The Meeting will be held at the Hyatt Regency Chesapeake Bay Resort, 100 Heron Blvd., at Route 50, Cambridge, MD 21613.

Record Date and Voting Securities. Only shareholders of record at the close of business on August 16, 2010, or the Record Date, are entitled to notice of and to vote at the Meeting. The Company has one series of Common Shares outstanding. As of August 18, 2010, 15,419,601 Common Shares were issued and outstanding and held of record by 167 registered holders.

Voting. Each shareholder is entitled to one vote for each Common Share held on the Record Date on all matters submitted for consideration at the Meeting. A quorum, representing the holders of not less than a majority of the issued and outstanding Common Shares entitled to vote at the Meeting, must be present in person or by proxy at the Meeting for the transaction of business. Common Shares that reflect abstentions are treated as Common Shares that are present and entitled to vote for the purposes of establishing a quorum and for purposes of determining the outcome of any matter submitted to the shareholders for a vote. Each issued and outstanding share of common stock entitles the holder to one vote. Directors are elected by a plurality vote of shares present at the meeting, meaning that the director nominee with the most affirmative votes for a particular slot is elected for that slot. In an uncontested election of directors, the plurality requirement is not a factor. The holders of common stock are not entitled to cumulate their votes in the election of directors. Abstentions will not count as votes cast and will have no effect on the outcome of this proposal. We expect that brokers will be entitled to vote on this proposal, but any broker non-vote will have no effect on the outcome of the proposal.

The Company is not aware of any matter, other than as referred to in this proxy statement, to be presented at the meeting.

Revocability of Proxies. Proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation, in person, by telephone, facsimile or electronic mail. Except as described above, we do not presently intend to solicit proxies other than by mail. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of Common Shares.

This Proxy Statement contains summaries of certain documents, but you are urged to read the documents themselves for the complete information. The summaries are qualified in their entirety by reference to the complete text of the document. In the event that any of the terms, conditions or other provisions of any such document is inconsistent with or contrary to the description or terms in this Proxy Statement, such document will control. Each of these documents, as well as those documents referenced in this Proxy Statement as being available in print upon request, are available upon request to the Company by following the procedures described under "Annual Report, Financial and Additional Information."

The Company, therefore, seeks to include risk management principles in all of its management processes and in the responsibilities of its employees at every level. Our comprehensive approach is reflected in the reporting processes by which our management provides timely and comprehensive information to the Board to support the Board’s role in oversight, risk assessment, approval, and decision-making.

The Board of Directors closely monitors the information it receives from management and provides oversight and guidance to our management team concerning the assessment and management of risk. The Board approves the Company’s high level goals, strategies and policies to set the tone and direction for appropriate risk taking within the business. THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF MCGLADREY & PULLEN, LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR FISCAL 2010.

Audit Committee Report

The audit committee is responsible for monitoring our financial auditing, accounting and financial reporting processes and our system of internal controls, and selecting the independent public accounting firm on behalf of the Board of Directors. Our management has primary responsibility for our internal controls and reporting process. Our independent registered public accountant for 2009, hired by the Audit Committee for the Company, and ratified by the shareholder vote at the 2009 annual shareholder meeting was the accounting firm, Bagell, Josephs, Levine & Company, LLC. (Bagell). On January 1, 2010, Bagell began the annual audit of the Company. Approximately mid January 2010, a Bagell representative advised the Company that Bagell, Josephs, Levine & Company, LLC had merged its business with Friedman, LLP effective January 1, 2010. The Company by its Audit Committee soon thereafter engaged Friedman, LLP to perform the annual audit for the year ended December 31, 2009. Friedman, LLP as auditor was then responsible for performing an independent audit of our consolidated financial statements, management's assessment of the effectiveness of our internal control over financial reporting and the effectiveness of our internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing an opinion thereon. In this context, the audit committee subsequently met regularly and held discussions with management and Friedman, LLP. Management represented to the audit committee that the consolidated financial statements for the fiscal year December 31, 2009 were prepared in accordance with U.S. generally accepted accounting principles.

The audit committee hereby reports as follows:

- The audit committee has reviewed and discussed the audited consolidated financial statements and accompanying management's discussion and analysis of financial condition and results of operations with our management and Friedman, LLP. This discussion included Friedman, LLP's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.
- The audit committee also discussed with Friedman, LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, "The Auditor's Communication With Those Charged With Governance," as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T.
- The Audit Committee has also discussed with Friedman, LLP the matters required to be discussed pursuant to all relevant professional and regulatory standards. In addition, the Audit Committee has, pursuant to the relevant

professional and regulatory standards, discussed with, and received the required written disclosures and a confirming letter from Friedman, LLP regarding its independence and has discussed with Friedman, LLP its independence from the Company and its management, as required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence. The Audit Committee has also considered whether the provision of non-audit services by the independent registered public accountants to the Company is compatible with maintaining the auditor's independence.

Based on the reviews and discussions referred to above, the Audit Committee subsequently recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2009, for filing with the Securities and Exchange Commission.

Stock-based incentives focus on long-term performance by aligning the executive officers' long-term financial interests with Medifast, Inc.'s shareholders' interest. Health, dental, vacation, and other benefits are designed to be competitive with companies with whom Medifast, Inc. competes for executive talent.

Total direct compensation which includes base pay, annual cash incentive and stock-based long-term incentive is measured against similarly sized organizations (based on revenue) in the general industry. In general, there are different kinds of diet products and programs within the weight loss industry. These include a wide variety of commercial weight loss programs, pharmaceutical products, weight loss books, self-help diets, dietary supplements, appetite suppressants and meal replacement shakes and bars. Some of our competitors are substantially larger than we are, and have considerably greater financial resources than we have. Our ability to remain competitive depends, in significant part, on our success in recruiting and retaining executive leadership with an attractive compensation package. Medifast, Inc. targets total direct compensation for each executive officer near median for similarly sized organizations in the general industry. The mix of pay (base pay, annual cash incentive and long-term incentive) is designed to reflect a strong bias towards pay for performance by placing a majority of target compensation at risk. The only element of total direct compensation that is not performance based is base pay. Both annual cash incentive and long-term incentive are performance based.

Elements of Executive Compensation

Base Salary

Our base salary determinations principally reflect the skills and performance levels of individual executives, the needs of the Company, and pay practices of comparable public companies with similar sales and growth rates. Some of Medifast's top peers and competitors with similar sales and growth rates in the general health and wellness diet industry are NutriSystem Inc., eDiets.com, Herbalife Ltd., USANA Health Sciences, Nu Skin Enterprises, and Weight Watchers International Inc. It is not our policy to pay our executive officers at the highest base salary level. Instead, we establish executive base salaries below the midpoint level relative to an appropriate set of peers and Companies with similar sales. We believe this policy sets a prudent and fiscally responsible tone for the Company's overall base salary compensation programs.

Target Bonus

Cash bonuses principally reflect the Company's financial performance and achievement of corporate objectives established by our Board prior to the fiscal year. The executive bonus plan is designed to reward our executives for the achievement of shorter-term financial goals, predominantly revenue growth, profitability, and cash flow. In consultation with the Chief Executive Officer, the Compensation Committee evaluates, adjusts and approves the amount and allocation of the bonus pool to each named executive officer. In determining the cash bonus allocation among senior executives, the Compensation Committee and the Chief Executive Officer consider each executive's a) contribution to current and long-term corporate goals, and b) value in the labor market.

The financial targets for annual cash incentive are premised upon the executive officers delivering on their financial performance projections to Medifast, Inc. as reflected in part, in the annual budget approved by the Board of Directors. In 2009 targeted annual incentive compensation was tied to the annual budget approved by the Board of Directors. The Compensation Committee set the target for pre-tax profit as a percentage of sales at 10%, the target for corporate revenue at \$135 million, and net increase in cash and cash equivalents at \$6 million. The target performance level is set to promote solid performance. The financial targets for annual cash incentive are divided into three components as follows:

1. **Pre-Tax profit as a percentage of sales.** Each executive officer receives 33.33% of the total target payout if Medifast, Inc. achieves the targeted pre-tax profit as a % of sales. Each officer receives a portion of the total target payout if Medifast, Inc. achieves the targeted performance level, and additional increments for performance above the target. For pre-tax earnings as a percentage of sales the target was 10%. Medifast, Inc. was well above the threshold performance level for pre-tax earnings as a percentage of sales in 2009 at 11.7% compared to the target of 10%.
2. **Corporate Revenue.** Each officer receives 33.33% of the total target payout if Medifast, Inc. achieves the targeted sales amount for the full year. Each officer receives a portion of the total target payout if Medifast, Inc. achieves the targeted performance level, and additional increments for performance above the target. For corporate sales the target was \$135 million. Medifast, Inc. was well above the targeted performance level for sales in 2009 finishing at \$165.6 million, or \$30.6 million above the target set by the Board.
3. **Net increase in cash and cash equivalents.** Each officer receives 33.33% of the total target payout if Medifast, Inc. achieves the targeted net cash increase for the full year. Each officer receives a portion of the total target payout if Medifast, Inc. achieves the targeted performance level, and additional increments for performance above the target. The net increase in cash and cash equivalents target was \$6 million. Medifast, Inc. exceeded the maximum performance level for the net increase in cash and cash equivalents in 2009 by generating a \$10.9 million net increase in cash and cash equivalents.

Equity Compensation

Stock option and restricted stock awards principally reflect the responsibilities to be assumed by each executive in the upcoming fiscal year, the responsibilities of each executive in prior periods, the size of awards made to each executive in prior years relative to the Company's overall performance, available stock for issuance under our Option Plan, and potential grants in future years. The Committee believes that stock option and restricted stock grants (1) align the interests of executives with long-term stockholder interests as the grants vest over 5-6 years, (2) give executives a significant, long-term interest in the Company's success, and (3) help retain key executives in a competitive market for executive talent. The restricted stock awards award the continuity of service of the executive officers since the restricted stock awards vest over a period of 5-6 years and unvested, restricted stock is forfeited upon voluntary termination. In addition, the value of shares awarded increase or decrease with the value provided to shareholders.

Equity Ownership by Executives

We do not currently have a formal equity ownership requirement for our executives. However, we encourage our executives to own equity in the Company on a voluntary basis. All of our named executive officers own stock, restricted stock and vested and unvested stock options. We periodically review the vested and unvested equity holdings of our executives and evaluate whether these holdings sufficiently align the interests of our executives with the long-term interests of our stockholders. We may consider adopting equity ownership requirements in the future.

Report of the Compensation Committee

We have reviewed and discussed with management certain Compensation Discussion and Analysis provisions to be included in this Form 10-K. Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the Compensation Discussion and Analysis referred to above be included on the Form 10-K for the year-ended December 31, 2009. Based upon the Compensation Committee risk assessment, the Board does not believe the Executive Compensation Plan or any distribution channel compensation Plan presents a material risk to the Company as structured.

Deferred Compensation Plans

We maintain a non-qualified deferred compensation plan, effective September 10, 2003, for Senior Executive management. Currently, Bradley MacDonald is the only participant in the plan. Under the deferred compensation plan that became effective in 2003, executive officers of the Company, including the Named Executive Officers, may defer a portion of their salary and bonus (performance-based compensation) annually. A participant may elect to receive distributions of the accrued deferred compensation in a lump sum or in installments upon retirement.

Each participating officer may request that the deferred amounts be allocated among several available investment options established and offered by the Company. These investment options provide market rates of return and are not subsidized by the Company. The benefit payable under the plan at any time to a participant following termination of employment is equal to the applicable deferred amounts, plus or minus any earnings or losses attributable to the investment of such deferred amounts. The amount of compensation in any given fiscal year that is deferred by each Named Executive Officer is included in the Summary Compensation Table under the column headings "Salary" or "Non-Equity Incentive Plan Compensation", as appropriate.

The Company has established a trust for the benefit of participants in the deferred compensation plan. Pursuant to the terms of the trust, as soon as possible after any deferred amounts have been withheld from a plan participant, the Company will contribute such deferred amounts to the trust to be held for the benefit of the participant in accordance with the terms of the plan and the trust.

Retirement payouts under the plan upon an executive officer's retirement from the Company are payable either in a lump-sum payment or in annual installments over a period of up to ten years. Upon death, disability or termination of employment, all amounts shall be paid in a lump-sum payment as soon as administratively feasible.

In 2009, there were no contributions made by the Company to Bradley T. MacDonald's deferred compensation plan.
