WASTE CONNECTIONS REPORTS THIRD QUARTER 2024 RESULTS AND RAISES FULL YEAR OUTLOOK

- **Better than expected third quarter results drive further increases to full year 2024 outlook**
- **Revenue of \$2.338 billion, up 13.3% year over year**
- **Net income^(a) of \$308.0 million, and adjusted EBITDA^(b) of \$787.4 million, up 17.3% year over year**
- **Adjusted EBITDA^(b) margin of 33.7%, up 120 basis points year over year**
- **Net income of \$1.19 per share, and adjusted net income^(b) of \$1.35 per share**
- **Year to date net cash provided by operating activities of \$1.660 billion and adjusted free cash flow^(b) of \$1.044 billion**
- **Increased regular quarterly dividend by 10.5%**
- **On pace for acquisitions totaling over \$700 million in annualized revenue, with an estimated rollover revenue contribution in 2025 of approximately 2%**
- **Increased full year 2024 outlook to \$8.9 billion of revenue, up \$150 million from original outlook, with net income of \$1.082 billion and adjusted EBITDA^(b) of \$2.91 billion, up \$50 million from original outlook**

TORONTO, ONTARIO, October 23, 2024 - Waste Connections, Inc. (TSX/NYSE: WCN) (“Waste Connections” or the “Company”) today announced its results for the third quarter of 2024.

“We are extremely pleased by the strength of our operating and financial results in the period, positioning for another increase to our full year 2024 outlook, with momentum as we look ahead to 2025. Solid waste growth led by 6.8% core pricing was supplemented by incremental acquisition contributions and 90 basis points sequential improvement in solid waste volumes during the period to drive results above expectations. Solid operational execution enabled us to deliver adjusted EBITDA^(b) margin of 33.7% in the third quarter, as expected, up 120 basis points year over year, overcoming margin dilution from acquisitions closed during the quarter and storm-related impacts at quarter-end,” said Ronald J. Mittelstaedt, President and Chief Executive Officer.

“Our results also reflect continued progress in employee retention, with voluntary turnover improving for the eighth consecutive quarter, bringing multi-year reductions to over 40%, as we continue to invest in our most important asset, our people,” continued Mr. Mittelstaedt. “Further, we anticipate that our innovative approaches to drive continued improvement in employee engagement and retention should position us in 2025 for another year of above average underlying margin expansion in solid waste collection, transfer and disposal. On that basis, we should be positioned for high single-digit adjusted EBITDA^(b) growth in 2025 on expected mid to high single-digit revenue growth, including approximately 2% revenue carryover from a record amount of private company acquisition activity expected to be completed in 2024, with upside potential from additional acquisition activity.”

Mr. Mittelstaedt concluded, “As anticipated, the strength of our operating performance, free cash flow generation and balance sheet positioned us for another double-digit increase to our quarterly cash dividend, demonstrating once again the compatibility of funding our differentiated growth strategy and acquisition activity, along with an increasing return of capital to shareholders.”

Q3 2024 Results

Revenue in the third quarter totaled \$2.338 billion, up from \$2.065 billion in the year ago period. Operating income was \$475.3 million, which included \$8.1 million in transaction-related expenses and \$3.0 million primarily from impairments and other operating items. This compares to operating income of \$353.0 million in the third quarter of 2023 that included \$59.2 million primarily in impairments and other operating items and transaction-related expenses. Net income in the third quarter was \$308.0

million, or \$1.19 per share on a diluted basis of 258.8 million shares. In the year ago period, the Company reported net income of \$229.0 million, or \$0.89 per share on a diluted basis of 258.2 million shares.

Adjusted net income^(b) in the third quarter was \$350.0 million, or \$1.35 per diluted share, versus \$303.1 million, or \$1.17 per diluted share, in the prior year period. Adjusted EBITDA^(b) in the third quarter was \$787.4 million, as compared to \$671.2 million in the prior year period. Adjusted net income, adjusted net income per diluted share and adjusted EBITDA, all non-GAAP measures, primarily exclude impairments and acquisition-related items, as reflected in the detailed reconciliations in the attached tables.

Nine Months Year to Date Results

For the nine months ended September 30, 2024, revenue was \$6.659 billion, up from \$5.986 billion in the year ago period. Operating income was \$1.267 billion, which included \$38.2 million primarily attributable to transaction-related expenses, impairments and other operating items and fair value changes to equity awards. This compares to operating income in the prior year period of \$1.012 billion, which included \$91.3 million primarily attributable to impairments and other operating items, executive separation costs and transaction-related expenses.

Net income for the nine months ended September 30, 2024 was \$813.6 million, or \$3.15 per share on a diluted basis of 258.6 million shares. In the year ago period, the Company reported net income of \$636.0 million, or \$2.46 per share on a diluted basis of 258.1 million shares.

