

**CHARTER
OF THE RISK COMMITTEE
OF THE
BOARDS OF DIRECTORS OF TRUIST FINANCIAL CORPORATION
AND TRUIST BANK**

Purpose

The Risk Committee (the “Committee”) is a joint committee appointed by the Boards of Directors (collectively and/or individually for the respective corporation, as the case may be, the “Board”) of Truist Financial Corporation and Truist Bank (collectively and/or individually herein, as the case may be, the “Corporation”) to assist the Board in its oversight of the Corporation’s risk management framework, including the significant policies, programs, and plans established by management to identify, measure, monitor, assess, manage, and report on risks arising from the Corporation’s exposures and business activities.

Discharging the duties of risk oversight requires, among other things, that the members of the Committee:

- understand, communicate and monitor the Corporation’s strategy, risk appetite, and risk profile, including emerging and ongoing risks;
- stay abreast of regulatory requirements and industry standards related to risk management, and other topics relevant to their responsibilities;
- provide input to management on strategy, risk appetite, and risk profile;
- oversee the effectiveness of the Corporation’s enterprise risk management framework and governance of risk, and the adherence to the Corporation’s strategy and risk appetite;
- engage in robust inquiry into drivers, indicators, and trends related to current and emerging risks, and material or persistent deficiencies in risk management or control practices; and
- provide oversight and effective challenge of recommendations made by management that (i) could cause the Corporation’s risk profile to exceed its risk appetite or jeopardize the safety and soundness of any of its bank subsidiaries, or (ii) are unduly influenced by business lines.

While the Committee oversees the Corporation’s risk management function, management is ultimately responsible for identifying, planning for, responding to, and escalating the Corporation’s material risks, including compliance risk, credit risk, liquidity risk, market risk, operational risk, technology risk, reputational risk, financial crimes (including Bank Secrecy Act and anti-money laundering (“BSA/AML”)) risk, strategic risk, and environmental, social and governance (“ESG”) risk, including climate change risk.

Committee Membership

The Committee members and its Chair are appointed annually by the Board, on the recommendation of the Nominating and Governance Committee of the Corporation, and may be replaced by the Board. The Committee shall have at least three members. The Committee must include at least one member having experience in identifying, assessing and managing risk exposures of large complex financial firms. All members of the Committee will have an understanding of risk management principles and practices relevant to the Corporation. Committee members shall meet applicable legal and regulatory

criteria.

The Chair must meet the independence requirements of the New York Stock Exchange (as applied to the members of the Board of Directors), the Corporation's Corporate Governance Guidelines and any standards of independence as may be prescribed by any applicable listing standards, laws and regulations relating to the Committee's duties and responsibilities. The Committee may delegate to its Chair such power and authority as the Committee deems to be appropriate, except such powers and authorities required by law or regulation to be exercised by the whole Committee or by a subcommittee of at least three members.
