FORWARD-LOOKING STATEMENTS

Statements in this Quarterly Report on Form 10-Q ("Form 10-Q") or in documents incorporated by reference that are not historical facts are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include statements, expectations or beliefs regarding: (i) our core strategy and ability to fully execute our business plan; (ii) our strategic initiatives, including our controlled growth strategy and focus on rate adequacy and selective underwriting, and their impact on shareholder value; (iii) projections, predictions, expectations, estimates or forecasts as to our business, financial and operational results and future economic performance; (iv) management's goals and objectives, including intentions to pursue certain business and the handling of certain claims; (v) projections of financial items; (vi) the supply of catastrophe reinsurance and its costs; (vii) assumptions underlying statements regarding us and our business; (viii) claims and related expenses, and our reinsurers' obligations; (ix) pending legal proceedings and their effect on our financial position; (x) future impact of prior strategic policy count reductions; and (xi) other similar expressions concerning matters that are not historical facts. These forward-looking statements are subject to risks and uncertainties that could cause actual results and events to differ. A detailed discussion of these and other risks and uncertainties that could cause actual results and events to differ materially from such forward-looking statements is included throughout this filing and particularly in Item 1A: "Risk Factors" set forth in our 2023 Annual Report on Form 10-K and Item 2 "Management's Discussion and Analysis of Financial Condition and Results of Operations" set forth in this quarterly report on Form 10-Q. All forward-looking statements included in this document are based on information available to us on the date hereof, and we assume no obligation to revise or publicly release any revision to any such forward-looking statement, except as may otherwise be required by law.

These statements are based on current expectations, estimates and projections about the industry and market in which we operate, and management's beliefs and assumptions. Without limiting the generality of the foregoing, words such as "may," "will," "expect," "believe," "anticipate," "intend," "could," "would," "estimate," or "continue" or the negative variations thereof or comparable terminology are intended to identify forward-looking statements. Forward-looking statements are not guarantees of future performance and involve certain known and unknown risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. The risks and uncertainties include, without limitation:

- the possibility that actual losses may exceed reserves, which are based on estimates;
 - the concentration of our business in coastal states, which could be impacted by hurricane losses or other significant weather-related events such as northeastern winter storms;
 - our exposure to catastrophic weather events;
 - our failure to adequately assess and price the risks we underwrite;
 - the fluctuation in our results of operations, including as a result of factors outside of our control;
 - increased costs of reinsurance, non-availability of reinsurance, non-collectability of reinsurance and our ability to obtain reinsurance on terms and at a cost acceptable to us;
 - inherent uncertainty of our models and our reliance on such models as a tool to evaluate risk;
 - increased competition, competitive pressures, industry developments and market conditions;
 - continued and increased impact of abusive and unwarranted claims;
 - our inability to effectively manage our growth and integrate acquired companies;
 - our failure to execute our diversification strategy;
 - our reliance on independent agents to write insurance policies for us on a voluntary basis and our ability to attract and retain agents;
 - the failure of our claims department to effectively manage or remediate claims;
 - the failure of policy renewals to meet our expectations;
 - our inability to maintain our financial stability rating;
 - our ability to access sufficient liquidity or obtain additional financing to fund our operations and expand our business;
 - our inability to generate investment income;
 - effects of emerging claim and coverage issues relating to legal, judicial, environmental and social conditions;
 - the failure of our risk mitigation strategies or loss limitation methods;
 - lack of effectiveness of exclusions and loss limitation methods in the insurance policies we assume or write;
 - the regulation of our insurance operations;
 - changes in regulations and our failure to meet increased regulatory requirements, including minimum capital and surplus requirements;
 - climate change, health crisis, severe weather conditions and other catastrophe events;
 - litigation or regulatory actions;
 - regulation limiting rate increases or that require us to participate in loss sharing or assessments;
 - the terms of our indebtedness, including restrictions that limit our flexibility in operating our business, and our inability to comply with the financial and other covenants of our debt facilities;
 - our ability to maintain effective internal controls over financial reporting;
 - certain characteristics of our common stock;
-

- failure of our information technology systems or those of our key service providers and unsuccessful development and implementation of new technologies;
- a lack of redundancy in our operations; and
- our failure to attract and retain qualified employees and independent agents or our loss of key personnel.

Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition or operating results. The forward-looking statements speak only as of the date on which they are made, and, except as required by law, we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrences of anticipated events. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in the forward-looking statements. Consequently, you should not place undue reliance on forward-looking statements.

Notes to Unaudited Condensed Consolidated Financial Statements

NOTE 1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The condensed consolidated financial statements include the accounts of Heritage Insurance Holdings, Inc. (together with its subsidiaries, the “Company”). These statements have been prepared in accordance with generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Certain financial information that is normally included in annual consolidated financial statements prepared in accordance with GAAP, but that is not required for interim reporting purposes, has been omitted. In the opinion of the Company’s management, all material intercompany transactions and balances have been eliminated and all adjustments consisting of normal recurring accruals which are necessary for a fair statement of the financial condition and results of operations for the interim periods have been reflected. The accompanying interim condensed consolidated financial statements and related footnotes should be read in conjunction with the Company’s audited consolidated financial statements and related footnotes included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2023 filed on March 13, 2024 (the “2023 Form 10-K”).

Significant accounting policies

The accounting policies of the Company are set forth in Note 1 to the consolidated financial statements contained in the Company’s 2023 Form 10-K.

Accounting Pronouncements not yet adopted

The Company has documented the summary of its significant accounting policies in its Notes to the Audited Consolidated Financial Statements contained in the Company’s 2023 Form 10-K. There have been no material changes to the Company’s accounting policies since the filing of that report.

On March 6, 2024, the SEC adopted new rules designed to enhance public company disclosures related to the risks and impacts of climate-related matters. The rules amend the provisions of both Regulation S-K and Regulation S-X to require disclosure of climate-related risks, transition plans, targets and goals, risk management and governance as well as require disclosure of the financial effects of severe weather events and other natural conditions as well as the use of carbon offsets or renewable energy credits. Disclosure requirements will begin phasing in for fiscal years beginning on or after January 1, 2025, subject to legal challenges and the SEC’s voluntary stay of the disclosure requirements. The Company will continue to assess the impact of these new rules on its financial statements while the stay is in place.

NOTE 2. INVESTMENTS

The Company's unrealized losses on debt securities have not been recognized because the securities are of a high credit quality with investment grade ratings. After reviewing the Company's portfolio, if (i) the Company does not have the intent to sell, or (ii) it is more likely than not it will not be required to sell the security before its anticipated recovery, then the Company's intent is to hold the investment securities to recovery, or maturity if necessary to recover the decline in valuation as prices accrete to par. However, the Company's intent may change prior to maturity due to certain types of events, which include, but are not limited to, changes in the financial markets, the Company's analysis of an issuer's credit metrics and prospects, changes in tax laws or the regulatory environment, or as a result of significant unforeseen changes in liquidity needs. As such, the Company may, from time to time, sell invested assets subsequent to the balance sheet date that it did not intend to sell at the balance sheet date. Conversely, the Company may not sell invested assets that the Company asserted it intended to sell at the balance sheet date. Such changes in intent are due to unforeseen events occurring subsequent to the balance sheet date.

No credit loss allowance was recorded as of June 30, 2024 or for the year ended December 31, 2023.

Other Investments

Non-Consolidating Variable Interest Entities ("VIEs")

The Company makes passive investments in limited partnerships ("LPs"), which are accounted for using the equity method, with income reported in earnings through net realized and unrealized gains and losses. The Company also holds a passive investment in a Real Estate Investment Trust ("REIT"), which is accounted for using the measurement alternative method, and reported at cost less impairment (if any), plus or minus changes from observable price changes.

The following table summarizes the carrying value and maximum loss exposure of the Company's non-consolidated VIEs at June 30, 2024 and December 31, 2023, respectively (in thousands):

	<i>As of June 30, 2024</i>		<i>As of December 31, 2023</i>	
	<i>Carrying Value</i>	<i>Maximum Loss Exposure</i>	<i>Carrying Value</i>	<i>Maximum Loss Exposure</i>

Total non-consolidated VIEs	\$ 6,790	\$ 6,790	\$ 7,067	\$ 7,067

No agreements exist requiring the Company to provide additional funding to any of the non-consolidated VIEs in excess of the Company's initial investment.

NOTE 3. FAIR VALUE OF FINANCIAL MEASUREMENTS

Fair value is determined based on the exchange price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

The Company is required to use an established hierarchy for fair value measurements based upon the inputs to the valuation and degree to which they are observable or not observable in the market. The three levels in the hierarchy are as follows:

- **Level 1** – Unadjusted quoted prices are available in active markets for identical assets/liabilities as of the reporting date.
- **Level 2** – Valuations based on observable inputs, such as quoted prices for similar assets or liabilities at the measurement date; quoted prices in the markets that are not active; or other inputs that are observable, either directly or indirectly.
- **Level 3** – Pricing inputs are unobservable and significant to the overall fair value measurement, and the determination of fair value requires significant management judgment or estimation.

The highest priority is assigned to Level 1 inputs and the lowest priority to Level 3 inputs. At June 30, 2024 and December 31, 2023, there were no transfers in or out of Level 1, 2, and 3.

The following table presents information about the Company's assets measured at fair value on a recurring basis. The Company assesses the levels for the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Company's accounting policy regarding the recognitions of transfers between levels of the fair value hierarchy.

The tables below present the balances of the Company's invested assets measured at fair value on a recurring basis:

Financial Instruments excluded from the fair value hierarchy

The carrying value of premium receivables, accounts payable, accrued expense, revolving loans and borrowings under the Company's senior secured credit facility approximate their fair value. The rate at which revolving loans and borrowings under the Company's senior secured credit facility bear interest resets periodically at market interest rates.

Non-recurring fair value measurements

Assets and liabilities that are measured at fair value on a non-recurring basis include intangible assets which are recognized at fair value during the period in which an acquisition is completed, from updated estimates and assumptions during the measurement period, or when they are considered to be impaired. For the six months ended June 30, 2024, there were no assets or liabilities that were measured at fair value on a non-recurring basis.

Certain of the Company's investments are measured in accordance with GAAP for the type of investment, using methodologies other than fair value.

NOTE 5. LEASES

The Company has entered into operating and financing leases primarily for real estate and vehicles. The Company will determine whether an arrangement is a lease at inception of the agreement. The operating leases have terms of one to ten years, and often include one or more options to renew. These renewal terms can extend the lease term from two to ten years and are included in the lease term when it is reasonably certain that the Company will exercise the option. The Company considers these options in determining the lease term used in establishing the Company's right-of-use assets and lease obligations. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Because the rate implicit in each operating lease is not readily determinable, the Company uses its incremental borrowing rate to determine present value of the lease payments. The Company used the implicit rates within the finance leases.

Components of the Company's lease costs were as follows (in thousands):

The Company has capitalized certain costs related to a new policy, billing and claims system which is anticipated to be placed into service later in 2025.

Depreciation and amortization expense for property and equipment was approximately \$718,800 and \$566,000 for the three months ended June 30, 2024 and 2023, respectively. Depreciation and amortization expense for property and equipment was approximately \$1.4 million and \$1.1 million for the six months ended June 30, 2024 and 2023, respectively. The Company owns real estate consisting of 13 acres of land, two buildings with a gross area of 88,378 square feet and a parking garage. The carrying value of the property is approximately \$9.6 million with accumulated depreciation of approximately \$2.6 million at June 30, 2024.

