The following pages contain the formal notice of the Annual Meeting, the proxy statement and the proxy card. Please review this material for information concerning the business to be conducted at the Annual Meeting and the nominees for election as directors.

We are pleased to take advantage of the Securities and Exchange Commission rules that allow issuers to furnish proxy materials to stockholders via the Internet. PROXY STATEMENT

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

This proxy statement and enclosed proxy card are being furnished to stockholders commencing on or about April 24, 2020 in connection with the solicitation by the Board of Directors (the "Board") of Echo Global Logistics, Inc., a Delaware corporation ("Echo," the "Company," "we," "us," or "our"), of proxies for use in voting at the 2020 annual meeting of stockholders (the "Annual Meeting"). You are receiving the proxy materials because the Board is seeking your permission (or proxy) to vote your shares at the Annual Meeting on your behalf. This proxy statement presents information that is intended to help you in reaching a decision on voting your shares of common stock. Only stockholders of record at the close of business on April 17, 2020, the record date, are entitled to vote at the Annual Meeting. As of April 17, 2020, there were 26,614,652 shares of common stock outstanding and entitled to vote.

Annual Meeting Information

Date and Virtual Meeting Information. The Annual Meeting will be held virtually on Friday, June 12, 2020 at 9:00 a.m., Central Daylight Time. To participate in the Annual Meeting visit <https://edge.media-server.com/mmc/p/8isvf5bm> using your desktop or mobile device and enter the control number included on your proxy card.

Admission. Only record or beneficial owners of the Company's common stock, or their proxies, may participate in the Annual Meeting. To participate in the Annual Meeting, you will need the control number included in your Notice Regarding the Availability of Proxy Materials, your proxy card or on the instructions that accompanied your proxy materials. If your shares are held in a bank or brokerage account, instructions should also be provided on the voting instructions form. If you lose your control number, you may join the Annual Meeting as a "Guest" or by dialing 877-303-6235 (toll free) or 631-291-4837 (toll) and referencing "Echo Global Logistics," but you will not be able to vote, ask questions or access the list of stockholders as of the record date.

Voting Information

Record Date. The record date for the Annual Meeting is April 17, 2020. You may vote all shares of the Company's common stock that you owned as of the close of business on that date. Each share of common stock entitles you to one vote on each item to be voted on at the Annual Meeting. Cumulative voting is not permitted. On the record date, there were 26,614,652 shares of common stock outstanding and entitled to vote. We have no other voting securities.

Confidential Voting. Your vote will be confidential except (a) as may be required by law, (b) as may be necessary for the Company to assert or defend claims, (c) in the case of a contested election of director(s) or (d) at your express request.

Vote by Proxy. If your shares of common stock are held in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record with respect to those shares. As the stockholder of record, you can vote your shares on matters presented at the Annual Meeting or by proxy. There are three ways to vote by proxy:

1. *By Telephone* - Stockholders can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;
2. *By Internet* - You can vote over the Internet at www.proxyvote.com by following the instructions on the proxy card; or
3. *By Mail* - You can vote by mail by signing, dating and mailing your proxy card.

Any proxy given pursuant to such solicitation by a stockholder of record and received in time for the Annual Meeting will be voted as specified in such proxy. If no instructions are given, proxies will be voted **FOR** the election of the nominees listed below under the caption "PROPOSALS TO BE VOTED ON--Proposal 1: Election of Directors," **FOR** the ratification of the appointment of Ernst & Young LLP as independent registered public accounting firm for the Company's fiscal year ending December 31, 2020 under "PROPOSALS TO BE VOTED ON--Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm," **FOR** advisory approval of the compensation of our named executive officers as disclosed in this proxy statement under "PROPOSALS TO BE VOTED ON--Proposal 3: Advisory Approval of the Compensation of Our Named Executive Officers," and in the discretion of the proxies named on the proxy card, with respect to any other matters properly brought before the Annual Meeting and any adjournments thereof.

Submitting Voting Instructions for Shares Held Through a Broker. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name," and these proxy materials are being forwarded to you by your broker, bank or nominee who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or nominee on how to vote and are also invited to attend the Annual Meeting virtually by following instructions, which should be provided on the voting instruction form provided by your bank or brokerage firm. Street name stockholders should check the voting instruction cards used by their brokers or nominees for specific instructions on methods of voting. If your shares are held in street name, you must contact your broker or nominee to revoke your proxy.

If you hold shares through a broker, follow the voting instructions you receive from your broker. If you want to vote at the Annual Meeting, follow the instructions on the voting instruction form provided by your bank or brokerage firm. If you do not submit voting instructions to your broker, your broker may still be permitted to vote your shares in certain cases. A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. If you do not give your broker or nominee instructions on how to vote your shares, your broker or nominee can vote your shares with respect to "routine" items but not with respect to "non-routine" items. "Proposal 1: Election of Directors" and "Proposal 3: Advisory Approval of the Compensation of Our Named Executive Officers" are non-routine matters for which your broker or nominee may not vote without explicit instructions from you. "Proposal 2: Ratification of Independent Registered Public Accounting Firm" is a routine matter for which your broker or nominee may vote your shares without explicit instructions from you.

Quorum. In order to carry on the business of the Annual Meeting, we must have a quorum. This means that stockholders representing at least 50% of the common stock issued and outstanding as of the record date must be present at the Annual Meeting, either by participating virtually or by proxy. Abstentions and broker non-votes are counted as present for purposes of establishing a quorum, but broker non-votes are not considered "present" for purposes of voting on non-routine matters.

Revoking Your Proxy. You may revoke your proxy at any time by (1) providing written notice to Kyle L. Sauers, Corporate Secretary, Echo Global Logistics, Inc., 600 West Chicago Avenue, Suite 725, Chicago, Illinois 60654 at any time prior to the voting thereof, (2) submitting a proxy with a later date or (3) participating in the Annual Meeting and voting electronically.

Vote Required to Elect Directors. In order to be elected, director nominees must receive the affirmative vote of a majority of the votes cast in the election of directors. In other words, a nominee for director must receive more votes "FOR" his or her election than votes "AGAINST" such nominee. The size of the Board is currently set at six members. Abstentions and broker non-votes will have no effect on the election of directors.

Vote Required to Adopt Other Proposals. "Proposal 2: Ratification of Independent Registered Public Accounting Firm" requires the affirmative vote of a majority of the shares of common stock represented at the Annual Meeting and entitled to vote thereon. Abstentions will have the same effect as a vote against the ratification of the independent registered accounting firm, and there will be no broker non-votes with respect to this proposal, as it is a routine item.

"Proposal 3: Advisory Approval of the Compensation of Our Named Executive Officers" requires the affirmative vote of a majority of the shares of common stock represented at the Annual Meeting and entitled to vote thereon. The vote is on the total compensation package provided to the named executive officers, as described in the Compensation Discussion and Analysis and related compensation tables. Abstentions will have the same effect as a vote against the advisory approval of the compensation of our Named Executive Officers. Broker non-votes will have no effect on the advisory approval of the compensation of our Named Executive Officers. The stockholder vote will not be binding on the Company or the Board and may not be construed as (1) overruling their decision, (2) creating or implying any addition or change to the Board's fiduciary duties, or (3) restricting or limiting stockholders' ability to make proposals for inclusion in proxy materials related to executive compensation.

Director Nominations. For a stockholder to nominate an individual to serve as a director at the 2021 Annual Meeting, the stockholder must follow the procedures outlined in this proxy statement under the caption "OTHER INFORMATION—Stockholder Proposals for the 2021 Meeting." Stockholders may also designate a director nominee to be considered by the Board for recommendation to the stockholders at the 2021 Annual Meeting by following the procedures outlined in this proxy statement under the caption "BOARD OF DIRECTORS AND CORPORATE GOVERNANCE—Meetings and Committees of the Board of Directors—Nominating and Corporate Governance Committee."

PROPOSALS TO BE VOTED ON

Proposal 1: Election of Directors

Nominees

The size of the Board is currently set at six members. At the Annual Meeting, the stockholders will elect six directors to serve until the 2021 Annual Meeting of stockholders or until their respective successors are elected and qualified. Unless marked otherwise, proxies received will be voted "FOR" the election of each of the six nominees named below. Any director vacancy occurring after the election may be filled by a majority vote of the remaining directors. In accordance with the Company's by-laws, a director appointed to fill a vacancy will be appointed to serve until the next annual meeting of stockholders held for the election of directors.

All nominees have consented to be named in this proxy statement and to serve as directors, if elected. If any nominee is unable or unwilling to serve as a director at the time of the Annual Meeting, the persons who are designated as proxies intend to vote, in their discretion, for such other persons, if any, as may be designated by the Board. As of the date of this proxy statement, the Board has no reason to believe that any of the persons named herein will be unable or unwilling to serve as a nominee or as a director, if elected.

The Company believes that the Board as a whole should encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to the Company's operations and interests. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of our business. The Company does not have a formal policy with regard to the consideration of diversity in identifying candidates, but the Nominating and Corporate Governance Committee strives to nominate candidates with a variety of complementary skills so that, as a group, the Board will possess the appropriate level of talent, skills and expertise to oversee the Company's business. The Company regularly assesses the size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. The Company's policy is to have at least a majority of directors qualify as "independent directors" as defined in the rules of the Nasdaq Global Market. Currently, five of our six directors are independent.

