

PROVENTION BIO, INC.

CORPORATE GOVERNANCE GUIDELINES

The Board of Directors (the “**Board**”) of Provention Bio, Inc. (the “**Company**”) has adopted the corporate governance guidelines set forth below to assist and guide the Board in the exercise of its responsibilities. These guidelines should be interpreted in accordance with any requirements imposed by applicable federal or state law or regulation, The Nasdaq Stock Market LLC (“**Nasdaq**”), the Company’s certificate of incorporation, as amended, restated or otherwise modified from time to time (the “**Certificate of Incorporation**”) and the Company’s bylaws, as amended, restated or otherwise modified from time to time (the “**Bylaws**”). The Board and the Nominating and Corporate Governance Committee of the Board may review and amend these guidelines from time to time.

I. DIRECTOR QUALIFICATION STANDARDS

- A. **Director Criteria:** The Board shall consider and approve from time to time the criteria that it deems necessary or advisable for prospective director candidates. The Board shall have full authority to modify such criteria from time to time as it deems necessary or advisable.

The Board has delegated to the Nominating and Corporate Governance Committee the responsibility for developing and recommending to the Board for its consideration and approval such criteria for prospective director candidates as the Nominating and Corporate Governance Committee deems necessary or advisable. The Nominating and Corporate Governance Committee will recommend to the Board from time to time such criteria for its consideration and approval. The Board may, however, rescind this delegation to the Nominating and Corporate Governance Committee and thereafter the Board shall have the responsibility for developing and approving from time to time such criteria for prospective director candidates as it deems necessary or advisable.

At a minimum, the Nominating and Corporate Governance Committee must be satisfied that each Nominating and Corporate Governance Committee-recommended nominee meets the following qualifications:

- The nominee shall have experience at a strategic or policymaking level in a business, government, non-profit or academic organization of high standing.
- The nominee shall be highly accomplished in his or her respective field, with superior credentials and recognition.
- The nominee shall be well regarded in the community and shall have a long-term reputation for the high ethical and moral standards.
- The nominee shall have sufficient time and availability to devote to the affairs of the Company, particularly in light of the number of boards of directors on which such nominee may serve.

- To the extent such nominee serves, or has previously served, on other boards, the nominee shall have a demonstrated history of actively contributing at board meetings.

B. **Process For Identifying and Selecting Directors:** The Board has delegated to the Nominating and Corporate Governance Committee the responsibility of identifying suitable candidates for nomination to the Board (including candidates to fill any vacancies that may occur) and assessing their qualifications in light of the policies and principles in these corporate governance guidelines and the Nominating and Corporate Governance Committee's charter. The Nominating and Corporate Governance Committee will recommend prospective director candidates for the Board's consideration and review the prospective candidates' qualifications with the Board. The Board shall retain the ultimate authority to nominate a candidate for election by the stockholders as a director or to fill any vacancy that may occur.

In identifying prospective director candidates, the Nominating and Corporate Governance Committee may consider all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the prospective director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board.

The Board believes that diversity among the Company's directors contributes a range of perspectives that encourages balanced and thoughtful decision making, which promotes effective strategic oversight and stewardship. The Nominating and Corporate Governance Committee is committed to ensuring that the individuals on the Board represent a diverse mix of backgrounds and experiences that will maximize the Board's ability to serve the Company's needs and the long-term interests of its shareholders.

C. **Independence:** At least a majority of the members of the Board shall meet the independence standards of The Nasdaq Stock Market LLC (the "Nasdaq Stock Market Rules") as set forth in Rule 5605(a)(2) of the Nasdaq Stock Market Rules (or any successor provision thereto).

At least annually, the Board will evaluate all relationships between the Company and each director in light of relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director's ability to satisfy their responsibilities as an independent director. Directors must notify the Chair of the Nominating and Corporate Governance Committee in connection with any significant change in employment status so that the potential for conflicts or other factors compromising the director's ability to perform their duties may be fully assessed.

