

KEURIG DR PEPPER INC.

PRINCIPLES OF CORPORATE GOVERNANCE

As adopted by the Board of Directors on May 3, 2019

The Board of Directors (the “Board”) of Keurig Dr Pepper Inc. (the “Company”) has adopted the corporate governance principles set forth below (the “Principles”) as a framework for the governance of the Company.

1. ROLE AND COMPOSITION OF THE BOARD OF DIRECTORS

Role of the Board

The Board, which is elected by the stockholders, is the ultimate decision-making body of the Company, except with respect to those matters reserved to the stockholders. Directors’ basic responsibility is to exercise their business judgment to act in what they reasonably believe to be the best interests of the Company and its stockholders. The Board selects and advises the senior management team, which is responsible for operating the Company’s business, and monitors the performance of senior management. Consistent with the oversight function of the Board, the Board’s core responsibilities include:

Assessing the performance of the Chief Executive Officer (the “CEO”) and other senior management and setting their compensation;

- Planning for CEO and senior management succession and overseeing senior management development;
- Reviewing the Company’s strategies and monitoring their implementation and results;
- Overseeing the integrity of the Company’s financial statements and the Company’s financial reporting process;
- Overseeing the Company’s processes for assessing and managing risk;
- Overseeing legal and regulatory compliance;
- Nominating the Company’s director candidates and appointing committee members; and
- Providing advice and counsel to management regarding significant issues facing the Company and reviewing and approving significant corporate actions.

Size, Composition and Membership Criteria

The Board shall consist of such number of directors as is determined by the Board from time to time.

Pursuant to the exemption provided to “controlled companies” under the rules of the New York Stock Exchange (“NYSE”), for such time that the Company qualifies as a “controlled company,” the Company will not be required to have a majority of directors who qualify as “independent directors” under the listing standards of the NYSE.

The Board has adopted the standards set forth in Attachment A to these Principles to assist it in assessing the independence of directors. The Board makes an affirmative determination regarding

the independence of each director annually, based upon the recommendation of the Remuneration and Nomination Committee.

Board Leadership

The Board elects the Chairman of the Board and the CEO. At each meeting of the Board and the stockholders, the Chairman, or, in the absence of the Chairman, the chairperson of the Remuneration and Nomination Committee, or in the absence of the chairperson of the Remuneration and Nomination Committee, the chairperson of the Audit and Finance Committee, shall act as Chairman.

The Board believes that it is in the best interests of the Company for the Board periodically to evaluate and make a determination regarding whether or not to separate the roles of Chairman and CEO based upon the circumstances. Currently, the same individual serves in both roles.

Change in Principal Occupation

When a director's principal occupation or business association changes substantially during the director's tenure on the Board, the director must promptly inform the Remuneration and Nomination Committee and, if the Remuneration and Nomination Committee so requests, must submit an offer to resign promptly upon the request of the Remuneration and Nomination Committee. The Remuneration and Nomination Committee recommends to the Board the action, if any, to be taken with respect to the offer to resign.

Service on Other Boards and Audit Committees

Directors are encouraged to limit the number of other boards on which they serve so as not to interfere with their service as a director of the Company. Ordinarily, directors may not serve on the boards of more than four other public companies in addition to the Company's Board. Directors who are serving as chief executives of public companies may not serve on the boards of more than two other companies in addition to the Company's Board. Service on the boards of subsidiary companies with no publicly-traded stock, non-profit organizations and non-public for profit organizations is not included in this calculation. Moreover, if a director sits on several mutual fund boards within the same fund family, it will count as one board for purposes of this calculation. Directors should advise the chairperson of the Remuneration and Nomination Committee in advance of accepting an invitation to serve on another corporate board.

2. FUNCTIONING OF THE BOARD

Agendas

The Chairman of the Board establishes the agenda for each Board meeting. Agenda items that fall within the scope of responsibilities of a Board committee are reviewed with the chairperson of that committee. Directors are encouraged to suggest the inclusion of items on the agenda. Directors are also free to raise subjects at a Board meeting that are not on the agenda for that meeting.

Distribution and Review of Board Materials

Board materials related to agenda items are provided to directors sufficiently in advance of Board meetings to allow directors to review and prepare for discussion of the items at the meeting. In some cases, due to timing or the sensitive nature of an issue, materials are presented only at the Board meeting.

Executive Sessions

The Board meets regularly in executive session of only the non-employee directors. The non-employee directors will then meet with the CEO in executive session. The chairperson of the Remuneration and Nomination Committee presides at executive sessions of non-employee directors. If the non-employee directors serving on the Board include directors who are not independent, the independent directors meet in executive session at least annually with the chairperson of the Audit and Finance Committee presiding at executive sessions of independent directors.

Attendance

Directors are expected to regularly attend meetings of the Board and committees on which such director sits for the full length of such meetings. Any circumstance that would cause a director to attend fewer than 75% of all meetings of the Board or a committee on which such director serves should be discussed with the Chairman and the chairperson of the Remuneration and Nomination Committee. Directors also are expected to attend the annual meeting of stockholders absent unusual circumstances.

Strategic Planning

The Board reviews the Company's long-term strategic plan at least annually and monitors implementation of the strategic plan throughout the year.

Confidentiality

Directors must protect and hold confidential all non-public information that comes to them, from whatever source, in their capacity as a director of the Company, unless disclosure is authorized or required by law. Proceedings and deliberations of the Board and its committees are confidential.

