

SOLIGENIX, INC.
AUDIT COMMITTEE CHARTER
ADOPTED BY THE BOARD OF DIRECTORS
ON DECEMBER 1, 2011

Purpose

The Audit Committee (the "Committee") of the Board of Directors (the "Board") of Soligenix Inc. (the "Corporation") is to act on behalf of the Board to oversee all material aspects of the organization's financial reporting, control and audit functions. The Committee's purposes shall be to:

1. Provide oversight of the financial and accounting process of the Corporation including the audits of the Corporation and compliance with legal regulations.
2. Interact directly with and evaluate the performance of the independent auditors and maintain free and open communication between the Board, the independent auditors and the financial management of the Corporation
3. Investigate any matter brought its attention with full access to all books, records facilities and personnel of the Corporation.
4. Prepare the audit committee report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

Membership

The Audit Committee shall be composed of two or more members, each of whom is "independent" as such term is described in the rules of the NASDAQ Stock Market ("NASDAQ") and the Securities Exchange Act of 1934 (the "Act", as amended, and the rules and regulations thereunder, as in effect from time to time. To the extent the Audit Committee consists of at least three members, one director who is not independent under the rules of NASDAQ, but who satisfies the requirements of Rule 10A-3 under the Act, may be appointed to the Audit Committee, subject to the following: (i) the director is not a current officer or employee, or an immediate family member of a current officer or employee, of the Corporation; (ii) the board of directors, under exceptional and limited circumstances, determines that such individual's membership on the Audit Committee is required by the best interests of the Corporation and its stockholders; (iii) the Corporation discloses in the proxy statement for the next annual meeting of stockholders subsequent to such determination (or in its Form 10-K if the Corporation does not file a proxy statement), the nature of the relationship and the reason for that determination; and (iv) such person does not serve under this exception on the Audit Committee for more than two years or chair the Audit Committee. Each member of the Audit Committee shall be able to read and understand fundamental financial statements at the time of his or her appointment. All Audit Committee members will be financially literate, and at least one member shall qualify as an "audit committee financial expert," as such term is defined in the Instructions to paragraph of Item 407(d)(5)(ii) of Regulation S-K, as in effect from time to time.

The members of the Audit Committee shall be elected by the board of directors of the Corporation following each annual general meeting of stockholders and shall serve until their

successors shall be duly elected and qualified or until their earlier resignation and removal. Unless the chairperson of the Audit Committee is elected by the full board of directors of the Corporation, the members of the Audit Committee may designate a chairperson by a majority vote of the full Audit Committee membership.

Meetings

The Audit Committee shall generally hold regular meetings at least quarterly but more frequently if circumstances make that preferable. The chairperson of the Audit Committee has the power to call an Audit Committee meeting in person or by conference call whenever he or she thinks there is a need. Audit Committee agendas shall be the responsibility of the chairperson, with input from the other members of the Audit Committee. The Audit Committee may designate subcommittees of one or more of its members to report to the full Audit Committee. The majority of the members of the Audit Committee shall constitute a quorum.

Minutes of the meetings of the Audit Committee shall be prepared by the chairperson or his or her designee and maintained at the Corporation. Draft minutes shall be circulated to members for approval. Resolutions by the Audit Committee may also be adopted by unanimous written consent of all members.

Duties and Responsibilities

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible, in order to best react to changing conditions and to ensure to the directors and stockholders that the corporate accounting and reporting practices of the Corporation are in accordance with all requirements and are of the highest quality.

In carrying out these responsibilities, the Audit Committee will:

- Obtain the full board of directors' approval of this Charter and review and reassess this Charter as conditions dictate (at least annually).
- Select the independent auditors to audit the financial statements of the Corporation and its divisions and subsidiaries. The Audit Committee will also review and approve any fees paid to the independent auditor and review and approve dismissal of the independent auditor.
- Analyze and discuss with the independent auditors the fees charged to the Corporation for services rendered by the independent auditor.
- Conduct an annual evaluation of the independence of the outside auditor, based in part on review and discussion of a formal written statement delineating all relationships between the auditor and the Corporation and any other relationships that may adversely affect the independence of the auditor.