The Nominating and Corporate Governance Committee seeks candidates with strong reputations and experience in areas relevant to the strategy and operations of the Company, particularly in industries and growth segments that the Company serves. Each director nominee holds or has held senior positions in complex organizations and has operating experience that meets this objective, as described below. In these positions, the director nominees have also gained experience in core management skills, such as strategic and financial planning, public company financial reporting, corporate governance, risk management and leadership development. Each of our directors also has experience serving on boards of directors or trustees and committees of other companies.

The Nominating and Corporate Governance Committee also believes that each of the nominees and current directors has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience, and thought; and the commitment to devote significant time and energy to service on the Board and its committees.

The names of the Company's current directors and director nominees, their ages as of April 17, 2020, their recent employment or principal occupation, the names of other public companies for which they currently serve as a director or have served as a director within the past five years, and their period of service as director of the Company are set forth below:

THE BOARD RECOMMENDS A VOTE "FOR" THE ELECTION OF THE FOLLOWING DIRECTORS: DOUGLAS R. WAGGONER, SAMUEL K. SKINNER, MATTHEW FERGUSON, DAVID HABIGER, WILLIAM M. FARROW III AND VIRGINIA L. HENKELS.

Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm

Ernst & Young LLP has served as the Company's independent registered public accounting firm since 2007 and has been appointed by the Audit Committee to continue as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2020. In the event that ratification of this selection is not approved by a majority of the shares of common stock of the Company represented at the Annual Meeting in person or by proxy and entitled to vote on the matter, the Audit Committee and the Board will review the Audit Committee's future selection of an independent registered public accounting firm.

Representatives of Ernst & Young LLP will be participating in the virtual Annual Meeting. The representatives will have an opportunity to make a statement and will be available to respond to appropriate questions.

Required Vote

The affirmative vote of the holders of a majority of the Company's common stock present at the Annual Meeting in person or by proxy and entitled to vote on this proposal is required to approve the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the current fiscal year.

Recommendation of the Board of Directors

THE BOARD RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2020.

Proposal 3: Advisory Approval of the Compensation of Our Named Executive Officers

Under Section 14A of the Securities Exchange Act of 1934, enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the Company is required to provide a stockholder advisory vote, at least every three years, to approve the compensation of our named executive officers, as disclosed in our Compensation Discussion and Analysis, related compensation tables, and other related material under the compensation disclosure rules of the SEC set forth in this proxy statement. Based on feedback from our stockholders at the 2017 Annual Meeting, our Board elected to provide this vote on an annual basis. At our 2019 Annual Meeting, in a non-binding vote, over 98% of shares cast voted in favor of our executive compensation program and practices disclosed in our 2019 proxy statement.

This advisory vote will not be binding on or overrule any decisions by our Board, will not create or imply any additional fiduciary duty on the part of the Board, and will not restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. However, our Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. Our Board has determined that the best way to allow our stockholders to vote on the Company's executive pay programs and policies is through the following resolution:

RESOLVED, that the stockholders approve the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which includes the Compensation Discussion and Analysis, the compensation tables, and related material).

Required Vote. Approval of this proposal will require the affirmative vote of a majority of the holders of our common stock represented in person or by proxy and entitled to vote at the Annual Meeting.

Recommendation of the Board of Directors

THE BOARD RECOMMENDS A VOTE "FOR" ADVISORY APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure

Our Board is led by our Chairman and CEO, Douglas R. Waggoner. In accordance with Company policy, the Board of Directors sets high standards for the Company's employees, officers and directors. It is the duty of the Board and its leadership to serve as a prudent fiduciary for stockholders and to oversee the management of the Company's business. We believe that having Mr. Waggoner serve as Chairman and CEO is the most appropriate structure for the Company, as Mr. Waggoner can unify his responsibility for setting the strategic direction of the Company with his role of providing guidance to the leadership team as Chairman of the Board. Our current Lead Independent Director, Samuel K. Skinner, serves as a liaison between senior management and the Company's independent directors, and presides at executive sessions of the Board. The role of Lead Independent Director was created in June 2015 to further enhance the Board's independence and corporate governance. We believe our current board leadership structure strengthens the alignment between the Board and the day-to-day operations of the Company and is most appropriate for the Company at this time.

Board of Directors' Role in Risk Oversight

Risk assessment and oversight are a critical part of our corporate governance and management processes. Our Board encourages management to promote a culture that incorporates risk management into both our overall corporate strategy and our day-to-day business operations. It is management's responsibility to identify, evaluate, manage and mitigate risk within the context of our strategic plans and to bring to the Board's attention the most material risks facing the Company. It is the Board's responsibility to oversee our overall risk management processes and to ensure that management is taking appropriate action to manage material risks. The Board has delegated certain risk management oversight tasks to the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee in their respective areas of financial statement compliance and financial reporting, compensation plans and policies, and general corporate governance practices.

The Board also relies on the external audit of financial information, the Company's internal control structure, the Company's insurance advisors and the historically conservative practices of the Company to provide comfort on the Company's ability to manage its risks.

Code of Ethics and Business Conduct

Echo is committed to acting with uncompromising honesty and integrity. Every employee is required to sign the Echo Employee Handbook, which includes the Code of Ethics and Business Conduct. Echo performs internal audits to ensure compliance with this requirement. The Code of Ethics and Business Conduct provides guidance to employees on adhering to this commitment, while recognizing that it does not address every situation an employee is likely to encounter. This code is therefore not a substitute for an employee's responsibility and accountability to exercise good judgment and obtain guidance on appropriate business conduct. Echo also incorporates further ethics content in its induction training and within other sections of the Echo Employee Handbook.

Equal Employment Opportunity

Echo is an equal opportunity employer. In accordance with applicable federal, state and local law, we prohibit discrimination against any applicant or employee based on any legally-recognized basis, including, but not limited to: veteran status, uniformed service member status, race, color, religion, sex, sexual orientation, gender identity, age (40 and over), pregnancy (including childbirth, lactation and related medical conditions), national origin or ancestry, physical or mental disability, genetic information (including testing and characteristics) or any other consideration protected by federal, state or local law. Our commitment to equal opportunity employment applies to all persons involved in our operations and prohibits unlawful discrimination by any employee, including supervisors and co-workers.

Employment Practice Standards

We encourage all clients and carriers with which we do business to:

- Observe laws and internationally recognized labor standards;
- Ensure training and education on labor rights for employees; and
- Refrain from knowingly employing anyone who has contributed to the violation of labor rights.

We recognize that we have a responsibility to ensure that human rights are upheld in our supply chain. An extensive onboarding process is performed for each carrier partner to mitigate the risk of Echo engaging with a supplier having conflicting values to ours.

We are not aware of any significant risk of our operations causing or directly contributing to adverse impacts on the human rights of others. If we identify that adverse impacts have occurred, we will work to remediate those impacts through legitimate and proportionate processes. In addition, no instances have been identified where freedom of association or collective bargaining have been found to be at a material risk.

Social and Environmental Responsibility

Echo considers social, environmental and fair economic business principles as key elements of its business. Echo supports employee resource groups such as Women at Echo, Echo Families, Echo Pride and the Military Employee Interest Group. Echo Gives is a platform allowing employees to make payroll contributions to over 300 charities worldwide and includes a company-funded dollar match. Echo also funds an employee Corporate Citizenship Committee that provides volunteer opportunities to employees within their communities.

For four consecutive years, Echo has been named one of Chicago's Best and Brightest Companies to Work For®. The Best and Brightest Companies to Work For® competition recognizes organizations that display a commitment to excellence in their employee practices. The judges assess companies based on categories such as communication, employee education and employee recognition. Echo's continued commitment to crafting the best employee experience emphasizes initiatives to cultivate collaboration, a high-energy culture and career development.

Echo is sensitive to the environmental consequences of its operations. Accordingly, we strive to maintain compliance with all applicable federal and state environmental laws and regulations. Echo maintains an Integrated Quality Manual which is intended to provide an overview of the key elements of its Integrated Management System. The Integrated Quality Manual addresses critical requirements of regulatory and certification standards per the scope of the following standards: ISO 9001, ISO 13485 and ISO 14001.

Echo is an EPA SmartWay® Transport ("SmartWay") partner striving to improve the operational efficiencies of its clients and carrier partners through its technology and services. SmartWay provides Echo with an annual report which measures grams per mile of carbon dioxide, nitrogen, and particulate matter. For three consecutive years, Echo has been named a Green Supply Chain Partner by *Inbound Logistics*, an honor which placed the Company among the leading 75 companies in the area of green transportation management solutions. Internally, Echo strives to reduce its overall carbon footprint by encouraging company-wide recycling efforts, minimizing power use through eco-friendly lighting systems, paperless customer invoicing, utilizing environmentally friendly cleaning supplies and offering commuter benefits to employees for the use of public transportation.

Echo also advises its clients and carrier partners on supply chain practices that minimize carbon emissions and eliminate costs. Echo's main focus is to reduce empty miles and optimize backhaul opportunities. By using technology, industry expertise, and its extensive carrier network and multi-modal transportation options, Echo helps clients and carrier partners improve operational efficiencies and lower carbon emissions.

Further information related to Echo's social and environmental efforts is provided on the Echo website under the "Corporate Responsibility" subsection of the "Investors" section of our website at <http://www.echo.com>.

Echo's corporate values, policies (including the Code of Ethics and Business Conduct) and practices are aligned to promote care and concern for others, keeping our employees and others safe and healthy. Our employees are provided with the knowledge, skills and abilities to work safely and maintain a healthy environment. Echo establishes viable security measures to ensure the Company's facilities are safe and secure to the maximum extent.

