ABOUT VOTING YOUR SHARES

Appointment of Proxies

This is the easiest way to vote. Voting by proxy means that you are giving the person or people named on your proxy form (the “**proxyholder**”) the authority to vote your Shares for you at the Meeting or any adjournment. A proxy form is included with this Circular.

The persons named on the proxy form will vote your Shares for you, unless you appoint someone else to be your proxyholder. You have the right to appoint a person to represent you at the Meeting other than the persons named on the proxy form. If you appoint someone else, he or she must be present at the Meeting to vote your Shares. If you want to appoint someone else, you can insert that person’s name in the blank space provided in the form of proxy. That other person does not need to be a Shareholder of the Corporation.

If you are voting your Shares by proxy, our transfer agent, TSX Trust Company, must receive your completed proxy form by 10:00 a.m. (Toronto time) on September 28, 2020 or, if the Meeting is adjourned, 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting.

The proxy must be signed by the registered Shareholder or the Shareholder’s attorney duly authorized in writing or, if the Shareholder is a corporation, by an officer or attorney thereof duly authorized. Persons signing as executors, administrators, trustees or in any other representative capacity should so indicate and give their full title as such.

Registered Shareholders

You are a registered Shareholder if your name appears on your Share certificate. Your proxy form tells you whether you are a registered Shareholder.

Non-Registered (or Beneficial) Shareholders

You are a non-registered (or beneficial) Shareholder if your bank, trust company, securities broker or other financial institution holds your Shares for you (your nominee). For most of you, your voting instruction form or proxy tells you whether you are a non-registered (or beneficial) Shareholder.

In accordance with Canadian securities law, we have distributed copies of the Notice of Meeting, this Circular and the form of proxy (collectively, the “**meeting materials**”) to CDS Clearing and Depository Services Inc. and intermediaries (such as securities brokers or financial institutions) for onward distribution to those non-registered or beneficial Shareholders to whom we have not sent the meeting materials directly. We previously mailed to those who requested them, the audited financial statements of the Corporation for the fiscal year ended March 31, 2020 and the auditor’s report thereon as well as management’s discussion and analysis.

The intermediaries are required to forward meeting materials to non-registered or beneficial Shareholders unless a non-registered or beneficial Shareholder has waived the right to receive them. Very often, intermediaries will use a service company such as Broadridge Investor Communication Solutions to forward the meeting materials to non-registered or beneficial Shareholders.

Non-registered or beneficial Shareholders who have not waived the right to receive meeting materials will receive either a voting instruction form or, less frequently, a form of proxy. The purpose of these forms is to permit non-registered or beneficial Shareholders to direct the voting of the Shares they beneficially own. Non-registered or beneficial Shareholders should follow the procedures set out below, depending on what type of form they receive.

- A. **Voting Instruction Form.** In most cases, a non-registered Shareholder will receive, as part of the meeting materials, a voting instruction form. If the non-registered Shareholder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the non-registered Shareholder's behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. If a non-registered Shareholder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the non-registered Shareholder's behalf), the non-registered Shareholder must complete, sign and return the voting instruction form in accordance with the directions provided and a form of proxy giving the right to attend and vote will be forwarded to the non-registered Shareholder.

or

- B. **Form of Proxy.** Less frequently, a non-registered Shareholder will receive, as part of the meeting materials, a form of proxy that has already been signed by the intermediary (typically by a facsimile or stamped signature), which is restricted as to the number of Shares beneficially owned by the non-registered Shareholder but which is otherwise uncompleted. If the non-registered Shareholder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the non-registered Shareholder's behalf), the non-registered Shareholder must complete the form of proxy and deposit it with TSX Trust Company, 301-100 Adelaide Street West, Toronto, Ontario M5H 4H1 as described above. If a non-registered Shareholder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the non-registered Shareholder's behalf), the non-registered Shareholder must strike out the names of the persons named in the proxy and insert the non-registered Shareholder's (or such other person's) name in the blank space provided.

Non-registered Shareholders should follow the instructions on the forms they receive and contact their intermediaries promptly if they need assistance.

Meeting Materials

The meeting materials are being sent to both registered and non-registered owners of Shares. The Corporation is sending this Circular and other meeting materials indirectly to non-objecting beneficial owners under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”). The Corporation intends to pay for intermediaries to forward to objecting beneficial owners under NI 54-101 this Circular and other meeting materials.

Changing Your Vote

A proxy given by a Shareholder for use at the Meeting may be revoked at any time prior to its use. In addition to revocation in any other manner permitted by law, a registered Shareholder who has given a proxy may revoke that proxy by:

- (a) completing and signing a proxy bearing a later date and depositing it with TSX Trust Company as described above;

- (b) depositing an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing:
 - (i) at our registered office at any time before 10:00 a.m. on September 28, 2020, or on the last business day before any adjournment of the Meeting at which the proxy is to be used, or
 - (ii) with the chair of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment of the Meeting; or
- (c) in any other manner permitted by law.

A non-registered or beneficial Shareholder may revoke a voting instruction form or a waiver of the right to receive meeting materials and to vote given to an intermediary or to the Corporation, as the case may be, at any time by written notice to the intermediary or the Corporation, except that neither an intermediary nor the Corporation is required to act on a revocation of a voting instruction form or of a waiver of the right to receive materials and to vote that is not received by such intermediary or the Corporation, at least seven (7) days prior to the Meeting.

