Directors

has determined that Ms. Abell and Messrs. Barton, Breaux, Casbon, Fenstermaker, Parker, Pollard, Shea and Welch are independent directors of the Company within the meaning of applicable NASDAQ listing standards. Independent Board members met in executive session without management present four times during the year ended December 31, 2005.

Shareholder Communications. Shareholders may communicate directly with members of the Board of Directors or the individual chairman of a standing Board of Directors committee by writing directly to those individuals at the following address: 200 West Congress Street, Lafayette, Louisiana 70501. The Company's general policy is to forward, and not to intentionally screen, any mail received at the Company's corporate office. The Board of Directors reserves the right to revise this policy in the event it is abused, becomes unworkable or otherwise does not efficiently serve the policy's purpose.

Codes of Ethics. The Board of Directors has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers. The Board of Directors also has adopted a Code of Ethics that applies to all officers, other employees and directors. Links to both codes of ethics are on the "Investor Relations" portion of the Company's website at: <http://www.iberiabank.com>. Any waiver or substantial amendments of the codes of ethics applicable to the Company's directors and executive officers also will be disclosed in the Company's website.

Committees of the Board of Directors

The Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee and has adopted a charter for each of these three standing committees. The Board of Directors has determined that all of the directors who serve on these committees are independent within the meaning of applicable Securities and Exchange Commission ("SEC") rules and NASDAQ listing standards.

Audit Committee. The members of the Audit Committee are Mr. Barton, who serves as the chairman, and Messrs. Breaux and Welch. Each of the members of the committee is independent within the meaning of applicable NASDAQ listing standards. The Board of Directors has determined that the Chairman of the Audit Committee, Mr. Barton, is an "audit committee financial expert" as defined in Item 401(h) of SEC Regulation S-K.

The Audit Committee has oversight responsibility for the quality and integrity of the Company's financial statements. The committee meets privately with the independent auditors, has the sole authority to retain and dismiss the independent auditors and reviews their performance and independence from management. The independent auditors have unrestricted access and report directly to the committee. The Audit Committee met sixteen times during 2005. The primary functions of the Audit Committee are to oversee: (i) the audit of the financial statements of the Company provided to the SEC, the shareholders and the general public; (ii) the Company's internal financial and accounting processes; and (iii) the independent audit process. Additionally, the Audit Committee has responsibilities relating to: (i) registered public accounting firms; (ii) complaints relating to accounting, internal accounting controls or auditing matters; (iii) authority to engage advisors; and (iv) funding as determined by the Audit Committee. These and other aspects of the Audit Committee's authority are more particularly described in the Audit Committee Charter, as amended in 2004 and attached as Exhibit A to the Company's proxy statement furnished in connection with the 2005 Annual Meeting of Shareholders and filed with the SEC on April 11, 2005.

The Audit Committee has adopted a formal policy concerning approval of audit and non-audit services to be provided to the Company by its independent auditors, Castaing, Hussey & Lolan, LLC. The policy requires that all services to be provided by Castaing, Hussey & Lolan, LLC, including audit services and permitted audit-related and non-audit services, must be pre-approved by the Audit Committee. The Audit Committee pre-approved all audit and non-audit services provided by Castaing, Hussey & Lolan, LLC during 2005.

Compensation Committee. The members of the Compensation Committee are Mr. Shea, who serves as the chairman, and Messrs. Barton, Fenstermaker and Pollard, each of whom is a non-employee director and is also independent within the meaning of NASDAQ listing standards. The Compensation Committee met sixteen times during 2005. The functions of the Compensation Committee include making recommendations to the Board of Directors concerning compensation, including incentive compensation, of the executive officers. The Compensation Committee also administers the Company's stock incentive plans.

