Delegation

Consistent with applicable laws, rules and regulations, the Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to one or more subcommittees of the Committee or, in appropriate cases, to executive officers or senior managers of the Company, provided that any such delegation complies with applicable law and the terms or any applicable compensation plans or arrangements.

Resources and Authority

The Committee, at its discretion, shall have the power to retain and/or obtain advice from one or more compensation consultants, which consultants shall be independent of management and in addition to any consultants that may have been retained by the Company, to assist the Committee in the evaluation of director, CEO and non-CEO executive officer (or other) compensation. The Committee will have the sole authority to retain, obtain advice from and/or terminate any such compensation consultants and the sole authority to approve the fees and other retention terms of such compensation consultants. The Committee may also retain independent legal counsel and other advisors to assist it in carrying out its responsibilities. The Committee shall be directly responsible for the oversight of the work of any compensation consultant, independent legal counsel or other advisor retained by the Committee. The Company will provide the Committee appropriate resources to discharge these responsibilities, including, without limitation, appropriate funding, in such amounts as the Committee deems necessary, to compensate any compensation consultants, independent legal counsel and other advisors retained by the Committee.

The Committee will not be required to implement or act consistently with the advice or recommendations of its compensation consultant, legal counsel or other advisor to the compensation committee, and the authority granted in this Charter will not affect the ability or obligation of the Committee to exercise its own judgment in fulfillment of its duties under this Charter.

In selecting, retaining or obtaining the advice of a compensation consultant, legal counsel or other advisor (other than the Company's in-house legal counsel), the Committee will first consider all factors relevant to that person's independence from management, including the following factors:

1. The provision of other services to the Company by the person that employs the compensation consultant, legal counsel or other advisor;
2. The amount of fees received from the Company by the person that employs the compensation consultant, legal counsel or other adviser, as a percentage of the total revenue of the person that employs the compensation consultant, legal counsel or other advisor;
3. The policies and procedures of the person that employs the compensation consultant, legal counsel or other adviser that are designed to prevent conflicts of interest;
4. Any business or personal relationship of the compensation consultant, legal counsel or other adviser with a member of the Committee;
5. Any stock of the Company owned by the compensation consultant, legal counsel or other adviser; and
6. Any business or personal relationship of the compensation consultant, legal counsel, other adviser or the person employing the adviser with an executive officer of the Company.

The Committee may retain, or receive advice from, any compensation advisor it chooses, including ones that are not independent, after considering the factors identified above and any other factors the Committee deems to be relevant to such decision. The Committee is not required to assess the independence of any compensation consultant or other advisor that acts in a role limited to consulting on any broad-based plan that does not discriminate in scope, terms or operation in favor of executive officers or directors and that is generally available to all salaried employees or providing information that is not customized for a particular company or that is customized based on parameters that are not developed by the consultant or advisor, and about which the consultant or advisor does not provide advice.

The Committee will evaluate whether any compensation consultant retained or to be retained by it has any conflict of interest in accordance with Regulation S-K.

Annual Review

At least annually, the Committee will (a) review this Charter with the Board and recommend any changes to the Board and (b) evaluate its own performance against the requirements of this Charter and report the results of this evaluation to the Board. The Committee will conduct its review and evaluation in such manner as it deems appropriate.