VOTING OF PROXIES

You can choose to vote "For", "Against" or "Withhold", depending on the item listed on the proxy form. The Shares represented by the proxy form will be voted for, voted against or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly.

If you return your proxy form and do not tell us how you want to vote your Shares, your Shares will be voted by the management representatives named in the proxy form as follows:

- **FOR the election of each of the directors nominated for election as listed in this Circular;**
- **FOR the appointment of PricewaterhouseCoopers LLP, Chartered Professional Accountants ("PwC") as auditor of the Corporation and the authorization of the directors to fix the auditor's remuneration;**
- **FOR the resolution approving By-Law No. 2 of the Corporation; and**
- **FOR the resolution approving the unallocated options stock option resolution under the Corporation's stock option plan.**

The enclosed form of proxy confers discretionary authority upon the management representatives designated in the form of proxy with respect to amendments to or variations of matters identified in the Notice of Meeting and with respect to other matters that may properly come before the Meeting. At the date of this Circular, management of the Corporation knows of no such amendments, variations or other matters. **However, if any other matters should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the proxy nominee.**

Each holder of Shares of record at the close of business on August 17, 2020 (the “**Record Date**”), the record date established for notice of the Meeting, will be entitled to one vote for each Share held on all matters proposed to come before the Meeting, except to the extent that the Shareholder has transferred any Shares after the record date and the transferee of such Shares establishes ownership of them and makes a written demand, not later than 10 days prior to the Meeting, to be included in the list of Shareholders entitled to vote at the Meeting, in which case the transferee will be entitled to vote such Shares.

The Board will refer the resignation to the Corporate Governance and Nominating Committee of the Board (the “**Governance Committee**”) for consideration. The Governance Committee will consider whether or not to accept the offer of resignation and will make a recommendation to the Board. Within 90 days following the applicable meeting of the Shareholders, the Board will determine (on the recommendation of the

Governance Committee) whether to accept or reject the resignation offer that has been submitted. Unless exceptional circumstances apply, the Board will accept the resignation. The Former By-Laws contained provisions referring to the ABCA which is no longer applicable to the Corporation. By-Law No. 2 reflects the current practices of the Corporation and conforms to the underlying statutory provisions affecting the Corporation, including the CBCA.

Under the CBCA, (i) the Board of Directors may make, amend or repeal any by-laws that regulate the business or affairs of the Corporation; (ii) the Board of Directors must submit a by-law, an amendment or a repeal of a by-law to Shareholders at the next meeting of Shareholders; (iii) the Shareholders may, by ordinary resolution, confirm, reject or amend the by-law, the amendment to or repeal of the by-law; (iv) a by-law, an amendment to a by-law or a repeal of a by-law is effective from the date of the resolution of the Board of Directors until it is confirmed, confirmed as amended, or rejected by Shareholders; and (v) where the by-law is confirmed as amended, it continues in effect in the form in which it was so confirmed.

Accordingly, By-Law No. 2 of the Corporation became effective when adopted by the Board of Directors on July 31, 2020, but must be confirmed by the Shareholders at the Meeting, failing which By-Law No. 2 will cease to be in effect. At the Meeting, Shareholders will be asked to consider, and if deemed advisable, to adopt a resolution (the “**By-Law Resolution**”) ratifying and confirming By-Law No. 2.

The complete text of By-Law No. 2 is available to Shareholders on request from the Secretary of the Corporation and is also available under the Corporation’s profile on SEDAR at www.sedar.com. Shareholders wishing to receive a copy of By-Law No. 2 must send a written request to the Chief Financial Officer of the Corporation.

For these reasons, the Shareholders will be asked to consider and, if deemed advisable, approve the By-Law Resolution below:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION OF THE SHAREHOLDERS THAT:

- (a) By-Law No. 2 of the Corporation adopted by the Board of Directors on July 31, 2020, is hereby ratified, confirmed and approved, in replacement of the Former By-Laws;

- (b) the repeal by the Board of Directors on July 31, 2020, of the Former By-Laws is hereby ratified, confirmed and approved; and
- (c) the directors and officers of the Corporation be and they are hereby authorized, on behalf of the Corporation, to sign any document and take any measure that may prove necessary to give full effect to this resolution.”

Unless you have specified in the enclosed form of proxy that the votes attaching to the Shares represented by proxy are to be voted against the By-Law Resolution, the management representatives designated in the enclosed form of proxy intend to vote the Shares in respect of which they are appointed FOR the By-Law Resolution. Approval of the foregoing resolution will require the affirmative vote of a majority of votes cast by holders of Shares present or represented by proxy at the Meeting.

5. Approval of Unallocated Options under the Corporation’s Stock Option Plan

The Corporation’s 2017 stock option plan (the “**Stock Option Plan**”) is intended to attract, retain and motivate persons of training, experience and leadership as key service providers to the Corporation and its subsidiaries, including their directors, officers and employees, and to advance the interests of the Corporation.

Additional information concerning the Stock Option Plan, including its terms and conditions, can be found under the heading “*Stock Option Plan*” of this Circular.

