The interim financial statements of Enercare Solutions are prepared in accordance with IFRS. Enercare Solutions' basis of presentation and significant accounting policies are summarized in detail in notes 2 and 3 of the interim financial statements for the period ended March 31, 2018. Unless otherwise specified, amounts are reported in this MD&A in thousands, except customers, units and "per unit" amounts, Shares and "per Share" amounts and percentages (except as otherwise noted). Unless otherwise specified, dollar amounts are expressed in Canadian dollars.

Certain definitions of key financial and operating terms used in this MD&A are located at the end of this MD&A under "Glossary of Terms".

FORWARD-LOOKING INFORMATION

This MD&A, dated May 3, 2018, contains certain forward-looking statements within the meaning of applicable Canadian securities laws (“forward-looking statements” or “forward-looking information”) that involve various risks and uncertainties and should be read in conjunction with Enercare Solutions’ 2017 audited consolidated financial statements and Enercare Solutions’ condensed interim consolidated financial statements for the three months ended March 31, 2018. Additional information in respect of Enercare Solutions, including the AIF, can be found on SEDAR at www.sedar.com.

Statements other than statements of historical fact contained in this MD&A may be forward-looking statements, including, without limitation, management’s expectations, intentions and beliefs concerning anticipated future events, results, circumstances, economic performance or expectations with respect to Enercare Solutions, including Enercare Solutions’ business operations, business strategy and financial condition. When used herein, the words “anticipates”, “believes”, “budgets”, “could”, “estimates”, “expects”, “forecasts”, “goal”, “intends”, “may”, “might”, “outlook”, “plans”, “projects”, “schedule”, “should”, “strive”, “target”, “will”, “would” and similar expressions are often intended to identify forward-looking information, although not all forward-looking information contains these identifying words. In particular, statements regarding Enercare Solutions’ plans for 2018 under “Vision and Strategy” and “Outlook” are forward-looking statements. These forward-looking statements may reflect the internal projections, expectations, future growth, results of operations, performance, business prospects and opportunities of Enercare Solutions and are based on information currently available to Enercare Solutions and/or assumptions that Enercare Solutions believes are reasonable. Many factors could cause actual results to differ materially from the results and developments discussed in the forward-looking information.

In developing these forward-looking statements, certain material assumptions were made. These forward-looking statements are also subject to certain risks. These risks include, but are not limited to:

- actual future market conditions being different than anticipated by management;
- the risk that the roll out of rental HVAC offerings beyond the present 16 states in the United States does not realize anticipated results as the rental model is a new concept in this industry in the United States; and
- the risks and uncertainties described under “*Risk Factors*” in this MD&A.

Material factors or assumptions that were applied to drawing a conclusion or making an estimate set out in forward-looking statements include:

- management’s views regarding current and anticipated market conditions;
- industry trends remaining unchanged;
- Enercare Solutions’ financial and operating attributes as at the date hereof and its anticipated future performance;
- assumptions regarding the volume and mix of business activities remaining consistent with current trends; and
- assumptions regarding the interest rate of the 2016 Term Loan and the 2014 Revolver and foreign exchange rates.

There can be no assurance that recent results from the introduction of the rental model to Service Experts in Canada and the United States are indicative of future results. There can also be no assurance as to any potential outcome of the Bureau’s inquiry and the effect on Enercare Solutions’ business.

Readers are cautioned that the preceding list of material factors or assumptions is not exhaustive. Although forward-looking statements contained in this MD&A are based upon what management believes are reasonable assumptions, there can be no assurance that actual results will be consistent with these forward-looking statements. Accordingly, readers should not place undue reliance on such forward-looking

statements and assumptions as management cannot provide assurance that actual results or developments will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Enercare Solutions. All forward-looking information in this MD&A is made as of the date of this MD&A. These forward-looking statements are subject to change as a result of new information, future events or other circumstances, in which case they will only be updated by Enercare Solutions where required by law.

Please see the section entitled “*Risk Factors*” in this MD&A for a discussion in respect of the material risks relating to the business and structure of Enercare Solutions.

OVERVIEW

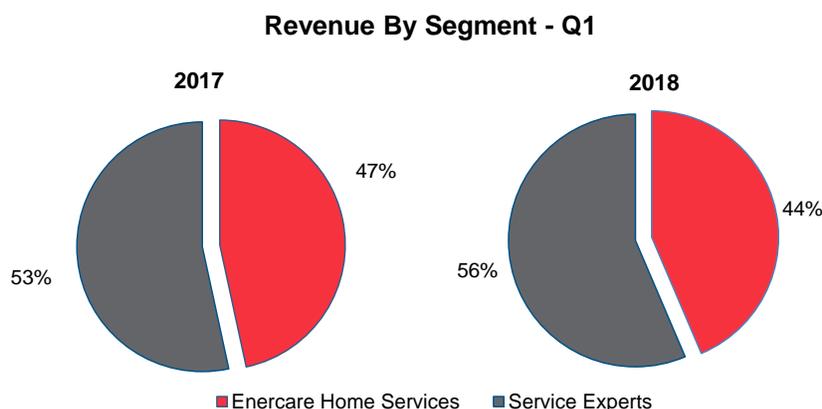

Enercare Solutions is a wholly-owned subsidiary of Enercare. Enercare Solutions is a multi-product and multi-service home and commercial services company with two principal business segments: Enercare Home Services and Service Experts.

Enercare Solutions has investment grade ratings of “BBB” with a “stable” trend and “BBB” with a “stable” outlook from S&P and DBRS, respectively.

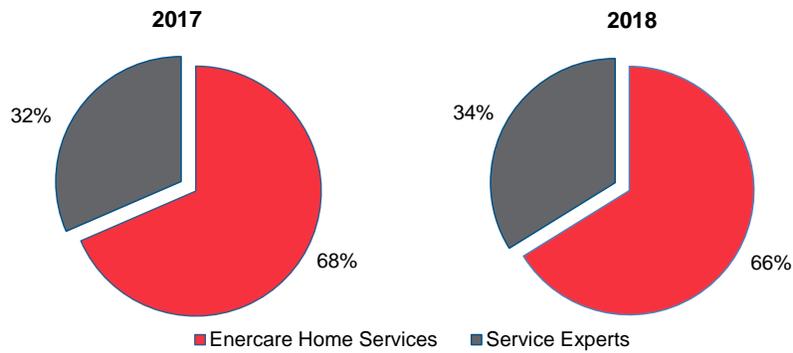

Enercare Home Services is operated by Enercare Solutions and its subsidiaries. Enercare Home Services provides rental water heaters, furnaces, air conditioners, water treatment solutions and other HVAC products to residential and commercial customers. In addition to renting, customers have the option of purchasing products outright or through financing provided by Enercare Home Services. Enercare Home Services also provides protection plans, duct cleaning, plumbing, electrical and other related repair and maintenance services to its customers. Enercare Home Services operates primarily in Ontario.

Service Experts is operated by SEHAC and its subsidiaries in 29 states in the United States and SE Canada in three provinces in Canada. SEHAC and SE Canada are both indirect wholly-owned subsidiaries of Enercare Solutions. Service Experts provides repair and replacement of HVAC products and water heaters to residential and light commercial customers, who can purchase products outright or through financing provided by a third party. Since 2016, Service Experts has also been rolling out its rental offering in Canada and the United States. Service Experts also provides plumbing, maintenance agreements and related services to its customers.

The graphs below outline revenue and Gross Margin by principal business segment.

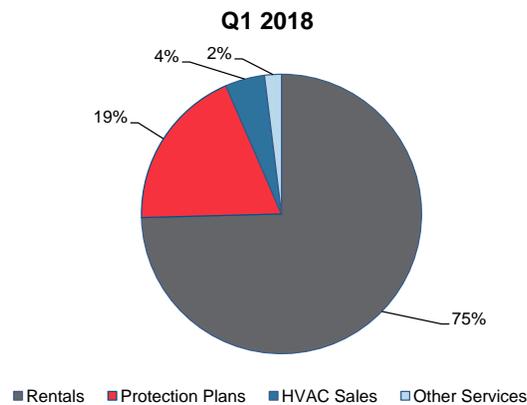

Gross Margin By Segment - Q1

Enercare Home Services Business

There are four main business activities within Enercare Home Services: Rentals, Protection Plans, HVAC Sales and Other Services (for example, duct cleaning and chargeable services). The graph below outlines Enercare Home Services' revenue mix.

Home Services Revenue By Category

Rentals

Enercare Home Services' main revenue stream is the rental of water heaters, HVAC products and water treatment solutions in both the new build and retrofit markets. The Rentals portfolio originated from the rental of water heaters, which continue to comprise the majority of the Rentals portfolio. Enercare Home Services has been growing its rental HVAC portfolio in recent years, which generate three to five times higher rental revenue than a traditional water heater. The inclusion of more HVAC rental units along with water heater products addressing space saving or higher efficiency features that address both regulatory requirements and consumer preferences, have increased average Rentals portfolio revenues over time. Most rental HVAC originations occur during the heating and cooling seasons.

Protection Plans

Enercare Home Services sells a variety of protection plans covering such items as furnaces, air conditioners, plumbing, fireplaces, electrical components and appliances. There are two types of protection plans: maintenance protection plans and full service protection plans. Maintenance protection plans provide for annual maintenance services, whereas full service protection plans provide a broader suite of protections, such as parts and labour. The plans are typically one year in length, with monthly or annual

payment options. Due to the annual nature of the contract, the protection plans tend to have a higher churn rate.

Protection plans are strategically important to generate future sales opportunities. Maintenance protection plans allow technicians to engage with homeowners to identify opportunities to drive additional customer value through expanded protection plan coverage or equipment replacement or servicing. Full service protection plans become increasingly attractive to homeowners as their equipment ages. Service calls for older furnaces and air conditioners are a significant source of leads for HVAC sales and rentals.

Enercare Home Services also sells multi-year extended protection plans to customers who purchase heating and cooling equipment. These plans not only allow Enercare Home Services to retain the customer relationship, but also provide for on-going maintenance and servicing if required. The plans augment the customer value proposition when a customer chooses to purchase rather than rent. Since the introduction of extended protection plans in May 2015, approximately 80% of residential HVAC equipment sales included an extended protection plan.

HVAC Sales

Enercare Home Services also provides customers the opportunity to purchase HVAC equipment outright or through a financing arrangement offered by Enercare Home Services. As in the case of HVAC rentals, most HVAC sales occur during the heating and cooling seasons.

