TO OUR VALUED VENDORS

The Hi-Crush team has been working diligently to identify opportunities in the company's capital structure to enable us to continue our business relationships with you, which are critical to allowing us to serve our customers in the oil & gas sector.

As a result of this work, on July 12, 2020, Hi-Crush (the "Company") voluntarily filed petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code to effectuate a prearranged plan of reorganization (the "Prearranged Plan"). At the same time, the Company entered into a Restructuring Support Agreement ("RSA") with certain of our noteholders collectively owning or controlling approximately 94% of the aggregate outstanding principal amount of the Company's 9.5% senior notes due 2026 in support of the Prearranged Plan.

Through the Chapter 11 process, our company will be able to continue to operate and maintain relationships with our vendors. The RSA with our noteholders simplifies the process and will assist us in moving through the Chapter 11 process quickly. The RSA is an indication of the noteholders' support for our continued operations, and their commitment to our future success.

The terms of the RSA provide for a substantial deleveraging of the Company's balance sheet by converting approximately \$450 million of the Company's funded debt into new common equity of the reorganized company, while providing minimal disruption to our operations. This reduction in annual interest burden will allow Hi-Crush to invest more in its people and operations, as well as strengthen our balance sheet to weather the current market environment and better prepare for future challenges and opportunities.

As a result of the orders entered by the bankruptcy court today, substantially all trade vendors who will have an ongoing business relationship with the Company will be paid for goods and services in the normal course of business without interruption.

We believe that this represents a positive step forward for Hi-Crush Inc. and we look forward to continuing to work with you, our valued vendors, for many years to come.
