EOG Resources Reports Second Quarter 2023 Results

HOUSTON – (PR Newswire) – EOG Resources, Inc. (EOG) today reported second quarter 2023 results. The attached supplemental financial tables and schedules for the reconciliation of non-GAAP measures to GAAP measures and related definitions, along with a related presentation, are also available on EOG’s website at <http://investors.eogresources.com/investors>.

Key Financial Results

In millions of USD, except per-share, per-Boe and ratio data

GAAP	2Q 2023	1Q 2023	4Q 2022	3Q 2022	2Q 2022
Total Revenue	5,573	6,044	6,719	7,593	7,407
Net Income	1,553	2,023	2,277	2,854	2,238
Net Income Per Share	2.66	3.45	3.87	4.86	3.81
Net Cash Provided by Operating Activities	2,277	3,255	3,444	4,773	2,048
Total Expenditures	1,664	1,717	1,535	1,410	1,521
Current and Long-Term Debt	3,814	3,820	5,078	5,084	5,091
Cash and Cash Equivalents	4,764	5,018	5,972	5,272	3,073
Debt-to-Total Capitalization	12.7%	13.1%	17.0%	17.6%	18.6%
Cash Operating Costs (\$/Boe)	10.03	10.59	10.82	10.89	10.12
General and Administrative Costs (\$/Boe)	1.61	1.71	1.87	1.92	1.53
Non - GAAP					
Adjusted Net Income	1,457	1,578	1,941	2,179	1,614

CFO before Changes in Working Capital	2,563	2,559	3,091	3,432	2,357
Capital Expenditures	1,521	1,489	1,361	1,166	1,071
Free Cash Flow	1,042	1,070	1,730	2,266	1,286
Net Debt	(950)	(1,198)	(894)	(188)	2,018
Net Debt-to-Total Capitalization	(3.8%)	(4.9%)	(3.7%)	(0.8%)	8.3%
Cash Operating Costs (\$/Boe) ¹	10.03	10.59	10.82	10.70	10.12
General and Administrative Costs (\$/Boe) ¹	1.61	1.71	1.87	1.73	1.53

Second Quarter Highlights

- Earned adjusted net income of \$1.5 billion, or \$2.49 per share
- Generated \$1.0 billion of free cash flow
- Declared regular quarterly dividend of \$0.825 per share
- Repurchased \$300 million of shares during the second quarter
- Oil, NGL, and natural gas production above guidance midpoints
- Capital expenditures, per-unit cash operating costs, and per-unit DD&A below guidance midpoints

Volumes and Capital Expenditures

	2Q 2023	2Q 2023 Guidance Midpoint	1Q 2023	4Q 2022	3Q 2022	2Q 2022
Wellhead Volumes						
Crude Oil and Condensate (MBod)	476.6	472.6	457.7	465.6	465.1	464.1
Natural Gas Liquids (MBbld)	215.7	212.0	212.2	189.0	209.3	201.9
Natural Gas (MMcfd)	1,668	1,635	1,639	1,527	1,469	1,528
Total Crude Oil Equivalent (MBoed)	970.3	957.1	943.0	909.1	919.2	920.7
Capital Expenditures (\$MM)	1,521	1,650	1,489	1,361	1,166	1,071

Regular Dividend and Second Quarter Share Repurchases

The Board of Directors today declared a dividend of \$0.825 per share on EOG's common stock. The dividend will be payable October 31, 2023, to stockholders of record as of October 17, 2023. The indicated annual rate is \$3.30 per share.

During the second quarter, the company repurchased 2.8 million shares for \$300 million under its share repurchase authorization, at an average purchase price of approximately \$108 per share.

Year-to-date, the company repurchased 5.7 million shares for \$610 million under its share repurchase authorization, at an average purchase price of approximately \$107 per share. EOG has approximately \$4.4 billion remaining on its current share buyback authorization.