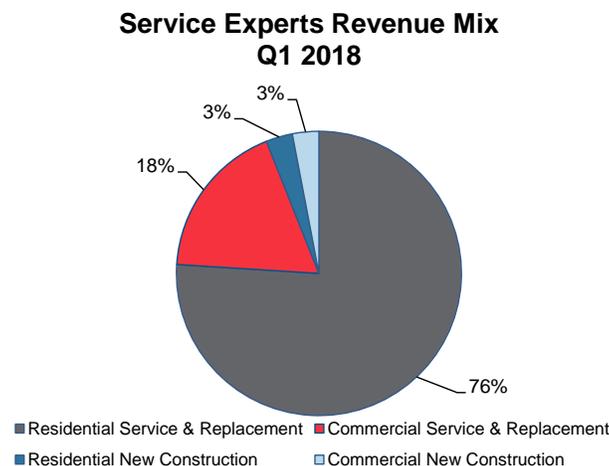

Other Services

Other Services include ancillary services such as duct cleaning, plumbing and electrical repair and other non-recurring chargeable services.

Service Experts

Service Experts' business is currently rooted in the service and replacement of HVAC equipment in residential and light commercial applications. Service Experts' offerings include maintenance, replacements, upgrades and sales of ancillary parts and services, such as plumbing. Since the SE Transaction, Enercare Solutions has worked to expand the business to include a focus on whole home offerings and recurring revenue streams more in-line with the Enercare Home Services business. Service Experts launched the rental model in its Canadian centers in October 2016 and started its U.S. HVAC rental program roll-out in early 2017.

Service Experts' revenue mix is illustrated in the following graph.

Commercial service and replacement offerings are provided through both local Service Experts centers as well as a national accounts group.

HVAC and Water Heater Sales, Servicing and Rentals

Residential HVAC and water heater sales consist primarily of on-demand unit replacements and upgrades. Commercial equipment installations, particularly in the national accounts group, consist of both on-demand and scheduled equipment sales. A customer can acquire HVAC and water heaters through an outright purchase or financing provided by a third party. Servicing consists of on-demand or tune-up HVAC servicing and repair.

A rental program was introduced by Service Experts for residential HVAC and water heater products in all of its Canadian centers in October 2016 and for residential HVAC products in seven U.S. states during 2017. Residential HVAC rentals are currently offered in 16 states. The introduction of the rental model is part of Enercare Solutions' plan to integrate rentals throughout the vast majority of Service Experts' U.S. operations to provide additional value to customers and concurrently create more stable long term revenues.

While the U.S. rental program is similar to the existing Canadian rental program, Enercare Solutions anticipates that the success of the rental program will evolve more slowly over time due to the U.S. regulatory environment and customer acceptance of the rental proposition where it has not historically existed.

Maintenance Agreements

Service Experts currently has two types of maintenance agreements in respect of HVAC equipment. The first is a maintenance only contract where semi-annual or annual maintenance visits are conducted to perform system cleaning, adjustments and diagnostics of the HVAC equipment, while the second is a full service plan that includes repair services along with certain parts and labour. These maintenance agreements not only generate recurring revenue but also promote customer loyalty and cross-selling opportunities.

Seasonality

Service Experts is subject to greater earnings seasonality than Enercare Home Services due to fewer recurring revenue sources. Service Experts' revenue and EBITDA Excluding Intercompany Income tend to be seasonally highest in the second quarter of the year, followed by the third and fourth quarters, and substantially less in the first quarter, primarily due to the geographical distribution of centers where Service Experts operates and associated weather patterns. The cooling season (roughly May through August) and heating season (roughly November through February) are periods when consumers transition their buying patterns from one season to the next. In most of the U.S. states in which Services Experts operates, cooling equipment represents a substantial portion of its annual HVAC replacement and service revenue, resulting in higher revenue in the second and third quarters of the year.

In the three Canadian provinces in which Service Experts operates, heating equipment represents a large portion of its Canadian replacement and service revenue.

As a result, working capital needs are generally greater in the first quarter, followed by higher operating cash flows in the second and third quarters of the year.

VISION AND STRATEGY

The forward-looking statements contained in this section are not historical facts but, rather, reflect Enercare Solutions' current expectations regarding future results or events and are based on information currently available to management.

Enercare Solutions' vision is to be North America's largest home and commercial services company.

Through its two business segments, which have complementary and mutually reinforcing objectives, Enercare Solutions is committed to meeting its strategic objectives, which include: (i) increased growth; (ii) investment in innovation and efficiency; and (iii) high customer engagement and satisfaction.

Enercare Solutions' strategy builds on many of its strengths, including the current successful Canadian rental program and associated recurring revenue base, a strong North American presence and large captive workforce. As part of Enercare Solutions' overall 2018 strategy and related priorities, corporate objectives are set each year to measure progress on its long-term strategic priorities and address short-term opportunities and risks.

Growing Rentals and Protection Plans in Enercare Home Services

Our main priority for the Enercare Home Services business in 2018 is to grow both revenue and EBITDA Excluding Intercompany Income by focusing on net rental and protection plan unit growth. This business segment will also increasingly focus on the development and rollout of the Enercare Smarter Home offering.

Expanding the Rental Program and Exploring Strategic Acquisitions in Service Experts

A key priority for the Service Experts business in 2018 is growing revenue and EBITDA Excluding Intercompany Income, while continuing to expand the rental programs for HVAC and water heater products in both Canada and the U.S. Our goal is to complete the rental program rollout in the vast majority of the U.S. operations by the fourth quarter of 2018. Service Experts will also continue to explore strategic acquisition opportunities.

Investing in Innovation

Enercare Solutions has embarked on an ongoing program to increase innovation and efficiency by investing in its systems and technology. This strategy is also aimed at enhancing the customer experience to gain long-term customer loyalty and differentiate Enercare Solutions from its competitors.

Enercare Home Services introduced a new Enercare Smarter Home offering in the first quarter of 2018. Enercare Smarter Home enables customers to utilize technology to support energy efficiency savings by providing insights on heating and cooling equipment functionality. Customers are able to use a mobile application to monitor and control their home at any time or place. The solution allows customers to monitor their energy usage, control their cooling and heating equipment, detect water leaks and enable remote water shut-off, amongst other things. Enercare Home Services is able to notify customers when issues arise, provide insights on equipment usage, complete any repairs and ultimately help customers conserve energy and save money. We believe this offering will strengthen our customer relationships as we move from a reactive to a proactive service model.

Enercare Solutions plans to implement an ERP system across its business as well as a cloud-based CRM system in its Enercare Home Services and Service Experts businesses. This initiative is currently in the early stages of implementation with a phased release approach, starting with Enercare Home Services. The first phase of Enercare Solutions' ERP system implementation was completed on-schedule in February 2018 to support the application of IFRS 9, which Enercare Solutions adopted during the first quarter of 2018. A

limited CRM system implementation for Enercare Home Services is planned for the second half of 2018, with plans to commence a more significant implementation near the end of 2019.

FINANCIAL HIGHLIGHTS AND KEY PERFORMANCE INDICATORS

RECENT DEVELOPMENTS

Service Experts Acquires Additional Operations in Texas

On January 4, 2018, Service Experts completed the acquisition of certain assets of CS Newco, LLC and Finch Newco, LLC, which offer residential and commercial HVAC, plumbing and other related services in certain Texas markets. The cash consideration for the acquisition was US \$15,000 or \$18,794, plus limited assumed warranty and other liabilities. Enercare Solutions funded a portion of the purchase price by drawing \$15,000 on the 2014 Revolver. Service Experts subsequently divested the foundation business acquired in this acquisition.

¹ Gross Margin, EBITDA Excluding Intercompany Income and Adjusted EBITDA are Non-IFRS financial measures. Enercare Solutions changed its definition of Adjusted EBITDA in the first quarter of 2018. Refer to the Non-IFRS Financial and Performance Measures section in this MD&A.

Service Experts Sells the Assets of Four Centers in Ontario

On January 16, 2018, SE Canada completed the sale of certain assets and liabilities related to its residential HVAC operations in four centers located in Whitby, Scarborough, Brampton and Ottawa, Ontario for cash consideration of approximately \$13,422. The sale of these assets and liabilities was completed to address Enercare Solutions' Ontario market overlap, resulting from the SE Transaction, between the service territory of these Service Experts centers with that of certain Enercare Home Services franchisees.

Resignation of Evelyn Sutherland and Appointment of Brian Schmitt as Chief Financial Officer

On January 28, 2018, Evelyn Sutherland, Enercare Solutions' Chief Financial Officer, resigned and Brian Schmitt assumed the role of acting Chief Financial Officer.

Appointment of Director

On January 30, 2018, John W. Chandler was appointed to the board of directors of Enercare and Enercare Solutions.

Order for Production of Information in respect of Enercare's Residential Water Heater Business

On February 2, 2018, as anticipated, an order for production of information was issued in connection with the Competition Bureau's inquiry into whether Enercare has a dominant market position supplying residential water heaters in the former EGD service territory and has engaged in anti-competitive acts through its water heater return procedures and its buyout form of contract. Known as a so-called "Section 11 order" under the Competition Act, this is a routine procedural step in a Bureau inquiry. Enercare has been voluntarily cooperating with the Bureau in its process and expects that it will satisfy the information requests within required timelines. As disclosed previously, Enercare provided the Bureau with its voluntary assurance in November 2014 regarding return procedures when it completed the DE Acquisition. That voluntary assurance did not address the buyout form of contract – a form of contract that the Bureau approved in 2010. Enercare believes that it has complied in all material respects with the voluntary assurance. Furthermore, Enercare believes that it does not have a dominant market position and, in any event, has not engaged in anti-competitive acts. Enercare strives to conduct its business in compliance with all applicable laws, including the Competition Act and the voluntary assurance provided to the Bureau. Although it is not possible to predict the outcome of the Bureau's inquiry at this stage in the process, Enercare expects to continue to work cooperatively with the Bureau to address its concerns and hopes to arrive at a mutually satisfactory resolution.

Service Experts Acquires Additional Operations in Florida

On March 5, 2018, Service Experts completed the acquisition of certain assets of Midway Services, LLC and MSICORP, LLC, which provide HVAC, plumbing and electrical, sales and service as well as residential interior kitchen, bath and general remodeling in Tampa, Florida. The cash consideration for the acquisition was USD \$8,000 or \$10,258, subject to post-closing adjustments. Service Experts funded the purchase price through Enercare Solutions drawing \$10,000 on the 2014 Revolver.

