This presentation contains statements concerning the Company’s future results and performance that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on various assumptions and may not be accurate because of risks and uncertainties surrounding the assumptions. Factors listed below, as well as other factors, may cause actual results to differ significantly from these forward-looking statements. There is no guarantee that any of the events anticipated by these forward-looking statements will occur. If any of the events occur, there is no guarantee what effect they will have on Company operations or financial condition. The Company will not update these forward-looking statements after the date of the presentation.

Some forward-looking statements discuss the Company’s plans, strategies and intentions. They use words such as “expects,” “may,” “will,” “believes,” “should,” “approximately,” “anticipates,” “estimates,” and “plans.” In addition, these words may use the positive or negative or a variation of those terms.

This presentation contains forward-looking statements about the Company’s expectations regarding the Company’s potential for strong EBITDA growth; growth in the dividend over time; the return of housing to long-term trend levels; growing domestic and global markets for logs, increasing harvest volume and value, and positive trends in demand in the Timberlands segment; increasing demand for U.S. lumber, and revenues and earnings in the Wood Products segment; positive long-term trends in our real estate markets, revenues and earnings, and controlling costs and enhancing margins in the Real Estate segment; growing global market reach, revenues and earnings, expanding margins, growing strategic customer relationships, and product innovation in the Cellulose Fibers segment. Major risks, uncertainties and assumptions that affect the Company’s businesses and may cause actual results to differ from these forward-looking statements include, but are not limited to:

- general economic conditions, including employment rates, housing starts, interest rate levels, availability of financing for home mortgages and strength of the U.S. dollar;
- market demand for the Company’s products, which is related to the strength of the various business segments and economic conditions;
- performance of the Company’s manufacturing operations, including maintenance requirements;
- raw material prices and energy and transportation costs;
- successful execution of internal performance plans including restructurings and cost reduction initiatives;
- level of competition from domestic and foreign producers;
- the effect of weather and the risk of loss from fires, floods, windstorms, hurricanes, pest infestation and other natural disasters;
- federal tax policies;
- the effect of forestry, land use, environmental and other governmental regulations;
- legal proceedings;
- the effect of timing of retirements and changes in the market price of our common stock on charges for share-based compensation;
- changes in accounting principles;
- performance of pension fund investments and derivatives; and
- the other factors described under “Risk Factors” in the Company’s annual report on Form 10-K.

The Company also is a large exporter and is affected by changes in economic activity in Europe and Asia, particularly Japan and China. It also is affected by changes in currency exchange rates, particularly the relative value of the U.S. dollar to the Canadian dollar, Euro and Yen. Restrictions on international trade or tariffs imposed on imports also may affect the Company.

PRIORITIES FOR CAPITAL ALLOCATION

• Returning cash to shareholders

• Improving capital structure
  – Strong liquidity and reducing interest expense
  – Managing retirement liabilities

• Investing in our businesses
  – Disciplined capital expenditures
  – Growth opportunities
DIVIDEND PAYOUT POLICY

• **Targeting a dividend payout ratio of 75% of Funds Available for Distribution (FAD) over cycle**
  – FAD defined as cash flow before debt repayment and dividends
  – Will consider repurchasing shares

• **Current quarterly dividend of 17 cents per share, or 68 cents per share on annualized basis**
  – 2012 dividend payout ratio will likely exceed 75% of FAD, given current outlook

A Sustainable Dividend That We Expect to Grow Over Time
COMMITTED TO STRONG LIQUIDITY AND IMPROVING CAPITAL STRUCTURE

- **Strong liquidity**
  - $1 billion credit facility, expires June 2015—no borrowings outstanding

<sup>1</sup>Adjusted EBITDA is a non-GAAP measure that management uses to evaluate the performance of the company. Adjusted EBITDA, as we define it, is operating income from continuing operations adjusted for depreciation, depletion, amortization, pension and postretirement costs not allocated to business segments (primarily interest cost, expected return on plan assets, amortization of actuarial loss and amortization of prior service cost / credit), special items and interest included in cost of products sold. Adjusted EBITDA should not be considered in isolation from and is not intended to represent an alternative to our GAAP results.
Dan Fulton was elected chief executive officer and a member of the board of directors in April 2008. He remains as president of Weyerhaeuser Company, a position he assumed in January 2008. From May 2001 until March 2008 he was president and chief executive officer of Weyerhaeuser Real Estate Company, a wholly owned subsidiary of Weyerhaeuser Company. In January 2004 he was named to Weyerhaeuser Company’s senior management team.

Before joining Weyerhaeuser, he served as an officer in the U.S. Navy Supply Corps. Fulton graduated with a bachelor of arts degree in economics from Miami University (Ohio) in 1970. He received a master of business administration degree in finance from the University of Washington in 1976, and he completed the Stanford University Executive Program in 2001.

Fulton currently serves on numerous national boards, including the Business Roundtable (BRT), National Alliance of Forest Owners (NAFO), and Sustainable Forestry Initiative (SFI). He also is a member of the Washington State Roundtable.

Fulton serves as chair of United Way of King County, and chair of the Policy Advisory Board of the Joint Center of Housing at Harvard University.