From Ezra Jacob, Chairman and Chief Executive Officer

"EOG delivered another quarter of exceptional operating performance with production volumes, capital expenditures, and cash operating costs all better than expected. Results through the first half of the year reflect consistent operating execution across our multi-basin portfolio to lower costs and generate free cash flow.

"EOG remains committed to returning cash to our shareholders. We paid our peer-leading regular dividend and repurchased shares with strong free cash flow during the quarter. To date, we have already committed to returning more than 60% of expected free cash flow in 2023 to shareholders, with the potential to return additional cash over the balance of the year.

"Along with strong performance in the Delaware Basin and Eagle Ford, we are pleased by the outstanding progress across our emerging plays. The South Texas Dorado, Southern Powder River Basin, and Ohio Utica Combo are achieving significant operational improvements, driving lower costs and supporting higher returns. EOG is performing better than ever, with the benefits of our multi-basin portfolio providing a clear runway to drive further improvements and value for our shareholders."

Second Quarter 2023 Financial Performance

Earnings per Share 2Q 2023 vs 1Q 2023

GAAP

Adjusted Non-GAAP

Prices

- Crude oil, NGL, and natural gas prices declined in 2Q compared with 1Q

Volumes

- Total 2Q oil production of 476,600 Bopd was above the midpoint of the guidance range and up 4% from 1Q, reflecting a planned change in activity mix
- NGL and natural gas production were each above the midpoint of the guidance range and up 2% from 1Q
- Total company equivalent production increased 3% from 1Q

Per-Unit Costs

- LOE, transportation, gathering and processing, and G&A costs decreased in 2Q compared with 1Q, while DD&A expenses increased

Hedges

- Mark-to-market hedge gains decreased, lowering GAAP earnings per share in 2Q compared with 1Q
- Lower cash paid to settle hedges partially offset the impact of lower commodity prices on adjusted non-GAAP earnings per share

Change in Cash 2Q 2023 vs 1Q 2023

\$Billions

Free Cash Flow

- Cash flow from operations before changes in working capital was \$2.56 billion
- EOG incurred \$1.52 billion of capital expenditures
- This resulted in \$1.04 billion of free cash flow

Cash Return and Working Capital

- Paid \$480 million in regular dividends
- Repurchased \$300 million of stock
- Changes in working capital accounted for \$540 million of the decrease in cash

Second Quarter 2023 Operating Performance

Cash Operating Costs

\$ per Boe

Depreciation, Depletion and Amortization

\$ per Boe

Lease and Well

Per-unit lease and well costs decreased in 2Q compared with 1Q and were below the guidance midpoint primarily due to decreased workovers and fuel-related expenses.

Transportation; Gathering and Processing

Per-unit transportation and G&P costs declined in 2Q and were below the guidance midpoints primarily due to oil transportation optimization, higher in-basin NGL sales, and lower fuel costs.

General and Administrative

Per-unit G&A costs declined in 2Q and were below the guidance midpoint primarily due to lower third-party service expenses.

Depreciation, Depletion and Amortization

Per-unit DD&A costs increased in 2Q compared with 1Q but were below the guidance midpoint due to well mix.