Enercare Home Services Launches Enercare Smarter Home Offering to Customers

On March 14, 2018, Enercare Home Services introduced its Enercare Smarter Home offering in Ontario. The offering enables customers to, among other things, monitor their energy usage, control their cooling and heating equipment, detect water leaks and enable remote water shut-off.

Enercare Solutions Reaches Collective Bargaining Agreement with Unifor Local 975

On March 27, 2018, Enercare Solutions announced that members of Unifor Local 975 voted to accept a new

three year collective bargaining agreement (CBA) with EHCS LP, effective April 1, 2017.

Enercare Annual General Meeting of Shareholders

At Enercare's Annual General Meeting of Shareholders held on April 26, 2018, shareholders elected all of management's director nominees and re-appointed PricewaterhouseCoopers LLP as Enercare's external auditor for the ensuing year. The directors and external auditor of Enercare are also the directors and external auditors of Enercare Solutions.

CONSOLIDATED RESULTS OF OPERATIONS

(000's)	Three months ended March 31,		Change	Percent Change
	2018	2017		
Consolidated				
Revenue	\$ 269,350	\$ 240,201	\$ 29,149	12%
Gross Margin	141,200	131,972	9,228	7%
EBITDA Excluding Intercompany Income	\$ 56,127	\$ 53,081	\$ 3,046	6%
Net loss on disposal	1,221	1,847	(626)	(34%)
Acquisition/divestiture SG&A	481	104	377	362%
Adjusted EBITDA	\$ 57,829	\$ 55,032	\$ 2,797	5%
Depreciation and amortization	36,803	36,030	773	2%
Interest expense	17,956	23,701	(5,745)	(24%)
Current tax expense	6,032	4,542	1,490	33%
Deferred tax (recovery)	(5,505)	(6,090)	585	(10%)
Net earnings/(loss)	\$ 1,704	\$ (4,240)	\$ 5,944	140%

Revenue

Total revenues of \$269,350 for the first quarter of 2018 increased by \$29,149 or 12% compared to the same period in 2017, primarily as a result of a \$23,668 or 19% increase in Service Experts driven by higher HVAC sales volumes and acquisitions. Enercare Home Services also increased \$5,480 or 5%, primarily from rental rate increases, net rental unit growth and asset mix changes.

Gross Margin

Total Gross Margin for the first quarter of 2018 was \$141,200, an increase of \$9,228 or 7%, compared to the same period in 2017. The increase was primarily as a result of a \$6,165 or 15% increase in Service Experts Gross Margin and \$3,062 or 3% increase in Enercare Home Services Gross Margin. The increase in Gross Margin was primarily driven by the \$29,149 or 12% increase in revenues, partly offset by higher service job volumes in Enercare Home Services, resulting from the colder weather experienced in January of 2018, and higher general liability, workers compensation and automobile insurance costs and fewer supplier rebates in Service Experts.

EBITDA Excluding Intercompany Income

EBITDA Excluding Intercompany Income of \$56,127 increased by \$3,046 or 6% in the first quarter of 2018 compared to the same period in 2017, driven primarily by a \$6,194 or 10% increase in Enercare Home Services and an increase of \$81 or 2% in Service Experts, partly offset by an increase in Corporate SG&A expenditures of \$3,229 or 104%. The increase in EBITDA Excluding Intercompany Income was primarily driven by improved Gross Margin, partly offset by \$7,419 or 10% of higher total SG&A costs, mainly driven by higher marketing related selling expenses of \$2,224 primarily in Service Experts, and \$1,900 of higher wages and benefits, primarily driven by acquisitions in Service Experts. Corporate allocations from Enercare

also increased by \$3,229 primarily related to higher information technology allocations, the chargeback of IT personnel transferred at the beginning of 2018 from Enercare Home Services to Corporate and higher corporate expenditures driven by the implementation of new ERP and CRM systems.

The following table shows total spending on SG&A expenses related to Enercare Solutions' implementation of its ERP and CRM systems during the three months ended March 31, 2018 and 2017.

(000's)	Three months ended March 31,		
	2018	2017	Change
SG&A expenditures			
Service Experts	\$319	\$ -	\$319
Total	\$319	\$ -	\$319

Adjusted EBITDA

Adjusted EBITDA of \$57,829 in the first quarter of 2018 was \$2,797 or 5% higher compared to the same period in 2017, after removing from EBITDA Excluding Intercompany Income the impact of the net loss on disposal of equipment and other assets and SG&A expenditures associated with acquisitions and divestitures. Acquisition and divestiture related expenditures of \$481 were primarily associated with the acquisition of CS Newco, LLC and Finch Newco, LLC, the acquisition of Midway Services, LLC and MSICORP, LLC, and the disposition of several centers in Canada and the foundation business in the U.S. during the first quarter of 2018. Acquisition related expenditures were \$104 in the same period in 2017.

Depreciation and Amortization

Amortization expense of \$36,803 increased by \$773 or 2% in the first quarter of 2018, compared to the same period in 2017, primarily due to an increasing rental and capital asset base and acquisitions.

Net Loss on Disposal of Equipment and Other Assets

Enercare Solutions reported a net loss on disposal of equipment and other assets of \$1,221 in the first quarter of 2018, a decrease of \$626 or 34% over the same period in 2017. The net loss on disposal during the first quarter of 2018 includes a \$331 loss on the sale of the foundation business that was acquired as part of the CS Newco, LLC and Finch Newco, LLC acquisition. This was partly offset by a \$113 gain on the sale of four Service Experts centers which was completed to address Enercare Solutions' Ontario market overlap, resulting from the SE Transaction, between the service territory of those Service Experts centers with that of certain Enercare Home Services franchisees.

The decrease in net loss on disposal is also driven by a write-off of \$845 in the first quarter of 2017 relating to stranded technology investments resulting from going concern issues with a supplier that was developing software solutions for the Enercare Home Services business.

Interest Expense

(000's)	Three months ended March 31,	
	2018	2017
Interest expense payable in cash	\$9,838	\$9,656
Interest expense on subordinated debt	875	875
Interest expense on promissory note	6,768	6,972
Make-whole payment on early redemption of senior debt	-	5,049
Non-cash items:		
Notional interest on employee benefit plans	238	226
Amortization of financing costs	237	923
Interest expense	\$17,956	\$23,701

Interest expense payable in cash increased by \$182 or 2% to \$9,838 in the first quarter of 2018 compared to the same period in 2017. The increase was primarily related to an increase in the amounts drawn under the 2014 Revolver and changes in variable interest rates. A make-whole payment for the early redemption of the 2012 Notes during the first quarter of 2017 resulted in additional interest expense of \$5,049.

Income Taxes

Enercare Solutions reported current tax expense of \$6,032 in the first quarter of 2018, an increase of \$1,490 compared to the same period in 2017. The increase was primarily from higher taxes owed in 2018, resulting from the sale of certain centers by SE Canada. The deferred income tax recovery of \$5,505 in the first quarter of 2018 decreased by \$585 compared to the same period in 2017, primarily as a result of temporary difference reversals in the Enercare Home Services and Service Experts businesses.

Net Earnings

Net earnings were \$1,704 in the first quarter of 2018, an increase of \$5,944, compared to the first quarter of 2017, reflecting higher EBITDA Excluding Intercompany Income and lower interest expense, partly offset by higher depreciation and amortization and an increase in income taxes.

Average Foreign Exchange

Enercare Solutions' results of operations may be affected by the impact of movements in foreign exchange rates from operations whose functional currency is not in Canadian dollars. The results of these foreign operations are translated into Canadian dollars using the average exchange rates shown in the table below for the corresponding periods. Such translations predominantly relate to Service Experts' U.S. operations whose functional currency is U.S. dollars. Where relevant throughout the "Segmented Results of Operations" discussion in this MD&A, reference is made to any material impacts resulting from movements in foreign exchange rates on reported amounts. The following table illustrates the approximate impact of foreign exchange on Enercare Solutions' results for the three months ended March 31, 2018 assuming average exchange rates during the current period were held constant to those of the same period in 2017.

(in \$000's)	Three months ended March 31,		Difference
	2018	2017	
Average exchange rate (US\$/CDN\$1.00)	\$ 0.7910	\$ 0.7553	\$0.0357

	2018	Three months ended March 31,	
		2018 Constant Currency*	Impact of Foreign Exchange
Revenue	\$130,684	\$136,845	\$ (6,161)
Gross Margin	41,381	43,360	(1,979)
SG&A expenses	44,348	46,404	(2,056)
Loss on disposal	253	258	(5)
EBITDA Excluding Intercompany Income			\$ (82)

* Constant currency is a non-IFRS presentation that other companies may calculate differently. It approximates the impact of foreign exchange on Enercare Solutions' results to improve comparability, assuming average exchange rates during the current period were held constant to those of the same period in 2017.

Adjusted EBITDA	\$ 67,046	\$ 61,605	\$ 5,441	9%

Revenue

Enercare Home Services revenue of \$117,055 for the first quarter of 2018 increased by \$5,480 or 5% compared to the same period in 2017, primarily driven by a \$5,037 increase in contracted revenue and a \$407 increase in sales and other services revenue.

Contracted revenue in Enercare Home Services represents revenue generated by the Rentals portfolio and protection plan contracts, while sales and other services revenue mainly pertains to the sale of residential furnaces, boilers and air conditioners, as well as plumbing and duct cleaning.

Contracted units outstanding and net portfolio unit activity along with sales units are presented in the following table:

Unit / Contract Continuity (000's) Three months ended March 31,	2018			2017

Attrition	(0.6%)		(2.7%)	(0.7%)		(2.8%)
Asset exchanges – units retired & replaced	1.0%		-	0.9%		-

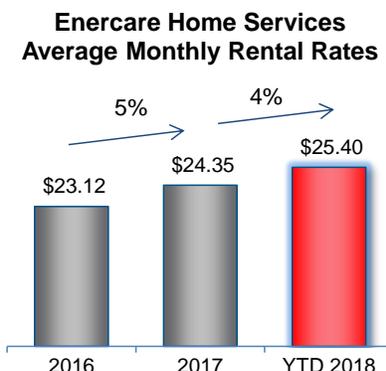

* Enercare Home Services portfolio addition and attrition units/contracts presented have been rounded to thousands of units/contracts. To ensure consistency with rounded year to date and period end balances, the rounded units/contracts presented in the chart above may vary by +1 or -1 in certain quarters from results rounded to the nearest hundred units/contracts which may be discussed in this MD&A.