Echo provides workers' compensation coverage to all employees for injuries incurred or occupational illnesses sustained on the job. Our aim is to maintain safety measures that are appropriate, enforceable, consistent and compliant with legislation.

Echo encourages employee development and has created multiple training programs for employees at all levels including new hire training, sales training and management training.

See "EXECUTIVE AND DIRECTOR COMPENSATION—Compensation Discussion and Analysis" for a discussion of the Company's processes and procedures for considering and determining executive and director compensation. In accordance with the requirements of Regulation S-K, the Company has determined that no conflict of interest has arisen with respect to the work of Aon as compensation consultant to the Compensation Committee. During 2019, the Compensation Committee held four meetings.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Messrs. Skinner and Farrow. Ms. Connors served on the Nominating the Corporate Governance Committee until her resignation on February 28, 2020. Ms. Henkels began serving on this committee as of February 28, 2020. Mr. Skinner serves as the chairman of our Nominating and Corporate Governance Committee and will continue to serve as chairman if re-elected to the Board. The Nominating and Corporate Governance Committee is composed entirely of independent non-employee directors and is responsible for, among other things, assisting the Board with its responsibilities regarding:

- the identification of individuals qualified to become directors;
- the selection of the director nominees for the next annual meeting of stockholders; and
- the selection of director candidates to fill any vacancies on the Board.

In evaluating and determining whether to nominate a candidate for a position on the Company's Board, the Nominating and Corporate Governance Committee will consider the candidate's professional ethics and values, relevant management experience

and a commitment to enhancing stockholder value. In evaluating candidates for nomination, the Nominating and Corporate Governance Committee utilizes a variety of methods. The Company does not have a formal policy with regard to the consideration of diversity in identifying candidates, but the Nominating and Corporate Governance Committee strives to nominate candidates with a variety of complementary skills so that, as a group, the Board will possess the appropriate level of talent, skills and expertise to oversee the Company's business. The Company regularly assesses the size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. Candidates may come to the attention of the Nominating and Corporate Governance Committee from current Board members, stockholders, professional search firms, officers or other persons. The Nominating and Corporate Governance Committee will review all candidates in the same manner regardless of the source of recommendation. During 2019, the Nominating and Corporate Governance Committee held one meeting.

The Nominating and Corporate Governance Committee will consider stockholder recommendations of candidates when the recommendations are properly submitted. Any stockholder recommendations submitted under the criteria summarized above should include the candidate's name and qualifications for Board membership and should be addressed to Kyle L. Sauers, Corporate Secretary, Echo Global Logistics, Inc., 600 West Chicago Avenue, Suite 725, Chicago, Illinois 60654.

For purposes of potential nominees to be considered at the 2021 annual stockholders' meeting, the Corporate Secretary must receive this information no earlier than February 12, 2021 and no later than the close of business on March 15, 2021, in accordance with the procedures in the Company's by-laws. The notice must set forth the candidate's name, age, business address, residence address, principal occupation or employment, the number of shares beneficially owned by the candidate and information that would be required to solicit a proxy under federal securities law. In addition, the notice must include the stockholder's name, address and the number of shares beneficially owned (and the period they have been held).

The Company did not pay a third party any fees to identify, evaluate or assist in identifying potential nominees for director in 2019.

Compensation Committee Interlocks and Insider Participation

Messrs. Ferguson, Skinner and Habiger, and Ms. Henkels served on our Compensation Committee during 2019. None of the members of our Compensation Committee has in the past served as an officer or employee of the Company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

Attendance at Annual Meeting

Directors are encouraged, but not required, to attend our annual stockholders' meeting. Two of our directors attended the 2019 Annual Meeting.

Anti-Hedging Policy

The Company's Insider Trading Policy (the "Policy") prohibits directors, officers and employees of the Company from engaging in transactions that may be considered hedging and pledging of Company securities. An excerpt from the Policy is set forth below:

Scope of Policy

This Policy applies to all directors, officers, employees, agents and consultants of the Company and its subsidiaries and affiliated companies. In this Policy, references to "you" include:

- Your family members who reside with you;
- Anyone else who lives in your household;
- Any family members who do not live in your household but whose transactions in securities are directed by you or are subject to your influence or control (such as parents or children who consult with you before they trade in securities);
- Any person to whom you have disclosed material, nonpublic information;
- Any person acting on your behalf or on behalf of any individual listed above; and
- Any entity controlled by any individual listed above.

You are responsible for making sure that the purchase or sale of any security covered by this Policy by any such person complies with this Policy.

Securities Covered

Although it is most likely that the "material, nonpublic information" you possess will relate to the common stock of the Company (including options to purchase common stock of the Company and other derivatives of common stock of the Company), the Company may from time to time issue other securities that are subject to this Policy. In addition, this Policy applies to purchases and sales of the securities of other entities, including clients or suppliers of the Company and entities with which the Company may be negotiating major transactions (such as an acquisition, investment or sale of assets). Information that is not material to the Company may nevertheless be material to those entities.

Other Trading Restrictions

The Company considers it improper and inappropriate for you to engage in short-term or speculative transactions in Company securities or in other transactions in Company securities that may lead to inadvertent violations of the U.S. insider trading laws. Accordingly, your transactions in Company securities are subject to the following guidance:

- Short Sales. You may not engage in short sales of Company securities (sales of securities that are not then owned), including a "sale against the box" (a sale with delayed delivery).
- Publicly Traded Options. You may not engage in transactions in publicly traded options on Company securities (such as puts, calls and other derivative securities) on an exchange or in any other organized market.
- Standing Orders. Standing orders should be used only for a very brief period of time. A standing order placed with a broker to sell or purchase stock at a specified price leaves you with no control over the timing of the transaction. A standing order transaction executed by the broker when you are aware of material, nonpublic information may result in unlawful insider trading even if the standing order was placed at a time when you did not possess material, nonpublic information.
- Margin Accounts and Pledges. Securities held in a margin account or pledged as collateral for a loan may be sold by the broker if you fail to meet a margin call or by the lender in foreclosure if you default on the loan. You may not have control over these transactions, as the securities may be sold at certain times without your consent. A margin or foreclosure sale that occurs when you are aware of material, nonpublic information may, under some circumstances, result in unlawful insider trading. Because of this danger, you should exercise caution in holding Company securities in a margin account or pledging Company securities as collateral for a loan.

The success of our model and its ability to deliver a competitive value proposition to shippers (our clients) has been the main driver behind our historical growth, and we believe will serve as the basis for our continued expansion.

Our continued expansion and future success is dependent on our talented workforce, including our executive team. We encourage stockholders to review this CD&A, the compensation tables and the related narrative disclosures which outline the objectives of and the philosophy behind our compensation program.

Financial Highlights and Compensation Considerations

As our Company has continued to grow and expand, it has been imperative that the Compensation Committee continually evaluate and transform our executive compensation program to appropriately structure pay packages with consideration for our business objectives, investor expectations and industry standards in light of our evolving business. Our Compensation Committee designs and implements our incentive programs with the firm belief that our compensation program should motivate performance and support achievement of our corporate goals beyond those of the individual performance goals.

In order to accomplish these goals, our annual cash incentives and long-term equity incentives are tied to key internal metrics and relative total shareholder return. Specifically, our annual cash incentive plan utilizes Net Revenue and Adjusted EBITDA achievement against targets, while our long-term incentive program features performance shares that are earned based on our relative total shareholder return versus our peers. Net Revenue and Adjusted EBITDA are financial measures that are not calculated in accordance with accounting principles generally accepted in the United States ("GAAP"). For more information regarding Net Revenue and Adjusted EBITDA and a reconciliation to the nearest comparable GAAP measure, see Appendix A, "Reconciliation of Non-GAAP Financial Measures."

How Our Pay Program Works

Our guiding principle is to establish and maintain a compensation program that is fair and reasonable, market competitive and performance driven. Further, our compensation program should support our business strategy and organizational objectives, while successfully aligning executive focus and interest with that of shareholders. The Compensation Committee employs a total compensation approach in establishing executive compensation opportunities, consisting of base salary, annual cash incentives, long-term equity incentives, a competitive benefits package and limited perquisites.

The compensation of our named executive officers in 2019 consisted of the following primary elements:

Base Salary		<ul style="list-style-type: none"> Fixed level of cash compensation set with consideration of responsibilities, individual contribution, expertise and market data
Annual Cash Incentives		<ul style="list-style-type: none"> 100% at-risk compensation based on individual performance and Company performance against Net Revenue⁽¹⁾ and Adjusted EBITDA⁽¹⁾ NEOs may earn between 0% and 200% of target annual incentive based on performance achievement Designed to motivate and reward our executives for the achievement of company-wide objectives and individual contributions Target annual cash incentive based on percentage of base salary
Long-Term Equity Incentives	Restricted Stock	<ul style="list-style-type: none"> Vests ratably over a four-year period based on continued service Generally, upon an NEO's separation from service, any then unvested restricted stock would be forfeited Designed as a retention vehicle for our top executive talent and to align the long-term interests of the NEOs with those of the shareholders
	Performance Shares	<ul style="list-style-type: none"> 100% at-risk compensation based on Company's total shareholder return relative to a peer group NEOs may earn between 0% and 200% of target number of performance shares granted based on performance achievement Designed to drive sustained share price performance, encourage retention and align NEOs' interests with those of the shareholders

⁽¹⁾"Net Revenue" and "Adjusted EBITDA" are financial measures that are not calculated in accordance with accounting principles generally accepted in the United States ("GAAP"). For more information regarding Net Revenue and Adjusted EBITDA and a reconciliation to the nearest comparable GAAP measure, see Appendix A, "Reconciliation of Non-GAAP Financial Measures."

