

About iHuman Inc.

iHuman Inc. is a leading provider of tech-powered smart learning products in China that is committed to transforming learning into a fun journey for every child. Benefiting from a deep legacy that combines a strong foundation in edutainment, decades of industry experience with cutting-edge technologies, and an outstanding reputation for original entertainment content, iHuman provides children with unique, interactive, and entertaining experiences to stimulate their natural curiosity and interest in learning. The Company's comprehensive suite of innovative and high-quality products include interactive and self-directed online apps and offline products that cover a broad variety of areas to develop children's creativity and abilities in independent reading, critical thinking, and scientific reasoning and foster their natural interest in traditional Chinese culture. Leveraging advanced technological capabilities, including 3D engines, proprietary edutainment know-how, AI/AR functionality, and big data analysis, iHuman believes it will continue to provide superior learning experiences that are effective and fun for children in China and all over the world through its integrated suite of tech-powered smart learning products.