Rentals

The increase in contracted revenue was primarily driven by a \$5,129 or 6% increase in Rentals revenue resulting from net water heater and HVAC rental unit growth, rental rate increases and asset mix changes within the portfolio.

Portfolio additions were approximately 9,000 units in the first quarter of 2018, which was consistent with the same period in 2017. HVAC rental additions of 2,919 units increased by 162 or 6%, driven partly by cooler weather conditions in the first quarter of 2018, as measured by heating degree days², compared to the same period in 2017. Portfolio attrition of approximately 7,000 units in the first quarter of 2018 was approximately 1,000 or 13% lower compared to the same period in 2017. This represents the eleventh consecutive quarter of net rental unit growth for Enercare Home Services.

In addition to rental unit growth, Enercare Home Services is also able to grow revenue through annual rental rate increases. In January of 2017 and 2018, Enercare Home Services increased its weighted average water heater portfolio rental rate by 3.10% and 3.09%, respectively and in January 2018, increased its weighted average HVAC portfolio rental rate by 1.8%. This, in combination with asset mix changes, led to an increase in the average portfolio rental rate of 5% from 2016 to 2017 and 4% from 2017 to the first quarter of 2018.

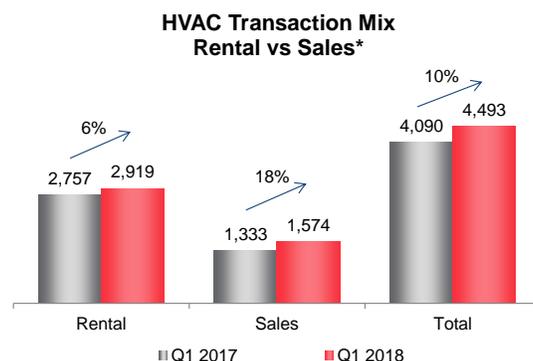

Protection Plans

Enercare Home Services' protection plan revenues of \$22,207 for the first quarter of 2018 increased by \$92 from the same period in 2017, driven by the increase in the number of protection plans partially offset by more competitive pricing. The protection plan portfolio increased by approximately 2,000 plans during the first quarter of 2018 to 554,000 plans. This represents the fifth consecutive quarter of net protection plan growth. Protection plan additions of approximately 17,000 plans decreased by 11% in the first quarter of 2018, while attrition of approximately 15,000 plans remained consistent with the same period in 2017. Fewer protection plan additions were the result of the launch of the electrical protection plan during the first quarter of 2017, which was supported by promotional pricing. Attrition includes approximately 2,200 (2017 – 2,100) protection plans cancelled as a result of those plans being replaced by rentals as part of the Enercare Home Services growth strategy.

Sales and Other Services

During the first quarter of 2018, Enercare Home Services sales and other services revenue increased by \$407 or 6% compared to the same period in 2017, primarily driven by an increase in HVAC sales. Approximately 1,574 units were sold during the quarter, representing an increase of 18% from the same period in 2017. Enercare Home Services continued to adjust its HVAC rental product offers, which shifted originations slightly more toward sales during the first quarter of 2018. The increase in sales was partially offset by more competitive pricing offered on HVAC sales units compared to the first quarter of 2017.

² Heating/cooling degree days for a given day represent the number of Celsius degrees that the mean temperature is above or below a given base temperature, in this case 18°C. If the temperature is equal to 18°C, then the number will be zero. Values above or below the base of 18°C are used primarily to estimate the heating and cooling requirements of buildings. Temperatures below 18°C result in higher heating degree days (lower cooling degree days), while those above 18°C result in lower heating degree days (higher cooling degree days).

* HVAC rental and sales units presented include residential, commercial and multi-residential rental additions and sales.

Gross Margin

Enercare Home Services Gross Margin of \$92,822 for the first quarter of 2018 increased by \$3,062 or 3%, compared to the first quarter of 2017, primarily driven by a rental rate increase implemented in January 2018. Gross Margin in the first quarter of 2018 was also impacted by an increase of approximately 9% in service job volumes as a result of the colder weather experienced in January 2018.

EBITDA Excluding Intercompany Income

Enercare Home Services EBITDA Excluding Intercompany Income in the first quarter of 2018 increased by \$6,194 or 10% to \$65,936, primarily driven by a \$3,062 increase in Gross Margin and lower SG&A expenditures of \$1,747 and lower net loss on disposal of \$753.

Enercare Home Services SG&A expenses of \$26,330 in the first quarter of 2018 decreased by \$1,747 or 6%, compared to the same period in 2017. The \$1,747 decrease was primarily as a result of approximately \$800 in lower office expenses, mainly due to Enercare's ownership of its corporate office starting in the second quarter of 2017 and \$600 in lower wages and benefits, mainly due to lower stock-based compensation costs resulting from a decrease in the Share price and a transfer of IT personnel to Corporate, partially offset by other increases.

Adjusted EBITDA

Enercare Home Services Adjusted EBITDA in the first quarter of 2018 increased by \$5,441 or 9% to \$67,046, primarily driven by higher EBITDA Excluding Intercompany Income excluding the decrease in net loss on disposal of \$753.

Service Experts Business

(000's)	Three months ended March 31,		Change	Percent Change
	2018	2017		
Revenue	\$151,432	\$127,764	\$23,668	19%
Gross Margin	\$ 47,515	\$ 41,350	\$ 6,165	15%
EBITDA Excluding Intercompany Income	\$ (3,475)	\$ (3,556)	\$ 81	2%
Adjusted EBITDA	\$ (2,883)	\$ (3,468)	\$ 585	17%

Revenue

Service Experts revenue was \$151,432 for the first quarter of 2018, increasing by \$23,668 or 19% compared to the same period in 2017, primarily due to \$21,368 higher sales and other services revenue and \$2,287 higher contracted revenue. Revenue growth was lower by approximately \$6,161 due to fluctuations in foreign exchange compared to the same period in 2017, as discussed under the section titled "Consolidated Results of Operations - Average Foreign Exchange".

Service Experts acquired Church Services, Hammond and Aramendia in 2017 and CS Newco, LLC and Finch Newco, LLC, and Midway Services, LLC and MSICORP, LLC in the first quarter of 2018 and disposed of four centers located in Ontario and a foundation business in the U.S. in the first quarter of 2018. Revenue recognized from the acquisitions and divestitures are \$14,376 and \$1,008, respectively, for the first quarter of 2018 compared to \$436 and \$5,199, respectively, from the same period in 2017. These acquisitions net of divestitures resulted in revenue of \$15,384 in the first quarter of 2018, a net increase of \$9,748 compared to the same period in 2017.

Contracted maintenance agreement revenue increased by \$1,907 or 17%, with rental revenue improving by \$380 or 633%. Increased revenue for sales and other services mainly pertains to higher sales and installations of HVAC and water heaters, as well as plumbing.

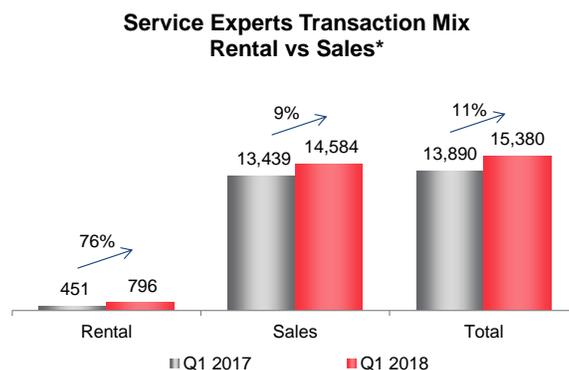

Contracted revenue and sales and other services revenue are primarily driven by unit growth for these business activities as illustrated in the following table:

Unit / Contract Continuity (000's)	Three months ended March 31,					
	2018			2017		
	HVAC & Rentals	Water Heater Sales	Maintenance Agreements	HVAC & Rentals	Water Heater Sales	Maintenance Agreements
Units/contracts - start of period	2	-	217	-	-	216

Attrition	- %		(8.8%)	- %		(9.7%)
Asset exchanges – units retired & replaced	- %		-%	- %		- %

* Service Experts portfolio addition and attrition units/contracts presented have been rounded to thousands of units/contracts. To ensure consistency with rounded year to date and period end balances, the rounded units/contracts presented in the chart above may vary by +1 or -1 in certain quarters from results rounded to the nearest hundred units/contracts which may be discussed in this MD&A.

HVAC and Water Heater Sales and Servicing

The \$21,368 or 18% increase in sales and other services revenue was driven mainly by greater HVAC and water heater sales and increases in average selling prices from shifts towards higher value and ancillary product sales. During the first quarter of 2018, Service Experts sold approximately 14,584 HVAC and water heater units, an increase of 9% compared to the same period in 2017, mainly due to the acquisitions completed after the first quarter of 2017 and cooler weather trends experienced in U.S. and Canada. A comparison of HVAC and water heater sales and rentals for the first quarter of 2018 and 2017 is outlined in the chart below.

* Prior period results have been updated to reflect revised actuals.

Maintenance Agreements

Maintenance agreement revenue increased by \$1,907 or 17% compared to the first quarter of 2017. Service Experts maintenance agreement revenue was lower by \$3,386 during the first quarter of 2017 as a result of purchase accounting adjustments of deferred revenue associated with the SE Transaction. Net of these adjustments, maintenance agreement revenue decreased by \$1,479, primarily from the disposition of approximately 17,000 agreements as part of Service Experts' disposal of four centers located in Ontario during in the first quarter of 2018. Excluding disposals, net maintenance agreements increased during the quarter by approximately 2,000 units compared to 1,000 units during the same period in 2017.

Rentals

Rental revenue of \$440 was \$380 greater than the same period in 2017 as a result of an increase in the rental portfolio of 2,600 units since the first quarter of 2017, of which 800 were added in the first quarter of 2018. The rental proportion of total residential units sold improved in the first quarter of 2018 to approximately 25.1% in Canada and 7.2% in the U.S., compared to 14.2% and 2.2% in Canada and the U.S., respectively, in the first quarter of 2017.

Had the 450 HVAC and 346 water heater rental additions been sales, as opposed to rentals, Service Experts' revenue and EBITDA Excluding Intercompany Income would have increased by approximately \$3,636 and \$1,304, respectively. This estimate takes into account the impact of lost one-time sales revenue, net of rental revenue earned during the quarter, and capitalized costs that would have otherwise been included in cost of goods sold had these new HVAC and water heater rental additions been sales as opposed to rentals.