- Have a clear understanding with the independent auditors that they are ultimately accountable to the board of directors and the Audit Committee, as the stockholders' representatives, who have the ultimate authority in deciding to engage, evaluate, and if appropriate, terminate their services.
- Meet with the independent auditors and financial management of the Corporation to review the scope of the proposed audit for the current year and timely review of the Corporation's quarterly reports, and the audit procedures to be utilized, and at the conclusion thereof review such audit or review, including any comments or recommendations of the independent auditors.
- Review with the independent auditors and the Corporation's financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the Corporation, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions, or procedures that might be deemed illegal or otherwise improper. Further, the Audit Committee should periodically review the Corporation's policy statements to determine their adherence to the Corporation's code of conduct.
- Provide sufficient opportunity for the independent auditors to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Corporation's financial, accounting, and auditing personnel, and the cooperation that the independent auditors received during the course of the audit.
- Review and discuss with the independent auditor the matters to be discussed under SAS No. 114 relating to the conduct of the audit, including the auditor's management letter and Company's response thereto.
- Establish policies and procedures for the engagement of outside auditors to provide non-audit services, including procedures for pre-approval of non-audit services permitted by law to be performed by the independent auditor outside the scope of the engagement letter, and consider whether the independent auditor's performance of such services, together with any other non-audit services being performed, is compatible with the auditor's independence.
- Set clear hiring policies for employees or former employees of the independent auditors that meet the requirements set forth in Rule 2-01(c)(2)(ii) of Regulation S-X, as amended from time to time, and all applicable stock exchange or NASDAQ listing standards.
- Review any material pending legal proceedings involving the Corporation and other contingent liabilities.

- Review accounting and financial human resources and succession planning within the Corporation. It is not normally an Audit Committee function to handle succession planning in a corporation. Management development and executive succession planning is often presented by the CEO to the Comp Committee, and then to the Board. **[This should be a function of the Nominating and Corporate Governance Committee.]**
- Submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each Audit Committee meeting with, the board of directors.
- Investigate any matters brought to its attention within the scope of its duties, with the power to retain outside counsel and other experts for this purpose if, in its judgment, that is appropriate.
- Review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.
- Establish policies and procedures to receive and process: (1) complaints received by the Corporation concerning accounting, internal accounting controls or auditing matters, and (2) the confidential anonymous submissions by employees of the Corporation of concerns regarding questionable accounting or auditing matters.
- Review the quarterly financial statements and earnings release with management and the independent auditors prior to the filing of the Form 10-Q to determine that the independent auditors do not take exception to the disclosure and content of the financial statements, and discuss any other matters required to be communicated to the committee by the auditors. The chair of the committee may represent the entire committee for purposes of this review.
- Review the financial statements contained in the annual report to stockholders with management and the independent auditors to determine that the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the stockholders. Review with financial management and the independent auditors the results of their timely analysis of significant financial reporting issues and practices, including changes in, or adoptions of, accounting principals and disclosure practices, and discuss any other matters required to be communicated to the committee by the auditors. Also review with financial management and the independent auditors their judgments about the quality, not just acceptability, of accounting principles and the clarity of the financial disclosure practices used or proposed to be used, and particularly, the degree of aggressiveness or conservatism of the organization's accounting principles and underlying estimates, and other significant decisions made in preparing the financial statements.
- Review and discuss with management and the independent auditor any material financial or other arrangements of the Corporation which do not appear on the

financial statements of the Corporation.

- Review and discuss with management and the independent auditor the Company's major financial risk exposures and the steps that management has taken to monitor and control such exposure.
- Establish policies and procedures providing for Audit Committee review and approval of all "related party transactions" for potential conflicts of interest. For purposes of this provision, "related party transactions" refer to transactions required to be disclosed pursuant to Item 407 of Regulation S-K promulgated under the Act.
- Review and discuss with management and the independent auditors any accounting policies and estimates which may be viewed as critical to the Corporation and any significant changes in the accounting policies of the Corporation and accounting and financial proposals that may have a significant impact on the Corporation's financial reports.
- On an annual basis, obtain from the independent auditors a written communication delineating all their relationships and professional services as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. In addition, review with the independent auditors the nature and scope of any disclosed relationships or professional services and take, or recommend that the board of directors take, appropriate action to ensure the continuing independence of the auditors.
- Review the report of the Audit Committee in the annual report to stockholders and the Annual Report on Form 10-K disclosing whether or not the committee had reviewed and discussed with management and the independent auditors, as well as discussed within the Audit Committee (without management or the Independent auditors present), the financial statements and the quality of accounting principles and significant judgments affecting the financial statements. In addition, disclose the Audit Committee's conclusion on the fairness of presentation of the financial statements in conformity with GAAP based on those discussions.
- Review the Corporation's disclosure in the proxy statement for its annual general meeting of stockholders that describes that the Audit Committee has satisfied its responsibilities under this Charter for the prior year. In addition, include a copy of this Charter in the annual report to stockholders or the proxy statement at least triennially or the year after any significant amendment to the Charter.