2019 Target Pay Mix

Consistent with our philosophy of aligning executive pay with performance, and to align the interests of management with those of our shareholders, our compensation packages are designed to provide the majority of executive compensation in the form of variable, at-risk pay which is earned based on the short- and long-term performance of the Company. Our Compensation Committee thoughtfully employs the primary compensation elements described in the table above in order to achieve the target compensation mix as illustrated below:

Pay and Performance Alignment - Realizable Pay

We believe stockholders should understand how much of the above-mentioned target compensation value is actually "realizable" by executives, as this comparison is an important demonstration of the alignment between pay and performance. As illustrated in the graphic below, our CEO and other NEOs have received, over the past three years, performance shares and shares of restricted stock with an aggregate grant date fair value totaling approximately \$8.6 million and \$7.2 million at target, grant date fair value, respectively. However, based on our stock price as of the end of 2019, the actual value that our CEO and other NEOs could realize from these equity awards is far less.

"Target Shares" is the value of equity (performance shares and service-based restricted stock) based on the grant date fair value.

"Realizable" is the value of the equity compensation earned or deliverable for each year calculated as of the end of the 2019 fiscal year, including the intrinsic value of long-term incentive plan components, as valued on December 31, 2019 (the last trading day of fiscal year 2019) using the year-end share price of \$20.70/share.

2019 Advisory Vote on Executive Compensation

The Compensation Committee reviewed the results of the 2019 stockholder advisory vote on the compensation of our named executive officers and incorporated the results of the vote as one of the many factors considered in connection with the discharge of its responsibilities. Since a substantial majority (over 98%) of our stockholders voting at our 2019 Annual Meeting approved the executive compensation program and practices disclosed in our 2019 proxy statement, the Compensation Committee did not implement changes to the program as a direct result of the stockholder advisory vote. The Compensation Committee will continue to monitor feedback from our stockholders and will consider stockholder input in making executive compensation decisions.

2019 Shareholder Outreach

We have a policy of ongoing direct engagement with stockholders, including outreach and regular dialogue with our major institutional shareholders. During fiscal year 2019, we engaged with a significant number of our institutional stockholders through meetings, phone calls, and correspondence. Topics included our financial performance, strategy, market conditions, stock price, company investments, executive compensation and corporate governance.

During the fiscal year 2019, we continued our campaign to obtain feedback from stockholders. Specifically, we engaged with 38 stockholders who together owned over 50% of our outstanding common stock. Further, we engaged with any other stockholder who expressed an interest in discussing our pay program. Finally, we sought feedback from the largest proxy advisory firm.

In addition to assessing feedback from our stockholders, we undertook a review of our executive compensation program to identify other areas of improvement.

The table below summarizes the feedback we obtained over the last few years, the actions we took in response to this feedback and areas of improvement we identified through our review of the executive compensation program.

What We Heard	What We Did
<i>Insufficient disclosure on stockholder outreach activities</i>	<ul style="list-style-type: none"> Strengthened our CD&A disclosure regarding our engagement efforts by adding this "Shareholder Outreach" section.
<i>CD&A lacked disclosure on how individual performance was evaluated and contributed to the individual executive bonuses</i>	<ul style="list-style-type: none"> Expanded discussion of annual cash incentives and the factors that contribute to individual award payouts.
<i>Better demonstration of how pay and performance are aligned over time</i>	<ul style="list-style-type: none"> Added discussion of "realizable" pay demonstrating the actual amounts our NEOs are eligible to earn over time based on Company performance. Increased focus on long-term, sustainable performance, by updating the vesting period for performance market shares from vesting ratably over three years to full vesting at the end of three years.

Compensation Governance

The Compensation Committee, along with the Company, places high importance on continued increased governance to ensure the alignment between the interests of our executives with those of shareholders and to mitigate excessive risk-taking. The Compensation Committee engages an independent compensation consultant to provide outside advice and feedback on the Company's current compensation policies. These practices, which encourage actions that are in the long-term interests of our shareholders and the Company, include:

What We Do	<ul style="list-style-type: none"> ✓ Pay-for-performance philosophy and culture ✓ Provide an appropriate mix of performance-based and time-vesting awards to executives ✓ Strong emphasis on performance-based incentive awards ✓ Responsible use of shares under our long-term incentive program ✓ Stock ownership guidelines for all executives and non-executive directors ✓ Engage an independent compensation consultant ✓ Perform an annual risk assessment of our compensation program ✓ Conduct annual shareholder outreach ✓ Base 50% of long-term incentives ("LTI") on performance-based metrics (i.e. relative total shareholder return) ✓ Use double-trigger vesting for cash severance benefits and 50% of LTI awards upon a Change in Control
What We Don't Do	<ul style="list-style-type: none"> ✗ No excise tax gross-ups ✗ No backdating or repricing of stock option awards ✗ No resetting of financial targets for performance-based incentive awards ✗ No highly leveraged incentive plans that encourage excessive risk taking ✗ No excessive perquisites ✗ No executive retirement benefits

Compensation Program Objectives and Philosophy

The objectives of our compensation program are to:

- attract, motivate and retain talented and dedicated named executive officers;
- provide our named executive officers with both cash and equity incentives that link the interests of our NEOs with those of our stockholders; and
- provide our named executive officers with long-term incentives so we can retain them and provide stability during periods of rapid growth.

Use of Peer Group. We define our competitive market for executive talent and investment capital to be the transportation and technology services industries. In 2019, the Compensation Committee engaged Aon to conduct an executive compensation review and make recommendations regarding our executive compensation program and assist the Compensation Committee in the determination of the 2019 executive compensation plan. As part of this review, the Company's peer group list was slightly modified to better align with the Company and industry peers. Roadrunner Transportation Systems, Inc. (RRTS), used in 2018, was removed from the group due to recent market performance.

The peer group was determined based on several factors including industry and size. From an industry perspective, balancing the number of transport companies versus technology/Business Process Outsourcing ("BPO") companies was important in designing the peer group. From a size perspective, generally peers that were approximately one-third to three times the Company's revenues were included; however, some exceptions were made for companies that we considered to be our direct competitors.

For the purpose of making 2019 executive compensation decisions, the Compensation Committee determined the following companies would comprise our peer group:

ArcBest Corporation (ARCB)	Hub Group, Inc. (HUBG)	Ryder System, Inc. (R)
Blackbaud, Inc. (BLKB)	J.B. Hunt Transportation Services (JBHT)	The Ultimate Software Group, Inc. (ULTI)
C.H. Robinson Worldwide, Inc. (CHRW)	Landstar System, Inc. (LSTR)	Verint Systems, Inc. (VRNT)
CSG Systems International, Inc. (CSGS)	Manhattan Associates, Inc. (MANH)	Werner Enterprises, Inc. (WERN)
ExlService Holdings, Inc. (EXLS)	Microstrategy, Inc. (MSTR)	WEX, Inc. (WEX)
Fair Issac Corporation (FICO)	Old Dominion Freight Line, Inc. (ODFL)	XPO Logistics (XPO)
Forward Air Corporation (FWRD)	Pegasystems, Inc. (PEGA)	

The Compensation Committee used the peer data to determine market reference points for consideration when determining the total cash and total direct compensation of our Chief Executive Officer, Chief Financial Officer, and Chief Operating Officer. No specific percentile of the market data was targeted when making this determination.

In 2020, the Compensation Committee engaged Meridian Compensation Partners, LLC ("Meridian") to conduct an executive compensation study to assess the competitiveness of our executive compensation program and assist the Compensation Committee in the determination of the 2020 executive compensation plan. As part of this study, the above peer group list was modified to better align with the Company and industry peers. The following peer companies were added for 2020: Air Transport Services Group, Inc., EchoStar Corporation, Knight-Swift Transportation Holdings, Inc., Matson, Inc., Saia, Inc., Schneider National, Inc., Science Applications International Corporation, Viasat, Inc., Wesco Aircraft Holdings, Inc. and YRC Worldwide Inc. The following peer companies were removed for 2020: Fair Issac Corporation, MicroStrategy, Inc., Pegasystems, Inc., The Ultimate Software Group, Inc. and XPO Logistics.

Role of the Compensation Committee, Compensation Consultant and Management in Setting NEO Compensation

Our Compensation Committee, comprised solely of independent directors, oversees the design and implementation of our executive compensation program. Based on input from the CEO (as discussed below) and other significant factors (see discussion below on "Compensation Committee Process"), the Committee reviews and evaluates the performance of our NEOs and determines their compensation and objectives, or, in the case of our CEO, recommends compensation and objectives to the independent, non-executive members of the Board. The Compensation Committee monitors compensation trends and developments periodically and undertakes a comprehensive assessment of our compensation program at least annually. In fulfilling these responsibilities, the Compensation Committee utilizes the support of independent compensation consulting firms and independent outside counsel.

In 2019, the Compensation Committee retained Aon to provide advice and information regarding the design and implementation of the Company's executive compensation program. Aon also provided information to the Compensation Committee regarding regulatory and other technical developments that may be relevant to the Company's executive compensation program. In addition, Aon provided the Compensation Committee with competitive market information, analyses and trends on executive base salary, annual incentives, long-term incentives, benefits and perquisites.