Gross Margin

Service Experts Gross Margin of \$47,515 for the first quarter of 2018 increased by \$6,165 or 15%, compared to the same period in 2017, primarily due to \$23,668 higher revenue, partly offset by \$17,503

higher cost of goods sold. Acquisitions net of divestitures contributed \$4,558 of net Gross Margin in the first quarter of 2018, an increase of \$2,840 compared to the same period in 2017.

Gross Margin growth was lower by approximately \$1,979 due to fluctuations in foreign exchange compared to the same period in 2017, as discussed under the section titled "Consolidated Results of Operations - Average Foreign Exchange". Gross Margin in the first quarter of 2018 was also impacted by approximately \$900 of higher general liability, workers compensation, and automobile insurance costs and \$200 of fewer supplier rebates driven by a higher proportion of sales generated through retail channels.

During the first quarter of 2017, purchase accounting adjustments for the service obligation associated with the SE Transaction reduced Service Experts' cost of goods sold by \$2,683 resulting in lower Gross Margin of \$703.

EBITDA Excluding Intercompany Income

Service Experts EBITDA Excluding Intercompany Income of a \$3,475 loss in the first quarter of 2018 improved by \$81 or 2% compared to the same period in 2017. The increase in Service Experts EBITDA Excluding Intercompany Income was primarily the result of \$6,165 higher Gross Margin, partly offset by \$5,937 higher SG&A costs and \$127 higher net loss on disposal. Service Experts EBITDA Excluding Intercompany Income was also lower by approximately \$82 due to fluctuations in foreign exchange compared to the same period in 2017, as discussed under the section titled "Consolidated Results of Operations - Average Foreign Exchange".

Acquisitions and dispositions resulted in net decrease in EBITDA Excluding Intercompany Income of \$67 in the first quarter of 2018, a decrease of \$84 from the same period in 2017.

Service Experts SG&A expenses of \$50,862 in the first quarter of 2018 increased by \$5,937 or 13% compared to the same period in 2017. The increased expenditures were primarily as a result of higher wages and benefits of approximately \$2,500, \$2,100 in sales and marketing expenses, office expenses of \$700 and \$500 in professional fees due to greater acquisition and divestiture activities during the first quarter of 2018 compared to the same period in 2017.

Higher wages and benefits of \$2,500 was driven by additional employee related expenses due to acquisitions during 2017 and the first quarter of 2018, offset by lower stock-based compensation costs due to a decrease in the Share price. The higher sales and marketing expenses of \$2,100 were mainly driven by costs related to enhancements to the rental program and associated training, which began in the fourth quarter of 2017, and higher marketing costs, primarily to build brand awareness in the Dallas market.

In the first quarter of 2018, Service Experts SG&A included \$481 of acquisition and disposition related expenditures associated with the acquisition of CS Newco, LLC and Finch Newco, LLC and Midway Services, LLC and MSICORP, LLC and the disposition of the business centers from the franchise overlap and a line of business from the CS Newco, LLC and Finch Newco, LLC acquisition.

The net loss on disposal during the first quarter of 2018 includes a \$331 loss on the sale of the foundation business that was acquired as part of the CS Newco, LLC and Finch Newco, LLC acquisition. This was partly offset by a \$113 gain on the sale of four Service Experts centers which was completed to address Enercare's Ontario market overlap, resulting from the SE Transaction, between the service territory of those Service Experts centers with that of certain Enercare Home Services franchisees.

Adjusted EBITDA

Service Experts Adjusted EBITDA loss in the first quarter of 2018 increased by \$585 or 17% to a loss of \$2,883, primarily driven by EBITDA Excluding Intercompany Income as noted above excluding the increase of the net loss on disposal of \$127 and a \$377 increase in acquisition costs in the first quarter of 2018

compared to the same period in 2017.

Corporate

(000's)	Three months ended March 31,		Change	Percent Change
	2018	2017		
Revenue	\$ 863	\$ 862	\$ 1	-%
Gross Margin	\$ 863	\$ 862	\$ 1	-%
EBITDA Excluding Intercompany Income	\$ (6,334)	\$ (3,105)	\$ (3,229)	(104%)
Adjusted EBITDA	\$ (6,334)	\$ (3,105)	\$ (3,229)	(104%)

EBITDA Excluding Intercompany Income and Adjusted EBITDA

Corporate EBITDA Excluding Intercompany Income and Adjusted EBITDA in the first quarter of 2018 decreased by \$3,229 or 104% to a loss of \$6,334, primarily due to \$3,229 of higher corporate allocations from Enercare. The increase in corporate allocations was primarily related to higher information technology allocations, the chargeback of IT personnel transferred at the beginning of 2018 from Enercare Home Services to Corporate and higher corporate expenditures driven by the implementation of new ERP and CRM systems.

Non-IFRS Measures of Gross Margin, EBITDA Excluding Intercompany Income and Adjusted EBITDA

The following tables summarize the comparative quarterly results for the last eight quarters, and reconcile Gross Margin to revenue, an IFRS measure, as well as reconcile Net Earnings, an IFRS measure, to EBITDA Excluding Intercompany Income and Adjusted EBITDA.

(000's)	Q1/18	Q4/17*	Q3/17*	Q2/17*	Q1/17*	Q4/16	Q3/16	Q2/16
Revenue	\$269,350	\$281,852	\$292,269	\$311,642	\$240,201	\$260,383	\$274,208	\$211,221

Current tax expense	6,032	4,680	4,713	5,629	4,542	10,679	14,396	14,318
Amortization expense	36,803	37,235	36,784	36,716	36,030	36,544	35,958	33,481
Interest expense	17,956	18,216	17,733	17,631	23,701	16,430	16,298	15,052
Less: Dividend (income)	(863)	(863)	(863)	(863)	(862)	(863)	(863)	(863)
EBITDA excluding intercompany income	\$56,127	74,514	76,625	79,094	53,081	71,215	75,196	68,579
Add: Net loss on disposal	1,221	445	643	5,137	1,847	893	734	931
Add: Acquisition/Divestiture SG&A	481	410	320	273	104	603	4,347	5,240
Adjusted EBITDA	\$57,829	\$75,369	\$77,588	\$84,504	\$55,032	\$72,711	\$80,277	\$74,750

The variances over the last eight quarters are primarily due to the following:

1. Net earnings are impacted by rental rate increases, generally implemented in January of each year, and accruals related to billing and servicing matters, as well as the Service Experts results commencing in the second quarter of 2016. Net earnings are also impacted by seasonality, particularly in respect of the Service Experts business (see "Overview – Service Experts – Seasonality").
2. During 2016, current taxes reflect the impact of a one year tax deferral available in 2015 through a subsidiary of Enercare Solutions that was not available in 2016 and, accordingly, resulted in higher current tax expenses.

3. During the first quarter of 2017, additional interest expense was incurred as a result of the early redemption of the 2012 Notes, which included a make-whole payment of \$5,049. During the first and second quarters of 2016, additional interest expense was incurred as part of the SE Transaction, related to the 2016 Term Loan, bridge financing and the treatment of SE Subscription Receipts for accounting purposes.
4. Amortization and net loss on disposal of equipment and other assets are primarily driven by unit continuity activity, such as Attrition, exchanges and outstanding units. Increases in amortization of capital assets and intangibles relate primarily to increased additions. Commencing in the second quarter of 2016, amortization reflects increases from the amortization of capital assets and intangibles of the Service Experts business.
5. Net loss on disposal of equipment and other assets are primarily driven by unit continuity activity, such as Attrition, exchanges and disposal of assets. During the first quarter of 2018, net loss on disposal included a gain of \$113 resulting from the disposition of certain centers in SE Canada to address Enercare Solutions' Ontario market overlap, resulting from the SE Transaction, and a loss of \$331 from the disposal of the foundation services business of CS Newco, LLC and Finch Newco, LLC. During the second quarter of 2017, net loss on disposal included a write-off of \$5,165 of software intangible assets related to the CRM and ERP systems that Service Experts had been developing. A new common platform will be implemented across both the Enercare Home Services and Service Experts businesses. During the first quarter of 2017, net loss on disposal included a write-off of \$845 relating to stranded technology investments resulting from going concern issues with a supplier that was developing software solutions for the Enercare Home Services business.

Cash provided by financing activities	4,895	30,682
Cash and equivalents – end of period	\$ 16,909	\$ 18,305

Management believes that Enercare Solutions has sufficient cash flow, cash on hand and available credit to meet its 2018 obligations, including capital expenditures, financing activities and working capital requirements for its businesses.

Operating Cash Flow

Operating Cash Flow of \$22,682 in the first quarter of 2018 increased by \$39,410, compared to the same period in 2017, primarily due to higher net earnings.

³ Operating Cash Flow is a Non-IFRS financial measure. Refer to the Non-IFRS Financial and Performance Measures section in this MD&A.

Capital Expenditures

Capital expenditures typically have a significant impact on liquidity and are best understood with reference to unit/contract continuity (see “Segmented Results of Operations”).

Net capital expenditures of \$31,508 in the first quarter of 2018 increased by \$2,014 compared to the same period in 2017, due to increased HVAC and water heater rentals and changes in asset mix. The acquisition amounts of \$18,794 and \$10,258 represent the consideration paid for the acquisitions of CS Newco, LLC and Finch Newco, LLC and Midway Services, LLC and MSICORP, LLC. The decrease of \$1,096 in the acquisition of intangible assets is primarily due to higher expenditures on upgrades and optimization of information technology systems in the first quarter of 2017.

In the first quarter of 2018, net capital expenditures in Enercare Home Services of \$29,045 increased by \$2,040, primarily as a result of unit additions and asset exchanges, net of proceeds on disposal and excluding assets not yet commissioned. Attrition in the Enercare Home Services business of approximately 6,900 units in the first quarter of 2018 remained comparable to the same period in 2017. In the Service Experts business, 796 water heater and HVAC rental additions were installed during the first quarter of 2018, for a total of 3,255 installed units since the introduction of its rental programs in late 2016.

Cash from Financing

Financing activities for Enercare Solutions reflect dividend payments, periodic financing of Enercare Solutions’ indebtedness, acquisitions, and to a much lesser extent financing of the Service Experts business.