Nominating and Corporate Governance Committee. The independent members of the Board of Directors (i.e., Ms. Abell and Messrs. Barton, Breaux, Casbon, Fenstermaker, Parker, Pollard, Shea and Welch) serve as the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for evaluating and recommending individuals for election or re-election to the Board of Directors, including those recommendations submitted by shareholders, the evaluation of the performance of the Board of Directors and its committees, and the evaluation and recommendation of corporate governance policies. In 2005, the Nominating and Corporate Governance Committee held four meetings. A link to the Nominating and Corporate Governance Committee Charter is on the "Investor Relations" portion of the Company's website at: <http://www.iberiabank.com>.

It is a policy of the Nominating and Corporate Governance Committee that candidates for director possess the highest personal and professional integrity, have demonstrated exceptional ability and judgment and have skills and expertise appropriate for the Company and serving the long-term interests of the Company's shareholders. The committee's process for identifying and evaluating nominees is as follows: (1) in the case of incumbent directors whose terms of office are set to expire, the committee reviews such directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance, and any related party transactions with the Company during the applicable time period; and (2) in the case of new director candidates, the committee first conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors. The committee meets to discuss and consider such candidates' qualifications, including whether the nominee is independent within the meaning of NASDAQ listing standards, and then selects a candidate by majority vote. In seeking potential nominees, the Nominating and Corporate Governance Committee uses its and management's network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. To date, the Nominating and Corporate Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates, nor has the committee rejected a timely director nominee from a shareholder(s) holding more than 5% of the Company's voting stock.

The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders provided the shareholders follow the procedures set forth in Article 6F of the Company's Articles of Incorporation. The committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a shareholder or otherwise.

Article 6F of the Company's Articles of Incorporation governs nominations of candidates for election as director at any annual meeting of shareholders and provides that such nominations, other than those made by the Board, may be made by any shareholder entitled to vote at such meeting if the nomination is made in accordance with the procedures set forth in Article 6F, which is summarized below.

A shareholder's notice of nomination must be delivered to, or mailed and received at, the Company's principal executive offices not later than 60 days before the anniversary date of the immediately preceding annual meeting of shareholders and must set forth (a) as to each person who the shareholder proposes to nominate for election as a director and as to the shareholder giving the notice (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of Company stock which are Beneficially Owned (as defined in Article 9A(e) of the Articles of Incorporation) by such person on the date of such shareholder notice, and (iv) any other information relating to such person that is required to be disclosed in solicitations of proxies with respect to nominees for election as directors pursuant to Regulation 14A under

the Securities Exchange Act of 1934 (the "Exchange Act") and (b) as to the shareholder giving the notice (i) the name and address, as they appear on the Company's books, of such shareholder and any other shareholders known by such shareholder to be supporting such nominees and (ii) the class and number of shares of Company stock which are Beneficially Owned by such shareholder on the date of such shareholder notice and, to the extent known, by any other shareholders known by such shareholder to be supporting such nominees on the date of such shareholder notice. To be timely under the Articles of Incorporation, nominations by any shareholder eligible to vote at the Meeting must have been received by the Company on or before March 12, 2006.

The Nominating and Corporate Governance Committee may reject any nomination by a shareholder not made in accordance with the requirements of Article 6F. Notwithstanding the foregoing procedures, if neither the Board of Directors nor such committee makes a determination as to the validity of any nominations by a shareholder, the presiding officer of the annual meeting shall determine and declare at the annual meeting whether the nomination was made in accordance with the terms of Article 6F.

Additional Information with Respect to Compensation Committee Interlocks and Insider Participation in Compensation Decisions

None of the members of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries during 2005 or is a former officer of the Company or any of its subsidiaries.

Compensation of Directors

During 2005, members of the Board of Directors received fees of \$2,500 per month for their services as directors of the Bank, except for the Chairman, who received a fee of \$2,875 per month, and Mr. Byrd, who was not compensated for such service. In 2005, each director was awarded 813 shares of restricted Common Stock. The restricted shares under the award will vest at the rate of one-third (33-1/3%) upon each of the three anniversaries of the annual meeting of the Company's shareholders following the date of the award and will be subject to other terms and conditions of the restricted stock award agreement. Members of the Board of Directors receive no additional compensation for their participation on any committee or for other services as directors of the Company.