The Stock Option Plan does not have a fixed number of common shares of the Corporation (the “**Shares**”) issuable thereunder, but permits the issuance of up to an aggregate of 15% of the outstanding Shares from time to time. The rules of the TSX require that, if a listed issuer has security based compensation plans that do not have a fixed maximum number of shares issuable thereunder, the directors and shareholders of the issuer approve and reaffirm the unallocated options, rights or entitlements under such plans every three years.

On July 31, 2020, the Board of Directors unanimously approved the renewal of all options remaining available for grant under the Stock Option Plan (the “**Unallocated Options**”).

As of July 31, 2020, there were 4,067,500 options outstanding and unexercised under the Stock Option Plan (“**Options**”), representing approximately 8.33% of the issued and outstanding Shares. Accordingly, as at that date, Options to purchase up to an additional 3,254,739 Shares (6.67% of the Shares outstanding) remain available for grant under the Stock Option Plan.

At the Meeting, the Shareholders will be asked to adopt a resolution to approve all the Unallocated Options under the current 15% limit of the Stock Option Plan (the “**Unallocated Options Resolution**”). This approval will be effective for three years following the date of the Meeting. This approval does not constitute a change of the Stock Option Plan, or an increase of the previously approved limit. Whether or not the Unallocated Options Resolution is approved, all Options already granted and currently outstanding will remain in effect. However, if the Unallocated Options Resolution is not approved, any Unallocated Options under the Stock Option Plan will not be available for future grants, and previously granted Options will not be available for reallocation if they are cancelled prior to exercise, or if they are exercised, which would indeed constitute a reduction of the limit.

For these reasons, the Shareholders will be asked to consider and, if deemed advisable, approve the Unallocated Options Resolution below:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION OF THE SHAREHOLDERS THAT:

- (a) all the Unallocated Options under the current 15% limit of the Corporation’s Stock Option Plan be and are hereby approved;
- (b) the Corporation has the ability to continue granting options under the Stock Option Plan until September 30, 2023, which is the date that is three (3) years from the date of the Shareholder meeting at which Shareholder approval is being sought; and
- (c) any director or officer of the Corporation be, and each of them hereby is, authorized to do such things and to sign, execute and deliver all documents that such director and officer may, in their discretion, determine to be necessary or desirable in order to give full effect to the intent and purpose of this resolution.”

Unless you have specified in the enclosed form of proxy that the votes attaching to the Shares represented by proxy are to be voted against the Unallocated Options Resolution, the management representatives designated in the enclosed form of proxy intend to vote the Shares in respect of which they are appointed FOR the Unallocated Options Resolution. Approval of the foregoing resolution will require the affirmative vote of a majority of votes cast by holders of Shares present or represented by proxy at the Meeting.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives

The Corporation has historically relied on the experience of its Board in setting executive compensation. In considering compensation awards, the Board has considered the skill level of its executives as well as comparable levels of compensation for individuals with similar capabilities and experience. In regard to the Corporation’s current executive compensation arrangements, the Board has considered such factors as the Corporation’s current financial situation, the estimated financial situation of the Corporation in the mid-term and the need to attract and retain the key executives necessary for the Corporation’s long-term success.

On March 28, 2017, the Board established a Compensation Committee to, among other things, (i) consider the overall remuneration strategy and, where information is available, verifying the appropriateness of existing remuneration levels using external sources for comparison; (ii) compare the nature and amount of directors’ and executive officers’ compensation to performance against goals set for the year while considering relevant comparative information, independent expert advice and the Corporation’s financial position, and (iii) make recommendations to the Board in respect of director and executive officer remuneration matters, with the overall objective of ensuring maximum Shareholder benefit from the retention of high quality board and executive team members. For more information on the Compensation Committee, please see the section entitled “*Compensation*” of the Corporation’s Corporate Governance Practices attached hereto as Appendix “A”.

Medicenna's executive compensation program is designed to:

- attract and retain qualified, motivated and achievement-oriented individuals by offering compensation that is competitive in the industry and marketplace;
- align executive interests with the interests of Shareholders; and
- ensure that individuals continue to be compensated in accordance with their personal performance and responsibilities and their contribution to the overall objectives of the Corporation.

These objectives are achieved by offering executives and employees a compensation package that is competitive and rewards the achievement of both short-term and long-term objectives of the Corporation. As such, our compensation package consists of three key elements:

- base salary and initial Options;
- short-term compensation incentives to reward corporate and personal performance through potential annual cash bonuses; and
- long-term compensation incentives related to long-term increase in Share value through participation in the Stock Option Plan.

The Compensation Committee reviews each of these items on a stand-alone basis and also reviews compensation as a total package. Adjustments to compensation are made as appropriate following a review of the compensation package as a whole.

Base Salary

In establishing base salaries, the objective of the Board is to establish levels that will enable Medicenna to attract and retain executive officers that can effectively contribute to the long-term success of the Corporation. Base salary for each executive officer is determined by the individual's skills, abilities, experience, past performance and anticipated future contributions to the success of Medicenna.

Short-Term Compensation Incentives

The role of short-term compensation incentives at Medicenna is to motivate our executive officers to achieve specified performance objectives for fiscal 2020 and to reward them for their achievement in the event that those objectives are met. The Board sets annual corporate objectives encompassing scientific, clinical, regulatory, business and corporate development and financial criteria. The annual cash bonus for the executive officers is based, at least in part, on the level of achievement of these annual objectives, assuming these objectives are still relevant at the time of evaluation. All current corporate and executive officer objectives are reviewed by the Compensation Committee and approved by the Board. The Compensation Committee recommends to the Board the awarding of bonuses, payable in cash, stock or share options, to reward extraordinary individual performance.

