- **Gross margin** expanded to 59.6% in the second quarter of 2024 from 53.8% in the same period of 2023.
- **Net loss** was RMB80.6 million (US\$11.1 million) in the second quarter of 2024, narrowed by 71.1% from the same period of 2023.
- **Adjusted net loss (non-GAAP)<sup>[1]</sup>** was RMB44.6 million (US\$6.1 million) in the second quarter of 2024, narrowed by 79.9% from the same period of 2023.
- **Average monthly active users (MAUs)<sup>[2]</sup>** were 80.6 million in the second quarter of 2024.
- **Average monthly subscribing members<sup>[3]</sup>** were 14.7 million in the second quarter of 2024.

“Our strategic decisions and effective execution yielded impressive financial results in the second quarter of 2024,” said Mr. Yuan Zhou, chairman and chief executive officer of Zhihu. “At the same time, we made substantial strides in enhancing our core user experience, evidenced by the continued growth in user retention and DAU time spent. Building on our community’s enhanced trustworthiness, we launched Zhihu Zhida (知乎直答) in late June, marking a major advancement in our AI search initiatives. Further improvements in user retention and the positive user feedback Zhihu Zhida has received demonstrate our unique advantages and ability to capture the tremendous opportunities in this field.”

Mr. Han Wang, chief financial officer of Zhihu, added, “The second quarter marked our lowest quarterly loss since our U.S. IPO. During the quarter, we maintained disciplined spending while achieving a high ROI across all business lines. Additionally, we are committed to enhancing shareholder returns through various means. Moving forward, we will continue to emphasize strong strategic execution as we pursue long-term sustainable profitability.”

**Second Quarter 2024 Financial Results**

**Total revenues** were RMB933.8 million (US\$128.5 million) in the second quarter of 2024, compared with RMB1,044.2 million in the same period of 2023.

*Marketing services revenue* was RMB344.0 million (US\$47.3 million), compared with RMB412.7 million in the same period of 2023. The decrease was primarily due to our proactive and ongoing refinement of service offerings to strategically focus on margin improvement.

*Paid membership revenue* was RMB432.7 million (US\$59.5 million), compared with RMB449.1 million in the same period of 2023. The slight decrease was primarily attributable to a marginal decline in our average revenue per subscribing member.

*Vocational training revenue* was RMB133.6 million (US\$18.4 million), compared with RMB144.5 million in the same period of 2023. The decrease was primarily driven by lower revenue contributions from our acquired businesses.

*Other revenues* were RMB23.5 million (US\$3.2 million), compared with RMB37.9 million in the same period of 2023.

**Cost of revenues** decreased by 21.8% to RMB377.3 million (US\$51.9 million) from RMB482.1 million in the same period of 2023. The decrease was primarily due to reduced content and operating costs associated with the decline in our revenues.

**Gross profit** was RMB556.5 million (US\$76.6 million), compared with RMB562.1 million in the same period of 2023. **Gross margin** expanded to 59.6% from 53.8% in the same period of 2023, primarily attributable to our monetization enhancements and improvements in our operating efficiency.

**Total operating expenses** decreased by 16.7% to RMB740.4 million (US\$101.9 million) from RMB889.3 million in the same period of 2023.

*Selling and marketing expenses* decreased by 22.9% to RMB417.0 million (US\$57.4 million) from RMB540.6 million in the same period of 2023. The decrease was primarily due to more disciplined promotional spending and a decrease in personnel-related expenses.

*Research and development expenses* decreased by 11.4% to RMB209.3 million (US\$28.8 million) from RMB236.2 million in the same period of 2023. The decrease was primarily attributable to more efficient spending on technology innovation.

*General and administrative expenses* were RMB114.1 million (US\$15.7 million), compared with RMB112.5 million in the same period of 2023.

**Loss from operations** narrowed by 43.8% to RMB183.9 million (US\$25.3 million) from RMB327.2 million in the same period of 2023.

**Adjusted loss from operations (non-GAAP)<sup>[1]</sup>** narrowed by 45.4% to RMB147.1 million (US\$20.2 million) from RMB269.4 million in the same period of 2023.

**Adjusted net loss (non-GAAP)<sup>[1]</sup>** narrowed by 79.9% to RMB44.6 million (US\$6.1 million) from RMB222.3 million in the same period of 2023.

**Diluted net loss per American depositary share (“ADS”)** <sup>[4]</sup> was RMB0.89 (US\$0.12), compared with RMB2.76 in the same period of 2023.

## Use of Non-GAAP Financial Measures

In evaluating the business, the Company considers and uses non-GAAP financial measures, such as adjusted loss from operations and adjusted net loss, to supplement the review and assessment of its operating performance. The Company defines non-GAAP financial measures by excluding the impact of share-based compensation expenses, amortization of intangible assets resulting from business acquisitions and the tax effects of the non-GAAP adjustments, which are non-cash expenses. The Company believes that the non-GAAP financial measures facilitate comparisons of operating performance from period to period and company to company by adjusting for potential impacts of items, which the Company's management considers to be indicative of its operating performance. The Company believes that the non-GAAP financial measures provide useful information to investors and others in understanding and evaluating the Company's consolidated results of operations in the same manner as they help the Company's management.

The non-GAAP financial measures are not defined under U.S. GAAP and are not presented in accordance with U.S. GAAP. The presentation of the non-GAAP financial measures may not be comparable to similarly titled measures presented by other companies. The use of the non-GAAP financial measures has limitations as an analytical tool, and investors should not consider it in isolation from, or as a substitute for analysis of, our results of operations or financial condition as reported under U.S. GAAP. For more information on the non-GAAP financial measures, please see the tables captioned "Unaudited Reconciliations of GAAP and Non-GAAP Results" set forth at the end of this press release.