Second Quarter 2023 Results vs Guidance

Endnotes

- 1) Third quarter 2022 TOTI (% of Wellhead Revenue) (non-GAAP) and General and Administrative Costs (non-GAAP) exclude a state severance tax refund and related consulting fees, respectively, as reflected in the accompanying Adjusted Net Income (Loss) reconciliation schedule.
- 2) Includes gathering, processing and marketing revenue, gains (losses) on asset dispositions, other revenue, exploration, dry hole, impairments and marketing costs, taxes other than income, other income (expense), interest expense and the impact of changes in the effective income tax rate.
- 3) EOG bases United States and Trinidad crude oil and condensate price differentials upon the West Texas Intermediate crude oil price at Cushing, Oklahoma, using the simple average of the NYMEX settlement prices for each trading day within the applicable calendar month.
- 4) EOG bases United States natural gas price differentials upon the natural gas price at Henry Hub, Louisiana, using the NYMEX Last Day Settle price for each of the applicable months.
- 5) The third quarter and full-year 2022 realized natural gas price for Trinidad includes a one-time pricing adjustment of \$3.37/Mcf and \$0.76/Mcf, respectively, for prior-period production following a contract amendment with the National Gas Company of Trinidad and Tobago Limited (NGC).
- 6) In general, EOG excludes impairments which are (i) attributable to declines in commodity prices, (ii) related to sales of certain oil and gas properties or (iii) the result of certain other events or decisions (e.g., a periodic review of EOG's oil and gas properties or other assets). EOG believes excluding these impairments from total impairment costs is appropriate and provides useful information to investors, as such impairments were caused by factors outside of EOG's control (versus, for example, impairments that are due to EOG's proved oil and gas properties not being as productive as it originally estimated).
- 7) The forecast items for the third quarter and full year 2023 set forth above for EOG are based on currently available information and expectations as of the date of this press release. EOG undertakes no obligation, other than as required by applicable law, to update or revise this forecast, whether as a result of new information, subsequent events, anticipated or unanticipated circumstances or otherwise. This forecast, which should be read in conjunction with this press release and EOG's related Current Report on Form 8-K filing, replaces and supersedes any previously issued guidance or forecast.
- 8) The forecast includes expenditures for Exploration and Development Drilling, Facilities, Leasehold Acquisitions, Capitalized Interest, Dry Hole Costs and Other Property, Plant and Equipment. The forecast excludes Property Acquisitions, Asset Retirement Costs, Non-Cash Exchanges and Transactions and exploration costs incurred as operating expenses.

Glossary

Acq	Acquisitions
ATROR	After-tax rate of return
Bbl	Barrel
Bn	Billion
Boe	Barrels of oil equivalent

This press release may include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, including, among others, statements and projections regarding EOG's future financial position, operations, performance, business strategy, goals, returns and rates of return, budgets, reserves, levels of production, capital expenditures, costs and asset sales, statements regarding future commodity prices and statements regarding the plans and objectives of EOG's management for future operations, are forward-looking statements. EOG typically uses words such as "expect," "anticipate," "estimate," "project," "strategy," "intend," "plan," "target," "aims," "ambition," "initiative," "goal," "may," "will," "focused on," "should" and "believe" or the negative of those terms or other variations or comparable terminology to identify its forward-looking statements. In particular, statements, express or implied, concerning EOG's future financial or operating results and returns or EOG's ability to replace or increase reserves, increase production, generate returns and rates of return, replace or increase drilling locations, reduce or otherwise control drilling, completion and operating costs and capital expenditures, generate cash flows, pay down or refinance indebtedness, achieve, reach or otherwise meet initiatives, plans, goals, ambitions or targets with respect to emissions, other environmental matters, safety matters or other ESG (environmental/social/governance) matters, or pay and/or increase dividends are forward-looking statements. Forward-looking statements are not guarantees of performance. Although EOG believes the expectations reflected in its forward-looking statements are reasonable and are based on reasonable assumptions, no assurance can be given that such assumptions are accurate or will prove to have been correct or that any of such expectations will be achieved (in full or at all) or will be achieved on the expected or anticipated timelines. Moreover, EOG's forward-looking statements may be affected by known, unknown or currently unforeseen risks, events or circumstances that may be outside EOG's control. Furthermore, this press release and any accompanying disclosures may include or reference certain forward-looking, non-GAAP financial measures, such as free cash flow and cash flow from operations before changes in working capital, and certain related estimates regarding future performance, results and financial position. Because we provide these measures on a forward-looking basis, we cannot reliably or reasonably predict certain of the necessary components of the most directly comparable forward-looking GAAP measures, such as future changes in working capital. Accordingly, we are unable to present a quantitative reconciliation of such forward-looking, non-GAAP financial measures to the respective most directly comparable forward-looking GAAP financial measures. Management believes these forward-looking, non-GAAP measures may be a useful tool for the investment community in comparing EOG's forecasted financial performance to the forecasted financial performance of other companies in the industry. Any such forward-looking measures and estimates are intended to be illustrative only and are not intended to reflect the results that EOG will necessarily achieve for the period(s) presented; EOG's actual results may differ materially from such measures and estimates. Important factors that could cause EOG's actual results to differ materially from the expectations reflected in EOG's forward-looking statements include, among others:

- the timing, extent and duration of changes in prices for, supplies of, and demand for, crude oil and condensate, natural gas liquids (NGLs), natural gas and related commodities;
- the extent to which EOG is successful in its efforts to acquire or discover additional reserves;
- the extent to which EOG is successful in its efforts to (i) economically develop its acreage in, (ii) produce reserves and achieve anticipated production levels and rates of return from, (iii) decrease or otherwise control its drilling, completion and operating costs and capital expenditures related to, and (iv) maximize reserve recovery from, its existing and future crude oil and natural gas exploration and development projects and associated potential and existing drilling locations;
- the success of EOG's cost-mitigation initiatives and actions in offsetting the impact of inflationary pressures on EOG's operating costs and capital expenditures;
- the extent to which EOG is successful in its efforts to market its production of crude oil and condensate, NGLs and natural gas;
- security threats, including cybersecurity threats and disruptions to our business and operations from breaches of our information technology systems, physical breaches of our facilities and other infrastructure or breaches of the information technology systems, facilities and infrastructure of third parties with which we transact business;
- the availability, proximity and capacity of, and costs associated with, appropriate gathering, processing, compression, storage, transportation, refining, and export facilities;
- the availability, cost, terms and timing of issuance or execution of mineral licenses and leases and governmental and other permits and rights-of-way, and EOG's ability to retain mineral licenses and leases;
- the impact of, and changes in, government policies, laws and regulations, including climate change-related regulations, policies and initiatives (for example, with respect to air emissions); tax laws and regulations (including, but not limited to, carbon tax and emissions-related legislation); environmental, health and safety laws and regulations relating to disposal of produced water, drilling fluids and other wastes, hydraulic fracturing and access to and use of water; laws and regulations affecting the leasing of acreage and permitting for oil and gas drilling and the calculation of royalty payments in respect of oil and gas production; laws and regulations imposing additional permitting and disclosure requirements, additional operating restrictions and conditions or restrictions on drilling and completion operations and on the transportation of crude oil, NGLs and natural gas; laws and regulations with respect to financial derivatives and hedging activities; and laws and regulations with respect to the import and export of crude oil, natural gas and related commodities;
- the impact of climate change-related policies and initiatives at the corporate and/or investor community levels and other potential developments related to climate change, such as (but not limited to) changes in consumer and industrial/commercial behavior, preferences and attitudes with respect to the generation and consumption of energy; increased availability of, and increased consumer and industrial/commercial demand for, competing energy sources (including alternative energy sources); technological advances with respect to the generation, transmission, storage and consumption of energy; alternative fuel requirements; energy conservation measures and emissions-related legislation; decreased demand for, and availability of, services and facilities related to the exploration for, and production of, crude oil, NGLs and natural gas; and negative perceptions of the oil and gas industry and, in turn, reputational risks associated with the exploration for, and production of, crude oil, NGLs and natural gas;
- continuing political and social concerns relating to climate change and the greater potential for shareholder activism, governmental inquiries and enforcement actions and litigation and the resulting expenses and potential disruption to EOG's day-to-day operations;
- the extent to which EOG is able to successfully and economically develop, implement and carry out its emissions and other ESG-related initiatives and achieve its related targets and initiatives;