Cash bonuses are determined as soon as practicable after the end of the fiscal year and, for the Named Executive Officers (as defined hereinafter), are included in the Summary Compensation Table in the year in respect of which they are earned. No cash bonuses were paid to executive officers for the fiscal years ended March 31, 2018, 2019 and 2020.

Long-Term Incentive Plans

Long-term incentives, in the form of Options, are intended to align the interests of the Corporation's directors and its executive officers with those of its shareholders, to provide a long-term incentive that rewards these individuals for their contribution to the creation of shareholder value and to reduce the cash compensation that the Corporation would otherwise have to pay. In determining the size and terms of individual grants, the Board takes into account, among other things (i) prior grants; (ii) the level of effort, time, responsibility, ability, experience and level of commitment of the executive officer; and (iii) market comparatives for similarly situated executives.

Hedge or Offset Instruments

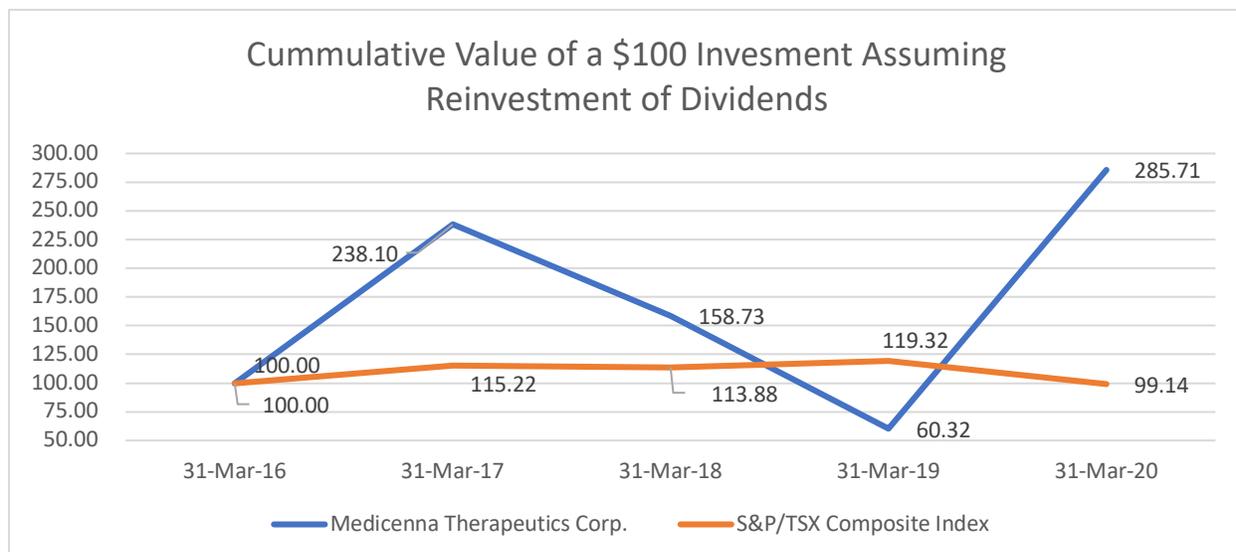

Named Executive Officers or directors are not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by Named Executive Officers or directors, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds.

Risk Assessment of Compensation

The implications of the risks associated with the Corporation's compensation practices were not considered by the Board or a committee of the Board.

Performance Graph

The following graph compares the total shareholder return of \$100 invested in our Shares since the Corporation's initial public offering with the total return of the S&P/TSX Composite Index:

The Corporation completed its initial public offering on July 7, 2015 and its Shares commenced trading on the TSXV on July 14, 2015. The Corporation operated as a "capital pool corporation" in accordance with the policies of the TSXV until the date of completion of the qualifying transaction on March 1, 2017. The performance graph above has been adjusted to reflect a 14:1 consolidation of the Shares completed on March 1, 2017. On August 2, 2017 the Corporation graduated to the TSX.

The performance trend shown by the above graph does not necessarily reflect the trend in our compensation to Named Executive Officers reported over the same period. The market price of the Shares, similar to the share prices of many publicly-traded biotechnology companies, has historically been highly volatile. Our approach to compensation is designed to attract and retain quality executives while promoting long-term profitability and maximizing shareholder value. Our Named Executive Officers are compensated on the basis of individual and corporate performance rather than on factors strictly tied to the short-term performance of our Shares in the market.

As at March 31, 2020, the Corporation had Options outstanding under the Stock Option Plan to purchase up to 4,130,000 Shares (representing approximately 8.82% of the then 46,799,828 issued and outstanding Shares). The Stock Option Plan is intended to attract, retain and motivate persons of training, experience and leadership as key service providers to the Corporation and its subsidiaries, including their directors, officers and employees, and to advance the interests of the Corporation. Options may be granted to a director, officer, employee or service provider of the Corporation or any related entity (being a person that controls or is controlled by the Corporation or that is controlled by the same person that controls the Corporation) (each, an "**Eligible Person**").