NOTE 7. INTANGIBLE ASSETS

At June 30, 2024 and December 31, 2023, intangible assets, net were \$39.5 million and \$42.6 million, respectively. The Company has determined the useful life of its intangible assets to range between 2.5-15 years. Intangible assets include \$1.3 million relating to insurance licenses which is classified as an indefinite lived intangible. Impairment testing is required when events occur that indicate an asset may not be recoverable, such as a triggering event. Management reviews other intangible assets for impairment annually during the fourth quarter, or more frequently should events or changes in circumstances indicate that the Company's other intangible assets might be impaired.

The Company's intangible assets consist of brand, agent relationships, renewal rights, customer relations, trade names and insurance licenses. During the three months ended June 30, 2023, certain brand and customer relations within the Company's restoration provider with a net value of \$766,600 were impaired due to the discontinuation of providing restoration services to the Company's policyholders. The impairment loss of \$766,600 was included in intangible asset impairment in the Company's consolidated statements of operations for the three and six months ended June 30, 2023.

There was no impairment of the intangible assets with definite lives for the three and six months ended June 30, 2024.

Amortization expense of the Company's intangible assets for the three and six months ended June 30, 2024 was \$1.6 million and \$3.1 million, respectively and for the three and six months ended June 30, 2023 was \$1.6 million and \$3.2 million, respectively.

Estimated annual pretax amortization of intangible assets for each of the next five years and thereafter is as follows (in thousands):

<i>Year</i>	<i>Amount</i>

NOTE 10. DEFERRED POLICY ACQUISITION COSTS

The Company defers certain costs in connection with written policies, called deferred policy acquisition costs (“DPAC”), which are amortized over the effective period of the related insurance policies.

The Company anticipates that its DPAC will be fully recoverable in the near term. The table below depicts the activity regarding DPAC for the three and six months ended June 30, 2024 and 2023.

	<i>Three Months Ended June 30,</i>		<i>Six Months Ended June 30,</i>

NOTE 11. INCOME TAXES

For the three months ended June 30, 2024 and 2023, the Company recorded income tax provisions of \$6.0 million and \$5.9 million, respectively, which corresponds to effective tax rates of 24.1% and 43.0%, respectively. For the six months ended June 30, 2024 and 2023, the Company recorded income tax provisions of \$11.6 million and \$9.1 million, respectively, which corresponds to effective tax rates of 26.0% and 29.4%, respectively. The effective tax rate for the three months ended June 30, 2023 was impacted by an increase of \$2.5 million in the deferred tax valuation allowance related to Osprey Re related to certain tax elections made by Osprey Re, the Company's captive reinsurer domiciled in Bermuda. The impact of permanent tax differences on projected results of operations for the calendar year impacts the effective tax rate, which can also fluctuate throughout the year as estimates used in the quarterly tax provision are updated with additional information. The effective tax rate for the six months ended June 30, 2023 was also impacted by a \$863,300 increase in the valuation allowance related to certain tax elections made by Osprey Re.

The table below summarizes the significant components of the Company's net deferred tax assets:

The statute of limitations related to the Company's federal and state income tax returns remains open from the Company's filings for 2020 through 2023. There are currently no tax years under examination.

At June 30, 2024 and December 31, 2023, the Company had no significant uncertain tax positions or unrecognized tax benefits that, if recognized, would impact the effective income tax rate.

NOTE 12. REINSURANCE

Overview

In order to limit the Company's potential exposure to individual risks and catastrophic events, the Company purchases significant reinsurance from third party reinsurers. Purchasing reinsurance is an important part of the Company's risk strategy, and premiums ceded to reinsurers is one of the Company's largest costs. The Company has strong relationships with reinsurers, which it attributes to its management's industry experience, disciplined underwriting, and claims management capabilities. For each of the twelve months beginning June 1, 2024 and 2023, the Company purchased reinsurance from the following sources: (i) the Florida Hurricane Catastrophe Fund, a state-mandated catastrophe fund ("FHCF") which provides reinsurance for Florida admitted policies only, (ii) private reinsurers, all of which were rated "A-" or higher by A.M. Best Company, Inc. ("A.M. Best") or Standard & Poor's Financial Services LLC ("S&P") or were fully collateralized, and (iii) the Company's wholly-owned reinsurance subsidiary, Osprey Re Ltd. ("Osprey"). The Company also sponsored catastrophe bonds in 2024 and 2023 through Citrus Re Ltd., a Bermuda special purpose insurer, which provided an alternative to traditional reinsurance through the issuance of catastrophe bonds. For the 2023 hurricane season only, the Company also obtained reinsurance from the Florida State Board of Administration's Reinsurance to assist Policyholders ("RAP") program which provided reinsurance for Florida admitted policies only. The RAP component of the Company's reinsurance program was provided at no cost to the Company and is a non-recurring reinsurance program. In addition to purchasing excess of loss catastrophe reinsurance, the Company also purchased quota share, property per risk and facultative reinsurance. The Company's quota share program limits its exposure on catastrophe and non-catastrophe losses and provides ceding commission income. The Company's per risk programs limit its net exposure in the event of severe non-catastrophe losses impacting a single location or risk. The Company also utilizes facultative reinsurance to supplement its per risk reinsurance program where the Company capacity needs dictate.

Purchasing a sufficient amount of reinsurance to cover catastrophic losses from single or multiple events or significant non-catastrophe losses is an important part of the Company's risk strategy. Reinsurance involves transferring, or "ceding", a portion of the risk exposure on policies the Company writes to another insurer, known as a reinsurer. To the extent that the Company's reinsurers are unable to meet the obligations they assume under the Company's reinsurance agreements, the Company remains liable for the entire insured loss.

The Company's insurance regulators require all insurance companies, like us, to have a certain amount of capital and reinsurance coverage in order to cover losses and loss adjustment expenses upon the occurrence of a catastrophic event. The Company's reinsurance program provides reinsurance in excess of its state regulator requirements, which are generally based on the probable maximum loss that it would incur from an individual catastrophic event estimated to occur once in every 100 years based on its portfolio of insured risks. The nature, severity and location of the event giving rise to such a probable maximum loss differs for each insurer depending on the insurer's portfolio of insured risks, including, among other things, the geographic concentration of insured value within such portfolio. As a result, a particular catastrophic event could be a one-in-100-year loss event for one insurance company while having a greater or lesser probability of occurrence for another insurance company. The Company also purchases reinsurance coverage to protect against the potential for multiple catastrophic events occurring in the same year. The Company shares portions of its reinsurance program coverage among its insurance company affiliates.

2024 - 2025 Reinsurance Program

Catastrophe Excess of Loss Reinsurance

Effective June 1, 2024, the Company entered into catastrophe excess of loss reinsurance agreements covering Heritage Property & Casualty Insurance Company ("Heritage P&C"), Zephyr Insurance Company ("Zephyr") and Narragansett Bay Insurance Company ("NBIC"). The catastrophe reinsurance programs are allocated among traditional reinsurers, the Florida Hurricane Catastrophe Fund ("FHCF"), Citrus Re and Osprey Re. The FHCF covers Florida admitted market risks only and the Company elected to participate at 90% for the 2024 hurricane season. Osprey Re will provide reinsurance for a portion of the Heritage P&C, NBIC and Zephyr programs. The Company's third-party reinsurers are either rated "A-" or higher by A.M. Best or S&P or are fully collateralized, to reduce credit risk. Osprey Re and Citrus Re are fully collateralized programs.

The reinsurance program, which is segmented into layers of coverage, protects the Company for excess property catastrophe losses and loss adjustment expenses. The 2024-2025 reinsurance program provides first event coverage up to \$1.3 billion for Heritage P&C, first event coverage up to \$1.1 billion for NBIC, and first event coverage up to \$750.0 million for Zephyr. The Company's first event retention in a 1 in 100-year event would include retention for the respective insurance company as well as any retention by Osprey. The first event maximum retention up to a 1 in 100-year event for each insurance company subsidiary is as follows: Heritage P&C – \$40.0 million, of which \$34.0 million would be ceded to Osprey; NBIC – \$31.8 million of which the entire amount would be ceded to Osprey in a shared contract with Zephyr; and Zephyr — \$40 million, of which \$32 million would be ceded to Osprey in a shared contract with NBIC as well as \$8.0 million ceded to Osprey in a separate reinsurance contract.

The Company is responsible for all losses and loss adjustment expenses in excess of the Company's reinsurance program. For second or subsequent catastrophic events, the Company's total available coverage depends on the magnitude of the first event, as the Company may have coverage remaining from layers that were not previously fully exhausted. An aggregate of \$3.3 billion of limit is available in 2024, which includes reinstatement through the purchase of reinstatement premium protection. The amount of coverage, however, will be subject to the severity and frequency of such events.

Additionally, the Company placed occurrence contracts for business underwritten by NBIC which covers all catastrophe losses excluding named storms, on December 31, 2023, expiring December 31, 2024. One contract which is 60% placed has a \$15.0 million limit in excess of a retention of \$25.0 million. Another contract provides the remaining 40% with a \$20.0 million limit in excess of a retention of \$20.0 million. Each contract has one reinstatement available.

Net Quota Share Reinsurance

The Company's Net Quota Share coverage is proportional reinsurance, which applies to business underwritten by NBIC, for which certain of the Company's other reinsurance (property catastrophe excess of loss and the second layer of the general excess of loss) inures to the quota share program. An occurrence limit of \$20.0 million for catastrophe losses is in effect on the quota share program, subject to certain aggregate loss limits that vary by reinsurer. The amount and rate of ceding commissions slide, within a prescribed minimum and maximum, depending on loss performance. The Net Quota Share program was renewed on December 31, 2023 ceding 41.0% of the net premiums.

Per Risk Coverage

For losses arising from business underwritten by Heritage P&C and losses arising from commercial residential business underwritten by NBIC, excluding losses from named storms, the Company purchased property per risk coverage for losses and loss adjustment expenses in excess of \$1.5 million per claim. The limit recoverable for an individual loss is \$8.5 million and total limit for all losses is \$25.5 million. There are two reinstatements available with additional premium due based on the amount of the layer exhausted. This coverage for the contract period from June 15, 2024 through June 14, 2025 is 100% placed. For losses arising from commercial residential business underwritten by NBIC, the Company also purchased property per risk coverage for losses and loss adjustments expenses in excess of \$1 million per claim. The limit recovered for an individual loss is \$500,000 and total limit for all losses is \$1.5 million.

In addition, the Company purchased facultative reinsurance for losses in excess of \$10.0 million for any properties it insured where the total insured value exceeded \$10.0 million. The maximum limit for this coverage is \$80.0 million. This coverage applies to losses arising from business underwritten by Heritage P&C and losses arising from commercial residential business underwritten by NBIC, excluding losses from named storms. The Company also purchased facultative reinsurance for losses underwritten by NBIC in excess of \$3.5 million.

General Excess of Loss

The Company's general excess of loss reinsurance protects business underwritten by NBIC and Zephyr multi-peril policies from single risk losses. For the contract period of July 1, 2023 through June 30, 2024, the coverage is \$2.5 million excess \$1.0 million for property losses and \$1.0 million excess \$1.0 million for casualty losses, and is 67.5% placed.