Capitalization (000’s)	Three months ended March 31,	
	2018	2017
Cash and cash equivalents	\$ 16,909	\$ 18,305
Net investment in working capital	5,409	3,472
Cash, net of working capital	22,318	21,777
Total senior debt	1,069,666	1,017,298
Promissory note	688,088	705,479
Subordinated debt	50,000	50,000
Shareholders’ equity	(219,679)	(195,624)
Total capitalization – book value	\$1,588,075	\$1,577,153

Typically, Enercare Solutions maintains cash balances and available credit to provide sufficient cash reserves to satisfy short-term requirements, including interest payments, dividends and certain capital expenditures and acquisitions.

Dividends paid reflect cash dividend payments on outstanding common shares.

During the first quarter of 2018, other financing activities included \$11,993 of financing repayments of subordinated promissory notes and obligations under finance leases. Enercare Solutions also drew an additional \$35,000 on the 2014 Revolver primarily to fund acquisitions and growth capital.

At March 31, 2018, total debt was comprised of the 2013 Notes, the 2014 Revolver, the 2016 Term Loan and the 2017 Notes. Of the available credit of \$200,000 under the 2014 Revolver, \$90,000 was drawn as at March 31, 2018.

Enercare Solutions is subject to a number of covenant requirements as described in the AIF and below. The following discussion outlines the principal covenants.

Debt Financing

As described in the AIF, the 2014 Revolver and 2016 Term Loan each contain terms, representations, warranties, covenants and events of default that are customary for credit facilities of this kind, including financial covenants discussed below, restrictions on asset sales and reorganizations, a negative pledge and limits on distributions to Enercare (and, therefore, in effect, holders of Shares). Events of default under the 2014 Revolver and 2016 Term Loan include a cross-default provision and the occurrence of a change of control of Enercare or Enercare Solutions. Enercare Solutions' obligations under the 2014 Revolver and 2016 Term Loan are guaranteed by all of Enercare Solutions' material direct and indirect subsidiaries.

The 2016 Term Loan is payable interest only until maturity and is pre-payable in whole or in part at any time without penalty. The 2016 Term Loan bears interest at a rate of LIBOR plus 125 basis points or base rate plus 25 basis points at Enercare Solutions' credit rating as of the date hereof.

As described in the AIF, the 2014 Revolver and 2016 Term Loan contain the following financial covenants (i) all additional incurrences of senior debt, with certain exceptions, must, on the date of incurrence, result in a pro forma ratio equal to or greater than 3.8 to 1.0 of Incurrence EBITDA (as defined in the Senior Unsecured Indenture) to Net Interest Expense (as defined in the Senior Unsecured Indenture); (ii) the ratio of total debt (other than subordinated debt) to "Adjusted EBITDA" must be less than 4.75 to 1; and (iii) the ratio of Adjusted EBITDA to "Cash Interest Expense" must be greater than 3.00 to 1.

As described in the AIF, the 2014 Revolver and 2016 Term Loan define "Adjusted EBITDA" as the consolidated net income of Enercare Solutions and any losses on dispositions of assets less, to the extent included in calculating such net income, all interest income and income tax recoveries, gains on hedging contracts and all extraordinary, non-recurring and unusual income items, plus, to the extent deducted in calculating such net income, amounts for total interest expense, fees payable under the Origination Agreement, amortization and depreciation expenses, income taxes and any other non-cash items, losses on hedging contracts, proceeds of disposal of water heaters in the ordinary course of business, and with respect to the DE Acquisition, transaction expenses, one-time rebranding costs and information technology system harmonization costs up to \$23,500 in the aggregate, determined on a consolidated basis, and with respect to the SE Transaction, transaction and integration costs up to \$10,300 in the aggregate. The 2014 Revolver and 2016 Term Loan essentially define "Cash Interest Expense" as the aggregate amount of interest and other financing charges payable in cash and expensed by Enercare Solutions with respect to debt (other than subordinated debt between Enercare Solutions and Enercare or any subsidiary of Enercare Solutions or between subsidiaries of Enercare Solutions), but excluding any make-whole, prepayment, penalty or premium or other yield maintenance amount with respect to debt.

Enercare Solutions was in compliance with the covenants within the 2014 Revolver and 2016 Term Loan as of March 31, 2018. A total of \$90,000 was drawn under the 2014 Revolver as at March 31, 2018.

2013 Notes and 2017 Notes – Incurrence Test

The covenants in respect of the 2013 Notes and 2017 Notes are contained in the Senior Unsecured Indenture. Under the terms of the Senior Unsecured Indenture, Enercare Solutions may not incur additional senior debt other than certain refinancing debt and certain working capital debt if the Incurrence Test (as described in the AIF) is less than 3.8 to 1.

On March 31, 2018, Enercare Solutions exceeded this minimum and had the capacity under the covenant to raise more than \$300,000 additional senior debt should it elect to do so.

SUMMARY OF QUARTERLY RESULTS

(000's)	Q1/18	Q4/17	Q3/17	Q2/17	Q1/17	Q4/16	Q3/16	Q2/16
Total revenue	\$269,350	\$281,852	\$292,269	\$311,642	\$240,201	\$260,383	\$274,208	\$211,221
Net earnings/(loss)	1,704	15,838	16,719	18,405	(4,240)	14,382	17,161	14,504
Dividends declared	\$ 18,112	\$ 16,649	\$ 17,792	\$ 17,784	\$ 17,066	\$ 18,382	\$ 12,075	\$ 6,160

In addition to quarterly comments found under “Consolidated Results of Operations – EBITDA Excluding Intercompany Income” and “Consolidated Results of Operations – Adjusted EBITDA”, differences in net earnings between quarters reflect the timing of expenses, current tax expense, the temporary difference reversals of deferred income tax and the impact of the SE Transaction in the second quarter of 2016. Cash payments to Enercare are comprised of corporate charges from Enercare, interest and debt repayments on the Subordinated Promissory Notes and dividend payments. Dividends declared primarily reflect the additional cash required to fund dividends paid by Enercare.

SUMMARY OF CONTRACTUAL DEBT AND LONG TERM OBLIGATIONS

The following schedule summarizes the contractual debt of Enercare Solutions at March 31, 2018:

	Interest Rate	Maturity	Principal Amount March 31, 2018	Principal Amount December 31, 2017
2013 Notes	4.60%	February 3, 2020	\$ 225,000	\$ 225,000
2017-1 Senior Notes	3.38%	February 21, 2022	275,000	275,000
2017-2 Senior Notes	3.99%	February 21, 2024	225,000	225,000
2016 Term Loan	3.11% ⁽¹⁾	May 11, 2020 ⁽¹⁾	257,880	250,900
2014 Revolver	2.85% ⁽²⁾		90,000	55,000
Total			\$1,072,880	\$1,031,107

(1) The 2016 Term Loan is payable interest only until maturity and is pre-payable in whole or in part at any time without penalty. The 2016 Term Loan has interest at a rate of LIBOR plus 125 basis points, or base rate plus 25 basis points at Enercare Solutions' credit rating as of the date hereof, which was 3.11% at March 31, 2018.

(2) The 2014 Revolver bears a standby charge of 0.25% and interest on amounts drawn at a variable rate based upon the applicable banker's acceptance rate plus 1.25%, which was 2.85% at March 31, 2018.

As at March 31, 2018, long-term senior contractual obligations of Enercare Solutions included debt service on the 2013 Notes bearing interest at 4.60%. The 2017-1 Notes and 2017-2 Notes offered on February 21, 2017 bear interest at 3.38% and 3.99% and are due in February 2022 and February 2024, respectively. Interest on the 2013 Notes is payable semi-annually on February 3 and August 3.

During the first quarter of 2018, Enercare Solutions drew \$35,000 on the 2014 Revolver. As at March 31, 2018, a total of \$90,000 was drawn on the 2014 Revolver.

The following schedule summarizes Enercare Solutions' significant contractual obligations, including payments due for each of the next five years and thereafter:

Period (000's)	Debt ⁽¹⁾		Finance Lease Obligations ⁽²⁾		Other ⁽³⁾ Obligations
	Principal	Interest	Principal	Interest	
Due in 2018	\$ -	\$ 26,202	\$ 7,097	\$ 545	\$ 5,480
Due in 2019	-	38,385	8,804	484	5,212
Due in 2020	482,880	28,683	7,424	271	4,214
Due in 2021	90,000	20,745	4,710	114	2,255
Due in 2022	275,000	10,293	1,546	23	1,081
Thereafter	225,000	10,248	148	2	937
Total	\$1,072,880	\$ 134,556	\$ 29,729	\$ 1,439	\$19,179

(1) Fixed interest payments are based on the maturing face values and annual interest for each instrument, including the 2013 Notes, 2017 Notes, 2016 Term Loan and 2014 Revolver. Variable interest payments are based on the forward rates as of March 31, 2018.

(2) The obligations under finance leases in Enercare Home Services bear floating interest rates that are either 2.5% above the one month banker's acceptance rate per annum or equal to the yield of interest rate swaps as quoted in the Federal Reserve system per annum. The obligations under vehicle finance leases in Service Experts during the period bear fixed interest rates of 0.97% to 2.44%, at floating interest rates that are 2.5% above the three month banker's acceptance rate or 0.75% above the three month LIBOR rate per annum. The finance leases mature at dates ranging between April 2018 and February 2025.

(3) Other obligations include long-term sponsorship, premises and office equipment. Substantially all of the future expense obligations are the result of naming rights for the Enercare Centre and leased premises.

As at March 31, 2018, Enercare Solutions had additional long term liabilities which included post-employment and other long term employee benefit plan liabilities, deferred income tax liabilities and provisions, including insurance liabilities. These long term liabilities have not been included above as the timing and amount of future payments are uncertain.

ENERCARE SOLUTIONS SHARES ISSUED AND OUTSTANDING

Enercare Solutions' articles of amalgamation provide for the issuance of an unlimited number of common shares.

At March 31, 2018, there were 1,169 common shares issued and outstanding.

NON-IFRS FINANCIAL AND PERFORMANCE MEASURES

The interim financial statements of Enercare Solutions are prepared in accordance with IFRS. Enercare Solutions' basis of presentation and significant accounting policies are summarized in detail in notes 2 and 3 of the interim financial statements for the period ended March 31, 2018.

Enercare Solutions reports on certain non-IFRS measures that are used by management to evaluate the performance of Enercare Solutions and meet certain covenant requirements relating to debt financing. Since non-IFRS measures do not have standardized meanings prescribed by IFRS, securities regulations require that non-IFRS measures be clearly defined, qualified, and reconciled with their nearest IFRS measure. These measures do not have standardized meanings or interpretations, and may not be comparable to similar terms and measures provided by other issuers.

