"We are very pleased with our third quarter performance. Our revenues increased to a record \$109.7 million, representing solid 33.2% year-over-year growth, and we continue to experience strong momentum in our business" said Martín Migoya, Globant's CEO and co-founder.

"We continue to have strong demand from companies looking to achieve digital transformations. Moreover, we expect to see a significant opportunity coming from artificial intelligence, which has the potential to impact all businesses and industries. We believe that our expertise and Studio model positions us as a leader in this area and makes us an ideal partner for companies facing these transformations," added Martín Migoya.

"Q3 was another quarter of robust and solid revenue growth as the demand for our service offerings continues to expand and the relationship with our strategic accounts across different verticals remains strong. In terms of operating performance, we expect to continue executing on our strategy to keep gross margins stable, diversify our talent base and maintain disciplined spending on our SG&A so that we can expand our operating leverage", explained Alejandro Scannapieco, Globant's CFO.

Globant completed the third quarter with 6,397 Globers, 5,925 of whom were IT professionals. The geographic revenue breakdown for the third quarter was as follows: 79.1% from North America (top country: US), 13.3% from Latin America and others (top country: Chile) and 7.6% from Europe (top country: Spain). 85.4% of Globant's revenue for the third quarter was denominated in US dollars, and the remaining 14.6% was denominated in other currencies, including GB pounds, Euros and other Latin American currencies.

During the last 12 months ended September 30, 2017, Globant served 346 customers, 78 of which accounted for more than \$1 million of Globant's revenues. Globant's top customer, top 5 customers and top 10 customers represented 10.3%, 26.8% and 40.7% of third quarter revenues, respectively.

Cash and cash equivalents and investments as of September 30, 2017 decreased to \$44.1 million from \$59.9 million as of December 31, 2016. Current assets as of September 30, 2017 amounted to \$141.9 million, accounting for 40.6% of total assets. Finally, as of September 30, 2017, 35.1 million common shares were issued and outstanding.

### **2017 Fourth Quarter and Full Year Outlook**

Based on current market conditions, Globant is providing the following estimates for the fourth quarter and the full year of 2017:

- Fourth quarter Revenue is estimated to be between \$108-\$110 million, implying 24.9% year-over-year growth at the midpoint of the range.
- Fourth quarter 2017 Non-IFRS Adjusted Diluted EPS is estimated to be in the range of \$0.38-\$0.40 (assuming an average of 36.5 million diluted shares outstanding during the fourth quarter).
- Fiscal year 2017 Revenue is estimated to be in the range of \$406-\$408 million, implying 26.1% year-over-year revenue growth at the midpoint of the range.
- Fiscal year 2017 Non-IFRS Adjusted Diluted EPS is estimated to be in the range of \$1.25-\$1.29 (assuming an average of 36.2 million diluted shares outstanding during 2017).

### **Non-IFRS Financial Information**

The financial information in this press release has been prepared consistently with International Accounting Standards 34, "Interim Financial Reporting". The financial information in this press release have not been audited.

Globant provides non-IFRS financial measures to complement reported IFRS results, in accordance with IAS 34 "Interim Financial Reporting". Management believes these measures help illustrate underlying trends in the company's business and uses the measures to establish budgets and operational goals, communicated internally and externally, for managing the company's business and evaluating its performance. The company anticipates that it will continue to report both IFRS and certain non-IFRS financial measures in its financial results, including non-IFRS results that exclude share-based compensation expense and depreciation and amortization. Because the company's non-IFRS financial measures are not calculated according to IFRS, these measures are not comparable to IFRS and may not necessarily be comparable to similarly described non-IFRS measures reported by other companies within the company's industry. Consequently, Globant's non-IFRS financial measures should not be evaluated in isolation or supplant comparable IFRS measures, but, rather, should be considered together with its unaudited interim consolidated statement of financial position as of September 30, 2017 and December 31, 2016 and its unaudited interim consolidated statement of profit or loss and other comprehensive income for the three and nine month periods ended September 30, 2017 and 2016, prepared in accordance with IAS 34.

Globant is not providing a quantitative reconciliation of forward-looking Non-IFRS Adjusted Diluted EPS to the most directly comparable IFRS measure because it is unable to predict with reasonable certainty the ultimate outcome of certain significant items without unreasonable effort. These items include, but are not limited to, share-based compensation expense and impairment of tax credits. These items are uncertain, depend on various factors, and could have a material impact on IFRS reported results for the guidance period.

### **Forward Looking Statements**

In addition to historical information, this release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements include information about possible or assumed future results of our business and financial condition, as well as the results of operations, Non-IFRS results of operations and Non-IFRS earnings per share, liquidity, plans and objectives. In some cases, you can identify forward-looking statements by

terminology such as "believe," "may," "estimate," "continue," "anticipate," "intend," "should," "plan," "expect," "predict," "potential," or the negative of these terms or other similar expressions. These statements include, but are not limited to, statements regarding: the persistence and intensification of competition in the IT industry; the future growth of spending in IT services outsourcing generally, application outsourcing and custom application development and offshore development services; the level of growth of demand for our services from our clients; the level of increase in revenues from our new clients; the resource utilization rates and productivity levels and the level of attrition of our IT professionals; the pricing structures we use for our client contracts; the general economic and business conditions in the locations in which we operate; the levels of our concentration of revenues by vertical, geography, by client and by type of contract in the future; the continuity of tax incentives available for software companies with operations in Argentina; Argentina's regulations on proceeds from the export of services; our expectation that we will be able to integrate and manage the companies we acquire and that our acquisitions will yield the benefits we envision; the demands we expect our rapid growth to place on our management and infrastructure; the sufficiency of our current cash, cash flow from operations, and lines of credit to meet our anticipated cash needs; the high proportion of our cost of services comprised of personnel salaries; and other factors discussed under the heading "Risk Factors" in our most recent Form 20-F filed with the Securities and Exchange Commission.

These forward-looking statements involve various risks and uncertainties. Although the registrant believes that its expectations expressed in these forward-looking statements are reasonable, its expectations may turn out to be incorrect. The registrant's actual results could be materially different from its expectations. In light of the risks and uncertainties described above, the estimates and forward-looking statements discussed might not occur, and the registrant's future results and its performance may differ materially from those expressed in these forward-looking statements due to, inclusive, but not limited to, the factors mentioned above. Because of these uncertainties, you should not make any investment decision based on these estimates and forward-looking statements. Except as required by law, we undertake no obligation to publicly update any forward-looking statements for any reason after the date of this press release whether as a result of new information, future events or otherwise.

These risks and uncertainties include those discussed or identified in the filings with the Luxembourg Stock Market Authority for the Financial Markets (*Commission de Surveillance du Secteur Financier*).
