The Common Shares represented by proxy will be voted or withheld from voting by the designated proxy holder in accordance with the instructions of the shareholder appointing him or her on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. If there are no instructions provided by the shareholder, those Common Shares will be voted in favour of all proposals set out in this Information Circular. The form of proxy gives the person named in it the discretion to vote as they see fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the date of this Information Circular, the management of the Corporation knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

To have their shares voted at the Meeting, each registered Shareholder or proxyholder will be required to enter their control number or Username provided by Computershare at <https://meetnow.global/M9L7GG4> prior to the start of the Meeting. In order to vote, non-registered Shareholders who appoint themselves as a proxyholder MUST register with Computershare at <http://www.computershare.com/MountainProvince> after submitting their voting instruction form in order to receive a username.

Revocation of Proxies

Any registered shareholder who has returned a form of proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing, including a proxy bearing a later date, executed by the

registered shareholder or by an attorney authorized in writing or, if the registered shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The instrument revoking the proxy must be deposited at the head office of the Corporation, 161 Bay Street, Suite 1410, Toronto Ontario, Canada M5J 2S1 at any time up to and including the last business day preceding the date of the Meeting or any adjournment thereof duly authorized. Only registered shareholders have the right to revoke a proxy. Non-registered shareholders who wish to change their vote must, at least seven (7) days before the Meeting, arrange for their respective intermediaries to revoke the proxy on their behalf.

Entry of a control number or Invitation Code provided by Computershare at <https://meetnow.global/M9L7GG4> prior to the start of the Meeting by a registered shareholder will result in the revocation of any proxy previously granted by such registered shareholder.

Beneficial Shareholders of Common Shares

A substantial number of shareholders do not hold Common Shares in their own names (“**Beneficial Shareholders**”). You are a Beneficial Shareholder if the Common Shares you own are registered in the name of an intermediary such as a bank, a trust company, a securities broker, a trustee or other nominee and not in your name. Only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. In Canada, the vast majority of such common shares are registered in the name of the shareholder’s broker or an agent of that broker. Common Shares held by brokers or their agents or nominees can only be voted upon the instructions of the Beneficial Shareholders. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person well in advance of the Meeting.

There are two kinds of Beneficial Shareholders: (i) those who object to their names being made known to the Corporation, referred to as objecting beneficial owners (“**OBOs**”); and (ii) those who do not object to the Corporation knowing who they are, referred to as non-objecting beneficial owners (“**NOBOs**”). The Corporation has distributed copies of the Notice of Meeting and the form of proxy directly to NOBOs and to the clearing agencies and intermediaries for distribution to OBOs.

Applicable regulatory policies require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of the Beneficial Shareholder broker (or agent of the broker), a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the Common Shares in that capacity. Beneficial Shareholders

who wish to attend the Meeting and indirectly vote their Common Shares as proxy holder for the registered shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting. Alternatively, a Beneficial Shareholder may request in writing that their broker send to the Beneficial Shareholder a legal proxy which would enable the Beneficial Shareholder to attend at the Meeting and vote their Common Shares.

If the Corporation or its agent has sent these materials directly to you, your name, address and information about your holding of securities has been obtained in accordance with applicable securities regulatory requirements from the nominee holding on your behalf. By choosing to send the Notice of Meeting, and if applicable, the Information Circular, audited annual consolidated financial statements of the Corporation for the fiscal year ended December 31, 2021 and management's discussion and analysis (the "**Meeting Materials**") to you directly, the Corporation (and not the nominee holding on your behalf) has assumed responsibility for delivering materials to you and executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions. The Corporation intends to pay for intermediaries to forward the proxy-related materials and the request for voting instructions made by intermediary to OBOs.

Voting of Common Shares and Exercise of Discretion of Proxies

On any poll, the persons named in the form of proxy provided to registered shareholders will vote the Common Shares in respect of which they are appointed and, where instructions are given by the shareholder in respect of voting for or against any resolutions will do so in accordance with such instructions.

In the absence of any direction in the proxy, it is intended that such Common Shares will be voted in favour of the motions proposed to be made at the Meeting as stated under the headings in this Information Circular. The form of proxy, when properly signed, confers discretionary authority with respect to amendments or variations to any matters which may properly be brought before the Meeting. At the date of this Information Circular, management of the Corporation is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters, which are not now known to management, should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the proxy holders.