For a detailed discussion of the Company's 2023-2024 Reinsurance Program refer to Part I, "Business", Part II, Item 8, "Financial Statements and Supplementary Data" and "Note 12. Reinsurance" in the Company's 2023 Form 10-K.

Effect of Reinsurance

The Company's reinsurance arrangements had the following effect on certain items in the condensed consolidated statement of income for the three and six months ended June 30, 2024 and 2023:

NOTE 13. RESERVE FOR UNPAID LOSSES

The Company determines the reserve for unpaid losses on an individual-case basis for all incidents reported. The liability also includes amounts which are commonly referred to as incurred but not reported, or "IBNR", claims as of the balance sheet date. The Company estimates its IBNR reserves by projecting its ultimate losses using industry accepted actuarial methods and then deducting actual loss payments and case reserves from the projected ultimate losses.

The table below summarizes the activity related to the Company's reserve for unpaid losses:

	<i>Three Months Ended June 30,</i>		<i>Six Months Ended June 30,</i>	
	<i>2024</i>	<i>2023</i>	<i>2024</i>	<i>2023</i>

Plus: reinsurance recoverable on unpaid losses	468,137	442,289	468,137	442,289
Balance, end of period	\$ 822,271	\$ 817,859	\$ 822,271	\$ 817,859

The Company believes that the reserve for unpaid losses reasonably represents the amount necessary to pay all claims and related expenses which may arise from incidents that have occurred as of the balance sheet date.

As of June 30, 2024, the Company reported \$354.1 million in unpaid losses and loss adjustment expenses, net of reinsurance which included \$240.6 million attributable to IBNR net of reinsurance recoverable, or 67.9% of net reserves for unpaid losses and loss adjustment expenses. For the three months ended June 30, 2024, the Company experienced \$8.7 million of net unfavorable prior year loss development compared to \$2.7 million of net favorable prior year loss

development for the three months ended June 30, 2023. For the six months ended June 30, 2024, the Company experienced \$15.4 million of net unfavorable prior year loss development compared to \$4.2 million of net favorable prior year loss development for the six months ended June 30, 2023. The unfavorable development is largely associated with adverse development on Hurricane Irma claims, for which the losses are fully retained.

Reinsurance recoverable on unpaid losses includes expected reinsurance recoveries associated with reinsurance contracts the Company has in place. The amount may include recoveries from catastrophe excess of loss reinsurance, net quota share reinsurance, per risk reinsurance, and facultative reinsurance contracts.

NOTE 14. LONG-TERM DEBT

Convertible Senior Notes

In August 2017 and September 2017, the Company issued in aggregate \$136.8 million of 5.875% Convertible Senior Notes (“Convertible Notes”) maturing on August 1, 2037, unless earlier repurchased, redeemed or converted. Interest is payable semi-annually in arrears, on February 1, and August 1 of each year. In January 2022, the Company reacquired and retired \$11.7 million of its outstanding Convertible Senior Notes. Payment was made in cash and the Convertible Notes were retired at the time of repurchase. In addition, the Company expensed \$242,700 which was the proportionate amount of the unamortized issuance and debt discount costs associated with this repurchase.

As of December 31, 2023 and at June 30, 2024, the Company had approximately \$885,000 of the Convertible Notes outstanding, net of \$21.1 million of Convertible Notes held by an insurance company subsidiary. For the six-months ended June 30, 2024 and 2023, the Company made interest payments, net of affiliated Convertible Notes, of approximately \$25,115 and \$26,000, on the outstanding Convertible Notes, respectively.

Senior Secured Credit Facility

The Company is party to a credit agreement dated as of December 14, 2018 (as amended from time to time, the “Credit Agreement”) with a syndicate of lenders.

The Credit Agreement, as amended, provides for (1) a five-year senior secured term loan facility in an aggregate principal amount of \$100 million (the “Term Loan Facility”) and (2) a five-year senior secured revolving credit facility in an aggregate principal amount of \$50 million (inclusive of a sublimit for the issuance of letters of credit equal to the unused amount of the revolving credit facility and a sublimit for swingline loans equal to the lesser of \$25 million and the unused amount of the revolving credit facility) (the “Revolving Credit Facility” and together with the Term Loan Facility, the “Credit Facilities”).

Term Loan Facility. The principal amount of the Term Loan Facility amortizes in quarterly installments, which began with the close of the fiscal quarter ending March 31, 2019, in an amount equal to \$1.9 million per quarter, payable quarterly, decreasing to \$875,000 per quarter commencing with the quarter ending December 31, 2021, and increasing to \$2.4 million per quarter commencing with the quarter ending December 31, 2022, with the remaining balance payable at maturity. The Term Loan Facility matures on July 28, 2026. As of December 31, 2023 and June 30, 2024, there was \$79.6 million and \$74.9 million, respectively in aggregate principal outstanding under the Term Loan Facility and after giving effect to the additional term loan advance that was used to refinance amounts outstanding under the Revolving Credit Facility and to pay fees, costs and expenses related thereto, there was \$10 million in aggregate principal outstanding under the Revolving Credit Facility.

For the six months ended June 30, 2024, the Company made principal and interest payments of approximately \$4.8 million and \$3.3 million, respectively, on the Term Loan Facility and for the comparable period of 2023, the Company made principal and interest payments of \$4.8 million and \$3.4 million, respectively, on the Term Loan Facility.

Revolving Credit Facility. The Revolving Credit Facility allows for borrowings of up to \$50 million inclusive of a sublimit for the issuance of letters of credit equal to the unused amount of the Revolving Credit Facility and a sublimit for swingline loans equal to the lesser of \$25 million and the unused amount of the Revolving Credit Facility. At June 30, 2024 and December 31, 2023, the Company had \$10.0 million in borrowings under the Revolving Credit Facility. At June 30, 2024 and 2023, there were no outstanding letters of credit issued under the Revolving Credit Facility. For the six months ended June 30, 2023, the Company made interest payments in aggregate of approximately \$332,106 on the Revolving Credit Facility. For the six months ended June 30, 2024, the Company made interest payments in aggregate of approximately \$413,668 on the Revolving Credit Facility and \$66,535 relating to unused availability commitment fees.

At the Company's option, borrowings under the Credit Facilities bear interest at rates equal to either (1) a rate determined by reference to SOFR, plus an applicable margin and a credit adjustment spread equal to 0.10% or (2) a base rate determined by reference to the highest of (a) the “prime rate” of Regions Bank, (b) the federal funds rate plus 0.50%, and (c) the adjusted term SOFR in effect on such day for an interest period of one month plus 1.00%, plus an applicable margin.

At June 30, 2024, the effective interest rate for the Term Loan Facility and Revolving Credit Facility was 8.171% and 8.179%, respectively. The Company monitors the rates prior to the reset date which allows it to establish if the payment is monthly or quarterly payment based on the most beneficial rate used to calculate the interest payment.

Mortgage Loan

In October 2017, the Company and its subsidiary, Skye Lane Properties LLC, jointly obtained a commercial real estate mortgage loan in the amount of \$12.7 million, bearing interest of 4.95% per annum and maturing on October 30, 2027. Pursuant to the terms of the mortgage loan, on October 30, 2022, the interest rate adjusted to an interest rate equal to the annualized interest rate of the United States 5-year Treasury Notes as reported by the Federal Reserve on a weekly average basis plus 3.10%, which resulted in an increase of the rate from 4.95% to 7.42% per annum. The Company makes monthly principal and interest payments against the loan. For the six months ended June 30, 2024 and 2023, the Company made principal and interest payments \$548,131 of \$518,746 on the mortgage loan, respectively.

FHLB Loan Agreements

In December 2018, a subsidiary of the Company received a 3.094% fixed interest rate cash loan of \$19.2 million from the Federal Home Loan Bank (“FHLB”) Atlanta. On September 29, 2023, the Company restructured the December 2018 agreement to extend the maturity date to March 28, 2025, with a 5.109% fixed interest rate payable quarterly commencing on December 28, 2023. The subsidiary continues to be a member in the FHLB. Membership in the FHLB required an investment in FHLB’s common stock which was purchased in December 2018 and valued at \$1.4 million. Additionally, the transaction required the acquired FHLB common stock and certain other investments to be pledged as collateral. As of June 30, 2024, the fair value of the collateralized securities was \$23.6 million and the equity investment in FHLB common stock was \$1.5 million. For the six months ended June 30, 2024, and 2023, the Company made quarterly interest payments as per the terms of the loan agreement of approximately \$498,828 and \$300,325, respectively.

As of June 30, 2024 and at December 31, 2023, the Company also holds other common stock from FHLB Boston for a value of \$177,197, classified as equity securities and reported at fair value on the condensed consolidated financial statements.

In December 2018, an insurance subsidiary became a member of the FHLB-DM. Membership in the FHLB-DM required an investment in FHLB-DM’s common stock which was purchased in December 2018 and valued at \$133,200. In January 2024, the insurance subsidiary of the Company received a 4.23% fixed interest rate cash loan of \$5.5 million from the Federal Home Loan Bank (“FHLB-DM”) Des Moines. Additionally, the transaction required the acquired FHLB-DM common stock and certain other investments to be pledged as collateral. As of June 30, 2024, the fair value of the collateralized securities was \$8.0 million and the equity investment in FHLB common stock was \$295,500.

For the three and six months ended June 30, 2024, the Company made monthly interest payments as per the terms of the loan agreement of approximately \$58,809, and \$117,103, respectively.

The following table summarizes the Company’s long-term debt and credit facilities as of June 30, 2024 and December 31, 2023:

	<i>June 30, 2024</i>	<i>December 31, 2023</i>

Deferred finance costs	\$ 569	\$ 997
Total long-term debt	\$ 120,780	\$ 119,732

As of the date of this report, the Company was in compliance with the applicable terms of all its covenants and other requirements under the Credit Agreement, Convertible Notes, cash borrowings and other loans. The Company’s ability to secure future debt financing depends, in part, on its ability to remain in such compliance. The covenants in the Credit Agreement may limit the Company’s flexibility in connection with future financing transactions and in the allocation of capital in the future, including the Company’s ability to pay dividends and make stock repurchases, and contribute capital to its insurance subsidiaries that are not parties to the Credit Agreement.

NOTE 16. STATUTORY ACCOUNTING AND REGULATIONS

State laws and regulations, as well as national regulatory agency requirements, govern the operations of all insurers such as the Company's insurance subsidiaries. The various laws and regulations require that insurers maintain minimum amounts of statutory surplus and risk-based capital, restrict insurers' ability to pay dividends, restrict the allowable investment types and investment mixes, and subject the Company's insurers to assessments.

The Company's insurance subsidiaries Heritage Property & Casualty Insurance Company ("Heritage P&C"), Narragansett Bay Insurance Company ("NBIC"), Zephyr Insurance Company ("Zephyr"), and Pawtucket Insurance Company ("PIC") must maintain capital and surplus ratios or balances as determined by the regulatory authority of the states in which they are domiciled. Heritage P&C is required to maintain capital and surplus equal to the greater of \$15.0 million or 10% of its respective liabilities. Zephyr is required to maintain a deposit of \$750,000 in a federally insured financial institution. NBIC is required to maintain capital and surplus of \$3.0 million. The combined statutory surplus for Heritage P&C, Zephyr, and NBIC was \$253.0 million at June 30, 2024 and \$259.6 million at December 31, 2023. State law also requires the Company's insurance subsidiaries to adhere to prescribed premium-to-capital surplus ratios, and risk-based capital requirements with which the Company's insurance subsidiaries are in compliance. At June 30, 2024, the Company's insurance subsidiaries met the financial and regulatory requirements of each of the states in which they conduct business.