The aggregate number of Shares issuable upon the exercise of all Options granted under the Stock Option Plan and under all other share compensation arrangements will not exceed 15% of the issued and outstanding Shares as at the date of grant of each Option under the Stock Option Plan. If any Option granted under the Stock Option Plan expires, terminates for any reason in accordance with the terms of the Stock Option Plan or is exercised, Shares subject thereto shall again be available for the purpose of the Stock Option Plan. Accordingly, the Stock Option Plan is considered an "evergreen" plan and unallocated options under the Stock Option Plan must be submitted for approval by the Shareholders every three years. Such approval is sought at the Meeting. See "*Particulars of Matters to be Acted Upon - Approval of Unallocated Options under the Corporation's Stock Option Plan*".

Subject to the terms and conditions of the Stock Option Plan, the number of Shares subject to each Option, the price of each Option, the expiration date of each Option, the extent to which each Option is exercisable from time to time during the term of the Option and other terms and conditions relating to each such Option shall be determined by the Compensation Committee and recommended to the Board.

The exercise price for any Option issued under the Stock Option Plan may not be less than the Market Price of the Shares on the date of which the grant of the Option is approved by the Board. For these purposes, "**Market Price**" at any date in respect of the Shares means the closing sale price of the Shares on the TSX on the trading date immediately preceding such date; provided that, (i) in the event that such Shares did not trade on such trading day, the Market Price shall be the average of the bid and ask prices in respect of such Shares at the close of trading on such trading day, (ii) if no quotation is made for the applicable day, the Market Price on such day shall be determined in the manner set forth in the preceding clause for the next preceding trading day, and (iii) notwithstanding the foregoing, if there is no reported closing price or high bid/low asked price that satisfies the preceding clauses, the Market Price on any day shall be determined by such methods and procedures as shall be established from time to time by the Compensation Committee.

Options issued under the Stock Option Plan may be exercised during a period determined under the Stock Option Plan, which may not exceed ten years. Unless otherwise determined by the Board, Options will vest as follows: 50% on the first anniversary of the grant, 25% on the second anniversary of the grant and

25% on the third anniversary of the grant. Any or all Shares that have vested may be purchased during the term of the Options.

In addition to the restrictions on maximum issuances set forth above for all security based compensation arrangements, the number Shares which may be issued pursuant to Options granted under the Stock Option Plan to any one person may not exceed 5% of the then aggregate issued and outstanding Shares at the date of the grant.

The following insider participation limits also apply under the Stock Option Plan: (i) the number of Shares issuable to insiders, at any time, pursuant to the Stock Option Plan and other share compensation arrangements shall not exceed 10% of the issued and outstanding Shares (on a non-diluted basis); and (ii) the number of Shares issued to insiders, within a one-year period, pursuant to the Stock Option Plan and other share compensation arrangements shall not exceed 10% of the issued and outstanding Shares (on a non-diluted basis).

An Option is personal to the optionholder and non-assignable (whether by operation of law or otherwise); provided, however, that Options may be transferred or assigned to certain permitted assignees which include a spouse, a trustee acting on behalf of the optionholder or spouse, a holding entity or an RRSP, RRIF or TFSA of the optionholder or spouse. If the optionholder resigns, is terminated for cause or fails to be re-elected as a director, the Options terminate immediately. If the optionholder dies or ceases to be eligible under the Stock Option Plan for any other reason, Options that are entitled to be exercised may generally be exercised (subject to certain extensions at the discretion of the Board or a committee thereof) until the earlier of (i) one year or three months, respectively, of the applicable date, or (ii) the expiry date of the Option.

The Option Plan also provides for the cashless exercise of Options which allows for the optionholder to receive, without cash payment (other than taxes), a number of Shares based on the following formula:

$$x = \frac{[a(b - c)]}{b}$$

where

x	=	the number of whole Shares to be issued
a	=	the number of Shares under Option
b	=	the Market Price of the Shares on the date of the cashless exercise
c	=	the exercise price of the Option

In the event that the expiry of an Option occurs during a blackout period imposed by management or the Board in accordance with the Corporation's insider trading policy, the expiry date of such Option shall be deemed to be amended to that date which is ten business days following the end of such blackout period.

In the event of a Change of Control (as such term is defined in the Stock Option Plan) with respect to the Corporation or a Corporate Group entity (which, under the Stock Option Plan, means the Corporation and any subsidiary or related or affiliated business entities of the Corporation and includes any successor corporations or entities thereto), notwithstanding anything in the Stock Option Plan to the contrary:

- if the employment of an optionee is terminated by the Corporation or a Corporate Group entity without cause or if the optionee resigns in circumstances constituting constructive dismissal by the Corporation or the Corporate Group entity, respectively, in each case, within twelve months (or such other period as determined by the Board in its sole discretion) following a Change of Control with respect to the Corporation or the Corporate Group entity, respectively (such date being the "**Termination Date**"), all or any of the optionee's Options will vest immediately prior

to the Termination Date (or such later period as determined by the Board in its sole discretion), subject to any performance conditions which shall be dealt with at the discretion of the Board. All vested Options may be exercised until 90 days (or such other period as may be determined by the Board in its sole discretion) following the Termination Date (but until the normal expiry date of the Option rights of such optionee, if earlier). Upon the expiration of such period, all unexercised Option rights of that optionee shall immediately become terminated and shall lapse notwithstanding the original term of the Option granted to such optionee under the Stock Option Plan; and

- any surviving, successor or acquiring entity will assume any outstanding Options or will substitute similar awards for the outstanding Options. If the surviving, successor or acquiring entity is a “private issuer” or does not have any securities listed on an established securities exchange, does not assume the outstanding Options or substitute similar awards for the outstanding Options, or if the Board otherwise determines in its sole discretion and subject to the rules of the TSX, the Corporation will give written notice to all optionees advising that the Stock Option Plan will be terminated effective immediately prior to the Change of Control and all Options will be deemed to be vested Options, and may provide for the exercise of Options and tender of Shares in connection with the Change of Control and may otherwise provide for the cash out or termination of Options that are not exercised within a specified period of time.