Company executives participate in the review and refinement of our executive compensation program. The CEO meets with the Compensation Committee to discuss compensation packages for executive officers and to review the performance of the Company and each executive officer, other than himself, and make recommendations with respect to the appropriate base salary, annual cash bonus and grants of long-term equity incentive awards. The Compensation Committee then discusses the CEO's recommendations and determines the annual compensation package for each executive officer. The Compensation Committee reviews the CEO's performance, and recommends an appropriate compensation package to the independent, non-executive members of the Board.

Compensation Committee Process

The decisions of the Compensation Committee and the independent directors relating to executive compensation each year reflect a variety of quantitative metrics in addition to qualitative analysis. The Compensation Committee's decisions reflect its members' individual and collective experience and business judgment, and are based on extensive interactions with independent consultants, management and assessment of some or all of the following factors, among others:

- Company performance (relative to peers and budget);
- Talent, experience and tenure of each NEO;
- Individual leadership performance and contributions to the success of the Company;
- Responsibilities of, and future expectations for, each NEO;
- Short-, medium- and long-term executive talent needs of the Company;
- The need to provide competitive levels of compensation to retain our talented NEOs;
- Other qualitative contributions of each NEO;
- Internal pay equity considerations;
- Peer group pay levels; and
- Advice from independent advisors.

We consider these and other qualitative and quantitative factors from time-to-time in assessing our compensation philosophy and approach, in addition to using these factors to make individual compensation decisions. Our independent directors are intimately familiar with matters that the Board oversees and guides, including the Company's business, strategies, challenges and opportunities. The members of the Compensation Committee apply their independent judgment and experience to assess the unique respective talents, contributions, leadership, responsibilities and future expectations of the executives who drive performance and long-term sustainability of the Company.

Elements of Compensation Program

Base Salaries

We provide the opportunity for our named executive officers and other executives to earn a competitive annual base salary. The Compensation Committee reviews base salaries annually and adjusts base salaries in accordance with its compensation philosophy. For 2019, the Compensation Committee set our named executive officers' base salaries at compensation benchmarks presented in the aforementioned peer group study completed in 2019. No specific percentile of the market data from the study was targeted when making compensation decisions. In determining base salaries of our named executive officers, the Compensation Committee considers the results of the relevant study as well as the performance of each executive, the nature of his responsibilities and the Company's general compensation practices.

The table below shows our named executive officers' base salary rates (and related increases) since 2018:

Name and Principal Position	2018 (\$)	2019 (\$)	Percent Increase over 2018⁽¹⁾
Douglas R. Waggoner Chief Executive Officer	830,000	863,000	4 %
Kyle L. Sauers Chief Financial Officer	475,000	494,000	4 %
David B. Menzel President & Chief Operating Officer	587,000	610,500	4 %

⁽¹⁾ Increases in compensation from 2018 to 2019 were driven by market factors and increased responsibilities due to the growth of the Company, along with a comparison to the applicable peer group.

For 2020, base salaries were set by reference to a new peer group study completed in 2020. The 2020 base salaries, and the percent increases over 2019, for each of our named executive officers are shown in the table below:

Name and Principal Position	2020 (\$)	Percent Increase over 2019⁽¹⁾
Douglas R. Waggoner Chief Executive Officer	889,000	3 %
Kyle L. Sauers Chief Financial Officer	509,000	3 %
David B. Menzel President & Chief Operating Officer	629,500	3 %

⁽¹⁾ Increases in compensation from 2019 to 2020 were driven by market factors and increased responsibilities due to the growth of the Company, along with a comparison to the applicable peer group.

Annual Cash Incentives

We provide the opportunity for our named executive officers and other executives to earn an annual cash incentive award. In 2019, the targeted annual cash incentive awards were 100% of base salary for Mr. Waggoner and 75% of base salary for Mr. Sauers and Mr. Menzel, consistent with the 2018 target awards. The Compensation Committee set these targets based on the annual incentive compensation benchmarking results presented in the aforementioned peer group study, as well as performance expectations.

Bonuses may be earned based on a combination of an individual performance component and the Adjusted EBITDA⁽¹⁾ and Net Revenue⁽¹⁾ (collectively, "Company Performance") component. The Compensation Committee believes such measures provide useful information about the financial performance of the Company's ongoing business. In 2019, the maximum percentage that could be earned with respect to the individual component was 200% of target and the maximum percentage that could be earned with respect to the Company Performance component was 200% of target.

⁽¹⁾ "Net Revenue" and "Adjusted EBITDA" are financial measures that are not calculated in accordance with accounting principles generally accepted in the United States ("GAAP"). For more information regarding Net Revenue and Adjusted EBITDA and a reconciliation to the nearest comparable GAAP measure, see Appendix A, "Reconciliation of Non-GAAP Financial Measures."

2019 Performance Goals

Company Performance Component

Consistent with our performance-based philosophy and given the broader responsibilities of our named executive officers, the annual incentive compensation for our named executive officers is partially based on the Company's Net Revenue⁽¹⁾ (50% of Company Performance component) and partially based on overall Company Adjusted EBITDA⁽¹⁾ (50% of Company Performance component).

<i>Metric</i>	<i>Weighting</i>	<i>Threshold</i>	<i>Target</i>	<i>Maximum</i>	<i>Actual 2019</i>	<i>Actual % Earned</i>
Net Revenue ⁽¹⁾	50%	\$362.6M	\$426.6M	\$469.3M	\$386.0M	52.5%
Adjusted EBITDA ⁽¹⁾	50%	\$80.9M	\$95.2M	\$104.7M	\$84.1M	42.0%

⁽¹⁾"Net Revenue" and "Adjusted EBITDA" are financial measures that are not calculated in accordance with accounting principles generally accepted in the United States ("GAAP"). For more information regarding Net Revenue and Adjusted EBITDA and a reconciliation to the nearest comparable GAAP measure, see Appendix A, "Reconciliation of Non-GAAP Financial Measures."

Individual Performance Component

With respect to the individual performance component, the Compensation Committee determined that Mr. Waggoner and Mr. Sauers each earned 94% of his target incentive opportunity, and Mr. Menzel earned 92% of his target incentive opportunity. These were based on each individual's contributions during 2019, including those highlighted below.

- Mr. Waggoner, Chief Executive Officer, successfully achieved goals related to strategy development and execution, mergers and acquisition activity, and strategy and deployment of technology.
- Mr. Sauers, Chief Financial Officer, successfully achieved goals related to cash flow optimization, capital structure planning and execution, forecasting and planning automation, and investor relations engagement.
- Mr. Menzel, President and Chief Operating Officer, successfully achieved goals related to EchoDrive and EchoShip development strategy, EchoDrive adoption, truckload automation initiatives, and operational KPI reporting.

Earned Incentives

Based on the actual performance achieved by our executives with respect to the Company Performance and individual components as discussed above, the earned incentives for 2019 are outlined in the following table:

	Base Salary	Target Annual Incentive (% of Base Salary)	Company Performance		Individual Performance			Earned Actual Annual Incentive
			Allocation to Component	Component Amount Achieved ⁽¹⁾	Allocation to Component	Payout Factor	Component Amount Achieved	
Douglas R. Waggoner	\$863,000	100%	85%	\$346,261	15%	94%	\$121,683	\$467,944
Kyle L. Sauers	\$494,000	75%	75%	\$131,167	25%	94%	\$87,068	\$218,235
Dave B. Menzel	\$610,500	75%	75%	\$162,100	25%	92%	\$105,311	\$267,412

Note: Amounts may not foot due to rounding.

⁽¹⁾ Company Performance Component Amount Achieved is an evenly weighted incentive calculation determined by Net Revenue and Adjusted EBITDA's Actual Percent Earned in 2019 of 52.5% and 42.0%, respectively.

The Compensation Committee may make reasonable adjustments to our overall corporate performance goals and our actual performance results that may cause differences between the numbers used for our performance goals and the numbers reported in our financial statements. These adjustments may exclude all or a portion of both the positive or negative effects of external, unusual or significant strategic events, such as natural disasters, litigation, regulatory changes in accounting or taxation standards, restructurings, acquisitions or divestitures. No such adjustments were determined necessary with respect to the 2019 annual cash incentive awards.

Long-term Equity Incentives

We provide the opportunity for our named executive officers and other executives to earn long-term equity incentive awards. We believe that one of the best ways to align the interests of shareholders and executives is by providing those individuals who have substantial responsibility over the management, performance and growth of the Company with an opportunity to have a meaningful ownership position in the Company. We maintain our 2008 Stock Incentive Plan pursuant to which we may grant equity and other incentive awards to our executive officers and other employees. We believe that providing management with strong economic incentives will inspire management to act in the best interest of the Company and its stockholders.

Equity Awards.

Since 2014, our Compensation Committee has granted a combination of restricted stock and performance shares to each named executive officer on an annual basis, with each component representing 50% of the total number of shares granted to each executive. The stock awards are issued as a percentage of base salary set by the Compensation Committee based on long-term incentive compensation benchmarks presented in the aforementioned peer group study as well as executive tenure, experience and performance expectations.

We believe the restricted stock grants are an effective tool for creating long-term ownership and aligning our employees' interests with those of our stockholders, which includes the retention of our key employees. All outstanding restricted stock awards granted to our named executive officers vest ratably over a four-year period.