Stock Options

In 2005, the Named Executive Officers were granted options to purchase 83,974 shares of Common Stock at an exercise price of \$47.49 per share. In each case the exercise price was based on the fair market value of the Common Stock on the date of grant.

The following table sets forth certain information concerning the grant of stock options to the Named Executive Officers during 2005.

Name	Number of Shares Underlying Options Granted	Percent of Total Options Granted to Employees in Fiscal Year	Exercise or Base Price (\$ per share)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation For Option Term ⁽¹⁾

- (1) Amounts represent hypothetical gains that could be achieved for the options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the option or the sale of the underlying shares. The actual gains, if any, on the exercise of stock options will depend, in part, on the future performance of the Common Stock, the option holder's continued employment throughout the option period and the date on which the options are exercised.

The following table sets forth information concerning the value of stock options held at December 31, 2005 by the Named Executive Officers.

- (2) Calculated by determining the difference between the fair market value of the Common Stock underlying the options at December 31, 2005 (\$51.01 per share) and the exercise price of the options. An option is in the money if the fair market value of the underlying security exceeds the exercise price of the option.

Effective February 20, 2006, the Compensation Committee of the Board of Directors approved a restricted stock award of 10,420 shares of the Common Stock to Mr. Byrd. The value of the shares was \$59.06 per share on the date of the award. On February 20, 2006, Mr. Byrd was also granted options to purchase 25,630 shares of Common Stock at an exercise price of \$59.06 per share. The term of the option is 10 years. The restricted stock award and the option will vest over a seven-year period commencing with the first anniversary of the date of the award and grant.

Effective March 3, 2006, the Compensation Committee approved restricted stock awards and option grants to the following Named Executive Officers:

Award Recipient	Restricted Stock Award	Common Stock Underlying Options
Michael J. Brown	4,741	11,556
John R. Davis	4,741	11,556
Michael A. Naquin	4,741	11,556

The value of the shares on the date of the restricted stock awards and the exercise price of the options each were \$57.66 per share. The term of the options is 10 years. The restricted stock awards and the options will vest over a seven-year period commencing with the first anniversary of the date of the awards and grants.

AGREEMENTS WITH MANAGEMENT

In July 2001, the Company entered into a three-year employment agreement with Daryl G. Byrd that is automatically renewed for an additional year on each anniversary of the agreement unless not earlier than 90 days before the anniversary the Company gives notice that it will not be renewed. If his employment is terminated for other than Cause, as defined, disability, retirement or death, or if Mr. Byrd terminates his employment for Good Reason, as defined, he will be entitled to severance payments equal to the greater of one year's compensation or his compensation for the remaining term of the agreement. If his employment is terminated by him within 30 days of a Change in Control of the Company, as defined, or within 90 days of an event constituting Good Reason occurring within three years of a Change of Control, or within 30 days of the first anniversary of a Change in Control, or if his employment is terminated by the Company without Cause within three years of a Change in Control, he will receive the greater of (i) his salary for the remaining term of the agreement, (ii) twice his salary, or (iii) his "Code 280G Maximum," defined generally as 2.99 times his average compensation over the previous five years. In addition, he will be entitled to a continuation of benefits similar to those he was receiving at the time of such termination for the period otherwise remaining under the term of the agreement or until he obtains full-time employment with another employer, whichever occurs first. The aggregate severance payment and benefit subsidy that would be made to Mr. Byrd assuming his termination of employment under the foregoing circumstances at December 31, 2005, would have been approximately \$2,415,000 and \$48,000, respectively. If any payments to be made under the agreement are deemed to constitute "excess parachute payments" and, therefore, subject to an excise tax under Section 4999 of the Internal Revenue Code, the Company will pay him the amount of the excise tax plus an amount equal to any additional federal, state, or local taxes that may result because of such additional payment.