Gross Margin, EBITDA Excluding Intercompany Income, Adjusted EBITDA, Operating Cash Flow and Capital Expenditures and Acquisitions should not be construed as alternatives to net income determined in accordance with IFRS as indicators of Enercare Solutions' performance.

Non-IFRS financial indicators used by Enercare Solutions and reported in this MD&A, in addition to the Non-IFRS financial measures, include:

Measures of Asset Portfolio Performance

Capital Expenditures and Acquisitions

Enercare Solutions makes two principal types of investments to grow its installed base of water heaters, HVAC and other assets: capital expenditures and acquisitions.

Measures of Financial Performance

Gross Margin

Gross Margin is a non-IFRS measure equal to total revenue less total cost of goods sold and services provided. Enercare Solutions believes Gross Margin is a useful measure in assessing the underlying operating performance of each segment.

Gross Margin is reconciled with Revenue, an IFRS measure (see “Segmented Results of Operations – Non-IFRS Measures of Gross Margin and Adjusted EBITDA” in this MD&A).

EBITDA Excluding Intercompany Income

This measure is comprised of net earnings plus income taxes, interest expense and amortization expense, less intercompany income. It is one metric that can be used to determine Enercare Solutions’ ability to service its debt, finance capital expenditures, and provide for the payment of dividends to shareholders. EBITDA Excluding Intercompany Income is reconciled with net earnings, an IFRS measure, in the section “Segmented Results of Operations - Non-IFRS Measures of Gross Margin and Adjusted EBITDA” in this MD&A. The calculation of EBITDA Excluding Intercompany Income includes investment and other income with the exception of intercompany income. Comparatives have been restated accordingly.

Adjusted EBITDA

This measure is one of Enercare Solutions’ non-IFRS measures used to determine Enercare Solutions’ ability to service its debt, finance capital expenditures, and provide for the payment of dividends to shareholders. It is comprised of EBITDA Excluding Intercompany Income plus net losses associated with disposal of equipment, assets or impairment charges, expenditures related to transaction, integration and restructuring costs as part of completed acquisitions or divestitures, minus any net gains associated with disposal of equipment or assets.

As of the first quarter of 2018, Enercare Solutions changed its definition of Adjusted EBITDA to be essentially the same as the definition of Acquisition Adjusted EBITDA in prior periods, except for the addition of expenditures related to completed divestitures in the current Adjusted EBITDA definition. Applying the current definition of Adjusted EBITDA to calculate Acquisition Adjusted EBITDA in prior periods would result in the same amounts. Historical amounts in this MD&A have been restated to reflect the current definition.

Adjusted EBITDA is reconciled with Net Earnings, an IFRS measure (see “Segmented Results of Operations – Non-IFRS Measures of Gross Margin and Adjusted EBITDA” in this MD&A).

Operating Cash Flow

Operating Cash Flow is the cash flow from operating activities excluding changes in non-cash working capital. It represents the net cash generated in earnings, excluding non-cash items. It is one indicator of the financial strength of Enercare Solutions. Operating Cash Flow is reconciled with cash flow from operating activities, an IFRS measure (see “Liquidity and Capital Resources” in this MD&A).

Measures Regarding Debt Covenants

As at March 31, 2018, Enercare Solutions was in compliance with all covenants under the 2013 Notes, 2014 Revolver, 2016 Term Loan and 2017 Notes. For a summary of the financial covenants in respect of such debt see “Liquidity and Capital Resources – Debt Financing” in this MD&A.

2014 Revolver and 2016 Term Loan

Under the 2014 Revolver agreement and 2016 Term Loan agreement, Enercare Solutions is subject to three principal financial covenants as described in the section “Liquidity and Capital Resources – Debt Financing” in this MD&A. The covenants address interest and debt coverage. Enercare Solutions complied with these covenants on March 31, 2018. There was a total of \$90,000 drawn under the 2014 Revolver at March 31, 2018. Enercare Solutions’ obligations under the 2016 Term Loan are guaranteed by all of Enercare Solutions’ material subsidiaries, including SEHAC and its material subsidiaries.

2013 Notes and 2017 Notes – Incurrence Test

The covenants under the 2013 Notes and 2017 Notes are contained in the Senior Unsecured Indenture. Under the terms of the Senior Unsecured Indenture, Enercare Solutions may not incur additional senior debt other than certain refinancing debt and certain working capital debt if the Incurrence Test (as described in the AIF) is less than 3.8 to 1.

CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Enercare Solutions makes estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the interim financial statements. The critical accounting estimates and judgments presented in this section should be read in conjunction with Enercare Solutions’ most recently issued MD&A for the year ended December 31, 2017, which includes additional critical accounting estimates and judgments that did not significantly change during the quarter. Management continually evaluates estimates and judgments which are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results could differ from those estimates. The following items are of significance for the period.

Revenue Accruals

At March 31, 2018, Enercare Home Services recorded a revenue accrual of approximately \$43,800 reflecting accrued service periods, compared to \$43,900 at March 31, 2017. Unbilled protection plans comprise approximately \$26,600 of this balance, compared to \$27,300 at March 31, 2017. This balance is predominantly made up of protection plans sold in franchisee service areas, which are recognized as royalty revenue at inception but are invoiced over a period of twelve months. The remaining unbilled revenue reflects accrued service revenue for rental water heaters and other products.

At March 31, 2018, Service Experts recorded a revenue accrual of approximately \$11,100 primarily reflecting accrued revenue for contracts in progress, compared to \$2,700 at March 31, 2017.

Loss Allowances and Expected Credit Loss Allowance

Enercare Home Services is exposed to credit risk in the normal course of business for customers who are billed directly by EGD within its service territory and for customers who are billed by EGD outside of its service territory or billed by Enercare Home Services. For billing within the EGD service territory, Enercare Solutions is guaranteed payment by EGD for 99.51%, in both 2018 and 2017, of the amount billed (subject to certain exceptions) 21 calendar days after the invoices are issued. The guaranteed amount is recorded in revenue on a net basis.

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. Enercare Solutions uses judgment in making these assumptions and selecting the inputs to the impairment calculation based on past history, market conditions and other factors. The loss allowance for Enercare Home Services and Service Experts was approximately \$7,800 as at March 31, 2018, compared to approximately \$7,200 as at December 31, 2017. The expected credit loss for financing receivables was approximately \$200 as at March 31, 2018. Changes in any of the variables or assumptions may result in a materially different amount.

DISCLOSURE AND INTERNAL CONTROLS AND PROCEDURES

Enercare Solutions' certifying officers have designed, and assessed the design of, a system of DC&P to provide reasonable assurance that (i) material information relating to Enercare Solutions, including its consolidated subsidiaries, is made known to them by others; and (ii) information required to be disclosed by Enercare Solutions in its annual filings, interim filings and other reports filed or submitted by Enercare Solutions under securities legislation is recorded, processed, summarized and reported within the time periods specified in securities legislation. As well, Enercare Solutions' certifying officers have designed, and assessed the design of, ICFR to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with IFRS. Enercare Solutions has used the Internal Control – Integrated Framework (2013) from The Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in order to assess the effectiveness of Enercare Solutions' internal control over financial reporting. There are no material weaknesses relating to the design of either DC&P or ICFR at March 31, 2018. There have been no changes to our ICFR during the quarter and year to date ended March 31, 2018 that has materially affected, or is reasonably likely to materially affect, Enercare Solutions' ICFR.

Enercare Solutions has limited the scope of its design of disclosure controls and procedures and internal control over financial reporting to exclude controls, policies and procedures of Aramendia, CS Newco, LLC and Finch Newco, LLC and Midway Services, LLC and MSICORP, LLC which were acquired on August 15, 2017, January 4, 2018 and March 5, 2018, respectively.

Aramendia's contribution to Enercare Solutions' consolidated financial statements for the three months ended March 31, 2018 was approximately 2% of revenues and 13% of net earnings. In addition, Aramendia's current assets and current liabilities were approximately nil of the consolidated current assets and current liabilities and its long term assets and long term liabilities were approximately nil of consolidated long term assets and long term liabilities.

The contribution of CS Newco, LLC and Finch Newco, LLC to Enercare Solutions' consolidated financial statements for the three months ended March 31, 2018 was approximately 3% of revenues and (8%) of net earnings. The current assets and current liabilities of CS Newco, LLC and Finch Newco, LLC were approximately 1% of the consolidated current assets and current liabilities and the long term assets and long term liabilities were approximately 1% and nil of consolidated long term assets and long term liabilities, respectively.

The contribution of Midway Services, LLC and MSICORP, LLC to Enercare Solutions' consolidated financial statements for the three months ended March 31, 2018 was approximately nil of revenue and net earnings. The current assets and current liabilities of Midway Services, LLC and MSICORP, LLC were approximately nil of the consolidated current assets and current liabilities and the long term assets and long term liabilities were approximately 1% and nil of consolidated long term assets and long term liabilities, respectively.

Enercare Solutions is currently in the process of documenting and evaluating the controls, policies and procedures in respect of Aramendia, CS Newco, LLC and Finch Newco, LLC and Midway Services, LLC and MSICORP, LLC.

Management does recognize that any controls and procedures no matter how well designed and operated,

can only provide reasonable assurance and not absolute assurance of achieving the desired control objectives. In the unforeseen event that lapses in the disclosure or internal controls and procedures occur and/or mistakes happen, Enercare Solutions intends to take whatever steps are necessary to minimize the consequences thereof.

CHANGES IN ACCOUNTING POLICIES

Enercare Solutions has adopted IFRS 15 and IFRS 9 effective January 1, 2018. The following table outlines the principal impacts of such adoption on 2017 figures.

Changes in Accounts	Jan. 1, 2017	Q1 2017	Q2 2017	Q3 2017	Q4 2017	Year-to- Date 2017	Jan. 1, 2018
Assets							
Long-term financing receivables	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ (564)
Total assets	-	-	-	-	-	-	(564)
Liabilities							
Deferred tax liability	-	-	-	-	-	-	(149)
Total liabilities	-	-	-	-	-	-	(149)
Shareholder's equity							
Retained earnings (deficit)	-	-	-	-	-	-	(415)
Total liabilities and equity	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ (564)
Changes in Earnings/(Loss)							
Contracted revenue	\$ -	\$ 87	\$ 36	\$ 51	\$ 115	\$ 289	\$ -
Sales and other services	-	291	328	303	403	1,325	-
Total revenue	-	378	364	354	518	1,614	-
Selling, general & admin.	-	378	364	354	518	1,614	-
Total expenses	-	378	364	354	518	1,614	-
Net earnings/(loss)	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
EBITDA Excluding Intercompany Income	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

The following tables summarize the impact of adopting IFRS 15 and IFRS 9 effective January 1, 2018.