The performance share awards may be earned based on our relative total shareholder return against a peer group over one-, two- and three-year periods. This peer group consists of similar companies in the transportation and freight brokerage industry. The amount of performance shares earned can range from 50% of target amount for achieving the threshold performance goal to 200% for achieving the maximum performance goal. The 2019 performance shares are scheduled to vest, depending on performance, 20% on December 31, 2019 based on one-year total shareholder return (the number of performance shares earned for this performance period are shown below under "Results of Performance Cycles Ending in 2019"), 30% on December 31, 2020 based on two-year total shareholder return and 50% on December 31, 2021 based on three-year total shareholder return. The Company has assigned less weight to the performance periods less than three years. Executives earn the majority (50%) in the longest performance period (3 years). The Company uses relative total shareholder return as the metric for measuring performance shares and set the maximum at 200% of the target amount based on the Compensation Committee deeming these measurements to be more aligned with the interests of the stockholders. In 2020, the Compensation Committee granted performance shares that will vest 100% after three years to further focus on long-term performance. No performance shares will be earned if the threshold goal is not achieved. Earned performance shares are convertible into shares of the Company's common stock on a 1-for-1 basis after the end of the performance period.

On February 22, 2019, Messrs. Waggoner, Sauers and Menzel received grants of restricted stock awards and performance share awards (at target) as summarized in the following table.

Name	Number of Shares	
	2019 (Performance Shares) (at target)	2019 (Restricted Stock)
Douglas R. Waggoner	50,925	50,925
Kyle L. Sauers	19,434	19,434
David B. Menzel	24,017	24,017

The table below shows the multiple of the target shares that could be earned at different levels of performance for each performance cycle:

	Threshold	Target	Maximum
Performance Goal	25 th Percentile	50 th Percentile	≥75 th Percentile
Multiple of Target Earned	0.50x	1.0x	2.0x

Performance between threshold and target and between target and maximum would earn a multiple of target that would be calculated based on straight-line interpolation.

Results of Performance Cycles Ending in 2019

All performance shares are structured using one-year, two-year and three-year performance vesting conditions, substantially similar to the aforementioned 2019 grants. As a result, there are multiple total shareholder return performance periods that end each fiscal year.

For each individual below, the table below shows the number of shares earned for one-year (granted in 2019), two-year (granted in 2018) and three-year (granted in 2017 and 2016) performance cycles that ended in 2019:

Name	Grant Year	TSR Performance Period	Performance Goal Attained	Total Target Shares Awarded (#)	Target Allocated to Cycle	Target Earned	Shares Earned (#)
Douglas R. Waggoner	2019	1/1/2019 - 12/31/2019	15th Percentile	50,925	20%	—	—
	2018	1/1/2018 - 12/31/2019	15th Percentile	44,865	30%	—	—
	2017	1/30/2017 - 1/29/2019	25th Percentile	49,158	30%	50 %	7,374

	2017	1/30/2017 - 1/29/2019	25th Percentile	16,206	30%	50 %	2,431
	2016	2/26/2016 - 2/25/2019	17th Percentile	14,647	50%	—	—
David B. Menzel	2019	1/1/2019 - 12/31/2019	15th Percentile	24,017	20%	—	—
	2018	1/1/2018 - 12/31/2019	15th Percentile	21,153	30%	—	—
	2017	1/30/2017 - 1/29/2019	25th Percentile	23,080	30%	50 %	3,462
	2016	2/26/2016 - 2/25/2019	17th Percentile	21,505	50%	—	—

The vesting of our named executive officers' restricted stock and performance share awards is subject to acceleration pursuant to the terms of their employment agreements in certain termination and/or change in control events, which we find to be consistent with standard market terms among the peer group. These terms are more fully described below under the heading "—Change in Control and Severance Benefits" and in the "Executive Compensation" section below under the "—Employment Agreements" and "—Potential Payments upon Termination or Change in Control."

Additional Compensation Policies and Practices

Stock Ownership Requirements

In order to ensure alignment with our stockholders, the Compensation Committee maintains stock ownership requirements for our officers. The Compensation Committee believes that linking a significant portion of the executive officer's personal holdings to the Company's success, as reflected in the stock price, provides officers with a stake similar to that of our stockholders. Therefore, executive officers are expected to acquire and hold a significant amount of the Company's stock. The Compensation Committee has established stock ownership requirements based on all shares of Company stock owned by an executive officer, including vested stock options, vested restricted stock and stock beneficially owned by the officer, including owned in a trust, by a spouse, or dependent children for our executive officers as follows:

- Chief Executive Officer: four times base salary
- Other executive officers: three times base salary.

All executive officers had three years to meet their ownership requirements from the effective date, February 3, 2010. New executive officers are expected to meet their ownership requirement within three years of being named an executive officer. As of December 31, 2019, all named executive officers met their ownership requirement.

Executive Benefits and Perquisites

We provide the opportunity for our named executive officers and other executives to receive certain perquisites and general health and welfare benefits. We also offer participation in our defined contribution 401(k) plan. We match employee contributions up to 25% on the first 6% of an employee's salary deferred under our 401(k) plan. We provide these benefits to provide an additional incentive for our executives and to remain competitive in the general marketplace for executive talent. We also provide a modest amount (on average less than 3% of total compensation for the last 3 years) of personal benefits and perquisites that we believe are highly valued and support our retention objectives. We do not maintain any nonqualified deferred compensation plans. For more information, see the "Summary Compensation Table" provided below.

Change in Control and Severance Benefits

We provide our named executive officers with certain severance and change in control protections in their employment agreements, in order to attract and retain an appropriate caliber of talent for such positions and to provide reassurance during a period leading up to and following a Change in Control should one occur. Our severance and change in control provisions for the named executive officers are summarized below and in the "Executive Compensation" section below under "—Employment Agreements" and "—Potential Payments upon Termination or Change in Control." We intend to periodically review the level of the benefits in these agreements. We believe that our arrangements are reasonable in light of the fact that cash severance is limited to two years for Mr. Waggoner and Mr. Menzel, and one year for Mr. Sauers, unless a Change in Control occurs, in which case Mr. Sauers would also get two years of cash severance (each at a rate equal to their then current base salary and the greater of target annual performance bonus in the year terminated and the average of the three most recent annual performance bonus payments).

Upon a termination of service by the Company without cause or by the named executive officer with good reason, not in connection with a Change in Control, each named executive officer will earn a pro-rata portion of the outstanding and unvested performance shares based on actual Company performance during the relevant performance period, and the executive will be credited with an additional 12 months of service to determine such pro-rata vesting. Outstanding equity awards that would have vested based solely on the passage of time in the 12 months following the date of termination will also vest in full. In addition, upon a termination of service due to retirement, death, or disability, each named executive officer will vest in a number of performance shares for each performance sub-period as would have been earned based on actual Company performance had the executive remained employed through the end of the period multiplied by a fraction, the numerator of which is the number of days on which the executive was employed during the performance period, and the denominator is the number of days in the applicable period. Upon any other termination of service, unvested performance shares are forfeited. We find that these provisions align with those of the peer group and support the overall objectives of our compensation program.

The employment agreements with our named executive officers do not provide for "single trigger" benefits upon a Change in Control, other than the accelerated vesting of certain equity awards. Each of our named executive officers will vest in 50% of all outstanding unvested equity awards upon the occurrence of a Change in Control, with performance shares vesting at the greater of target or actual level of performance through the date of the Change in Control. If a named executive officer is terminated without cause, or resigns for good reason, within the three months prior to or the 12 months following a Change in Control, all outstanding equity awards will vest in full, with the performance shares vesting at the greater of target or actual performance through the date of the Change in Control.

No gross-up payment will be made to cover any excise and related income tax liability arising under Section 4999 and 280G of the Internal Revenue Code as a result of any payment or benefit arising under the employment agreements with any of our named executive officers. We find these benefits align with those of the peer group and appropriately compensate our named executive officers upon a termination or Change in Control.

Effect of Accounting and Tax Treatment on Compensation Decisions

One of the factors the Compensation Committee considers when determining executive compensation is the anticipated tax treatment to the Company and to the executives of the various payments and benefits. Section 162(m) of the Internal Revenue Code ("Section 162(m)") generally provides that a publicly held company may not deduct compensation paid to certain covered executive officers to the extent that such compensation exceeds \$1,000,000 per executive officer in any year. Limited exceptions to Section 162(m) apply with respect to "qualified performance-based compensation," as defined in the Internal Revenue Code, as well as certain other items of compensation, in each case, that qualify for transition relief applicable to certain arrangements in place as of November 2, 2017. While the Compensation Committee generally considers this limit when determining compensation, there are instances in which the Compensation Committee has concluded, and reserves the discretion to conclude in the future, that it is appropriate to exceed the limitation on deductibility under Section 162(m) to ensure that executive officers are compensated in a manner that it believes to be consistent with the Company's best interests and those of its stockholders. Furthermore, interpretations of and changes in the tax laws, and other factors beyond the Compensation Committee's control, may also affect the deductibility of compensation.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act that might incorporate future filings, including this proxy statement, in whole or in part, the Report of the Compensation Committee and the Audit Committee Report shall not be deemed to be "Soliciting Material," are not deemed "filed" with the SEC and shall not be incorporated by reference into any filings under the Securities Act or Exchange Act whether made before or after the date hereof and irrespective of any general incorporation language in such filing, except to the extent that the Company specifically requests that the information be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

⁽²⁾ Value of restricted stock awards is based on the closing value of the Company's stock on the date of grant pursuant to Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC Topic 718"). For 2019, a combination of restricted stock awards and performance shares with a market condition were issued with each representing 50% of the total number of shares granted. A grant date fair value assessment was performed based on the probable outcome of the relative total shareholder return market condition of the performance shares at grant date pursuant to ASC Topic 718. The value of the restricted stock was calculated using the closing price on the day of issuance of \$25.42 for shares granted on February 22, 2019, and the value of the performance share awards was calculated based on the probable outcome of the performance conditions as determined on the grant date. For 2019, the breakdown of the fair value of the performance shares is as follows: (i) Mr. Waggoner, 50,925 performance shares at target with a grant date fair value of \$1,759,153; (ii) for Mr. Sauers, 19,434 performance shares at target with a grant date fair value of \$671,328; and (iii) for Mr. Menzel, 24,017 performance shares at target with a grant date fair value of \$829,643. The value of the performance shares that could be earned at the end of the performance period if maximum performance is achieved, based on the grant date fair value of the Company's common stock, is as follows: Mr. Waggoner - \$3,518,306; Mr. Sauers - \$1,342,656 and Mr. Menzel - \$1,659,286. For additional information, see Note 15 to our Consolidated Financial Statements as reported on the Company's Annual Report on Form 10-K for the year ended December 31, 2019 filed with the SEC.