The Stock Option Plan contains certain customary adjustment provisions, including in connection with a subdivision, redivision, consolidation, reclassification, reorganization or other change of, or involving, the Shares.

Subject to applicable regulatory requirements, including the rules of the TSX, and except as provided below, the Board may, in its sole and absolute discretion and without Shareholder approval, amend, suspend, terminate or discontinue the Stock Option Plan and may amend the terms and conditions of Options granted pursuant to the Stock Option Plan. Without limiting the generality of the foregoing, the Board may make the following amendments to the Stock Option Plan, without obtaining Shareholder approval: (i) amendments to the terms and conditions of the Stock Option Plan necessary to ensure that the Stock Option Plan complies with the applicable regulatory requirements, including the rules of the TSX, in place from time to time; (ii) amendments to the provisions of the Stock Option Plan respecting administration of the Stock Option Plan and eligibility for participation under the Stock Option Plan; (iii) amendments to the provisions of the Stock Option Plan respecting the terms and conditions on which Options may be granted pursuant to the Stock Option Plan, including the provisions relating to the term of the Option and the vesting schedule; and (iv) amendments to the Stock Option Plan that are of a “housekeeping” nature.

However, the Board may not, without the approval of the Shareholders, make amendments with respect to the following: (i) an increase to the Stock Option Plan maximum or the number of securities issuable under the Stock Option Plan; (ii) a reduction in the option price of an Option benefitting an insider; (iii) an extension to the term of Options (other than as a result of a blackout period extension) benefitting an insider; (iv) any amendment which would permit Options granted under the Stock Option Plan to be transferable or assignable other than to a permitted assignee and for normal estate settlement purposes; (v) changes to the insider participation limits; and (vi) amendments to the Stock Option Plan amendment provisions.

The Corporation does not currently have any other security-based compensation arrangement.

APPENDIX A
Corporate Governance Practices

Medicenna Therapeutics Corp. (the “**Corporation**”) is committed to sound and comprehensive corporate governance policies and practices and is of the view that its corporate governance policies and practices, outlined below, are comprehensive and consistent with National Policy 58-201 – *Corporate Governance Guidelines* and National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”).

Board of Directors

The Board encourages sound and comprehensive corporate governance policies and practices designed to promote the ongoing development of the Corporation.

Composition of the Board

The Board is currently composed of six directors, a majority of whom are independent directors. An “independent” board member, as further defined in NI 52-110, means that such member has no “material relationship” with the issuer. A “material relationship” is a relationship that could, in the view of the Board, be reasonably expected to interfere with the exercise of a member’s judgment. Each year the Board reviews the composition of the Board and assesses whether a Board member is “independent”.

Director	Independent
Fahar Merchant.....	No
Albert Beraldo.....	Yes
Rosemina Merchant.....	No
Chandrakant Panchal	Yes
Andrew Strong	Yes
Karen Dawes	Yes

If elected, Dr. Geltosky, will be an independent member of the Board.

Dr. Fahar Merchant., Chairman, President and Chief Executive Officer of the Corporation and Rosemina Merchant, Chief Development Officer, are not independent directors because of their roles in the Corporation’s management team.

The following table outlines other reporting issuers that Board members are directors of:

Director	Reporting Issuer
Fahar Merchant.....	—
Albert Beraldo.....	—
Karen Dawes	Repligen Corporation
Rosemina Merchant.....	—
Chandrakant Panchal	Canadian Oil Recovery and Remediation Inc. Avicanna Inc.
Andrew Strong	—

As they deem appropriate, the independent directors meet without the presence of non-independent directors and members of management. During the year ended March 31, 2020, independent directors met three times without the presence of management and non-independent directors.

The Corporation has created the position of Lead Director to ensure that the directors have an independent leadership contact and maintain and enhance the quality of the Corporation's corporate governance practices. Dr. Chandrakant Panchal, an independent director, is currently the Lead Director. The Lead Director provides leadership to the Board in discharging its mandate and also assists the Board in discharging its stewardship function, which includes (i) satisfying itself as to the integrity of the Chief Executive Officer and the other senior officers of the Corporation and that the Chief Executive Officer and other senior officers create a culture of integrity throughout the organization; (ii) strategic planning; (iii) identifying and managing risks; (iv) succession planning; (v) adopting a disclosure policy; (vi) internal control and management information systems; and (vii) the Corporation's approach to corporate governance. In addition, the Lead Director provides advice, counsel and mentorship to the Chief Executive Officer.

The following table illustrates the attendance record of each director for all Board meetings held for the year ended March 31, 2020.