Enercare Solutions Inc.
Consolidated Statements of Income
For the three months ended March 31, 2017

(in thousands of Cdn \$)	Reference	As Reported	Increase / (Decrease)	
			IFRS 15 Adjustments	Restated

Total shareholder's equity		\$ (207,503)	\$ (415)		\$ (207,918)
Total liabilities and shareholder's equity		\$ 1,907,819	\$ (564)		\$ 1,907,255

The adjustments noted in the tables above are discussed below.

Revenue Recognition

IFRS 15 provides a comprehensive five-step revenue recognition model for all contracts with customers. The IFRS 15 revenue recognition model requires management to exercise significant judgment and make estimates that affect revenue recognition. IFRS 15 is effective for annual and interim periods beginning on or after January 1, 2018. Enercare Solutions adopted IFRS 15 on a fully retrospective basis.

Enercare Solutions' revenues service protection plans, maintenance protection plans and sales of equipment and other services are within the scope of the standard. Enercare Solutions' water heater and HVAC rental contracts are not within the scope of this standard due to their classification as leases.

The following describes the significant changes that resulted from the adoption of IFRS 15. These adjustments did not result in any changes to the statement of financial position, net earnings, comprehensive income or cash flows previously reported.

a) Enercare Home Services

- a.1) Enercare Home Services manages an advertising fund, established to collect and administer funds contributed by its franchisees for use in advertising programs. Contributions to the advertising fund are based on a percentage of each franchisee's revenue. In accordance with IFRS 15, Enercare Solutions has determined that it acts as principal in providing advertising services to its franchisees. As a result, the contributions collected in respect of the advertising fund of \$977 and \$4,036 for the three months ended March 31, 2017 and year ended December 31, 2017, respectively, have been reclassified from selling, general and administrative expenses to revenue.
- a.2) For customers billed within the EGD service territory, Enercare Solutions is guaranteed payment by EGD for 99.51%, in both 2018 and 2017, of the amounts billed (subject to certain exceptions) 21 calendar days after the invoices are issued. Enercare Solutions previously recognized the 0.49% amount to EGD as bad debt expense. Under IFRS 15, such payment is recognized as a reduction of the transaction price. This retrospective adjustment has reduced Enercare Home Services revenue by \$599 and \$2,422 for the three months ended March 31, 2017 and the year ended December 31, 2017, respectively, with a corresponding decrease to selling, general and administrative expenses. This change does not impact net earnings or EBITDA Excluding Intercompany Income.

Financial Instruments

- b) The final version of IFRS 9 was issued by the IASB in July 2014 and replaced IAS 39, “Financial Instruments: Recognition and Measurement”. IFRS 9 introduces a model for classification and measurement, a single, forward-looking “expected loss” impairment model and a substantially reformed approach to hedge accounting. The new single, principle-based approach for determining the classification of financial assets is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to loans and receivables measured at amortized cost, which will require more timely recognition of expected credit losses. It also includes changes in respect of own credit risk in measuring liabilities elected to be measured at fair value, so that gains caused by the deterioration of an entity’s own credit risk on such liabilities are no longer recognized in profit or loss. Enercare Solutions has retrospectively adopted IFRS 9 effective January 1, 2018. In accordance with the transitional provisions of IFRS 9, comparative figures have not been restated and any difference between previous carrying amounts and those determined under IFRS 9 at the date of initial application has been included in opening deficit as at January 1, 2018.

In applying IFRS 9, certain receivables, in particular, those issued at a discount to the contractual par amount, do not consist solely of payments of principal and interest due to prepayment features and are measured at fair value through profit or loss. However, the remaining receivables are measured at amortized cost. Enercare Solutions has recorded an allowance based on the estimated future reduction in interest income resulting from anticipated principal prepayments of certain financing receivables. This prepayment allowance is estimated at the inception of each loan based on prepayment factors associated with the financing arrangement.

Enercare Solutions has adopted the general impairment model for financing receivables, recognizing twelve months of expected credit losses on those receivables without significant increases in credit risk and lifetime expected credit losses for those receivables that have significant increases in credit risk.

Adoption of the impairment model has resulted in a reduction to financing loan receivables of \$564 and a corresponding increase to deficit as at January 1, 2018.

The adoption of IFRS 9 does not have any material impact on the classification of financial liabilities or cash flows in the interim financial statements.

Financial Instruments Disclosures

IFRS 7 has been amended by the IASB to require additional disclosures on transition from IAS 39 to IFRS 9. The amendment to IFRS 7 is effective for periods beginning on or after January 1, 2018. Enercare Solutions has adopted IFRS 7 effective January 1, 2018 and added disclosure on the components of the fair value movement for items classified as fair value through profit or loss, as well as quantitative and qualitative disclosure on risk exposure and risk management strategies.

Share-based Payments

IFRS 2 has been amended by the IASB to clarify the accounting for cash-settled share-based payment transactions that include a performance condition, the classification of share-based payment transactions with net settlement features and the accounting for modifications of share-based payment transactions from cash-settled to equity-settled. The amendments to IFRS 2 are effective for annual periods beginning on or after January 1, 2018. Enercare Solutions has assessed the impact of adopting this amendment on the interim financial statements and concluded that no adjustments to the current measurement of share-based payment transactions are required on the adoption of the amendment. Accordingly, there is no impact to the interim financial statements on application of the amendment.

Accounting Standards Issued But Not Yet Applied

The following are accounting policy changes to be implemented by Enercare Solutions in future periods:

Leases

IFRS 16 sets out the principles for the recognition, measurement and disclosure of leases. IFRS 16 provides revised guidance on identifying a lease and for separating lease and non-lease components of a contract. IFRS 16 introduces a single accounting model for all lessees and requires a lessee to recognize right-of-use assets and lease liabilities for leases with terms of more than twelve months, unless the underlying asset is of low value. Under IFRS 16, lessor accounting for operating and finance leases will remain substantially unchanged. IFRS 16 is effective for annual periods beginning on or after January 1, 2019, with earlier application permitted for entities that apply IFRS 15. Enercare Solutions is currently evaluating the impact of adopting this standard on the consolidated financial statements.

RISK FACTORS

The risks related to the business and structure of Enercare Solutions discussed in the AIF remain unchanged.

OUTLOOK

The forward-looking statements contained in this section are not historical facts but, rather, reflect Enercare Solutions' current expectations regarding future results or events and are based on information currently available to management.

Enercare Solutions remains focused on its strategic objectives of continued growth, operational excellence and innovation. In 2018, Enercare Solutions expects to continue to grow revenue and Adjusted EBITDA in both of its operating segments by focusing on the following key strategic objectives.

Enercare Home Services Key Priorities:

- Grow Rental and protection plan portfolios;
- Invest in technology and innovation to improve the service experience and help differentiate our offerings from those of our competitors;
- Emphasize HVAC rentals over outright sales in order to create a long-term customer revenue stream and provide valuable cross-selling opportunities; and
- Roll out the Enercare Smarter Home solution to enable a proactive, rather than reactive, service model.

Service Experts Key Priorities:

- Integrate rentals throughout Service Experts residential heating and cooling operations by the end of 2018 to create recurring revenue;
- Execute on strategic acquisition opportunities; and
- Generate strong organic sales.

See also "Vision and Strategy" in this MD&A.

In the Service Experts business, the percentage of rental HVAC installations in the U.S. continues to rise. The rental proportion of total residential units sold improved in the first quarter of 2018 to approximately 7.2% compared to 2.2% in the first quarter of 2017 and 3.2% in the fourth quarter of 2017. In March 2018, the rental rate was approximately 10% in the U.S. centers which had deployed the rental offering in 2017. We are on track to complete our U.S. rental roll-out by the end of the year.

Enercare Solutions has embarked on an ongoing program to increase efficiency and innovation by investing in its systems and technology. Enercare Solutions continues to invest in the replacement and modernization of its information technology systems and infrastructure to improve its customer experience and expand its product and service offerings. As these and other innovations are rolled out over the next few years, Enercare Solutions will continue making additional investments in both capital and SG&A expenditures.

In addition, Enercare Solutions is targeting a range of between \$139 million and \$153 million in capital investments in 2018, reflecting higher rental originations from Service Experts.

Enercare Solutions estimates that it will recognize approximately \$23 million to \$29 million in current income tax expense for the fiscal year ending December 31, 2018. This estimate assumes corporate tax rates of approximately 26.5% in Canada and 26% in the U.S. Taxable income is principally impacted by changes in revenue, operating expenses, potential acquisitions or divestitures, appropriate tax planning, capital expenditures through the capital cost allowance deduction, changes in tax laws, distribution of sales and earnings by state, and regulations and administrative practices. As additional regulatory guidance is issued by the applicable U.S. taxing authorities, the assumptions used to estimate taxable income in the U.S. may be impacted.

GLOSSARY OF TERMS

Defined Term	Definition
AIF	Annual Information Form of Enercare Solutions dated March 22, 2018
Aramendia	Aramendia Plumbing, Heating & Air Ltd. acquired by Service Experts on August 15, 2017, which provides HVAC and plumbing services, with locations in San Antonio and McKinney, Texas.
Attrition	Termination of customer relationships, including buyouts, in the Rentals portfolio.
Bureau	Competition Bureau.
Church Services	CS Operating LLC, acquired by Service Experts on February 13, 2017, which provides HVAC and plumbing services in Austin, Texas.
Competition Act	<i>Competition Act</i> (Canada).
Conversion	The conversion of the Fund and the Trust, income trusts, to Enercare and Enercare Solutions, respectively.
CRM	Customer relationship management.
DBRS	DBRS Limited.
DC&P	Disclosure Controls and Procedures as defined under National Instrument 52-109 – Certification of Disclosure in Issuers' Annual and Interim Filings.
DE	Direct Energy Marketing Limited.
DE Acquisition	The acquisition of the OHCS business of DE by Enercare Solutions on October 20, 2014 through EHCS LP.
EBITDA	This measure is comprised of net earnings plus income taxes, interest expense and amortization expense. It is one metric that can be used to determine Enercare Solutions' ability to service its debt, finance capital expenditures, and provide for the payment of dividends to shareholders.