⁽³⁾ For 2019, All Other Compensation includes (i) for Mr. Waggoner, medical, dental and vision premium reimbursement of \$10,018 and a combined life insurance and car allowance of \$31,165; (ii) for Mr. Sauers, medical, dental and vision premium reimbursement of \$10,018 and a car allowance of \$12,000; and (iii) for Mr. Menzel, medical, dental and vision premium reimbursement of \$10,018 and a car allowance of \$19,000.

⁽¹⁾ Because the components of our non-equity incentive awards pay out percentages over certain ranges of performance the awards do not have a specific payout based on a threshold. As a result, we have omitted the threshold column. For a more detailed description of our non-equity incentive awards, including the performance objectives applicable thereto, see "—Compensation Program Objectives and Philosophy" and "—Annual Incentives" in the CD&A above.

⁽²⁾ The amounts listed reflect restricted stock awarded with performance-based restrictions. The performance shares awards are earned based on our relative total shareholder return against a peer group over one-, two- and three-year periods. Information related to the performance-based restrictions associated with these shares is contained in the CD&A above.

⁽³⁾ The amounts listed reflect restricted stock granted under the 2008 Stock Incentive Plan. For more information on the terms of these awards, see "—Long-term Equity Incentives — Equity Awards."

⁽⁴⁾ See footnote 2 to the Summary Compensation Table for information related to the calculation of the grant date fair value.

Mr. Waggoner must provide notice to the Company within a period not to exceed 90 days of the initial existence of the condition. Upon such notice, the Company shall have 30 days during which it may remedy the condition.

⁽¹⁾ Cash severance values represent multiple of base salary and the greater of target bonus or prior 3-year average bonus.

⁽²⁾ Values are based on the price of our common stock of \$20.70 per share, which was the fair market value of our common stock as of December 31, 2019, which was the last trading day in fiscal year 2019.

⁽³⁾ Upon a termination without Cause or for Good Reason, each named executive officer is entitled to vesting of outstanding unvested equity awards that would vest in the 12 months subsequent to the date of termination (with any outstanding performance awards vesting based on actual performance.)

⁽⁴⁾ Upon the occurrence of a Change in Control, each named executive officer is entitled to immediate vesting of 50% of all outstanding unvested equity awards (any outstanding performance-based awards will vest at target).

⁽⁵⁾ In the event that a named executive officer is terminated by us (other than for Cause), or he terminates his employment for Good Reason, three months prior to the public announcement of a proposed Change in Control or within 12 months following a Change in Control, he would be entitled to immediate vesting of all unvested equity awards (with any outstanding performance-based awards vesting at the greater of target or actual performance). In the event that a named executive officer is terminated by us (other than for Cause), or he terminates his employment for Good Reason, three months prior to the public announcement of a proposed Change in Control or within 12 months following a Change in Control, he would be entitled to immediate vesting of all unvested equity awards (with any outstanding performance-based awards vesting at the greater of target or actual performance).

⁽⁶⁾ Pursuant to the employment agreements with Messrs. Waggoner, Sauers and Menzel, in the event of a termination without Cause or a termination for Good Reason, the Company will also provide them and their dependents with Company-paid insurance benefits until such time comparable benefits are secured through another employer's benefits program, up to a maximum of 24 months for Messrs. Waggoner and Menzel and 12 months for Mr. Sauers. In calculating the benefit continuation amounts, we assumed an annual cost of \$10,018 for Messrs. Waggoner, Menzel and Sauers.

⁽⁷⁾ No gross-up payment will be made to cover any excise and related income tax liability arising under Sections 4999 and 280G of the Internal Revenue Code as a result of any payment or benefit arising under the employment agreements with any of our named executive officers. Instead, the employment agreements provide for a reduction in amounts payable so that no excise tax would be imposed. However, a reduction in payments will not occur if the payment of the excise tax would produce a greater overall net after-tax benefit.

In connection with a termination without Cause or a termination for Good Reason, no payments are due unless the executive officer executes a general release and waiver of claims against us. Messrs. Waggoner and Menzel are subject to non-competition and non-solicitation restrictions for a period of 24 months following termination without Cause or a termination for Good Reason (and 12 months upon a termination of any other type) and Mr. Sauers is subject to similar restrictions for a period of 12 months following termination. Further, each named executive officer entered into a confidentiality agreement upon joining the Company.

Change in Control

The employment agreements incorporate the Change in Control definition from the 2008 Stock Incentive Plan. Under the 2008 Stock Incentive Plan, "Change in Control" means the occurrence of any one or more of the following: (a) an effective change in control pursuant to which any person or persons acting as a group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) beneficial ownership of stock of the Company representing more than thirty-five percent (35%) of the voting power of the Company's then outstanding stock; provided, however, that a Change in Control shall not be deemed to occur by virtue of any of the following acquisitions: (i) by the Company or any Affiliate, (ii) by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Affiliate, or (iii) by any underwriter temporarily holding securities pursuant to an offering of such securities, (b) any person or persons acting as a group acquires beneficial ownership of Company stock that, together with Company stock already held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or voting power of the Company's then outstanding stock (the acquisition of Company stock by the Company in exchange for property, which reduces the number of outstanding shares and increases the percentage ownership by any person or group to more than 50% of the Company's then outstanding stock will be treated as a Change in Control); (c) individuals who constitute the Board immediately after the Effective Date (the "Incumbent Directors") cease for any reason to constitute at least a majority of the Board during any 12-month period; provided, however, that any person becoming a Director subsequent thereto whose election or nomination for election was approved by a vote of a majority of the Incumbent Directors then on the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for Director, without written objection to such nomination) shall be an Incumbent Director, provided, that no individual initially elected or nominated as a Director of the Company as a result of an actual or threatened election contest with respect to Directors or as a result of any other actual or threatened solicitation of proxies or consents by or on behalf of any person other than the Board (including, without limitation, any settlement thereof) shall be deemed to be an Incumbent Director; (d) any person or persons acting as a group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value of at least forty percent (40%) of the total gross fair market value of all the assets of the Company immediately prior to such acquisition. For purposes of this section, gross fair market value means the value of the assets of the Company, or the value of the assets being disposed of, without regard to any liabilities associated with such assets. The event described in this paragraph (d) shall not be deemed to be a Change in Control if the assets are transferred to (i) any owner of Company stock in exchange for or with respect to the Company's stock, (ii) an entity in which the Company owns, directly or indirectly, at least fifty percent (50%) of the entity's total value or total voting power, (iii) any person that owns, directly or indirectly, at least fifty percent (50%) of the Company stock, or (iv) an entity in which a person described in (d)(iii) above owns at least fifty percent (50%) of the total value or voting power (for purposes of this definition, and except as otherwise provided, a person's status is determined immediately after the transfer of the assets); or (e) upon the happening of any other event(s) designated as a change in control event for purposes of Section 409A. In no event will a Change in Control be deemed to have occurred, with respect to the Participant, if an employee benefit plan maintained by the Company or an Affiliate or the Participant is part of a purchasing group that consummates the transaction that would otherwise result in a Change in Control. The employee benefit plan or the Participant will be deemed "part of a purchasing group" for purposes of the preceding sentence if the plan or the Participant is an equity participant in the purchasing company or group, except where participation is: (i) passive ownership of less than two percent (2%) of the stock of the purchasing company; or (ii) ownership of equity participation in the purchasing company or group that is otherwise not significant, as determined prior to the Change in Control by a majority of the non-employee continuing directors.

CEO PAY RATIO

Pursuant to rules adopted by the SEC, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is required to disclose the ratio of its median employee's annual total compensation to the annual total compensation of its principal executive officer. The Company's principal executive officer is Douglas R. Waggoner, Chairman of the Board and Chief Executive Officer.

In determining the median employee, a listing was prepared of all employees, excluding Mr. Waggoner, as of December 31, 2019. Since all Echo employees reside in the United States, no employees were excluded from the list and the Company did not make any other adjustments. Total compensation earned from January 1, 2019 to December 31, 2019 was gathered for each employee, which includes salary, stock awards, earned non-equity incentive compensation, and other compensation.