3. STRUCTURE AND FUNCTIONING OF COMMITTEES

Number, Structure and Independence of Committees

The Board has two standing committees: the Audit and Finance Committee and the Remuneration and Nomination Committee. The Board may also establish and maintain other committees from time to time as it deems necessary and appropriate. The Audit and Finance Committee consists solely of independent directors, and its members must meet additional, heightened independence criteria applicable to directors serving on this committee under the NYSE listing standards.

Pursuant to the exemption provided to "controlled companies" under the rules of the NYSE, for such time that the Company qualifies as a "controlled company," the Remuneration and Nomination Committee will be not be required to be composed entirely of independent directors.

Assignment of Committee Members

The Remuneration and Nomination Committee considers and makes recommendations to the Board regarding committee size, structure, composition and functioning. Committee members and chairpersons are recommended to the Board by the Remuneration and Nomination Committee and appointed by the full Board.

Responsibilities

Each standing committee operates under a written charter that sets forth the purposes and responsibilities of the committee as well as qualifications for committee membership. Each standing committee assesses the adequacy of its charter annually and recommends changes to the Board as appropriate. All committees report regularly to the full Board with respect to their activities.

Meetings and Agendas

The chairperson of each committee determines the frequency, length and agenda of the committee's meetings. Materials related to agenda items are provided to committee members sufficiently in advance of meetings where necessary to allow the members to review and prepare for discussion of the items at the meeting.

4. DIRECTOR ACCESS TO MANAGEMENT, EMPLOYEES AND ADVISORS

At the invitation of the Board, members of senior management may attend meetings of the Board or the committees or portions of meetings for the purpose of presenting matters to the Board or the committees and participating in discussions. Directors also have full and free access to other members of management and the employees of the Company.

The Board and each committee has the authority to retain such outside counsel, experts and other advisors as it determines appropriate to assist the Board or such committee in the performance of its functions.

5. DIRECTOR ORIENTATION AND CONTINUING EDUCATION

New directors meet with senior operating and functional managers of the Company, in order that the new directors can become familiar with the Company's strategic plans, financial statements and key policies and practices. The orientation should begin as soon as practicable after the new director is elected. The Board encourages directors to participate in education programs to assist them in performing their responsibilities as directors.

6. DIRECTOR REMUNERATION

The Remuneration and Nomination Committee annually reviews the remuneration of directors. Director remuneration is set by the Board based upon the recommendation of the Committee. A substantial portion of director remuneration is equity-based to assist in aligning directors' interests with the long-term interests of stockholders. Management directors do not receive remuneration for service on the Board.

7. SUCCESSION PLANNING

The Board shall review and oversee the process regarding succession planning of the CEO and senior executives. The Board shall review the Company's succession plan for the CEO including plans regarding succession in the event of an emergency or retirement of the CEO. The Board shall review the process for identifying key managers in the Company and executive management shall periodically present a senior management evaluation and succession plan to the Board.

8. EVALUATION OF THE CEO

The Remuneration and Nomination Committee is responsible for setting individual and corporate goals and objectives for the CEO, evaluating the CEO's performance in light of those goals, and setting the CEO's remuneration level based on this evaluation. The results of the evaluation are shared with the CEO and used by the Remuneration and Nomination Committee in setting the CEO's remuneration.

9. BOARD AND COMMITTEE PERFORMANCE EVALUATIONS

The Board conducts an annual self-evaluation to assess the Board's performance. The Audit and Finance and Remuneration and Nomination Committees conduct annual self-evaluations to assess their performance. The ability of individual directors to contribute to the Board is considered in connection with the re-nomination process.

11. AMENDMENT TO THESE GUIDELINES

The Remuneration and Nomination Committee reviews these Principles annually and recommends changes to the Board as it deems appropriate.

Attachment A

An “independent” director is a director whom the Board of Directors has determined has no material relationship with Keurig Dr Pepper Inc. or any of its consolidated subsidiaries (collectively, the “Company”), either directly, or as a partner, stockholder or officer of an organization that has a relationship with the Company. For purposes of this definition, the Board has determined that a director is not independent if:

1. The director is, or has been within the last three years, an employee of the Company, or an immediate family member of the director is, or has been within the last three years, an executive officer of the Company.
2. The director has received, or has an immediate family member who has received, during any 12-month period during the last three years, more than \$120,000 in direct compensation from the Company (other than Board and committee fees, and pension or other forms of deferred compensation for prior service). Compensation received by an immediate family member for service as an employee (other than an executive officer) of the Company is not considered for purposes of this standard.
3. (a) The director, or an immediate family member of the director, is a current partner of the Company’s internal or external auditor; (b) the director is a current employee of the Company’s internal or external auditor; (c) an immediate family member of the director is a current employee of the Company’s internal or external auditor who personally works on the Company’s audit; or (d) the director, or an immediate family member of the director, was within the last three years (but is no longer) a partner or employee of the Company’s internal or external auditor and personally worked on the Company’s audit within that time.
4. The director, or an immediate family member of the director, is, or has been within the last three years, employed as an executive officer of another company where any of the Company’s present executive officers serves or served at the same time on that company's compensation committee.
5. The director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount that, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the other company’s consolidated gross revenues; or
6. The director, or the director’s spouse, is an executive officer of a non-profit organization to which the Company makes, or in the past three years has made, payments that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the non-profit organization’s consolidated gross revenues.

An “immediate family” member includes a director’s spouse, parents, children, siblings, mother and father-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares the director’s home.