Approval of Matters

Unless otherwise noted, approval of matters to be placed before the Meeting is by an "ordinary resolution" which is a resolution passed by a simple majority (50%+1) of the votes cast by shareholders of the Corporation present and entitled to vote electronically or by proxy.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed in this Information Circular, no person who has been a director or executive officer of the Corporation at any time since the beginning of the Corporation's last financial year, no proposed nominee of the Corporation for election as a director of the Corporation, and no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

To the knowledge of the Corporation, after reasonable enquiry, other than as disclosed herein, no informed person of the Corporation, or any associate or affiliate of any informed person, has or had any material interest, direct or indirect, in any transaction or any proposed transaction which has materially affected or would materially affect the Corporation since the commencement of the Corporation's most recently completed fiscal year.

Dunebridge Worldwide Ltd. ("Dunebridge"), an entity ultimately beneficially owned by Dermot Desmond.

On September 30, 2020, the Company entered into the Dunebridge Revolving Credit Facility ("Dunebridge RCF") of up to US\$25 million, with first ranking lien terms. The Dunebridge RCF carries an interest rate of 5% per annum, and was initially repayable on September 30, 2021. Interest is payable on a monthly basis. The agreement also required an upfront 1% financing fee, which was paid on September 30, 2020. The Dunebridge RCF is not subject to any financial covenants. A default would occur if the Company is unable to make the monthly interest payments, or the principal repayment.

The Dunebridge RCF includes various restrictive covenants which requires that no additional indebtedness be entered into, and no new agreements related to the sale of diamonds, beyond what currently exists, without prior written approval from Dunebridge.

Under the Dunebridge RCF, permitted distributions to third parties (which include dividends) are subject to the Company having a net debt to EBITDA ratio of less than or equal to 1.75:1. Net debt is equal to total debt, less cash and cash equivalents. The aggregate amount of all distributions paid during the rolling four quarters up to and including the date of such distribution does not exceed 25% of free cash flows ("FCF") during such period. FCF is defined as EBITDA minus, without duplication, (a) capital expenditures, (b) cash taxes, (c) any applicable standby fee, other fees or finance costs payable to the finance parties in connection with the Dunebridge RCF, (d) interest expenses and (e) any indebtedness (including mandatory prepayments) permitted under the existing agreement. Also, the available liquidity after payment of a distribution must be greater than or equal to US\$60 million for distributions paid during a quarter ending March 31, or US\$50 million for other quarters, where the aggregate amount of the all-advances outstanding does not exceed US\$10 million.

On September 24, 2021, the Dunebridge RCF was extended with the same restrictive covenants described above. The repayment date was extended to March 31, 2022, and an upfront 2% extension fee of US\$0.5 million was paid. The extension of the Dunebridge RCF was subject to the Dunebridge Term Facility (“Term Facility”) (below) being fully repaid, and terminated. The Dunebridge RCF continues to carry an interest rate of 5% per annum.

On May 12, 2021, the Company, with Dunebridge as lender, added a US\$33 million Term Facility to its existing US\$25 million Dunebridge RCF, with first ranking lien terms. The Term Facility bears interest at a fixed rate of 10% per annum, net of withholding taxes, payable monthly. In addition to the interest, a flat 5% fee is payable on each advance made thereunder.

On March 28, 2022, the Company completed a US\$50M credit facility with Dunebridge bearing a cash payment interest rate of 8% per annum or an effective interest rate of 15.8%, paid semi-annually until December 2022. Following this date, the interest rate will be 2% above the margin on the senior secured notes payable then outstanding. The maturity date of this credit facility is December 15, 2027. The Dunebridge Junior Credit Facility (“Dunebridge JCF”) is secured by substantially all of the properties and assets of the Company and its subsidiaries on a junior basis to the Company’s existing senior secured notes payable. The Company is entitled to prepay the Dunebridge JCF at any time prior to the maturity date without penalty.

The Company issued to Dunebridge 41 million common share purchase warrants, exercisable in whole or in part at any time up to December 15, 2027 at an exercise price of US\$0.60975 per common share.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As of May 27, 2022, being the Record Date for the Meeting, the Corporation has issued and outstanding 210,909,141 fully paid and non-assessable common shares without par value, each share carrying the right to one (1) vote. The common shares of the Corporation (the “**Common Shares**”) are listed on the Toronto Stock Exchange (the “**TSX**”) under the symbol ‘MPVD’. **The Corporation has no other classes of voting securities and does not have any classes of restricted securities.**

To the best of the knowledge of the directors and executive officers of the Corporation, the only person who, or corporation which, beneficially owns, or controls or directs, directly or indirectly, Common Shares carrying more than 10% of the voting rights attached to all outstanding voting securities of the Corporation, is:

- (1) For additional compensation information, see “Executive Compensation”, below.
- (2) “Independent” refers to the standards of independence under National Instrument 52-110 – Audit Committees and under relevant United States securities laws.
- (3) “Securities held” refers to the number of Common Shares and RSUs beneficially owned, controlled or directed (directly or indirectly) by the director as at December 31, 2021, December 31, 2020 and May 27, 2022, as applicable, and options beneficially owned by the director as at May 27, 2022.
- (4) “Value of Common Shares held” is calculated by multiplying the total number of Common Shares held by the closing price of the Common Shares on the TSX on the last trading day of the fiscal year (December 31, 2021-\$0.76, December 31, 2020-\$0.60, May 27, 2022-\$0.73).
- (5) “Value of options vested during the year” is calculated by multiplying the total number of options vested during the year by the difference between the market price of the Common Shares on the TSX on the date of vesting and the exercise price of such options.

In April 2013, the Board adopted a majority voting policy, which is available on the Corporation’s website at www.mountainprovince.com. Under this policy, if a nominee for director receives a greater number of votes “withheld” from his or her election than votes “for” his or her election (a “**Majority Withhold Vote**”), such director shall promptly tender to the Board his or her resignation as a Corporation director following certification of the shareholder vote by the scrutineer at the Meeting (the “**Scrutineer**”) for such uncontested election. The Corporate Governance Committee of the Board will duly consider and recommend to the Board whether to accept or reject the resignation received from each director who received a Majority Withhold Vote. Following the recommendation of the Corporate Governance Committee, the independent members of the Board will make a determination of the action to take with respect to the offer of resignation, not later than 90 days after written certification of the shareholder vote by the Scrutineer. The Board shall accept the resignation absent exceptional circumstances.

According to the policy, the affected director cannot participate in the deliberations of the Corporate Governance Committee or the Board as to whether to request his or her resignation. The majority voting policy applies only in circumstances involving an uncontested election of directors, meaning an election in which the number of nominees is equal to the number of directors to be elected.

Compensation Governance

Oversight of Compensation Program - The Compensation Committee

The Compensation Committee (the “Compensation Committee”) is responsible for ensuring that the Corporation has in place an appropriate plan for executive compensation and for making

recommendations to the Board of Directors with respect to the compensation of the Corporation's executive officers. The Compensation Committee ensures that total compensation paid to all Named Executive Officers is fair, reasonable and competitive with the industry and is consistent with the Corporation's compensation philosophy.

When reviewing the compensation of the executive officers, as needed, the Compensation Committee considers the following objectives: (i) recruiting and retaining the executives critical to the success of the Corporation and the enhancement of shareholder value; (ii) providing fair and competitive compensation based upon a detailed comparison with the compensation levels paid for similar positions by similar companies; (iii) balancing the interests of management and shareholders of the Corporation; and (iv) rewarding performance, both on an individual basis and with respect to the business in general. The Compensation Committee has the responsibility of reviewing the executive officers' total compensation package in consultation with the CEO and making proposals to the Board of Directors, reviewing and advising on stock option guidelines, including recommendations on specific option grants, and reviewing and communicating to the Board of Directors the compensation policies and principles that will be applied to other executives and employees of the Corporation.

Composition of the Compensation Committee

The Corporation's Compensation Committee consists of Karen Goracke (Chair), Daniel Johnson and Ken Robertson, three (3) non-management directors who are also "independent" directors, as defined in National Instrument 52-110 - Audit Committees and under relevant United States securities laws. All of the current Compensation Committee members have significant experience with public companies and ongoing resource sector involvement. The skills and experience of each committee member that enable the Compensation Committee to make decisions on the suitability of the Corporation's compensation policies and practices are as follows:

Ms. Goracke, Mr. Johnson and Mr. Robertson are or were directors and/or officers of other companies and have experience in compensation matters. The Board believes that the members of the Compensation Committee collectively have the knowledge, experience and background required to fulfill their mandate. Such knowledge, experience and background enable them to make decisions regarding the sustainability of the Corporation's compensation policies and practices. Ms. Goracke has been the Chair of the Compensation Committee since July 2020. Dean Chambers was a member of the committee until his resignation from the Board on May 19, 2022.

For a discussion of the policies and practices adopted by the Board of Directors to determine the compensation for the Corporation's directors and executive officers, see below under "Compensation Discussion and Analysis".