From these results, we identified the median employee and calculated the median employee's total annual compensation for 2019 in accordance with the SEC rules for reporting compensation in the Summary Compensation Table of the proxy. Under this calculation, our median employee's total annual compensation for 2019 was \$44,950.

For the total annual compensation of Mr. Waggoner, we used the amount reported in the "total" column of our Summary Compensation Table included in this Proxy Statement. Mr. Waggoner earned 2019 total compensation of \$4,425,794, which is the total of his salary, stock awards, non-equity incentive compensation, and other compensation. As a result we estimate that Mr. Waggoner's 2019 annual total compensation was approximately 98 times that of our median employee, which was calculated in a manner consistent with the applicable SEC disclosure rules.

This information is being provided solely for compliance purposes. Because the Compensation Committee has determined the ratio is not an adequate indicator of linking pay with performance, the Compensation Committee does not materially consider this ratio when evaluating compensation arrangements. Moreover, given the different methodologies that various public companies use to determine an estimate of their CEO pay ratio, we do not believe that the estimated ratio reported should be used as a basis for comparison between any companies.

COMPENSATION AND RISK

Our Compensation Committee strives to provide strong incentives to management for the long-term, while avoiding excessive risk-taking in the short-term. We have utilized Aon, an independent third party, starting in 2011 through 2019, to advise the Compensation Committee on matters related to compensation and find that the design of our compensation program and the level of oversight is sufficient to mitigate potential risks associated with our current policies and practices. In 2020, we began utilizing the services of Meridian to advise the Compensation Committee on matters related to compensation. Our compensation program is designed to provide a mix of both fixed and variable incentive compensation and to reward a mix of different performance measures. The variable (cash incentive and performance share) portions of compensation are designed to reward both annual performance (under the short-term incentive plan) and longer-term performance (under the performance share program). We believe this design mitigates any incentive for short-term risk-taking that could be detrimental to our long-term interests.

In addition, our senior executives are subject to stock ownership requirements, which we believe incentivize our executives to consider our long-term interests and to discourage excessive risk-taking that could negatively impact our stock price. Our incentive compensation program is designed with a mix of payout periods with restricted stock vesting each year and performance market-shares vesting over a three year period to encourage long-term business decisions.

As a matter of practice on an annual basis, the Compensation Committee conducts a thorough risk assessment of the Company's compensation program and practices to confirm that the incentive compensation criteria do not encourage unnecessary and excessive risk. The risk assessment conducted in 2019 concluded that our compensation plans provide incentives that appropriately balance risk and reward; are compatible with effective controls and risk management; are supportive of strong governance, including active oversight by the Compensation Committee; and are not reasonably likely to have a material adverse effect on the Company.

2019 DIRECTOR COMPENSATION

Directors who are full-time employees of the Company receive no additional fees for service as a director. In 2019, each non-employee director received a combination of cash payments and equity-based compensation as shown in the tables and narrative below. Under our 2008 Stock Incentive Plan, directors are eligible to receive stock options and other equity grants at the discretion of the Compensation Committee or other administrators of the plan. If a Change in Control (as defined under the 2008 Stock Incentive Plan) occurs, or if the director's service is terminated due to death, disability, or by the Company (or its Board or stockholders) other than for cause, all unvested shares of restricted stock will immediately vest. In January 2019, each non-employee director received a restricted stock grant of approximately \$105,000 that vests on the first anniversary of the grant date.

Non-Employee Director Stock Ownership Requirements

In order to ensure alignment with our stockholders, in 2020, upon the recommendation of Meridian, the Compensation Committee adopted stock ownership requirements for our non-employee directors. The Compensation Committee believes that linking a significant portion of each non-employee director's personal holdings to the Company's success, as reflected in the stock price, provides directors with a stake similar to that of our stockholders. Therefore, each non-employee director is required to hold a number of shares of the Company's stock, taking into account all shares of Company stock owned by a director, including vested stock options, vested restricted stock and stock beneficially owned by the director, including owned in a trust, by a spouse, or dependent children of the director, equal in value to three times the director's annual cash retainer.

All non-employee directors have five years to meet their ownership requirements from the effective date, February 28, 2020. Non-employee directors who are appointed to the Board following such date are expected to meet their ownership requirement within five years of being appointed as a director.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board consists of five non-employee directors: David Habiger, Samuel K. Skinner, Matthew Ferguson, William M. Farrow III and Virginia L. Henkels, each of whom the Board has determined to be an independent director as defined in the rules of the Nasdaq Global Market and the SEC. The Audit Committee is a standing committee of the Board and operates under a written charter adopted by the Board of Directors, which is available at www.echo.com on the "Investors" page under the link "Corporate Governance." Among its other functions, the Audit Committee has the authority and responsibility to retain and terminate the engagement of the Company's independent registered public accounting firm (the "independent auditors").

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

During fiscal year 2019, at each of its meetings, the Audit Committee met with the senior members of the Company's financial management team and the independent auditors. The Audit Committee's agenda is established by the Audit Committee's chairman and senior members of the Company's financial management team. The Audit Committee met in private sessions with the Company's independent auditors at certain of its meetings to discuss financial management, accounting and internal control issues. The Audit Committee has reviewed and discussed with management and the independent auditors the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2019, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent auditors matters required to be discussed under the Public Company Accounting Oversight Board and the Securities and Exchange Commission.

The Company's independent auditors also provided to the Audit Committee the written disclosures regarding the auditors' independence required by the Public Company Accounting Oversight Board Ethics and Independence Rule 3526, "Communication with Audit Committees Concerning Independence." The Committee discussed with the independent auditors the firm's independence and considered whether the non-audit services provided by the independent auditors are compatible with maintaining their independence.

Based on the Audit Committee's discussion with management and the independent auditors, and the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2019 filed with the Securities and Exchange Commission.

OTHER INFORMATION

Stockholder Proposals for the 2021 Annual Meeting

If any stockholder intends to present a proposal to be considered for inclusion in the Company's proxy material in connection with the 2021 Annual Meeting of stockholders, the proposal must be in proper form (per SEC Regulation 14A, Rule 14a-8 Shareholder Proposals) and received by the Corporate Secretary of the Company on or before December 25, 2020. Stockholder proposals to be presented at the 2021 Annual Meeting of stockholders which are not to be included in the Company's proxy materials must be received by the Company no earlier than February 12, 2021 and no later than March 15, 2021, in accordance with the procedures in the Company's By-laws.

Expenses of Solicitation

The Company pays the cost of preparing, assembling and mailing this proxy-soliciting material. The Company pays all costs of solicitation, including certain expenses of brokers and nominees who mail proxy materials to their customers or principals.

Householding

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single Notice addressed to those stockholders. This process, which is commonly referred to as "householding," potentially offers the advantages of convenience for stockholders and cost savings for companies. We have not implemented householding rules with respect to our record holders. However, a number of brokers with account holders who are stockholders may be "householding" our proxy materials. If a stockholder receives a householding notification from his or her broker, a single Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise.

Stockholders of record who currently receive multiple copies of the Notice at their address and would like to request "householding" of their communications should contact their broker or, if a stockholder is a direct holder of shares of our common stock, they should submit a request to our transfer agent in writing addressed to: American Stock Transfer and Trust Company, 6201 15th Avenue, Brooklyn, New York 11219.

Other Matters

The Board does not know of any matters which may be presented at the Annual Meeting other than those specifically set forth in the Notice. If any other matters come before the meeting or any adjournment thereof, the persons named in the accompanying form of proxy and acting thereunder will vote in accordance with their best judgment with respect to such matters.

Upon written request by any stockholder entitled to vote at the Annual Meeting, we will promptly furnish, without charge, a copy of our proxy statement or Annual Report. Requests should be addressed to: Investor Relations, Echo Global Logistics, Inc., 600 West Chicago Avenue, Suite 725, Chicago, Illinois 60654, or by telephone at 1-800-354-7993.

APPENDIX A
RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

The information presented in this Proxy Statement under "Financial Highlights and Compensation Considerations" regarding Net Revenue and Adjusted EBITDA is not calculated in accordance with accounting principles generally accepted in the United States ("GAAP") and shall not be construed as an alternative to the reported financial results of the Company determined in accordance with GAAP. Net Revenue is defined as revenue minus transportation costs. EBITDA is defined as net income excluding the effects of changes in depreciation, amortization, cash and non-cash interest expense, interest income, remeasurement of the net deferred tax liability resulting from the Tax Cuts and Jobs Act ("TCJA") and income taxes. Adjusted EBITDA is defined as EBITDA (as previously defined) excluding the effects of acquisition-related transaction costs, changes in contingent consideration and stock compensation.

We believe such measures provide useful information to investors because they provide information about the financial performance of the Company's ongoing business. In addition, you should be aware when evaluating Adjusted EBITDA, that in the future we may incur expenses similar to those excluded when calculating these measures. Our presentation of these measures should not be construed as an inference that our future results will be unaffected by these or other unusual or non-recurring items. Our computation of Adjusted EBITDA may not be comparable to other similarly titled measures computed by other companies, because all companies do not calculate Adjusted EBITDA in the same manner. Our management does not, and you should not, consider Adjusted EBITDA in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of Adjusted EBITDA is that they exclude significant expenses and income that are required by GAAP to be recorded in our financial statements. See a reconciliation of Net Revenue and Adjusted EBITDA to net income, the most directly comparable GAAP measure, below:
