First Quarter FY2011
Earnings Presentation

Webcast February 17, 2011
This presentation contains "forward-looking statements" as defined by the Federal Securities Laws. Statements in this presentation regarding TeamStaff, Inc.'s business, which are not historical facts are "forward-looking statements" that involve risks and uncertainties. TeamStaff's actual results could differ materially from those described in such forward-looking statements as a result of certain risk factors and uncertainties, including but not limited to: our ability to continue to recruit qualified personnel at reasonable costs; our ability to obtain any needed financing; our ability to secure contract awards, including the ability to secure renewals of contracts under which we currently provide services; our ability to enter into contracts with United States government agencies and other customers on terms attractive to us and to secure orders related to those contracts; the availability of government funding and budgetary constraints; the timing and availability of future government awards; changes in customer priorities; the outcome of legal proceedings; our ability to implement our strategic growth, acquisition and integration strategies; our ability to leverage our cost structure; the performance of our management information and communication systems; the loss of key officers and management personnel that could adversely affect our ability to remain competitive; other economic, business and regulatory developments; and the effect of other events and important factors disclosed previously and from time-to-time in TeamStaff's filings with the U.S. Securities Exchange Commission. For a discussion of such risks and uncertainties which could cause actual results to differ from those contained in the forward-looking statements, see "Risk Factors" in the company's periodic reports filed with the SEC. The information in this presentation should be considered accurate only as of the date it is given. TeamStaff expressly disclaims any current intention to update any forecasts, estimates or other forward-looking statements contained herein.

Liquidity

The Company believes it can access sufficient liquidity to support operations for the next twelve months from the date of this presentation through the following:

- Cash and cash equivalents
- Line of credit
- Commitments for debt/equity
- Operating cash flow
- Contested liabilities
- Cost reduction programs and initiatives
Business Outlook

- Targeted DoD and other agency budgets remain strong though some headwinds
- Government “in-sourcing” on decline
- Built robust “qualified” pipeline in logistics and healthcare
- Major re-competes this calendar year