Adjusted net income^(b) for the nine months ended September 30, 2024 was \$938.7 million, or \$3.63 per diluted share, compared to \$795.8 million, or \$3.08 per diluted share, in the year ago period. Adjusted EBITDA^(b) for the nine months ended September 30, 2024 was \$2.170 billion, as compared to \$1.867 billion in the prior year period.

Updated 2024 Outlook

Waste Connections also updated its outlook for 2024, which assumes no change in the current economic environment or underlying economic trends. The Company's outlook excludes any impact from additional acquisitions that may close during the year, and expensing of transaction-related items. The outlook provided below is forward looking, and actual results may differ materially depending on risks and uncertainties detailed at the end of this release and in our periodic filings with the U.S. Securities and Exchange Commission and the securities commissions or similar regulatory authorities in Canada. Certain components of the outlook for 2024 are subject to quarterly fluctuations. See reconciliations in the attached tables.

- Revenue is estimated to be approximately \$8.9 billion, up \$150 million from our original outlook.
- Net income is estimated to be approximately \$1.082 billion, and adjusted EBITDA^(b) is estimated to be approximately \$2.910 billion, up \$50 million from our original outlook.
- Capital expenditures are estimated to be approximately \$1.150 billion, in line with our original outlook.
- Net cash provided by operating activities is estimated to be approximately \$2.342 billion, and adjusted free cash flow^(b) is estimated to be approximately \$1.200 billion, in line with our original outlook.

About Waste Connections

Waste Connections (wasteconnections.com) is an integrated solid waste services company that provides non-hazardous waste collection, transfer and disposal services, including by rail, along with resource recovery primarily through recycling and renewable fuels generation. The Company serves approximately nine million residential, commercial and industrial customers in mostly exclusive and secondary markets across 46 states in the U.S. and six provinces in Canada. Waste Connections also provides non-hazardous oilfield waste treatment, recovery and disposal services in several basins across the U.S. and Canada, as well as intermodal services for the movement of cargo and solid waste containers in the Pacific Northwest. Waste Connections views its Environmental, Social and Governance (“ESG”) efforts as integral to its business, with initiatives consistent with its objective of long-term value creation and focused on reducing emissions, increasing resource recovery of both recyclable commodities and clean energy fuels, reducing reliance on off-site disposal for landfill leachate, further improving safety and enhancing employee engagement. Visit wasteconnections.com/sustainability for more information and updates on our progress towards targeted achievement.

NON-GAAP RECONCILIATION SCHEDULE
(in thousands of U.S. dollars, except where noted)

Reconciliation of Adjusted EBITDA:

Adjusted EBITDA, a non-GAAP financial measure, is provided supplementally because it is widely used by investors as a performance and valuation measure in the solid waste industry. Management uses adjusted EBITDA as one of the principal measures to evaluate and monitor the ongoing financial performance of Waste Connections' operations. Waste Connections defines adjusted EBITDA as net income attributable to Waste Connections, plus or minus net income (loss) attributable to noncontrolling interests, plus income tax provision, plus interest expense, less interest income, plus depreciation and amortization expense, plus closure and post-closure accretion expense, plus or minus any loss or gain on impairments and other operating items, plus other expense, less other income. Waste Connections further adjusts this calculation to exclude the effects of other items management believes impact the ability to assess the operating performance of its business. This measure is not a substitute for, and should be used in conjunction with, GAAP financial measures. Other companies may calculate adjusted EBITDA differently.

Reconciliation of Adjusted Free Cash Flow:

Adjusted free cash flow, a non-GAAP financial measure, is provided supplementally because it is widely used by investors as a liquidity measure in the solid waste industry. Waste Connections calculates adjusted free cash flow as net cash provided by operating activities, plus or minus change in book overdraft, plus proceeds from disposal of assets, less capital expenditures for property and equipment. Waste Connections further adjusts this calculation to exclude the effects of items management believes impact the ability to evaluate the liquidity of its business operations. This measure is not a substitute for, and should be used in conjunction with, GAAP liquidity or financial measures. Other companies may calculate adjusted free cash flow differently.

Reconciliation of Adjusted Net Income attributable to Waste Connections and Adjusted Net Income per Diluted Share attributable to Waste Connections:

Adjusted net income attributable to Waste Connections and adjusted net income per diluted share attributable to Waste Connections, both non-GAAP financial measures, are provided supplementally because they are widely used by investors as valuation measures in the solid waste industry. Management uses adjusted net income attributable to Waste Connections and adjusted net income per diluted share attributable to Waste Connections as one of the principal measures to evaluate and monitor the ongoing financial performance of Waste Connections' operations. Waste Connections provides adjusted net income attributable to Waste Connections to exclude the effects of items management believes impact the comparability of operating results between periods. Adjusted net income attributable to Waste Connections has limitations due to the fact that it excludes items that have an impact on the Company's financial condition and results of operations. Adjusted net income attributable to Waste Connections and adjusted net income per diluted share attributable to Waste Connections are not a substitute for, and should be used in conjunction with, GAAP financial measures. Other companies may calculate these non-GAAP financial measures differently.