In October 2000, the Company entered into separate Change in Control Severance Agreements with John R. Davis, Michael J. Brown, George J. Becker III and Marilyn W. Burch providing for severance pay and benefits to the individual upon voluntary resignation within 30 days after a Change in Control of the Company, as defined, or if within three years of a Change in Control the individual resigns for Good Reason, as defined, or is terminated by the Company or its successor without Just Cause, as defined. In March 2004, the Company entered into a separate Change in Control Severance Agreement with Michael A. Naquin and in May 2005, the Company entered into a separate Change in Control Severance Agreement with Anthony J. Restel. The severance payment is 100% in the case of Mr. Davis, Mr. Brown and Mr. Naquin; and 70% in the case of Mr. Becker, Ms. Burch, and Mr. Restel, of each individual's "Code Section 280G Maximum." In addition, each will be entitled to continued medical and life benefits at Company expense for 39 months following termination of employment. The aggregate severance payment and benefit subsidy that would be made to Messrs. Becker, Brown, Davis, Naquin, Restel and Ms. Burch assuming their termination of employment under the foregoing circumstances at December 31, 2005, would have been respectively as follows: Mr. Becker - \$696,045 and \$35,138; Mr. Brown - \$1,217,571 and \$38,963; Mr. Davis - \$1,123,051 and \$43,037; Mr. Naquin - \$771,325 and \$42,608; Mr. Restel - \$241,002 and \$36,977; and Ms. Burch - \$483,115 and \$51,269. The Company will also make the individual whole for any excise tax imposed by the Internal Revenue Code with respect to any payments under the agreement.

The Company has entered into indemnification agreements with Daryl G. Byrd, Michael J. Brown and Michael A. Naquin providing for indemnification and advancement of expenses to the fullest extent permitted by law with respect to pending or threatened claims against them in their capacities as officers of the Company. Following a Change in Control, as defined, all determinations regarding a right to indemnity and advancement of expenses are to be made by an independent legal counsel. In the event of a potential Change in Control, the Company must create a trust for the benefit of the indemnitees, which upon a Change in Control may not be revoked or the principal thereof invaded without the indemnitees' written consent. While not requiring the maintenance of directors' and officers' liability insurance, the indemnification agreements require that the indemnitees be provided with maximum coverage if there is such insurance.

REPORT OF THE COMPENSATION COMMITTEE

The mission of the Compensation Committee (the "Committee") is to assure that compensation programs are effective in attracting and retaining Company and Bank executives, link pay to performance, are reasonable in light of Company economics and the relevant practices of other, similar companies, and are administered fairly and in the shareholders' interests. The Committee acts on behalf of the Board of Directors in setting executive compensation policy, administering Board approved plans, approving benefit programs and making decisions for the Board with respect to the compensation of Company and Bank executives.

The goals of the Committee are to assist the Company and the Bank in attracting and retaining highly qualified management, motivating executives to achieve performance goals, rewarding management for outstanding performance and ensuring that the financial interests of management and shareholders are aligned.

The Committee held sixteen meetings during fiscal year 2005.

Overview. The Company's compensation program for executive officers is designed to attract, retain, and motivate superior executive talent and to align a significant portion of each officer's total compensation with the performance of the Company and the interests of its shareholders.

The Company maintains a performance-based compensation program for its senior executive officers. When performance is considered to have been exceptional, rewards can be above average / median labor market values, approaching or exceeding the 75th percentile of the labor market, as determined by the Committee's independent consultant. When performance falls short of expectations, there may be no incentive compensation awards.

The Company has implemented a competitive total compensation program for executive officers composed of the following elements discussed below: base salary, annual bonus, and long-term incentive compensation.

