

Service Corporation International

Audit Committee Charter

Purpose

The Audit Committee (“Committee”) is a committee of the Board of Directors (“Board”) of Service Corporation International (the “Company”). Its primary function is to assist the Board in fulfilling its oversight responsibilities to ensure the integrity of the Company’s financial statements, the Company’s compliance with legal and regulatory requirements, the independent auditor’s qualifications, independence and performance and the performance of the Company’s internal audit functions and to produce the audit committee report required to be included in the Company’s proxy statement. The Committee provides an open avenue of communication between the internal auditors, the independent auditor, and the Board.

While the fundamental responsibility for preparing the Company’s financial statements rests with management and the responsibility for the audit of such financial statements rests with the independent auditor, and while the internal auditor and independent auditor are responsible for conducting audits related to the Company’s compliance with laws and regulations and the Company’s compliance policies, the Committee shall have the authority, responsibilities and duties set forth below.

Membership and Policies

1. The Board, based upon a recommendation by the Nominating and Corporate Governance Committee, shall appoint the Chairperson and members of the Committee annually. The Committee shall be comprised of not less than three members of the Board, and the Committee’s composition will meet the requirements of Federal securities laws and the listing standards of the New York Stock Exchange (“NYSE”). Accordingly, all of the members will be directors:
 - a. who are “independent” as such term is defined pursuant to Section 10A of the Securities Exchange Act of 1934, and the NYSE listing standards; and
 - b. who are financially literate or who become financially literate within a reasonable period of time after appointment to the Committee, as such qualification is interpreted by the Board in its business judgment.
2. At least one member of the Committee shall be an “audit committee financial expert” as defined under the rules and regulations adopted by the Securities and Exchange Commission (“SEC”) and interpreted by the Board in its business judgment; *provided, however*, that if at least one member of the Committee is not determined by the Board to be an “audit committee financial expert,” then the

Company shall disclose such determination as required by applicable SEC rules and regulations.

3. If a Committee member serves on the audit committee of more than three public companies, the Board shall be required to determine that the simultaneous service does not impair the Committee member's ability to effectively serve on the Committee and disclose such determination in the Company's annual proxy statement.
4. The Committee shall have the authority to engage independent counsel and other advisers, as it determines necessary to carry out its duties. Such engagement shall not require approval of the Board.
5. The Committee shall meet at least quarterly or more frequently as circumstances require.
6. The Committee may designate a subcommittee consisting of at least one member to address specific issues on behalf of the Committee.
7. The Committee shall report regularly to the Board on its activities.
8. The Company shall provide appropriate funding, as determined by the Committee, for payment of (i) compensation to any registered public accounting firm engaged by the Committee, (ii) compensation to any advisers employed by the Committee, and (iii) ordinary administrative expenses incurred by the Committee.

Duties and Responsibilities – Independent Auditor

1. The Committee shall be directly responsible for the appointment, retention, termination, compensation and oversight of the work of the independent auditing firm employed by the Company (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and the independent auditor shall report directly to the Committee. All auditing services and permitted non-audit services provided to the Company by the independent auditor shall be pre-approved by the Committee in accordance with applicable law and NYSE listing standards; provided, however, that the Committee may delegate such pre-approval authority to the Chairperson or another member, who will then report all such approvals to the Committee at its next scheduled meeting. These responsibilities do not preclude the Committee from obtaining the input of management, but these responsibilities may not be delegated to management.
2. The Committee shall evaluate, at least annually, the independent auditor's qualifications, performance and independence.
3. The Committee shall consider whether it is appropriate to adopt a policy of rotating independent auditors on a regular basis. If so determined, the Committee shall have

the responsibility for securing the engagement of the replacement of the independent auditor.

4. The Committee shall set clear hiring policies for the Company's hiring of employees or former employees of the independent auditor who were engaged on the Company's account. At a minimum, the Committee will adopt hiring policies in compliance with Section 10A(l) of the Securities Exchange Act of 1934.
5. The Committee shall meet with the independent auditor prior to the audit to review and discuss (1) the auditors' responsibilities under generally accepted auditing standards and the responsibilities of management in the audit process, (2) the overall audit strategy, (3) the scope and timing of the annual audit, (4) any significant risks identified during the auditors' risk assessment procedures and (5) when completed, the results, including significant findings, of the annual audit.
6. At least annually, the Committee shall obtain and review a report by the independent auditor describing the firm's internal quality control procedures, any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues, and (to assess the auditor's independence) all relationships between the independent auditor and the Company.