Board Mandate

The Board has adopted a mandate in which it explicitly assumes responsibility for stewardship of the Corporation. The Board is mandated to represent the Shareholders to ensure appropriate succession planning is in place, select the appropriate chief executive officer, assess and approve the strategic direction of the Corporation, ensure that appropriate processes for risk assessment, management and internal control are in place, monitor management performance against agreed benchmarks, and assure the integrity of financial reports. A copy of the Board Mandate is attached hereto as Appendix "B".

Position Descriptions

The Board has developed written position descriptions, which are reviewed annually, for the Chair of the Board, the Lead Director and Chief Executive Officer.

Although unwritten, the Board expects and requires that the primary role of the chair of each committee is to manage his or her respective committee and ensure that the committee carries out its mandate effectively. Each committee chair is expected to provide leadership to the committee members and ensure that the committee meets its obligations and responsibilities.

Orientation and Continuing Education

It is the mandate of the Corporate Governance and Nominating Committee (the “**Governance Committee**”) to ensure that a process is established for the orientation and education of new directors that addresses the nature and operation of the Corporation’s business and their responsibilities and duties as directors (including the contribution individual directors are expected to make and the commitment of time and resources that the Corporation expects from its directors).

The orientation includes an overview of the Corporation’s history and operations, a review of industry conditions and competition, an introduction to the Corporation’s management team and corporate and business information. Any further orientation is dependent on the needs of the new member and may include items such as formal training sessions and attendance at seminars.

With respect to the continuing education of directors, the Governance Committee ensures that directors receive adequate information and continuing education opportunities on an ongoing basis to enable directors to maintain their skills and abilities as directors and to ensure their knowledge and understanding of the Corporation’s business remains current.

Ethical Business Conduct

The Corporation has adopted a Code of Business Conduct and Ethics (the “**Code**”) that applies to the directors, officers and employees of the Corporation and its subsidiaries. Additionally, consultants and agents for the Corporation are expected to abide by the Code.

The Governance Committee regularly monitors compliance with the Code through communications with management and reports through the Disclosure and Insider Trading Policy (as described below) and ensures that management of the Corporation encourages and promotes a culture of ethical business conduct. A copy of the Code may be found at www.SEDAR.com under the Corporation’s public profile and on our website at www.medicenna.com.

The Corporation has also developed a Disclosure and Insider Trading Policy that covers “whistle blowing” and provides an anonymous means for employees and officers to report violations of the Code or any other corporate policies.

The Board has not granted any waiver of the Code in favour of a director or officer of the Corporation. No material change reports have been filed since the beginning of the Corporation’s most recently completed fiscal year that pertain to any conduct of a director or executive officer that constitutes a departure from the Code.

Conflicts of Interest

The Governance Committee monitors the disclosure of conflicts of interest by directors and ensures that no director will vote or participate in a discussion on a matter in respect of which such director has a material interest.

Nomination of Directors

Directors of the Corporation are expected to bring to the Board the broadest possible knowledge and depth of experience from their chosen business or profession. Directors should evidence a demonstrated ability to deal with business, financial and social issues, both nationally and internationally. This implies a capacity to provide additional strength, diversity of views and up-to-date perceptions to the Board and

its deliberations. It is the mandate of the Governance Committee to identify and recommend qualified candidates for the Board. In assessing whether identified candidates are suitable for the Board, the Governance Committee considers: (i) the competencies and skills considered necessary for the Board as a whole; (ii) the competencies and skills that the existing directors possess and the competencies and skills nominees will bring to the Board; and (iii) whether nominees can devote sufficient time and resources to his or her duties as a member of the Board. Potential candidates for membership on the Board will not be denied consideration by reason of race, sex, religion or affiliation with some special constituency group, nor will any candidate be selected solely for such reason.

In addition, the Governance Committee assesses the participation, contribution and effectiveness of the individual members of the Board on an annual basis. All members of the Governance Committee are independent in accordance with the mandate of the Governance Committee.

Compensation

The Board has established a Compensation Committee comprised of Karen Dawes (Chair) and Andrew Strong, both of whom are independent directors within the meaning of Section 1.4 of NI 52-110. The Compensation Committee is responsible for reviewing and making recommendations to the Board regarding the corporate goals and objectives, performance and compensation of the Chief Executive Officer and other senior executive officers on an annual basis and evaluates the performance of the Chief Executive Officer and other senior executive officers. In addition, the Compensation Committee is responsible for making recommendations to the Board with respect to the compensation policies for the non-employee directors. The Compensation Committee also reviews and makes recommendations regarding annual bonus policies for employees, the incentive-compensation plans and equity-based plans for the Corporation and reviews executive compensation disclosure before the Corporation publicly discloses this information.

Relevant Education and Experience

The following describes the education and experience of each Compensation Committee member that is relevant in the performance of his responsibilities as a Compensation Committee member:

As part of that effort, he led the formation of a state-owned biomanufacturing company (Kalon Biotherapeutics) and was subsequently appointed founding CEO of Kalon that would develop and manufacture biologics for clinical and commercial supply for pharmaceutical and biotech companies. In addition to raising capital, Mr. Strong oversaw the successful sale, in 2014, of Kalon to a subsidiary of FUJIFILM Corporation and Mitsubishi Corporation. Mr. Strong has a J.D., Law from South Texas College of Law. Mr. Strong was a Director and Chair of the Compensation Committee for Braemer Hotels & Resorts, which is listed on the NYSE, from November 2013 to May 2017.