Base Salary. Executive base salaries reflect the Company's operating philosophy, culture and business direction with each salary determined subjectively by the skills, experience and performance level of the individual executive, and the needs and resources of the Company. Base salaries are targeted to median labor market levels based on reviews of published salary surveys and peer company compensation conducted by an independent compensation consulting firm. The Committee believes that the Company's most direct competitors for executive talent are not necessarily restricted to those companies that are included in the industry index used to compare shareholder returns, but encompass a broader group of companies engaged in the recruitment and retention of executive talent in competition with the Company. Thus, the compensation peer group is not the same as, and is broader than, the companies comprising the SNL \$1 Billion - \$5 Billion Index in the graph under the Proxy Statement caption "Comparison of Five-Year Cumulative Total Returns."

Annual Bonus. Annual bonuses may be earned by executive officers and other key employees. Payments are discretionary and are based on the overall performance of the Company. Annual bonus targets and goals for the CEO are recommended by the Committee's independent consultant. The CEO recommends annual bonus targets and goals for other participants. The targets and goals incorporate the achievement of the current business plan projections and / or performance relative to other high performing banks. These goals may include, but are not limited to, earnings per share ("EPS"), EPS growth, balance sheet management, credit quality, operating efficiency, total shareholder return (stock price appreciation plus dividends), return on equity or return on average tangible equity, return on assets or return on average tangible assets, as well as the achievement of non-financial management business objectives. The mix and weighting of the targets and goals vary and are subjectively determined. The level of achievement determines the level of bonus. The maximum payout is two times the annual bonus target.

Long-Term Incentive Compensation. In 2005, the Board of Directors adopted and shareholders approved the IBERIABANK Corporation 2005 Stock Incentive Plan ("2005 Plan"). The maximum

number of shares that currently may be issued for all awards is 562,500 shares, provided that the Company shall not issue more than 421,875 shares pursuant to awards in a form other than stock options and stock appreciation rights (“SARs”).

The 2005 Plan is designed to instill the economic incentives of ownership, create management incentives to improve shareholder value and, through the use of vesting periods, encourage executives to remain with the Company and focus on long-term results. The Committee awards stock-based incentives to qualifying participants with the type of award and number of shares awarded varying according to each participant’s current and expected contributions, position responsibility, salary, prior awards, and recent performance results.

The Committee limits the maximum number of awards to any individual in any calendar year to 50,000 shares. In addition, the maximum performance unit award and the maximum performance compensation award that any one participant may receive for any one performance period shall not together exceed 50,000 shares per year and \$3,000,000 in cash.

The grant of stock incentives is designed to align the interests of executive officers with those of shareholders in the Company’s long-term performance. Stock options granted have exercise prices equal to the fair market value of the underlying shares on the date of grant so that compensation is earned only through long-term appreciation in the fair market value of the underlying shares. Stock options are generally granted on an annual basis if warranted by the Company’s performance. Shares of restricted stock are awarded in recognition of exceptional Company and individual performance. Repricing of previously granted stock options is not permitted.

In December 2005, the Committee recommended and the Board of Directors approved the acceleration of all outstanding stock options. As a result of this decision, all stock options became immediately exercisable on December 31, 2005 and the Company recorded \$470,000 of compensation expense in 2005. All other terms and conditions of the stock option agreements remained unchanged. The Company expects to be able to achieve approximately \$6,500,000 of expense savings over the next six years due to this decision.

Compensation of the Chief Executive Officer. The Committee and Board of Directors determined the compensation for Daryl G. Byrd, President and Chief Executive Officer (“CEO”), for 2005. The CEO’s compensation is based upon the same factors as described above for other members of executive management. In establishing the compensation for Mr. Byrd in 2005, including base salary as well as incentive opportunities and awards, the Committee considered the Company’s operational and financial performance as well as shareholder returns. These factors were considered in comparison to the Company’s performance in 2004 and both the salary surveys and peer company compensation described above, as well as the advice of the Committee’s independent compensation consulting firm. Mr. Byrd’s annual base salary for 2005 was increased to \$410,000, an increase of 9% over 2004. This increase was less than the competitive labor market median as determined by the Committee’s independent consultant.