- EOG's ability to effectively integrate acquired crude oil and natural gas properties into its operations, identify and resolve existing and potential issues with respect to such properties and accurately estimate reserves, production, drilling, completion and operating costs and capital expenditures with respect to such properties;
- the extent to which EOG's third-party-operated crude oil and natural gas properties are operated successfully, economically and in compliance with applicable laws and regulations;
- competition in the oil and gas exploration and production industry for the acquisition of licenses, leases and properties;
- the availability and cost of, and competition in the oil and gas exploration and production industry for, employees, labor and other personnel, facilities, equipment, materials (such as water, sand, fuel and tubulars) and services;
- the accuracy of reserve estimates, which by their nature involve the exercise of professional judgment and may therefore be imprecise;
- weather, including its impact on crude oil and natural gas demand, and weather-related delays in drilling and in the installation and operation (by EOG or third parties) of production, gathering, processing, refining, compression, storage, transportation, and export facilities;
- the ability of EOG's customers and other contractual counterparties to satisfy their obligations to EOG and, related thereto, to access the credit and capital markets to obtain financing needed to satisfy their obligations to EOG;
- EOG's ability to access the commercial paper market and other credit and capital markets to obtain financing on terms it deems acceptable, if at all, and to otherwise satisfy its capital expenditure requirements;
- the extent to which EOG is successful in its completion of planned asset dispositions;
- the extent and effect of any hedging activities engaged in by EOG;
- the timing and extent of changes in foreign currency exchange rates, interest rates, inflation rates, global and domestic financial market conditions and global and domestic general economic conditions;
- the duration and economic and financial impact of epidemics, pandemics or other public health issues;
- geopolitical factors and political conditions and developments around the world (such as the imposition of tariffs or trade or other economic sanctions, political instability and armed conflict), including in the areas in which EOG operates;
- the extent to which EOG incurs uninsured losses and liabilities or losses and liabilities in excess of its insurance coverage;
- acts of war and terrorism and responses to these acts; and
- the other factors described under ITEM 1A, Risk Factors of EOG's Annual Report on Form 10-K for the fiscal year ended December 31, 2022 and any updates to those factors set forth in EOG's subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K.

In light of these risks, uncertainties and assumptions, the events anticipated by EOG's forward-looking statements may not occur, and, if any of such events do, we may not have anticipated the timing of their occurrence or the duration or extent of their impact on our actual results. Accordingly, you should not place any undue reliance on any of EOG's forward-looking statements. EOG's forward-looking statements speak only as of the date made, and EOG undertakes no obligation, other than as required by applicable law, to update or revise its forward-looking statements, whether as a result of new information, subsequent events, anticipated or unanticipated circumstances or otherwise.

The United States Securities and Exchange Commission (SEC) permits oil and gas companies, in their filings with the SEC, to disclose not only "proved" reserves (i.e., quantities of oil and gas that are estimated to be recoverable with a high degree of confidence), but also "probable" reserves (i.e., quantities of oil and gas that are as likely as not to be recovered) as well as "possible" reserves (i.e., additional quantities of oil and gas that might be recovered, but with a lower probability than probable reserves). Statements of reserves are only estimates and may not correspond to the ultimate quantities of oil and gas recovered. Any reserve or resource estimates provided in this press release that are not specifically designated as being estimates of proved reserves may include "potential" reserves, "resource potential" and/or other estimated reserves or estimated resources not necessarily calculated in accordance with, or contemplated by, the SEC's latest reserve reporting guidelines. Investors are urged to consider closely the disclosure in EOG's Annual Report on Form 10-K for the fiscal year ended December 31, 2022, available from EOG at P.O. Box 4362, Houston, Texas 77210-4362 (Attn: Investor Relations). You can also obtain this report from the SEC by calling 1-800-SEC-0330 or from the SEC's website at www.sec.gov. In addition, reconciliation schedules and definitions for non-GAAP financial measures can be found on the EOG website at www.eogresources.com.