NOTE 17. COMMITMENTS AND CONTINGENCIES

The Company is involved in claims-related legal actions arising in the ordinary course of business. The Company accrues amounts resulting from claims-related legal actions in unpaid losses and loss adjustment expenses during the period that it determines an unfavorable outcome becomes probable and it can estimate the amounts. Management makes revisions to its estimates based on its analysis of subsequent information that the Company receives regarding various factors, including: (i) per claim information; (ii) company and industry historical loss experience; (iii) judicial decisions and legal developments in the awarding of damages; and (iv) trends in general economic conditions, including the effects of inflation.

NOTE 18. RELATED PARTY TRANSACTIONS

From time to time the Company has been party to various related party transactions involving certain of its officers, directors and significant stockholders, including as set forth below. The Company has entered into each of these arrangements without obligation to continue its effect in the future and the associated expense was immaterial to its results of operations or financial position as of June 30, 2024 and 2023.

- In July 2019, the Board of Directors appointed Mark Berset to the Board of Directors of the Company. Mr. Berset is also the Chief Executive Officer of Comegys Insurance Agency, Inc. (“Comegys”), an independent insurance agency that writes policies for the Company. The Company pays commission to Comegys based upon standard industry rates consistent with those provided to the Company’s other insurance agencies. There are no arrangements or understandings between Mr. Berset and any other persons with respect to his appointment as a director. For the three months ended June 30, 2024 and 2023, the Company paid agency commission to Comegys of approximately \$39,280 and \$33,160, respectively. For the six months ended June 30, 2024 and 2023, the Company paid agency commission to Comegys of approximately \$80,088 and \$69,901, respectively.

NOTE 19. EMPLOYEE BENEFIT PLANS

The Company provides a 401(k) plan for all qualifying employees. The Company provides a matching contribution of 100% on the first 3% of employees’ contribution and 50% on the next 2% of the employees’ contribution to the plan. The maximum match is 4%. For the three months ended June 30, 2024 and 2023, the contributions made to the plan on behalf of the participating employees were approximately \$368,500 and \$330,470, respectively. For the six months ended June 30, 2024 and 2023, the contributions made to the plan on behalf of the participating employees were approximately \$821,700 and \$729,670, respectively.

The Company offers employees a flex healthcare plan which allows employees the choice of three medical plans with a range of coverage levels and costs. For the three months ended June 30, 2024 and 2023, the Company incurred medical premium costs including healthcare premiums of \$1.5 million and \$1.5 million, respectively. For the six months ended June 30, 2024 and 2023, the Company incurred medical premium costs including healthcare premiums of \$2.7 million and \$3.0 million, respectively.

NOTE 20. EQUITY

Stock Repurchase Program

On December 15, 2022, the Board of Directors established a new share repurchase program plan to commence on December 31, 2022, for the purpose of repurchasing up to an aggregate of \$10.0 million of common stock, through the open market or in such other manner as will comply with the terms of applicable federal and state securities laws and

regulations, including without limitation, Rule 10b-18 under the Securities Act at any time or from time to time on or prior to December 31, 2023 (the "Prior Share Repurchase Plan"). There were no shares repurchased for the year ended December 31, 2023.

On March 11, 2024, the Board of Directors established a new share repurchase program plan which commenced upon the expiration of the Prior Share Repurchase Plan on December 31, 2023, for the purpose of repurchasing up to an aggregate of \$10.0 million of common stock, through the open market or in such other manner as will comply with the terms of applicable federal and state securities laws and regulations, including without limitation, Rule 10b-18 under the Securities Act at any time or from time to time on or prior to December 31, 2024 (the "New Share Repurchase Plan"). There were no shares repurchased for the six months ended June 30, 2024. At June 30, 2024, the Company has the capacity under the New Share Repurchase Plan to repurchase \$10.0 million of its common stock until December 31, 2024.

Dividends

The declaration and payment of any future dividends will be subject to the discretion of the Board of Directors and will depend on a variety of factors including the Company's financial condition and results of operations.

The Board of Directors elected not to declare any dividends during the six months ended June 30, 2024 or for the six months ended June 30, 2023.

NOTE 21. STOCK-BASED COMPENSATION

Restricted Stock

The Company has adopted the Heritage Insurance Holdings, Inc. 2023 Omnibus Incentive Plan (the "2023 Plan"), which became effective on June 7, 2023. The 2023 Plan authorized 2,125,000 shares of common stock for issuance under the Plan for future grants. Upon effectiveness of the 2023 Plan, no new awards may be granted under the prior Omnibus Incentive Plan, which will continue to govern the terms of awards previously made under such plan.

At June 30, 2024, there were in aggregate 854,857 shares available for grant under the 2023 Plan. The Company recognizes compensation expense under ASC 718 for its stock-based payments based on the fair value of the awards.

In June 2024, the Company awarded to non-employee directors in aggregate 39,312 shares of restricted stock with a fair value at the time of grant of \$8.14 per share. The awards shall vest on the next annual meeting of the Company's stockholders that occurs after the award date, provided the member remains on the Board until such date.

On February 26, 2024, the Company awarded 163,640 shares of time-based restricted stock and 253,918 shares of performance-based restricted stock, with a fair value at the time of grant of \$7.02 per share under the 2023 Plan to certain employees. The time-based restricted stock shall vest annually in three equal installments commencing on December 15, 2024. The performance based restricted stock has a three-year performance period beginning on January 1, 2024 and ending on December 31, 2026 and will vest following the end of the performance period but no later than March 30, 2027. The number of shares that will be earned at the end of the performance period is subject to increase or decrease based on the results of the performance condition.

On July 11, 2023, the Company awarded 351,716 shares of time-based restricted stock and 857,843 shares of performance-based restricted stock, with a fair value at the time of grant of \$4.08 per share under the 2023 Plan to certain employees. The time-based restricted stock shall vest annually in three equal installments commencing on December 15, 2023. The performance based restricted stock has a three-year performance period beginning on January 1, 2023 and ending on December 31, 2025 and will vest following the end of the performance period but no later than March 30, 2026. The number of shares that will be earned at the end of the performance period is subject to decrease based on the results of the performance condition.

In June 2023, the Company awarded to non-employee directors in aggregate 63,744 shares of restricted stock with a fair value at the time of grant of \$5.02 per share. The awards shall vest on the next annual meeting of the Company's stockholders that occurs after the award date, provided the member remains on the Board until such date. In August 2023, the awards were amended to reflect the correct grant date fair market value that resulted in an adjustment to the number of shares of restricted stock awarded from 63,744 to 77,296 shares of restricted stock. The Company's annual shareholders meeting was held on June 5, 2024, at which time 77,296 shares of restricted stock were effectively vested.

For the performance-based shares issued in 2023, the number of shares that will be earned at the end of the performance period is subject to decrease based on the result of the performance condition, as these shares were issued at the maximum amount. For the performance-based shares issued in 2024, the number of shares that will be earned at the end of the performance period is subject to increase or decrease based on the result of the performance condition, as these shares were issued at the target amount.

The Plan authorizes the Company to grant stock options at exercise prices equal to the fair market value of the Company's stock on the dates the options are granted.

Restricted stock activity for the six months ended June 30, 2024 is as follows:

	<i>Number of shares</i>	<i>Weighted-Average Grant-Date Fair Value per Share</i>
Non-vested, at December 31, 2023	1,161,811	\$ 4.25
Granted - Performance-based restricted stock	253,918	7.12
Granted - Time-based restricted stock	211,342	7.02
Vested	(77,296)	4.14
Canceled and surrendered	—	—
Non-vested, at June 30, 2024	<u>1,549,775</u>	<u>\$ 6.07</u>

Awards are being amortized to expense over the one to three-year vesting periods. For the three months ended June 30, 2024 and 2023 the Company recognized \$833,000 and \$403,000 of stock compensation expense, respectively. The Company recognized \$1.4 million and \$797,980 of stock compensation expense for the six months ended June 30, 2024 and 2023, respectively. For the three and six month periods ending June 30, 2024, 77,296 shares of restricted stock previously granted to non-employee directors were vested and released. For the three months ended June 30, 2023, 86,954 shares of restricted stock were vested and released, all of which had been granted to employees. For the six months ended June 30, 2023, 111,954 shares of restricted stock previously granted to employees and non-employee directors were vested and released. Of the shares released to employees, 4,200 shares were withheld by the Company to cover withholding taxes of \$7,560, and there were also 1,482 shares forfeited upon employment terminations.

At June 30, 2024, there was approximately \$2.0 million unrecognized expense related to time-based non-vested restricted stock and an additional \$3.2 million for performance-based restricted stock, net of expected forfeitures which is expected to be recognized over the remaining restriction periods as described in the table below. At June 30, 2023, there was approximately \$1.5 million of unrecognized expense.

Additional information regarding the Company's outstanding non-vested time-based restricted stock and performance-based restricted stock at June 30, 2024 is as follows:

Grant date	Restricted shares unvested	Share Value at Grant Date Per Share	Remaining Restriction Period (Years)
March 16, 2022	37,947	6.72	0.6

NOTE 22. SUBSEQUENT EVENTS

The Company performed an evaluation of subsequent events through the date the condensed consolidated financial statements were issued and determined there were no recognized or unrecognized subsequent events that would require an adjustment or additional disclosure in the condensed consolidated financial statements as of June 30, 2024.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion in conjunction with our condensed consolidated financial statements and related notes and other information included elsewhere in this Quarterly Report on Form 10-Q and in our Annual Report on Form 10-K for the year ended December 31, 2023 (“2023 Form 10-K”). Unless the context requires otherwise, as used in this Form 10-Q, the terms “we”, “us”, “our”, “the Company”, “our Company”, and similar references refer to Heritage Insurance Holdings, Inc., a Delaware corporation, and its subsidiaries.

Overview

We are a super-regional property and casualty insurance holding company that primarily provides personal and commercial residential insurance products across our multi-state footprint. We provide personal residential insurance in Alabama, California, Connecticut, Delaware, Florida, Georgia, Hawaii, Maryland, Massachusetts, Mississippi, New Jersey, New York, North Carolina, Rhode Island, South Carolina, and Virginia and commercial residential insurance in Florida, New Jersey, and New York. We provide personal residential insurance in Florida and South Carolina on both an admitted and non-admitted basis and in California on a non-admitted basis. As a vertically integrated insurer, we control or manage substantially all aspects of risk management, underwriting, claims processing and adjusting, actuarial rate making and reserving, customer service, and distribution. Our financial strength ratings are important to us in establishing our competitive position and can impact our ability to write policies.

Recent Developments

Economic and Market Factors

We continue to monitor the effects of general changes in economic and market conditions on our business. As a result of general inflationary pressures, we have experienced, and may continue to experience, increased cost of materials and labor needed for repairs and to otherwise remediate claims throughout all states in which we conduct business. We mitigate the impact of inflation by implementation of rate increases and the use of inflation guard, which ensures appropriate replacement cost values for our business to reflect the inflationary impact on costs to repair properties. Use of inflation guard impacts both premium and TIV, causing both to rise. Rising reinsurance costs may be mitigated through exposure management as well as recouping the cost of reinsurance in future rate filings.