D. **Limit on Number of Other Boards:** Carrying out the duties and fulfilling the responsibilities of a director requires a significant commitment of an individual's time and attention. The Board, however, recognizes that excessive time commitments can interfere with an individual's ability to carry out and fulfill their duties effectively. In connection with its assessment of director candidates for nomination, the Board will

assess whether the performance of any director has been or is likely to be adversely impacted by excessive time commitments, including service on other boards of directors. Directors must notify the Chair of the Nominating and Corporate Governance Committee in connection with accepting a seat on the board of directors of another business corporation so that the potential for conflicts or other factors compromising the director's ability to carry out or fulfill their duties may be fully assessed.

- E. **Age and Term Limits**: The Board does not believe that arbitrary limits on the number of consecutive terms a director may serve or on the directors' ages are appropriate in light of the substantial benefits resulting from a sustained focus on the Company's business, strategy and industry over a significant period of time. Each individual's performance will be assessed by the Nominating and Corporate Governance Committee in light of relevant factors in connection with assessments of candidates for nomination to be directors.
- F. **Directors Who Change Job Responsibility**: The Board does not believe directors who retire or change their principal occupation or business association should necessarily leave the Board. However, promptly following any such event, the director should notify the Nominating and Corporate Governance Committee so that it can review and advise the Board regarding the continued appropriateness of the director's Board membership.
- G. **Succession**: The Nominating and Corporate Governance Committee shall be responsible for developing succession plans for the Board as appropriate in light of relevant facts and circumstances.

II. DIRECTOR RESPONSIBILITIES

- A. **Role of Directors**: The business and affairs of the Company are managed by or under the direction of the Board, acting on behalf of the stockholders. The basic responsibility of the Board is to exercise its business judgment to act in a manner that each director reasonably believes to be in the best interests of the Company and its stockholders. The Board has delegated to the officers of the Company the authority and responsibility for managing the Company's everyday affairs. The Board has an oversight role and is not expected to perform or duplicate the tasks of the Chief Executive Officer (the "CEO") or senior management. In addition to being responsible for the general oversight of management, the Board and its committees perform a number of specific functions, including:
- Reviewing and approving the Company's key objectives and strategic business plans and monitoring implementation of those plans the Company's success in meeting identified objectives;
 - Reviewing and approving the Company's financial objectives and major corporate plans, business strategies and actions;
 - Selecting, evaluating and setting the compensation for the CEO of the Company and overseeing CEO succession planning;

- Providing advice and oversight regarding the selection, evaluation, development and compensation of senior management;
- Overseeing the Company's risk management and mitigation activities, including with respect to cybersecurity;
- Providing advice for the Company's strategies regarding the management of environmental, social and governance matters; and
- Reviewing and monitoring the administration of the policies and procedures to safeguard the integrity of the Company's business operations and financial reporting and to promote compliance with applicable laws and regulations.

B. **Attendance at Meetings:** Each member of the Board is expected to make reasonable efforts to attend regularly scheduled meetings of the Board and to participate in telephone conference meetings or other special meetings of the Board. In the event that directors are unable to make at least 75% of those regular or special meetings (together with the meetings of committees on which such director serves), the Company will be required to disclose that fact in its annual proxy statement. In addition, attendance and participation at meetings is an important component of the directors' duties and, as such, attendance rates will be taken into account by the Nominating and Corporate Governance Committee and the Board in connection with assessments of director candidates for renomination as directors.

C. **Time Commitment; Advance Distribution and Review of Agenda and Materials:** Directors are expected to spend the time needed and meet as frequently as the Board deems necessary or appropriate to discharge their responsibilities. The Chair (if any) of the Board or CEO shall establish the agenda for each meeting, generally in consultation with and with the assistance of management, and distribute it in advance to directors. Senior management is responsible for distributing information and data that are important to the Board's understanding of the business to be conducted at a Board or Committee meeting to the directors. Each Director is free to suggest the inclusion of items on an agenda, to raise at any Board meeting subjects that are not on the agenda for that meeting or to request the presence of or a report by any member of management. Directors should review these materials in advance of the meeting when reasonably practicable.

D. **Orientation and Continuing Education:** Under the direction of the Nominating and Corporate Governance Committee each new director shall be provided an orientation program that includes appropriate materials, meetings with key members of the Company's management and visits to Company facilities. The Board, including at the recommendation of the Nominating and Corporate Governance Committee may provide and arrange for continuing education and training for directors, either individually, as a committee or as the entire Board.