Risk Management and Assessment

The Corporation's compensation program is designed to provide Named Executive Officers incentives for the achievement of near-term and long-term objectives, without motivating them to take unnecessary risk. The Board provides regular oversight of the Corporation's risk management practices and delegates to the Compensation Committee the responsibility to provide risk oversight of the Corporation's compensation policies and practices, and to identify and mitigate compensation policies and practices that could encourage inappropriate or excessive risk taking by the Named Executive Officers and other members of management. As part of its annual review and discussion of executive compensation, the Compensation Committee noted the following factors that discourage the Corporation's executives from taking unnecessary or excessive risk:

- the Corporation's approach to performance evaluation and compensation will provide greater rewards to an officer achieving both short-term and long-term objectives;
- short-term incentive payments are derived from performance against pre-approved annual objectives for both the Corporation and the individuals and the Board has discretion with respect to incentive awards and payouts in the event incentives are understated or overstated due to extraordinary circumstances or conditions;
- the Compensation Committee retains a compensation consultant (Hugessen Consulting) that is independent of management and provides advice in respect of executive compensation, performance measurement and assessment, board effectiveness and related governance.

NEOs and directors are discouraged from purchasing financial instruments designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director, and to the knowledge of the Corporation, no NEO or director has undertaken such hedging transactions. The Corporation does not, however, have a policy expressly prohibiting such purchases.

Based on this review, the Compensation Committee believes that the Corporation's total executive compensation program does not encourage executive officers to take unnecessary or excessive risk.

Compensation Discussion & Analysis

Compensation Philosophy and Objectives

Compensation plays an important role in achieving short and long-term business objectives that ultimately drive business success in alignment with long-term shareholder goals.

The Corporation's compensation philosophy is based on the following fundamental principles:

- (a) compensation programs align with shareholder interests – the Corporation aligns the goals and incentives of executives with maximizing long term shareholder value;

- (b) performance sensitive – compensation for executive officers is linked to operating and market performance of the Corporation and fluctuates with the performance; and
- (c) market competitive compensation – the compensation program should provide market competitive pay in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest calibre.

The objectives of the compensation program in compensating all Named Executive Officers were developed based on the above-mentioned compensation philosophy and are as follows:

- to attract, retain, motivate and reward highly qualified executive officers with a history of proven success;
- to align the interests of executive officers with shareholders' interests and with the execution of the Corporation's business strategy; and
- to evaluate executive performance on the basis of key measurements that correlate to long-term shareholder value.

Compensation Assessment

The Compensation Committee, as part of its annual compensation will take stock of the compensation levels and practices of companies that are considered reasonably similar to the Corporation.

The compensation benchmark information derived from such sources will not necessarily be directly acted upon by the Compensation Committee, but will be one of a number of factors the Compensation Committee will consider from time to time in its review of executive compensation.

Another major factor considered by the Compensation Committee will be performance of each of the Named Executive Officers against a comprehensive scorecard, which has been developed for each position.

Determination of Compensation

In making compensation recommendations, the Compensation Committee reviews the various elements of each executive's compensation in the context of the total compensation package and the desired mix of 'at-risk' versus fixed elements of compensation as per the Corporation's compensation philosophy. Based on this review, the Compensation Committee evaluates whether the intended relationship between performance and compensation is being achieved or whether changes are required in order to bring this relationship in line with the compensation philosophy and objectives outlined above. In addition to the objective measures of corporate performance that inform variable compensation decisions from year to year, the Compensation Committee and the Board exercise discretion based on the Corporation's performance and the individual contributions of each executive in determining actual compensation. In determining the total compensation payable to the NEOs for 2021, the Compensation Committee and the

Board took into account a range of relevant factors including but not limited to: Corporation's financial results, Corporation's operational results, the duties and responsibilities of each executive officer, their respective performance and contribution towards 2021 results.

Components of Compensation

The Corporation's executive compensation currently includes three elements: (i) salary or consulting fees (pursuant to the consulting agreements with the NEOs), (ii) cash bonuses and (iii) long-term incentives by way of the grant of stock options or restricted stock units in accordance with the policies of the TSX and the Corporation's Long Term Equity Incentive Plan (the "**Incentive Plan**"). These three elements are considered collectively, although rewarded separately.

Long-Term Incentives

The Corporation provides long-term incentives by granting stock options or restricted share units to executive officers in accordance with the policies of the TSX and the Corporation's Incentive Plan. Any options granted permit executive officers to acquire Common Shares at an exercise price equal to the closing market price of such shares at the time of grant of the option. The objective of granting options and/or restricted share units is to encourage executive officers to acquire an ownership interest in the Corporation over a period of time, which acts as financial incentive for such executive officers to consider the long-term interests of the Corporation and its shareholders.

When determining the number of stock options or restricted share units to be granted to an executive officer, the Compensation Committee takes into account the number and terms of stock options or restricted share units previously granted to the executive officer, if any, and option compensation granted by similar companies to executives with similar responsibilities.