Supplemental Information

The Supplemental Information table below demonstrates progress on our initiatives by providing policy count, premiums-in-force, and TIV for Florida and all other states as of June 30, 2024 and comparing those metrics to June 30, 2023. One of our strategies has been to reduce personal lines exposure in Florida, given historical abusive claims practices which drove up loss costs. As a consequence, our policy count for Florida personal lines policies has intentionally declined over the last several years. The actions of the Florida legislature aimed at curtailing assignment of benefits and litigated claims abuse is having a positive impact on loss cost trends. Coupled with more adequate rates, we expect to pursue a strategy of controlled growth as described below.

Policies-in-force:	Q2 2024	Q2 2023	% Change
Florida	142,591	165,761	(14.0) %
Other States	277,653	323,629	(14.2) %
Total	420,244	489,390	(14.1) %

Premiums-in-force:	Q2 2024	Q2 2023	% Change
Florida	\$ 734,698,077	\$ 665,169,364	10.5 %
Other States	687,638,190	675,983,599	1.7 %
Total	\$ 1,422,336,267	\$ 1,341,152,963	6.1 %

Total Insured Value:	Q2 2024	Q2 2023	% Change
Florida	\$ 104,426,161,222	\$ 105,826,117,271	(1.3) %
Other States	278,666,369,312	297,901,382,470	(6.5) %
Total	\$ 383,092,530,534	\$ 403,727,499,741	(5.1) %

Florida policies-in-force declined from the prior year quarter by 14.0% while premiums-in-force increased 10.5%, and TIV was down by 1.3%. The increase in Florida premiums-in-force was driven by organic growth of our commercial residential business which generates higher average premium, rate increases and use of inflation guard, partly offset by a

premium reduction associated with fewer Florida personal lines policies. The Florida TIV declined modestly as the reduction in personal lines policies was offset by the strategic growth of our commercial residential portfolio, as well as use of inflation guard across the book of business. Compared to the quarter ended June 30, 2023, the policy count for markets outside of Florida decreased 14.2% due to underwriting actions and intentional targeted exposure management, resulting in a TIV decrease of 6.5% while premiums-in-force increased by 1.7% due to rating actions.

Strategic Profitability Initiatives

The following provides an update to our strategic initiatives aimed at achieving consistent long-term quarterly earnings and driving shareholder value.

Generate underwriting profit through rate adequacy and more selective underwriting.

- Significant and consistent rating actions across the book of business have had a favorable impact, resulting in higher average premium per policy.
- Maintaining rate adequacy is a core principle for our business and we expect our net income to grow and build off our first quarter results, having a positive impact on future earnings.
- Gross premiums earned increased 6.1% over the prior year quarter, driven by rate actions as well as organic growth in commercial residential business, while net income grew by 143%.
- Premiums-in-force of \$1.4 billion are up 6.1% from the prior year quarter, driven primarily by growth in commercial residential business and rate increases throughout the book of business.
- Continued focus on enhancing underwriting criteria, including assessment of agent and agency performance has benefited the attritional loss ratio.

Allocate capital to products and geographies that maximize long-term returns.

- We selectively increased the commercial residential premium in force by 29.4% compared to the second quarter of 2023, while the total insured value (“TIV”) only increased by 9.9%. The commercial residential business, which tends to have a significantly lower attritional loss ratio, generates materially higher premiums. Commercial residential business accounts for 21.3% of the in-force premium, compared to 17.5% in the prior year period.
- As part of our targeted exposure management strategy, we continue to grow our policy count in products and geographies which are profitable and reduce our policy count in unprofitable and over concentrated areas.
- Premiums-in-force grew nearly \$30.0 million or 177.0% year over year for our Excess & Surplus (“E&S”) business where we can more nimbly adjust rates and coverage. This business was written in California, Florida, and South Carolina. We will continue to evaluate other states for E&S and other products as we focus on our controlled growth strategy.
- This disciplined underwriting approach resulted in a policy count reduction of just over 69,000 or 14.1% throughout our footprint from second quarter 2023, while premium in force increased by \$81.2 million or 6.1%. We expect the headwind from declining policies to moderate.
- Given improved rate adequacy across our regions, we expect to begin underwriting new policies in Florida and the Northeast as we pursue a controlled growth strategy designed to accelerate revenue growth.
- Competitor dislocation in many markets has opened new business opportunities to Heritage, specifically in New York as several competitors have exited the market.
- Expect to leverage our existing sales and marketing teams that are in place in both Florida and the Northeast.

Maintain a balanced and diversified portfolio.

- Selective diversification of the portfolio by product and state, which can change based on market conditions, serves to reduce performance volatility.
- No state represents over 27.3% of the Company’s TIV.

Trends

Inflation, Underwriting and Pricing

We continue to address rising reinsurance and loss costs in the property insurance sector throughout much of the United States by ensuring rate adequacy, maintaining strong underwriting criteria, and continuous monitoring of exposure

on a granular level. Our rates reflect the use of inflation guard factors to ensure that rising costs to repair properties are reflected in our rates. These factors resulted in an increase in the average premium per policy of 23.5% for the quarter ended June 30, 2024 as compared to the prior year quarter. The higher average premium is driven by rate changes, inclusion of inflation in premiums as described above, and by the mix of business written. We experienced intentional growth of our commercial residential business during 2023 and during the first two quarters of 2024. This line of business generates a significantly higher average premium per policy. New rates, which are subject to approval by our regulators, become effective when a policy is written or renewed, and the premium is earned pro rata over the policy period of one year. As a result of this timing, it can take up to twenty-four months for the complete impact of a rate change to be fully earned in our financial statements. For that reason, we account for inflation in our rate indications and filings with our regulators.

We invest in data analytics, using software and experienced personnel, to continuously evaluate our underwriting criteria and manage exposure to catastrophe and other losses. Our retention has remained steady in the range of 90% despite the rate increases we have implemented, in large part due to a challenging property insurance market in many of the regions in which we operate. While we believe our rates are generally competitive with private market insurers operating in our space, we are focused on meticulous underwriting, managing exposure and achieving rate adequacy throughout our book of business.

We continue to experience rising inflation in the form of increased labor and material costs, which drive up claim costs throughout all states in which we conduct business and the cost of reinsurance continues to rise. Our Florida personal lines market had experienced claim costs driven up by litigated claims, which substantially increased loss costs and drove up rates for the insurance buying public. In addition, catastrophe excess of loss reinsurance markets tightened with higher pricing and less supply. Our response to this phenomenon was to raise rates and reduce exposure for personal lines business in Florida and other states in the southeast as well as the northeast. Recent legislative changes have been made in Florida in each of the last three years, which we believe is making progress toward reducing losses from abusive claim reporting practices and stabilizing the Florida property insurance market. The legislation appears to be having the intended impact. Given improved rate adequacy throughout our book of business and more stabilized reinsurance pricing and availability, we expect to pursue a strategy of controlled growth anchored by continued risk management and stringent underwriting. In force premium for our E&S business, where we can more nimbly adjust rates and coverage to meet market conditions, continues to grow.

Our industry experienced significantly higher reinsurance costs and more constrained availability for catastrophe excess of loss reinsurance in recent years. For the 2024 hurricane season, the supply of catastrophe excess of loss reinsurance for the Company was ample and pricing and terms have begun to moderate. We are managing exposure by writing new business only in geographies for which rates are adequate, non-renewing unprofitable business in compliance with regulatory requirements, and maintaining our strict underwriting requirements. We have improved the geographic distribution of our business, which is becoming more rate adequate.

Overview of Financial Results

In the following section, we discuss our financial condition and results of operations for the three months ended June 30, 2024 compared to the three months ended June 30, 2023.

The discussion of our financial condition and results of operations that follows provides information that will assist the reader in understanding our consolidated financial statements, the changes in certain key items in those financial statements from quarter to quarter, including certain key performance indicators such as net combined ratio, ceded premium ratio, net expense ratio and net loss ratio, and the primary factors that accounted for those changes, as well as how certain accounting principles, policies and estimates affect our consolidated financial statements. This discussion should be read in conjunction with our consolidated financial statements and the related notes included under Item 1 of this Quarterly Report on Form 10-Q.

- Second quarter 2024 net income was \$18.9 million or \$0.61 per diluted share, compared to net income of \$7.8 million or \$0.30 per diluted share in the prior year quarter, primarily driven by an increase in net premiums earned, higher net investment income, and a reduction in realized losses, which is partly offset by higher operating expenses. The improvement in net income is attributable to the positive impact of rate actions, underwriting actions, and targeted exposure management taken over the last several years, which favorably impacted results during the second quarter of 2024.
- Gross premiums written of \$424.5 million were up 7.1% from \$396.6 million in the prior year quarter, reflecting a strategic and substantial organic increase in Florida commercial residential lines business and a higher average premium per policy throughout the book of business from rating actions and use of inflation guard, which ensures appropriate property values, partly offset by targeted exposure management.

- Gross premiums earned was \$350.1 million, up 6.1% from \$330.0 million in the prior year quarter, reflecting higher gross premiums written over the last twelve months as described above.
- Net premiums earned was \$190.3 million, up 7.6% from \$176.8 million in the prior year quarter, reflecting higher gross premium earned outpacing the increase in ceded premiums for the current year quarter.
- Losses and loss adjustment expenses ("LAE") incurred was \$105.9 million, down 0.7% from \$106.6 million in the prior year quarter. The decrease primarily stems from lower weather losses mostly offset by adverse loss development and by higher attritional losses. Net weather losses for the current accident quarter were \$19.7 million, a decrease of \$14.1 million from \$33.8 million in the prior year quarter. There were no catastrophe losses in the current or prior year quarter. Additionally, the net loss ratio was impacted by net unfavorable loss development of \$8.7 million during the second quarter of 2024, compared to net favorable development of \$2.7 million in the second quarter of 2023.
- Ceded premium ratio was 45.6%, down 0.8 points from 46.4% in the prior year quarter driven by growth in gross premiums earned which offset higher catastrophe excess of loss reinsurance costs.
- Net loss and LAE ratio was 55.7%, down 4.6 points from 60.3% in the prior year quarter, driven by growth in net premiums earned coupled with a small decline in net losses and LAE incurred as described above.
- Net expense ratio was 36.8%, up 2.0 points from 34.8% in the prior year quarter, primarily due to higher underwriting costs associated with the increase in gross premiums written and a reduction in ceding commission income as well as higher general and administrative costs which were partly offset by the increase in net premiums earned.
- Net combined ratio was 92.5% improved 2.6 points from 95.1% in the prior year quarter, driven by a lower net loss ratio which was partly offset by a higher net expense ratio as described above.
- The effective tax rate was 24.1% compared to 43.0% in the prior year quarter. The effective tax rate in second quarter 2023 was impacted by an increase of \$2.5 million in the deferred tax valuation allowance related to certain tax elections made by Osprey Re, the Company's captive reinsurer domiciled in Bermuda. There was no benefit nor detriment associated with a valuation allowance in the current year quarter. The effective tax rate can fluctuate throughout the year as estimates used in the quarterly tax provision are updated with additional information.

Total revenue	\$ 203,571	\$ 185,313	\$ 18,258	9.9 %

Total revenue

Total revenue was \$203.6 million for the second quarter of 2024, up 9.9% from \$185.3 million in the prior year quarter. The increase primarily stems from higher net premiums earned and net investment income as described below.