Karen has a combined B.A. and M.A. from Simmons College and a MBA from Harvard Business School.

Other Committees

Corporate Governance and Nominating Committee

The Board has established a Governance Committee currently comprised of Mr. Andrew Strong (Chair) and Dr. Chandrakant Panchal, each of whom is independent within the meaning of Section 1.4 of National Instrument 52-110 – *Audit Committees*.

The purpose of our Governance Committee is to:

- assist our Board in identifying prospective director nominees and recommend to our Board the director nominees for each annual meeting of shareholders;
- recommend members for each Board committee;
- ensure that our Board is properly constituted to meet its fiduciary obligations to the Corporation and its shareholders and that we follow appropriate governance standards;
- develop and recommend to our Board governance principles applicable to us;
- oversee the succession planning for senior management; and
- oversee the evaluation of our Board and management.

Audit Committee

The Board has established an Audit Committee currently comprised of Albert Beraldo (Chair), Karen Dawes and Chandrakant Panchal.

For further information regarding the Audit Committee, see the annual information form (the "AIF") of the Corporation dated May 14, 2020 for the year ended March 31, 2020, under the heading "*Audit Committee Information*". A copy of the AIF can be found on SEDAR at www.sedar.com, however we will promptly provide a copy of this document to any securityholder of the Corporation free of charge upon request.

Assessments

It is the Board's mandate, in conjunction with the Governance Committee, to assess the participation, contributions and effectiveness of the Chair and the individual members of the Board on an annual basis.

The Board also monitors the effectiveness of the Board and its committees and the actions of the Board as viewed by the individual directors and senior management.

The Board has developed a formal questionnaire to be completed by each director on an annual basis for the purpose of formally assessing the effectiveness of the Board as a whole, committees of the Board, and the contribution of individual directors. These questionnaires, and the issues arising therefrom, are intended to be reviewed and assessed by the Lead Director on an annual basis or more frequently from time to time as the need arises. The Lead Director takes appropriate action as required based on the results obtained.

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted term limits for directors or other mechanisms of board renewal at this time as it believes that the imposition of director term limits or other mechanisms of board renewal on a board implicitly discounts the value of experience and continuity amongst the board members and runs the risk of excluding experienced and potentially valuable board members as a result of arbitrary determination. The Board believes that it can best strike a balance between continuity and fresh perspectives without mandated term limits or other mechanisms of board renewal.

Diversity

The Governance Committee takes diversity, including diversity of experience, perspective, education, race and gender, into consideration as part of its overall recruitment and selection process in respect of its Board and senior management.

The Corporation has not adopted a formal policy relating to the identification and nomination of women, Aboriginal peoples, persons with disabilities or members of visible minorities (collectively, the “**Designated Groups**”) on the Board or senior management of the Corporation. The Board does not believe that a formal policy will necessarily result in the identification or selection of the best candidates. As such, the Corporation does not see any meaningful value in adopting a formal policy in this respect at this time as it does not believe that it would further enhance diversity beyond the current recruitment and selection process carried out by the Governance Committee. However, the Board is mindful of the benefit of diversity on the Board and management of the Corporation and the need to maximize the effectiveness of the Board and senior management and their respective decision-making abilities.

The Governance Committee believes that having a diverse Board and senior management team offers a depth of perspective and enhances Board and senior management operations. The Governance Committee does not specifically define diversity, but values diversity of experience, perspective, education, race and gender as part of its overall annual evaluation of director nominees for election or re-election as well as candidates for senior management positions. Recommendations concerning director nominees are, foremost, based on merit and performance, but diversity is taken into consideration, as it is beneficial that a diversity of backgrounds, views and experiences be present at the Board and senior management levels.

In addition, in searches for new directors or officers, the Governance Committee will consider the level of female representation and the level of representation of members of other Designated Groups and diversity generally on the Board and in senior management and this will be one of several factors used in its search process. This will be achieved through continuously monitoring the level of female representation and the level of representation of members of other Designated Groups on the Board and in senior management positions and, where appropriate, recruiting qualified female candidates or candidates from other Designated Groups as part of the Corporation’s overall recruitment and selection

process to fill Board or management positions, as the need arises, through vacancies, growth or otherwise.

The Board has not adopted targets regarding the representation of women and other members of Designated Groups on the Board and in executive officer positions due to the small size of the Corporation and the need to consider a balance of criteria in each individual appointment. It is important that each appointment to the Board or in senior management positions be made, and be perceived as being made, on the merits of the individual and the needs of the Corporation at the relevant time. In addition, targets based on specific criteria such as gender could limit the Board's ability to ensure that the overall composition of the Board or senior management of the Corporation meets the needs of the Corporation.

Currently, among the members of the Corporation's Board of Directors two (33%) are women, 3 (50%) are members of visible minorities, 0 (0%) are members of Aboriginal peoples, and 0 (0%) are persons with disabilities. Among the members of senior management of the Corporation, two (66.7%) are women, 2 (66.67%) are members of visible minorities, 0 (0%) are members of Aboriginal peoples, and 0 (0%) are persons with disabilities.