Other Compensation

The Corporation provides no compensation to its NEOs other than the amounts under their respective employment/consulting arrangements and Long-Term Incentives as described above. For greater certainty, the Corporation makes no commitments for Option-Based Awards or Share-Based Awards other than the stock options granted pursuant to the Corporation's Incentive Plan.

Pension, Benefits and Perquisites

The Corporation does not provide sponsored or defined pension or retirement plans, nor does it provide any other benefit plans. Employees and/or consultants to the Corporation are expected to provide for their own benefits and retirement.

Report on Executive Compensation

The Corporation's executive officers are compensated in a manner consistent with their respective contributions to the overall benefit of the Corporation. The Corporation's NEO's

during the fiscal year ended December 31, 2021 were Mark Wall, CEO (since November 2021), Stuart Brown, former CEO (from July 2018 to October 2021), Perry Ing, former CFO (from February 2017 to February 2022), Reid Mackie, VP Diamond Marketing, Tom McCandless, VP Exploration and Matthew MacPhail, Chief Technical Officer.

Executive compensation is generally based on discussion by the Compensation Committee or by the Board. The Corporation entered into an employment agreement with the CEO, Mark Wall, in November 2021. The Corporation entered into an employment agreement with the former CEO, Stuart Brown, in July 2018 which was amended in December 2019 and January 2021, and terminated in October 2021. The Corporation entered into an employment agreement with the former CFO, Perry Ing, in February, 2017 which was amended in December 2017 and December 2019, and terminated in February 2022. The Corporation entered into a consulting agreement with a corporation controlled by the VP Diamond Marketing, Reid Mackie, in July, 2015 which was amended in December 2017. In January 2019, the Corporation entered into an employment agreement with the VP Marketing, Reid Mackie and amended the agreement in December 2019. Performance Graph

The following chart compares the total cumulative shareholder return for \$100 invested in Common Shares, beginning on January 1, 2017, with the cumulative total return of the S&P/TSX Composite Index ("**S&P/TSX Index**") for the five most recently completed financial years of the Corporation.

Mountain Province Diamonds Inc. ("MPVD")
 Cumulative Value of \$100 Investment January 1, 2017

	Dec 2017	Dec 2018	Dec 2019	Dec 2020	Dec 2021
MPVD	\$3.41	\$1.95	\$1.15	\$0.60	\$0.76
S & P/TSX Composite Index	16,209.10	14,322.86	17,063.43	17,433.40	21,222.80

The trend in cumulative total shareholder return shown in the above graph does not correspond to the trend in total compensation paid to the Corporations NEOs during the same period.

Total shareholder return declined 84.6% between January 1, 2017 and December 31, 2021. The performance graph set forth above is generally in line with the overall market trend for diamond and mining equities that reflected the difficult economic and market conditions faced by the mining industry in general. The share price increased to its peak in 2017, just before the commencement of commercial production. The share price in 2017, 2018, 2019 and 2020 was impacted by lower revenues than expected, once commercial production was achieved, as compared to the original feasibility study, resulting primarily from the overall weakness in the diamond sector.

During the five financial years ended December 31, 2021, total annual compensation paid to the NEOs increased overall by 49%. This increase is due to increase in annual compensation, bonuses and equity-based awards. During the financial year ended December 31, 2021, the total compensation paid to NEOs increased overall by 183%, as bonuses and equity-based awards and termination pay were paid or granted compared to December 31, 2020 where no bonuses and equity-based awards were provided. During the five financial years ended December 31, 2021, total annual compensation paid to the CEOs increased overall by 60%, and total compensation paid to the CFOs decreased overall by 35%, mainly due to lower equity awards granted. During the financial year ended December 31, 2021, total compensation paid to CEOs increased overall by 404%, total compensation paid to CFOs increased overall by 93%, as bonuses were paid and

equity-based awards were granted compared to December 31, 2020 where no bonuses were paid and equity-based awards were granted.

Share-Based Awards and Option-Based Awards

The Corporation's Incentive Plan has been used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Corporation. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX, and closely align the interests of the executive officers with the interests of shareholders.

The Compensation Committee has the primary responsibility of administering the compensation policies related to the executive management of the Corporation, including Option-Based Awards.

Long Term Equity Incentive Plan

Under the policies of the TSX, listed companies are required to have “rolling” share equity plans re-approved by shareholders every three years, including the approval of all unallocated options, rights or other entitlements, and to have amendments (as specified in the plan terms) approved. The Incentive Plan was initially approved by shareholders at the Corporation’s annual general and special meeting held on May 21, 2016.