In December 2005, Mr. Byrd and the Company’s three Senior Executive Vice Presidents advised the Committee and the Board of Directors that, in light of the cost associated with the Company’s decision to accelerate the vesting of all outstanding stock options, they would forgo their rights to any annual bonus for 2005 to offset the cost of this decision. Accordingly, the Committee gave no consideration to any bonus award for this group of executives for 2005. See the “Summary Compensation Table” in the Proxy Statement.

During 2005, recognizing the CEO’s leadership in expanding a talented management team and in continuing to drive the Company’s operational and financial performance as well as shareholder returns, Mr. Byrd was granted stock options to purchase 35,000 shares of common stock and awarded 13,750 shares of restricted common stock. The stock options expire on the tenth anniversary of the grant. The restricted stock award vests in equal installments over a seven-year period starting with the first anniversary of the grant. These awards reflected recognition of the CEO’s performance described above, as well as the Committee’s and Board of Directors’ recognition of current and expected future contributions by Mr. Byrd to the Company’s success and continuing creation of shareholder value.

The CEO compensation program described above positioned Mr. Byrd's 2005 total direct compensation (salary plus bonus plus present value of long-term incentives) toward the 75th percentile of the labor market for similar sized, high performing banks, as determined by the Committee's independent consultant.

Recognizing the CEO's extraordinary leadership during the difficult circumstances created by Hurricanes Katrina and Rita, as well as the Company's overall performance in 2005, including its success in continuing to meet strategic objectives and increase shareholder value, and upon the advice of the Committee's independent compensation consulting firm, effective February 27, 2006, Mr. Byrd's base salary was increased to \$446,900, an increase of 9% over 2005.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code subjects public companies to limits on the deductibility of certain executive compensation. It limits deductible executive compensation to \$1 million per year. Certain forms of compensation are exempt from this deductibility limit, primarily performance-based compensation under plans approved by shareholders. The 2005 Plan, as approved by shareholders, is intended to qualify those awards that would be considered performance-based for exemption under Section 162(m). The Committee will continue to examine the impact of the deductibility limit on the Company and the executive group to determine when and if other aspects of the executive compensation program are affected by the limit and the appropriate actions necessary for the best interests of shareholders.

Committee Governance. The Committee will continue to review and evaluate executive compensation programs at least annually. When and where appropriate, the Committee will consult with its independent compensation consultant and its other advisors with respect to the proper design of programs to achieve the Company's strategic business objectives and balance the interests of shareholders.

Following review and approval by the Committee, all issues pertaining to executive compensation policies and programs as well as recommendations on CEO compensation are submitted to the full Board of Directors for its approval.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is composed of three non-employee directors. The Board has made a determination that the members of the Audit Committee satisfy the listing standards of NASDAQ as to independence, financial literacy and experience. The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, as adopted by the Board of Directors of the Company. A copy of the Audit Committee Charter, as amended in 2004, was attached as Exhibit A to the Company's proxy statement for the 2005 Annual Meeting of Shareholders. This is a report on the Committee's activities relating to fiscal year 2005.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for fiscal year 2005 with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles, underlying estimates and significant judgments used in the financial statements. Management has the responsibility for the preparation of the Company's financial statements. Management represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee reviewed the audited financial statements with the independent auditors, who are responsible for expressing an opinion on the conformity of those statements with generally accepted accounting principles, and discussed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles, the matters required to be communicated by Statement on Auditing Standards No. 61, "Communication with Audit Committees", and their independence from management and the Company, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees."

The Audit Committee also considered the compatibility of non-audit services with the independent auditors' independence. In assessing requests for services by the independent auditors, the Audit Committee considers whether the independent auditors are likely to provide the most effective and efficient services based upon their familiarity with the Company and whether the services could enhance the Company's ability to manage or control risk or improve audit quality.

