

## **COST BASIS OF SHARES RECEIVED IN SPECIAL DIVIDEND**

For individual shareholders, the basis of the stock received in the special dividend on September 1, 2010 will generally be equal to \$15.54 per share. The cost basis is equal to the average 3 day closing trading price on August 24, 25, and 26th, 2010 as described in the Prospectus Supplement dated July 13, 2010.

The cost basis does not change for shares held prior to the special dividend.

Corporate shareholders must adjust the basis in the stock received as required by Internal Revenue Code Section 1059 for extraordinary dividends.

Please also refer to pages S16-S22 of the Prospectus Supplement dated July 13, 2010 for a discussion of the general tax implications. However, in all cases, shareholders should obtain tax advice from their own qualified tax professional.