The Corporation sought re-approval of the Incentive Plan at its 2019 annual shareholders meeting, but the TSX considered the disclosure about the Incentive Plan in the Corporation’s information circular to be insufficient regarding Awards other than Options. As a result, the Corporation sought shareholder re-approval of the Incentive Plan at the Corporation’s annual general and special meeting held on September 9, 2020. Shareholders re-approved the Incentive Plan at the 2020 annual general and special meeting.

The annual burn rate for the Incentive Plan for the three most recently completed financial years, expressed as a percentage and calculated by dividing the number of awards granted during the financial year by the weighted average number of Common Shares outstanding for the financial year, is set forth in the following table:

Annual Burn Rates for Three Most Recent Financial Years	
Year ending December 31	Burn Rate
2021	1%
2020	0%
2019	1%

The Incentive Plan provides for a maximum number of share-based awards equalling 10%, or 21,090,914 of the 210,909,141 issued and outstanding Common Shares of the Corporation. The purpose of adopting a “rolling” type of share-based compensation plan is to ensure that a sufficient number of Common Shares remain issuable under the Incentive Plan at all times to meet the overall objective of the Incentive Plan. The exercise, redemption, expiry or lapse of Awards will make new grants available under the Incentive Plan effectively resulting in a “re-loading” of the number of Awards available to be granted.

If all of the 6,106,668 outstanding stock options and restricted share units under our Incentive Plan as at December 31, 2021 were settled by the issuance of Common Shares, the Common Shares issued upon such settlement would have represented approximately 3% of the 210,697,474 issued and outstanding Common Shares as at such date.

Pursuant to the Incentive Plan, the Corporation is authorized to award Options, Stock Appreciation Rights (“**SAR’s**”), Deferred Stock Units (“**DSU’s**”), Restricted Stock Units (“**RSU’s**”) and other share-based awards (each an “**Award**”) to Eligible Persons, which may be settled in shares issued from treasury or in cash.

(a) Options

An Option is a right to purchase a Common Share for a fixed exercise price. Options shall be for a fixed term and exercisable from time to time as determined in the discretion of the Board, provided that no Option shall have a term exceeding ten years. If an Option expires during a black-out period or within ten business days thereof, its term will be extended to the date which is ten business days following the end of such period.

The number of Common Shares subject to each Option, the exercise price of the Option (the “**Option Price**”), the expiration date of each Option, the extent to which each Option is exercisable from time to time during the term of the Option and other terms and conditions relating to each such Option shall be determined by the Board. If no specific determination is made by the Board, the term of the Option shall be ten years, the Option Price shall be the Market Price of the Common Shares on the date of the grant and the Options shall vest on the anniversary of their date of grant in equal instalments over a three-year period. “**Market Price**” is defined in the Incentive Plan as the volume weighted average trading price of the Common Shares for the five (5) trading days immediately preceding the relevant date, calculated by dividing the total value by the total volume of Common Shares traded over the relevant period, rounded up to the nearest cent.

The Option Price shall in no circumstances be lower than the greater of: (i) the price permitted by the TSX; (ii) the price permitted by any other regulatory body having jurisdiction; and (iii) the Market Price of the Common Shares on the date of grant.

(b) SARs

A SAR is a right to receive a cash payment equal to the difference between the Option Price and the Market Price of a Common Share on the date of exercise (the “**SAR Amount**”). A SAR may be granted in relation to an Option or on a stand-alone basis. SARs granted in relation to an Option shall be exercisable only at the same time, by the same persons and to the same extent, that the related Option is exercisable. SARs granted on a stand-alone basis shall be granted on such terms as shall be determined by the Board and set out in the award agreement, provided that the Option Price shall not be less than the Market Price of the Common Shares on the date of grant. SARs may be settled in cash or (at the election of the Corporation) Common Shares with an aggregate Market Price equal to the SAR Amount.

(c) RSUs

An RSU is a right to receive a Common Share issued from treasury or, at the option of the Corporation or, if applicable, the Participant, a cash payment equal to the Market Price of a Common Share redeemable after the passage of time, the achievement of performance targets or both. RSUs shall be granted on terms determined by the Board based on its assessment, for each Participant, of the current and potential contribution of such person to the success of the Corporation. The Board shall determine the effective date of the grant and the number of RSUs granted. The Board shall also determine the applicable grant period, the vesting terms and the exercise criteria of each RSU.

(d) DSUs

A DSU is a right, redeemable only after the Participant has ceased to hold all positions with the Corporation or has otherwise ceased to be an Employee or Director, to a cash payment equal to the Market Price of a Common Share on the termination date of a Participant or, if applicable, to one fully paid and non-assessable Share issued from Treasury. Participants have no right or ability to exercise, receive or otherwise demand payment of the value of DSUs granted to them prior to ceasing to hold all positions with the Corporation or to otherwise cease to be an Eligible Person.

All Awards

Awards may be granted alone, in addition to, or in tandem with any other Award or any award granted under another plan of the Corporation or an affiliate. Awards granted in addition to or in tandem with other Awards may be granted either at the same time or at different times. The date of grant, the number of Common Shares, the vesting period and any other terms and conditions of Awards granted pursuant to the Incentive Plan are to be determined by the Board, subject to the express provisions of the Incentive Plan.

Share Purchase Program

The Board may institute a share purchase program (the “**SPP**”) for designated Eligible Persons (each a “**SPP Eligible Person**”). Pursuant to the SPP, the Board could grant to each SPP Eligible Person one Option and/or one SAR for each Common Share purchased by such person up to a maximum number of Options and/or SARs for each Eligible Person as may be determined from time to time by the Board.

Restrictions on Awards for Insiders

The aggregate number of Common Shares issued to insiders of the Corporation within any one-year period under the Incentive Plan, together with any other security-based compensation arrangement, cannot exceed 10% of the outstanding Common Shares (on a non-diluted basis). In addition, the aggregate number of Common Shares issuable to insiders of the Corporation at any time under the Incentive Plan, together with any other security-based compensation arrangement, cannot exceed ten percent (10%) of the outstanding Common Shares (on a non-diluted basis). There are otherwise no limits on the maximum number of Awards that may be issued to any single Eligible Person.

Substitute Awards

Subject to TSX approval, the Board may grant Awards under the Incentive Plan in substitution for share-based awards held by employees, directors, consultants or advisors of another company (an “**Acquired Company**”) in connection with a merger, consolidation or similar transaction

involving such Acquired Company and the Corporation (or an affiliate thereof) or the acquisition by the Corporation (or an affiliate thereof) of property or stock of the Acquired Company.

Termination

Subject to the provisions of the Incentive Plan and any express resolution passed by the Board, all Awards, and all rights to acquire Common Shares pursuant thereto, granted to an Eligible Person (a “**Participant**”) shall expire and terminate immediately upon such person’s termination date. If, however, before the expiry of an Award, a Participant ceases to be an Eligible Person for any reason, other than termination by the Corporation for cause, such Awards may be exercised or redeemed, as applicable, by the holder thereof at any time within one year following their termination date or, if the person is deceased, at any time within six months following their death. In any event, however, the exercise or redemption of an Award must occur (i) prior to the expiry date of the Option or SAR, (ii) prior to the expiry of the grant period determined by the Board in respect of RSU’s, and (iii) prior to the expiry of the Award in the case of other Awards under the Incentive Plan, and in each case only to the extent that the Award was vested or the exercise criteria determined by the Board were satisfied and the Eligible Person was otherwise entitled to exercise the Award at the termination date. If a Participant is terminated for cause, all unexercised or unredeemed Awards (vested or unvested) shall be terminated immediately.

Adjustments

If a formal bid for the Common Shares is made (an “**Offer**”), all Common Shares subject to outstanding unexercisable Options shall become exercisable and a Participant shall be entitled to exercise the Options and tender the Common Shares acquired into the Offer. In the event of any stock dividend, stock split, combination or exchange of shares, merger, amalgamation, acquisition, divestiture, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation’s assets to Shareholders, or any other change in the capital of the Corporation affecting Common Shares, the Board will, subject to TSX approval, make such proportionate adjustments, if any, to outstanding Awards as the Board in its discretion may deem appropriate to reflect such change.

Change of Control

In the event of a change of control (a “**CoC**”) of the Corporation or of an affiliate of which a Participant is an employee, all vesting and exercise criteria of Awards shall be deemed to have been satisfied and each Participant shall be entitled to receive, in full settlement of Awards (other than DSUs), a cash payment equal to (a) in the case of an RSU, the Special Value (as defined below), and (b) in the case of a SAR or Option, the difference between the Special Value and the Option Price in respect of such SAR or Option. In the event of a CoC, the right of a Participant to receive a payment in respect of a DSU will not be triggered prior to such Participant’s termination date. As used herein, the term “**Special Value**” means (i) if any Common Shares are sold as part of the transaction constituting the CoC, the weighted average of the prices paid for such shares by the acquirer, provided that if any portion of the consideration is paid in property other than

cash, then the Board shall determine the fair market value of such property for purposes of determining the Special Value; and (ii) if no Shares are sold, the Market Price of a Common Share on the day immediately preceding the date of the CoC.

Acceleration of Awards

Notwithstanding any other provision of the Incentive Plan, the Board may at any time give notice to Participants advising that their respective Awards (other than a DSU) are all immediately exercisable or redeemable and may be exercised or redeemed only within thirty (30) days of such notice or such other period as determined by the Board and will otherwise terminate at the expiration of such period.

