OneSmart International Education Group Limited Responds to the Recent Regulation

Dear investors and friends of OneSmart:

Recently, the Opinions on Further Alleviating the Burden of Homework and After-School Tutoring for Students in Compulsory Education, issued by the General Office of the Communist Party of China Central Committee and the General Office of the State Council, has led to a vehement discussion in the society.

OneSmart strongly supports and implements the education guidelines and policies of the central government of China, strictly abides by national laws and regulations, and keeps the original aspiration for the education. **Since the establishment in 2008, OneSmart has always focused on developing a comprehensive all-round education, strengthening the ability of family education, and cultivating students with lifelong learning abilities.**

As a member of the Chinese Education Association, which is administered by the Ministry of Education, OneSmart has maintained stable operations for many years. **In order to continue to promote better family education and cultivate students' lifelong learning capabilities, we will continue to provide all customers with high-quality services over weekends, winter and summer breaks and holidays.**

Thank you for your concern, trust, and support for us!