Gross premiums written

Gross premiums written were \$424.5 million for the second quarter of 2024, up 7.1% from \$396.6 million in the prior year quarter, reflecting a strategic and substantial increase in Florida commercial residential lines business and a higher average premium per policy throughout the book of business from rating actions and use of inflation guard, which ensures appropriate property values, partly offset by intentional targeted exposure management resulting in strategic premium reductions of personal lines business in most of our larger states.

Premiums-in-force were \$1.4 billion at June 30, 2024, representing a 6.1% increase from the prior year quarter, primarily due to continued proactive underwriting actions and rate increases across the entire portfolio, despite an intentional policy count reduction of approximately 69,000 policies. Premiums-in-force were also favorably impacted by strategic growth of the Company's commercial residential product and use of inflation guard across all products. Concurrently, TIV was down by 5.1% from the prior year quarter.

Gross premiums earned

Gross premiums earned were \$350.1 million for the second quarter of 2024 up 6.1% from \$330.0 million in the prior year quarter, reflecting higher gross premiums written over the last twelve months driven by a higher average premium per policy, use of inflation guard, and organic growth of the commercial residential business.

Ceded premiums

Ceded premiums were \$159.8 million for the second quarter of 2024, up 4.3% from \$153.2 million in the prior year quarter. The increase is attributable to an increase in the cost of our catastrophe excess of loss reinsurance program, which commences June 1 each year, partly offset by a lower cost for our net quota share reinsurance associated with cession and associated premium volume changes. Additionally, the second quarter of 2024 included a \$10.0 million reinstatement premium related to Hurricane Ian which did not occur in the prior year quarter. To the extent the ultimate losses for Hurricane Ian grow, additional reinstatement premiums may be incurred depending upon the amount of additional reinsurance limit utilized.

Net premiums earned

Net premiums earned were \$190.3 million for the second quarter of 2024, up 7.6% from \$176.8 million in the prior year quarter. The increase primarily stems from growth in gross premiums earned outpacing the increase in ceded premiums, as described above.

Net investment income

Net investment income, inclusive of realized investment gains (losses) and unrealized losses on equity securities, was \$9.8 million for the second quarter of 2024, up from \$5.0 million in the prior year quarter. The increase is primarily due to higher yields on cash and invested assets associated with higher interest rates. Additionally net investment income for the prior year quarter includes a \$1.6 million impairment on other investments that did not recur in the current year quarter.

Other revenue

Other revenue was \$3.5 million for the second quarter of 2024, relatively flat compared to the prior year quarter.

Total operating expenses	175,932	168,922	7,010	4.1 %

Losses and loss adjustment expenses

Losses and loss adjustment expenses ("LAE") incurred were \$105.9 million for the second quarter of 2024, down 0.7% from \$106.6 million in the prior year quarter. The decrease primarily stems from lower weather losses compared to the prior year quarter, mostly offset by higher attritional losses and adverse development. Net current accident year weather losses were \$19.7 million, down from \$33.8 million in the prior year quarter. There were no catastrophe losses in the current or prior year quarter. Additionally, we experienced \$8.7 million of net unfavorable prior year development compared to \$2.7 million of net favorable prior year development in the prior year quarter.

Policy acquisition costs

Policy acquisition costs were \$47.2 million for the second quarter of 2024, up 13.9% from \$41.5 million in the prior year quarter. The increase is primarily attributable to growth in gross premiums written and lower ceding commission earned on the net quota share reinsurance contract, the income of which offsets, or reduces, other policy acquisition costs. The reduction in ceding commission income is due to less written premium associated with the net quota share reinsurance program coupled with higher ceding commission associated with contracts in runoff in the prior year period which did not recur in the current year quarter.

General and administrative expenses

General and administrative expenses were \$22.8 million for the second quarter of 2024, up 13.6% from \$20.1 million in the prior year quarter. The increase was driven primarily by investments in technology, higher costs for liability insurance, and less ceding commission income as described above, for which a portion is allocated to general and administrative expenses.

Net income

Net income for the second quarter of 2024 was \$18.9 million or \$0.61 per diluted share, an improvement from net income of \$7.8 million or \$0.30 per diluted share in the prior year quarter. The improvement in net income is attributable to the positive impact of rate actions, underwriting actions, and targeted exposure management taken over the last several years, which favorably impacted results for the second quarter of 2024. These and other actions resulted in growth of 7.6% in net premiums earned and a 48.0% increase in investment income, and a 0.7% decrease in net losses and LAE, as described above. An increase of 13.9% in policy acquisition costs as well as a 13.6% increase in general and administrative costs partly offset higher total revenue compared to the prior year quarter. The current year quarter also benefited from a lower effective tax rate, as described below.

Provision for income taxes

The provision for income taxes was \$6.0 million for the second quarter of 2024 compared to \$5.9 million in the prior year quarter. The effective tax rate for second quarter 2024 was 24.1% compared to 43.0% in the prior year quarter. The effective tax rate in second quarter 2023 was impacted by an increase of \$2.5 million in the deferred tax valuation allowance related to Osprey Re related to certain tax elections made by Osprey Re, the Company's captive reinsurer domiciled in Bermuda. The impact of permanent tax differences on projected results of operations for the calendar year impacts the effective tax rate, which can also fluctuate throughout the year as estimates used in the quarterly tax provision are updated with additional information.

Net loss and LAE ratio	55.7 %	60.3 %
Net expense ratio	36.8 %	34.8 %
Net combined ratio	92.5 %	95.1 %

Net combined ratio

The net combined ratio was 92.5% for the second quarter of 2024, down 2.6 points from 95.1% in the prior year quarter. The decrease primarily stems from a lower net loss and LAE ratio as described below, which was partly offset by a higher net expense ratio as described below.

Ceded premium ratio

The ceded premium ratio was 45.6% for the second quarter of 2024, down 0.8 points from 46.4% in the prior year quarter, primarily driven by higher net premiums earned which outpaced the increase in ceded premiums as described above.

Net loss and LAE ratio

The net loss and LAE ratio was 55.7% for the second quarter of 2024, 4.6 points lower than the prior year quarter of 60.3%, primarily driven by higher net premiums earned, and lower net losses and LAE as described above.

Net expense ratio

The net expense ratio was 36.8% for the second quarter of 2024, up 2.0 points from the prior year quarter amount of 34.8%. The increase was primarily driven by higher underwriting costs associated with the increase in gross premiums written and higher general and administrative costs as described above which were partly offset by the increase in net premiums earned.

Total revenue

Total revenue was \$394.9 million for the six months ended June 30, 2024, up 9.0% compared to \$362.2 million in the prior year period. The increase primarily stems from higher net premiums earned and net investment income as described below.

Gross premiums written

Gross premiums written were \$781.2 million for the six months ended June 30, 2024, up 10.5% from \$706.9 million in the prior year period, reflecting a strategic and substantial increase in Florida commercial residential lines business and a higher average premium per policy throughout all lines of business, partly offset by intentional targeted exposure management described above.

Premiums-in-force were \$1.4 billion at June 30, 2024, representing a 6.1% increase from the prior year period, primarily due to continued proactive underwriting actions and rate increases across the entire portfolio, despite an intentional policy count reduction of approximately 69,000 policies. Premiums-in-force were also favorably impacted by strategic growth of the Company's commercial residential product and use of inflation guard across all products. Concurrently, TIV was down by 5.1% from the prior year period.

Gross premiums earned

Gross premiums earned were \$691.5 million for the six months ended June 30, 2024, up 6.9% from \$647.0 million in the prior year period. The increase reflects higher gross premiums written over the preceding twelve months driven by a higher average premium per policy, reflecting rate increases and the use of inflation guard, and organic growth of the commercial residential business.

Ceded premiums

Ceded premiums were \$321.7 million for the six months ended June 30, 2024, up 5.8% from \$304.2 million in the prior year period. The increase is attributable to an increase in the cost of our catastrophe excess of loss reinsurance program, which commences June 1 each year, driven by an increase in TIV and higher reinsurance costs, partly offset by a lower cost for our net quota share reinsurance associated with cession and associated premium volume changes. Additionally, the six months ended June 30, 2024 includes a \$18.7 million reinstatement premium related to Hurricane Ian which did not occur in the prior year period. To the extent the ultimate losses for Hurricane Ian grow, additional reinstatement premiums may be incurred depending upon the amount of additional reinsurance limit utilized.

Net premiums earned

Net premiums earned were \$369.7 million for the six months ended June 30, 2024, up 7.8% from \$342.8 million in the prior year period. The increase primarily stems from growth in gross premiums earned, which outpaced the increase in ceded premiums earned, as described above.

Net investment income

Net investment income, inclusive of net realized and unrealized gains (losses) and impairments on equity securities, was \$18.3 million for the six months ended June 30, 2024, up from \$12.5 million in the prior year period. The increase is primarily due to higher yields on cash and invested assets associated with higher interest rates. Additionally, net investment income for the prior year period includes a \$1.6 million impairment on other investments that did not recur in the current year period.

Total operating expenses	344,530	325,752	18,778	5.8 %

Total operating expenses

Total operating expenses were \$344.5 million for the six months ended June 30, 2024, up 5.8% from \$325.8 million in the prior year period. As described below, we experienced higher losses and LAE, higher policy acquisition costs mostly driven by business volume, and higher general and administrative expenses mostly related to software and systems related costs.

Losses and loss adjustment expenses

Losses and LAE incurred were \$208.0 million for the six months ended June 30, 2024, up 1.9% from \$204.1 million in the prior year period. The increase primarily stems from adverse development, which was mostly offset by lower weather and attritional losses. Net current accident year weather losses were \$38.1 million, down from \$46.6 million in the prior year period. Catastrophe losses were \$15.9 million, up from \$5.0 million in the prior year period. Other weather losses totaled \$22.2 million, a reduction from the prior year period amount of \$41.6 million. We experienced \$15.4 million of net unfavorable prior year development compared to \$4.2 million of net favorable prior year development in the prior year period.

Policy acquisition costs

Policy acquisition costs were \$94.2 million for the six months ended June 30, 2024, up 15.1% from \$81.2 million in the prior year period. The increase is primarily attributable to growth in gross premiums written and lower ceding commission earned on the net quota share reinsurance contract, the income of which offsets, or reduces, other policy acquisition costs. The reduction in ceding commission income is due to less written premium associated with the net quota share reinsurance program, coupled with higher ceding commission associated with contracts in runoff in the prior year period which did not recur.

General and administrative expenses

General and administrative expenses were \$42.4 million for the six months ended June 30, 2024, up 8.4% from \$39.1 million in the prior year period. The increase was driven largely by higher general and administrative costs related to investments in technology, higher costs for liability insurance, and less ceding commission income as described above for which a portion is allocated to general and administrative expenses.

Impairment of Named Intangibles

For the six months ended June 30, 2024, there were no impairments recorded. For the six months ended June 30, 2023, certain brand and customer relations with a net value of \$0.8 million within the Company's restoration provider were impaired due to the discontinuation of providing restoration services to our policyholders.

Net income

Net income for the six months ended June 30, 2024 was \$33.1 million or \$1.08 per diluted share, compared to net income of \$21.8 million or \$0.85 per diluted share in the prior year period. The improvement in net income is attributable to the positive impact of rate actions, underwriting actions, and exposure management taken over the last several years, which favorably impacted results for the six months ended June 30, 2024. These and other actions resulted in growth of 7.8% in net premiums earned and a 50.4% increase in net investment income, as described above. An increase of 1.9% in net losses and LAE, a 15.1% increase in policy acquisition costs as well as an 8.4% increase in general and administrative costs partly offset higher total revenue compared to the prior year period. The current year period also benefited from a lower effective tax rate, as described below.

Provision for income taxes

The provision from income taxes was \$11.6 million for the six months ended June 30, 2024 compared to \$9.1 million in the prior year period. The effective tax rate was 26.0% for the six months ended June 30, 2024 compared to 29.4% for the prior year period. The effective tax rate for the six months ended June 30, 2023 was impacted by a \$863,300 increase in the valuation allowance related to certain tax elections made by Osprey Re, the Company's captive reinsurer domiciled in Bermuda. The impact of permanent tax differences on projected results of operations for the calendar year affects the effective tax rate, which can also fluctuate throughout the year as estimates used in the quarterly tax provision are updated with additional information.

Ratios

<i>(Unaudited)</i>	For the Six Months Ended June 30,

Net loss and LAE ratio	56.2 %	59.5 %
Net expense ratio	36.9 %	35.3 %
Net combined ratio	93.1 %	94.8 %

Net combined ratio

The net combined ratio was 93.1% for the six months ended June 30, 2024, down 1.7 points from 94.8% in the prior year period. The decrease primarily stems from a lower net loss and LAE ratio, primarily driven by higher net premiums earned despite slightly higher losses incurred as described above, which was partly offset by a higher net expense ratio.

Ceded premium ratio

The ceded premium ratio was 46.5% for the six months ended June 30, 2024, down 0.5 points from 47.0% in the prior year period, reflecting the growth in gross premiums earned outpacing the growth in ceded premiums earned as described above.

Net loss and LAE ratio

The net loss and LAE ratio was 56.2% for the six months ended June 30, 2024, down 3.3 points from 59.5% in the prior year period, primarily driven by higher net premiums earned which outpaced higher losses and LAE compared to the prior year period as described above.

Net expense ratio

The net expense ratio was 36.9% for the six months ended June 30, 2024, up 1.6 points from 35.3% in the prior year period, primarily driven by higher acquisition costs which includes lower ceding commission income.

Financial Condition – June 30, 2024 compared to December 31, 2023

Cash and Cash Equivalents

At June 30, 2024, cash and cash equivalents inclusive of restricted cash, increased by \$18.6 million to \$491.9 million from \$473.3 million at December 31, 2023. The increase was primarily a result of net cash provided by operations.

Fixed Maturity Securities

At June 30, 2024, fixed income securities increased by \$138.2 million to \$698.9 million from \$560.7 million at December 31, 2023. The increase was a result of investing in longer duration fixed income securities to lock in interest rates which includes investing in U.S. government securities which mature in less than one year for additional liquidity during hurricane season.

Reinsurance Recoverable on Paid and Unpaid Claims

At June 30, 2024, reinsurance recoverable on paid and unpaid claims increased by \$54.5 million to \$536.9 million from \$482.4 million at December 31, 2023. The increase is primarily due to increasing our ultimate losses related to Hurricane Ian claims during 2024 which resulted in additional reinsurance recoverable on unpaid claims, which was partly offset by significant reinsurance recoveries received during 2024.

Prepaid Reinsurance Premiums

At June 30, 2024, prepaid reinsurance premiums increased by \$211.0 million to \$505.2 million from \$294.2 million at December 31, 2023. The increase is driven by the June 1, 2024 inception of our catastrophe excess of loss reinsurance program which represents prospective contracts. We record an asset, prepaid reinsurance premiums, and a liability, reinsurance payable, for the entire contract amount upon commencement of these reinsurance agreements, which drove up prepaid reinsurance premiums at June 30, 2024.

Deferred Policy Acquisition Costs, net

At June 30, 2024, deferred policy acquisition costs increased by \$11.9 million to \$114.8 million from \$102.8 million at December 31, 2023. The increase is driven by higher acquisition costs, which are deferred and amortized over the effective period of the related insurance policies, related to higher gross written premium. As gross written premiums and related acquisition costs rise, the deferred component of these costs also rises.

Unpaid Losses and Loss Adjustment Expenses

At June 30, 2024, unpaid losses and loss adjustment expenses decreased by \$23.7 million to \$822.3 million from \$846.0 million at December 31, 2023. The decrease is primarily due to payment of claims, most significantly for Hurricanes Irma and Ian during the six months ended June 30, 2024, which was partly offset by losses and loss adjustment expenses incurred during the period. As described above, the ultimate loss for Hurricane Ian increased from the prior year end; however, these losses are subject to recovery from our catastrophe excess of loss reinsurance program.

Unearned Premiums

At June 30, 2024, unearned premiums increased by \$89.7 million to \$765.7 million from \$675.9 million at December 31, 2023, driven by higher gross premiums written during the six months ended June 30, 2024. Premiums written are recorded as revenue on a daily pro rata basis over the contract period of the related in force policies. For any portion of

premiums not earned at the end of the reporting period, the Company records an unearned premium liability; accordingly, growth in gross written premium drove the increase in unearned premiums.

Reinsurance Payable

At June 30, 2024, reinsurance payable increased by \$344.5 million to \$504.2 million from \$159.8 million at December 31, 2023. The increase is driven by the June 1, 2024 inception of our catastrophe excess of loss reinsurance program as described above.

Total Shareholders' Equity

At June 30, 2024, total shareholders' equity increased by \$35.0 million to \$255.3 million from \$220.3 million at December 31, 2023. The increase is primarily due to net income for the six months ended June 30, 2024.

Liquidity and Capital Resources

Our principal sources of liquidity include cash flows generated from operations, existing cash and cash equivalents, our marketable securities balances and borrowings available under our Credit Facilities. At June 30, 2024, we had \$491.9 million of cash and cash equivalents and \$707.6 million in investments, compared to \$473.3 million and \$569.4 million, respectively, as of December 31, 2023. The increase in cash and cash equivalents relates primarily to timing of receipts of premiums and reinsurance recoveries, partly offset by timing of reinsurance premium and claim payments.

We generally hold substantial cash balances to meet seasonal liquidity needs including amounts to pay quarterly reinsurance installments as well as meet the collateral requirements of Osprey Re, our captive reinsurance company, which is required to maintain a collateral trust account equal to the risk that it assumes from our insurance company affiliates.

We believe that our sources of liquidity are adequate to meet our cash requirements for at least the next twelve months.

We may increase capital expenditures consistent with our investment plans and anticipated business strategies. Cash and cash equivalents may not be sufficient to fund such expenditures. As such, in addition to the use of our existing Credit Facilities, we may need to utilize additional debt to secure funds for such purposes.

Net increase (decrease) in cash and cash equivalents	<u>\$ 18,547</u>	<u>\$ (30,802)</u>	<u>\$ 49,350</u>

Operating Activities

Net cash provided by operating activities was \$156.5 million for the six months ended June 30, 2024 compared to net cash provided by operating activities of \$24.1 million for the comparable period in 2023. The increase in net cash from operating activities relates primarily to timing of cash flows associated with premium collection, claim and reinsurance payments as well as reinsurance reimbursements during the first six months of 2024 compared to the first six months of 2023. Premium collection for the first six months of 2024 exceeded premium collection for the first six months of 2023, driven largely by growth in gross premiums written.

Investing Activities

Net cash used in investing activities for the six months ended June 30, 2024 was \$138.7 million as compared to net cash used in investing activities of \$50.1 million for the comparable period in 2023. The change in net cash used in investing activities relates primarily to the timing of investment maturities and use of proceeds and availability of cash to invest in longer duration fixed income securities during the first six months of 2024 to lock in current interest rates as well as investing in U.S. government securities which mature in less than one year, for additional liquidity during hurricane season.

Financing Activities

Net cash provided by financing activities for the six months ended June 30, 2024 was \$671,000, as compared to net cash used in financing activities of \$4.8 million for the comparable period in 2023. The change in net cash provided by financing activities relates primarily to the proceeds from a January 2024 loan in the amount of \$5.5 million to an insurance company subsidiary from the FHLB-DM.

Credit Facilities

The Company is party to a Credit Agreement by and among the Company, as borrower, certain subsidiaries of the Company from time to time party thereto as guarantors, the lenders from time to time party thereto (the “Lenders”), and the administrative and collateral agents and other parties thereto (as amended from time to time, the “Credit Agreement”).

The Credit Agreement, as amended, provides for (1) a five-year senior secured term loan facility in an aggregate principal amount of \$100 million (the “Term Loan Facility”) and (2) a five-year senior secured revolving credit facility in an aggregate principal amount of \$50 million (inclusive of a sublimit for the issuance of letters of credit equal to the unused amount of the revolving credit facility and a sublimit for swingline loans equal to the lesser of \$25 million and the unused amount of the revolving credit facility) (the “Revolving Credit Facility” and together with the Term Loan Facility, the “Credit Facilities”).

Term Loan Facility. The principal amount of the Term Loan Facility amortizes in quarterly installments, which began with the close of the fiscal quarter ending March 31, 2019, in an amount equal to \$1.9 million per quarter, payable quarterly, decreasing to \$875,000 per quarter commencing with the quarter ending December 31, 2021, and increasing to \$2.4 million per quarter commencing with the quarter ending December 31, 2022, with the remaining balance payable at maturity. The Term Loan Facility matures on July 28, 2026. As of June 30, 2024 and December 31, 2023, there was \$74.9 million and \$79.6 million, respectively, in aggregate principal outstanding under the Term Loan Facility.

Revolving Credit Facility. The Revolving Credit Facility allows for borrowings of up to \$50 million inclusive of a sublimit for the issuance of letters of credit equal to the unused amount of the Revolving Credit Facility and a sublimit for swingline loans equal to the lesser of \$25 million and the unused amount of the Revolving Credit Facility. At June 30, 2024 and December 31, 2023, the outstanding balance under the Revolving Credit facility was \$10.0 million. At June 30, 2024, the Company had no outstanding letters of credit issued from the Revolving Credit Facility.

At our option, borrowings under the Credit Facilities bear interest at rates equal to either (1) a rate determined by reference to SOFR, plus an applicable margin (described below) and a credit adjustment spread equal to 0.10% or (2) a base rate determined by reference to the highest of (a) the “prime rate” of Regions Bank, (b) the federal funds rate plus 0.50%, and (c) the adjusted term SOFR in effect on such day for an interest period of one month plus 1.00%, plus an applicable margin (described below).

The applicable margin for loans under the Credit Facilities varies from 2.75% per annum to 3.25% per annum (for SOFR loans) and 1.75% to 2.25% per annum (for base rate loans) based on our consolidated leverage ratio ranging from 1.25-to-1 to greater than 2.25-to-1. Interest payments with respect to the Credit Facilities are required either on a quarterly basis (for base rate loans) or at the end of each interest period (for SOFR loans) or, if the duration of the applicable interest period exceeds three months, then every three months. As of June 30, 2024, the borrowings under the Term Loan Facility and Revolving Credit Facility accruing interest at a rate of 8.171% and 8.179% per annum, respectively.

In addition to paying interest on outstanding borrowings under the Revolving Credit Facility, we are required to pay a quarterly commitment fee based on the unused portion of the Revolving Credit Facility, which is determined by our consolidated leverage ratio.