III. BOARD STRUCTURE

- A. **Size of Board:** The Board reserves the right to increase or decrease the size of the Board, subject to any relevant provisions in the Bylaws or Certificate of Incorporation, depending on an assessment of the Board's needs and other relevant circumstances at any given time.
- B. **Board Leadership:** From time to time, the Board may appoint a standing Chair of the Board that will preside over each Board meeting. However, the Board recognizes that there may be circumstances where no Chair will have been designated, in which case the Board will select a director to preside over each Board meeting. The Board believes that it is in the best interests of the Company for the Board to make a determination regarding whether or not to separate the roles of the Chair and the Chief Executive Officer based on the then-current circumstances.
- C. **Committees:** The Board intends at all times to have an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these standing committees will have a written charter that sets forth the responsibilities of such committee and the qualifications for committee membership. The Board may from time to time establish additional committees as necessary or appropriate. Membership on such committees is limited to independent directors meeting the independence requirements of the Nasdaq Stock Market Rules, the Sarbanes-Oxley Act of 2002 and any other related rules or regulations promulgated by the Securities and Exchange Commission and the Internal Revenue Service (as applicable). The Board retains discretion to form new committees or disband current committees depending upon the circumstances.
- D. **Executive Sessions:** The non-management directors will meet at regularly scheduled executive sessions without management participation and at least once each year an executive session with only independent directors present shall be held. If the Chair of the Board is a non-management director and an independent director, then the Chair of the Board will preside at these meetings. If the Chair of the Board does not so qualify, then the director who presides at these meetings will be chosen by the non-management directors. In either case, the director who presides at these meetings, and his or her name, or the process by which he or she is selected, will be disclosed in the annual proxy statement or, if the Company does not file an annual proxy statement, in the Company's annual report on Form 10-K filed with the SEC. In order that interested parties may be able to make their concerns known to the non-management directors, the Company will also disclose a method for such parties to communicate directly and confidentially with the presiding director or with the non-management directors as a group.
- E. **Director Access to Management and Independent Advisors:** In carrying out its responsibilities, the Board, and each committee thereof, shall be entitled to rely on the advice and information that it receives from management and such experts, advisors and professionals with whom the Board, or any such committee, may consult. The Board, and each committee thereof, shall have the authority to request that any officer or employee of the Company, the Company's outside legal counsel, the Company's independent auditor or any other professional retained by the Company to render advice to the Company, attend a meeting of the Board, or such committee, or meet with any

members of or advisors to the Board. The Board or any committee thereof shall also have the authority to engage legal, accounting or other advisors to provide it with advice and information in connection with carrying out its or their responsibilities.

IV. DIRECTOR COMPENSATION

The form and amount of director compensation will be reviewed periodically, but at least annually, by the Compensation Committee, which shall make recommendations to the Board based on such review. The Board shall retain the ultimate authority to determine the form and amount of director compensation.

The Company's executive officers shall not receive additional compensation for their service as directors.

V. PERFORMANCE EVALUATION OF THE BOARD AND COMMITTEES

The Board may conduct a self-evaluation periodically for the purpose of determining whether it and its committees are functioning effectively, and each committee of the Board may conduct a self-evaluation periodically for the purpose of determining whether it is functioning effectively. These evaluations will consider the performance of the Board or the committee, as the case may be, as a unit. The Nominating and Corporate Governance Committee will oversee any such evaluation process.

VI. MISCELLANEOUS

- A. **Communications with Outside Interested Parties:** The Board believes that the management should be responsible for communications with the press, media and other outside parties made on behalf of the Company, though individual Board members may, at the request of management or of the Board, communicate with outside parties on behalf of the Company.
- B. **No Limitation on Other Rights:** These guidelines are not intended to modify, extinguish or in any other manner limit the indemnification, exculpation and similar rights available to the directors under applicable law and/or the Certificate of Incorporation and/or the Bylaws.
- C. **Modifications to Guidelines:** Although these corporate governance guidelines have been approved by the Board, it is expected that these guidelines will evolve over time as customary practice and legal requirements change. In particular, guidelines that encompass legal, regulatory or exchange requirements as they currently exist will be deemed to be modified as and to the extent such legal, regulatory or exchange requirements are modified. In addition, the guidelines may also be amended by the Board at any time as it deems appropriate.
