Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ On April 29, 2021, Vistra Corp.'s board of directors approved and declared a quarterly cash distribution of \$0.15 per share on Vistra Corp.'s common stock for a total of \$72,368,370, payable on June 30, 2021 to shareholders of record as of June 16, 2021.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ Based on our reasonable assumptions about our income, deductions, and activities in 2021, we should not have any current and accumulated earnings and profits in 2021. As a result, shareholders should reduce their basis by \$0.15 per share (gain should be recognized by the shareholder to the extent the amount of distribution received exceeds shareholder's basis). Pursuant to the applicable Treasury Regulations under §6045B of the IRC, if our assumptions are incorrect we will provide a revised Form 8937 within 45 days of such determination.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ A cash distribution made by a corporation is treated as a taxable dividend to the extent of the current and accumulated earnings and profits of that corporation at the date of the distribution or, in certain cases, at the end of the tax year in which the distribution was made. Based on our reasonable assumptions about our income, deductions, and activities in 2021, we should not have any current and accumulated earnings and profits in 2021.

Part II Organizational Action *(continued)*