We may prepay the loans under the Credit Facilities, in whole or in part, at any time without premium or penalty, subject to certain conditions including minimum amounts and reimbursement of certain costs in the case of prepayments of SOFR loans. In addition, we are required to prepay the loan under the Term Loan Facility with the proceeds from certain financing transactions, involuntary dispositions or asset sales (subject, in the case of asset sales, to reinvestment rights).

All obligations under the Credit Facilities are or will be guaranteed by each existing and future direct and indirect wholly owned domestic subsidiary of the Company, other than all of the Company’s current and future regulated insurance subsidiaries (collectively, the “Guarantors”).

The Company and the Guarantors are party to a Pledge and Security Agreement, (as amended from time to time the “Security Agreement”), in favor of a collateral agent. Pursuant to the Security Agreement, amounts borrowed under the Credit Facilities are secured on a first priority basis by a perfected security interest in substantially all of the present and future assets of the Company and each Guarantor (subject to certain exceptions), including all of the capital stock of the Company’s domestic subsidiaries, other than its regulated insurance subsidiaries.

The Credit Agreement contains, among other things, covenants, representations and warranties and events of default customary for facilities of this type. The Company is required to maintain, as of each fiscal quarter (1) a maximum consolidated leverage ratio of 2.50 to 1.00, stepping down to 2.25 to 1.00 as of the second quarter of 2024 and 2.00 to 1.00 as of the second quarter of 2025, (2) a minimum consolidated fixed charge coverage ratio of 1.20 to 1.00 and (3) a minimum consolidated net worth for the Company and its subsidiaries, which is required to be not less than \$100 million plus 50% of positive quarterly net income (including its subsidiaries and regulated subsidiaries) plus the net cash proceeds of any equity transactions. Events of default include, among other events, (i) nonpayment of principal, interest, fees or other amounts; (ii) failure to perform or observe certain covenants set forth in the Credit Agreement; (iii) breach of any representation or warranty; (iv) cross-default to other indebtedness; (v) bankruptcy and insolvency defaults; (vi) monetary judgment defaults and material nonmonetary judgment defaults; (vii) customary ERISA defaults; (viii) a change of control of the Company; and (ix) failure to maintain specified catastrophe retentions in each of the Company's regulated insurance subsidiaries.

Convertible Notes

On August 10, 2017, the Company and Heritage MGA, LLC (the "Notes Guarantor") entered into a purchase agreement (the "Purchase Agreement") with the initial purchaser party thereto (the "Initial Purchaser"), pursuant to which the Company agreed to issue and sell, and the Initial Purchaser agreed to purchase, \$136.8 million aggregate principal amount of the Company's 5.875% Convertible Senior Notes due 2037 (the "Convertible Notes") in a private placement transaction pursuant to Rule 144A under the Securities Act, as amended (the "Securities Act"). The net proceeds from the offering of the Convertible Notes, after deducting discounts and commissions and estimated offering expenses payable by the Company, were approximately \$120.5 million. The offering of the Convertible Notes was completed on August 16, 2017.

The Company issued the Convertible Notes under an Indenture (the "Convertible Note Indenture"), dated August 16, 2017, by and among the Company, as issuer, the Notes Guarantor, as guarantor, and the trustee party thereto (the "Trustee").

The Convertible Notes bear interest at a rate of 5.875% per year. Interest is payable semi-annually in arrears, on February 1 and August 1 of each year. The Convertible Notes are senior unsecured obligations of the Company that rank senior in right of payment to the Company's future indebtedness that is expressly subordinated in right of payment to the Convertible Notes; equal in right of payment to the Company's unsecured indebtedness that is not so subordinated; effectively junior to any of the Company's secured indebtedness to the extent of the value of the assets securing such indebtedness; and structurally junior to all indebtedness or other liabilities incurred by the Company's subsidiaries other than the Notes Guarantor, which fully and unconditionally guarantee the Convertible Notes on a senior unsecured basis.

The Convertible Notes mature on August 1, 2037, unless earlier repurchased, redeemed or converted.

Holders may convert their Convertible Notes at any time prior to the close of business on the business day immediately preceding February 1, 2037, other than during the period from, and including, February 1, 2022 to the close of business on the second business day immediately preceding August 5, 2022, only under the following circumstances: (1) during any calendar quarter commencing after the calendar quarter ending on September 30, 2017, if the closing sale price of the Company's common stock, for at least 20 trading days (whether or not consecutive) in the period of 30 consecutive trading days ending on the last trading day of the calendar quarter immediately preceding the calendar quarter in which the conversion occurs, is more than 130% of the conversion price of the Convertible Notes in effect on each applicable trading day; (2) during the ten consecutive business-day period following any five consecutive trading-day period in which the trading price for the Convertible Notes for each such trading day was less than 98% of the closing sale price of the Company's common stock on such date multiplied by the then-current conversion rate; (3) if the Company calls any or all of the Convertible Notes for redemption, at any time prior to the close of business on the second business day immediately preceding the redemption date; or (4) upon the occurrence of specified corporate events.

During the period from and including February 1, 2022 to the close of business on the second business day immediately preceding August 5, 2022, and on or after February 1, 2037 until the close of business on the second business day immediately preceding August 1, 2037, holders may surrender their Convertible Notes for conversion at any time, regardless of the foregoing circumstances.

Upon the occurrence of a fundamental change (as defined in the Convertible Note Indenture) (but not, at the Company's election, a public acquirer change of control (as defined in the Convertible Note Indenture)), holders of the Convertible Notes may require the Company to repurchase for cash all or a portion of their Convertible Notes at a fundamental change repurchase price equal to 100% of the principal amount of the Convertible Notes to be repurchased, plus accrued and unpaid interest to, but excluding, the fundamental change repurchase date.

At any time prior to February 1, 2037, the Company may redeem for cash all or any portion of the Convertible Notes, at the Company's option, at a redemption price equal to 100% of the principal amount of the Convertible Notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date. No sinking fund is provided for the Convertible Notes, which means that the Company is not required to redeem or retire the Convertible Notes periodically. Holders of the Convertible Notes are able to cause the Company to repurchase their Convertible Notes for cash on any of August 1, 2022, August 1, 2027 and August 1, 2032, in each case at 100% of their principal amount, plus accrued and unpaid interest to, but excluding, the relevant repurchase date.

The Convertible Note Indenture contains customary terms and covenants and events of default. If an Event of Default (as defined in the Convertible Note Indenture) occurs and is continuing, the Trustee by notice to the Company, or the holders of at least 25% in aggregate principal amount of the Convertible Notes then outstanding by notice to the Company and the Trustee, may declare 100% of the principal of, and accrued and unpaid interest, if any, on, all the Convertible Notes to be immediately due and payable. In the case of certain events of bankruptcy, insolvency or reorganization (as set forth in the Convertible Note Indenture) with respect to the Company, 100% of the principal of, and accrued and unpaid interest, if any, on, the Convertible Notes automatically become immediately due and payable.

As of June 30, 2024 and December 31, 2023, there was \$885,000 principal amount of outstanding Convertible Notes, net of \$21.1 million of Convertible Notes held by an insurance company subsidiary.

FHLB Loan Agreements

In December 2018, a subsidiary of the Company received a 3.094% fixed interest rate cash loan of \$19.2 million from the Federal Home Loan Bank ("FHLB") Atlanta. On September 29, 2023, the Company restructured the December 2018 agreement to extend the maturity date to March 28, 2025, with a 5.109% fixed interest rate payable quarterly commencing on December 28, 2023. The subsidiary continues to be a member in the FHLB. Membership in the FHLB required an investment in FHLB's common stock which was purchased in December 2018 and valued at \$1.4 million. As of June 30, 2024, the common stock was valued at \$1.5 million. The subsidiary is permitted to withdraw any portion of the pledged collateral over the minimum collateral requirement at any time, other than in the event of a default by the subsidiary. The proceeds from the loan were used to prepay the Company's Senior Secured Notes due 2023.

In December 2018, an insurance subsidiary became a member of the FHLB-DM. Membership in the FHLB-DM required an investment in FHLB-DM's common stock which was purchased in December 2018 and valued at \$133,200. In January 2024, the insurance subsidiary of the Company received a 4.23% fixed interest rate cash loan of \$5.5 million from the Federal Home Loan Bank ("FHLB-DM") Des Moines. Additionally, the transaction required the acquired FHLB-DM common stock and certain other investments to be pledged as collateral. As of June 30, 2024, the fair value of the collateralized securities was \$8.0 million and the equity investment in FHLB common stock was \$295,500.

Critical Accounting Policies and Estimates

When we prepare our condensed consolidated financial statements and accompanying notes in conformity with U.S. generally accepted accounting principles (GAAP), we must make estimates and assumptions about future events that affect the amounts we report. Certain of these estimates result from judgments that can be subjective and complex. As a result of that subjectivity and complexity, and because we continuously evaluate these estimates and assumptions based on a variety of factors, actual results could materially differ from our estimates and assumptions if changes in one or more factors require us to make accounting adjustments. We have made no material changes or additions with regard to those policies and estimates as disclosed in our Annual Report on Form 10-K for the year ended December 31, 2023.

Recent Accounting Pronouncements

The information set forth under Note 1 to the condensed consolidated financial statements under the caption "Basis of Presentation and Significant Accounting Policies" is incorporated herein by reference. We do not expect any recently issued accounting pronouncements to have a material effect on our condensed consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

The duration of the financial instruments held in our portfolio that are subject to interest rate risk was 2.68 years and 2.55 years at June 30, 2024 and 2023, respectively, and 2.67 years at December 31, 2023. As interest rates rise, the fair value of our fixed rate debt securities are subject to decline. Credit risk results from uncertainty in a counterparty's ability to meet its obligations. Credit risk is managed by maintaining a high credit quality fixed maturity securities portfolio. As of June 30, 2024, the estimated weighted-average credit quality rating of the fixed maturity securities portfolio was A+, at fair value, consistent with the average rating at June 30, 2024.

We have not experienced a material impact when compared to the tabular presentations of our interest rate and market risk sensitive instruments in our Annual Report on Form 10-K for the year ended December 31, 2023.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) that are designed to assure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures.

As required by Exchange Act Rule 13a-15(b), as of the end of the period covered by this Quarterly Report, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of our disclosure controls and procedures. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of June 30, 2024.

Changes in Internal Control over Financial Reporting

There has been no change in our internal controls over financial reporting during our most recent quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. There were no significant changes to our internal control over financial reporting for the period ending June 30, 2024.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We are subject to routine legal proceedings in the ordinary course of business. We believe that the ultimate resolution of these matters will not have a material adverse effect on our business, financial condition or results of operations.

Item 1A. Risk Factors

The Company documented its risk factors in Item 1A of Part I of its Annual Report on Form 10-K for the year ended December 31, 2023 filed on March 13, 2024. There have been no material changes to the Company's risk factors since the filing of that report.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Not Applicable

Item 5. Other Information

Trading Arrangements

During the six months ended June 30, 2024, no director or officer of the Company adopted or terminated a "Rule 10b5-1 trading arrangement" or "non-Rule 10b5-1 trading arrangement," as each term is defined in Item 408(a) of Regulation S-K.

Item 6. Exhibits

The information required by this Item 6 is set forth in the Index to Exhibits accompanying this Quarterly Report on Form 10-Q.