The Audit Committee discussed with the Company's internal auditors and the independent auditors the overall scope and plans for their respective audits. The Committee met with the internal auditors and the independent auditors, with and without management present, to discuss the results of their audits, their evaluations of the Company's systems of internal controls and the overall quality and adequacy of the Company's financial reporting. The Audit Committee discussed with management, the internal auditors and the independent auditors the internal audit function's organization, responsibilities, budget and staffing. Both the internal auditors and independent auditors have unrestricted access to the Audit Committee. The Audit Committee held sixteen meetings during fiscal year 2005.

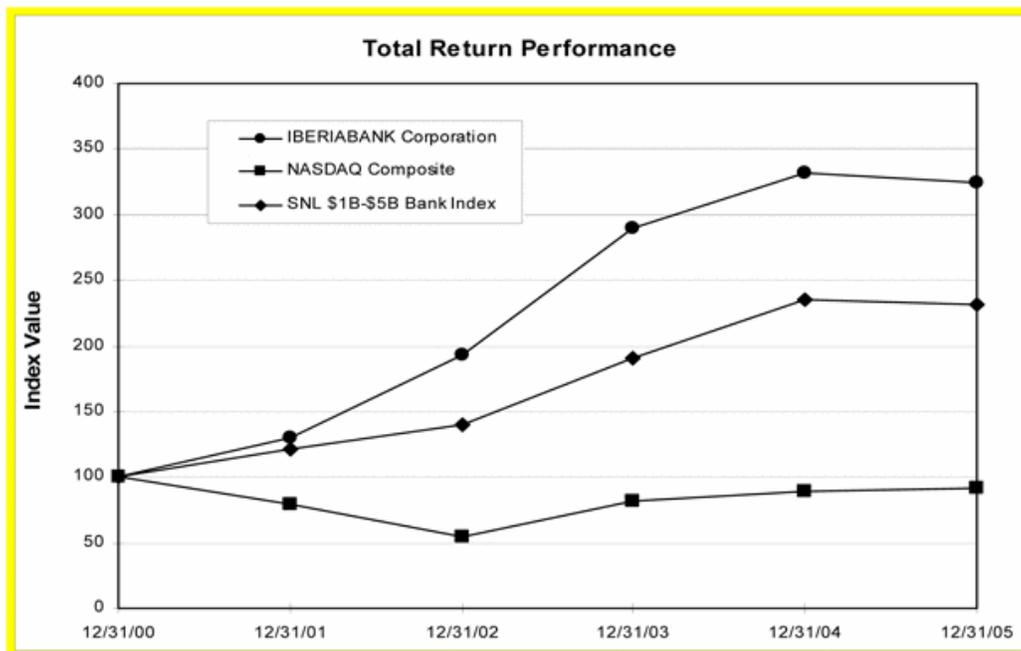

The Audit Committee received reports throughout the year on the Company's internal controls for compliance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder. The Audit Committee will continue to obtain updates by management on the process and will review management's and the independent registered auditors' evaluation of the Company's system of internal controls included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2005 filed with the Securities and Exchange Commission ("SEC").

The Audit Committee, or its Chairman, met with, or held telephonic discussions with, the independent auditors and management prior to the release of the Company's quarterly and annual financial information or the filing of any such information with the SEC. In reliance on the reviews and discussions referred to above, the Audit Committee also recommended that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC. The Audit Committee appointed, subject to shareholder ratification, the independent auditors for the fiscal year ending December 31, 2006.

Shareholder ratification of the selection of Castaing, Hussey & Lolan, LLC as the Company's independent public accountants is not required by the Company's Bylaws or other applicable legal requirements. However, the Audit Committee is submitting the selection of Castaing, Hussey & Lolan, LLC to the shareholders for ratification as a matter of good corporate practice. In the event shareholders fail to ratify the appointment, the Audit Committee may reconsider this appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and the shareholders' best interests.