Amendment Procedure

The Incentive Plan contains a formal amendment procedure. The Board may amend certain terms of the Incentive Plan without requiring the approval of the Shareholders, unless specifically required by the TSX. Amendments not requiring shareholder approval include, without limitation: (a) altering, extending or accelerating award vesting terms and conditions; (b) amending the termination provisions of an award; (c) accelerating the expiry date of an Option; (d) determining adjustments pursuant to the provisions of the Incentive Plan concerning corporate changes; (e) amending the definitions contained in the Incentive Plan; (f) amending or modifying the mechanics of exercising or redeeming awards; (g) amending provisions relating to the administration of the Incentive Plan; (h) making “housekeeping” amendments, such as those necessary to cure errors or ambiguities contained in the Incentive Plan; (i) effecting amendments necessary to comply with the provisions of applicable laws; and (j) suspending or terminating the Incentive Plan.

The Incentive Plan specifically provides that the following amendments require shareholder approval; (a) increasing the number of Common Shares issuable under the Incentive Plan, except by operation of the “rolling” maximum reserve; (b) amending the Incentive Plan if such amendment could result in the aggregate number of Common Shares issued to insiders within any one year period or issuable to insiders at any time under the Incentive Plan, together with any other security based compensation arrangement, exceeding 10% of the outstanding Common Shares; (c) extending the term of any Award beyond the expiry of the original term of the Award; (d) reducing the Option Price or cancelling and replacing Options with Options with a lower Option Price; (e) amending the class of Eligible Persons which would have the potential of broadening or increasing participation in the Incentive Plan by insiders; (f) amending the formal amendment procedures of the Incentive Plan; and (g) making any amendments to the Incentive Plan required to be approved by the Shareholders under applicable law.

Other Terms

Except as provided or with the consent of the Corporation and any applicable regulatory authority, all Awards under the Incentive Plan will be non-assignable. No financial assistance is

to be provided to any Eligible Person to facilitate the purchase of Common Shares under the Incentive Plan. An Award is personal to the Participant and is non-assignable and non-transferable, except with the prior written consent of the Corporation. Notwithstanding the foregoing, an Award granted to a consultant that is a company or partnership, may be assigned to a management company employee of such consultant.

Pension Plan Benefits

The Corporation does not have any form of pension plan that provides for payments or benefits to the Named Executive Officers at, following, or in connection with retirement. The Corporation does not have any form of deferred compensation plan.

Termination and Change of Control Benefits

Except as disclosed above under the heading “Executive Compensation – Employment/Consulting Agreements of NEOs”, the Corporation and its subsidiaries do not have any contracts, agreements, plans or arrangements that provide for payments to a Named Executive Officer at, following, or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, change in control of the Corporation, or change in a Named Executive Officer’s responsibilities.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As at the date of this Information Circular, no executive officer, director, employee or former executive officer, director or employee of the Corporation or any of its subsidiaries is, or at any time since the beginning of the most recently completed financial year, has any of them been, indebted to the Corporation, or any of its subsidiaries, nor is any of these individuals, or at any time since the beginning of the most recently completed financial year, has any of them been, indebted to another entity which indebtedness is the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries.

APPOINTMENT AND REMUNERATION OF AUDITOR

Shareholders will be asked to approve the reappointment of KPMG LLP, Chartered Accountants (“**KPMG**”), as the auditor of the Corporation to hold office until the next annual general meeting of the shareholders at remuneration to be fixed by the directors. The auditor was first appointed on August 6, 1998.

MANAGEMENT CONTRACTS

No management functions of the Corporation or its subsidiaries are performed to any substantial degree by a person other than the directors or executive officers of the Corporation or its subsidiaries.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

Corporate Governance relates to the activities of the Board of Directors. National Policy 58-201 – Corporate Governance Disclosure and the Sarbanes-Oxley Act of 2002 (the “**Act**”), the rules adopted by the United States Securities and Exchange Commission (the “**SEC**”) pursuant to the Act, as they apply to foreign private issuers, together establish corporate governance guidelines which apply to the Corporation. Corporate governance relates to activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Corporation. The Board is committed to sound corporate governance practices which are both in the interests of its shareholders and contribute to effective and efficient decision making. National Instrument 58-101 – Disclosure of Corporate Governance Practices requires that each reporting company disclose its corporate governance practices on an annual basis.

The Corporation’s general approach to corporate governance is summarized below.

Board of Directors

The Board is currently composed of seven directors. The Corporation proposes to set the number of directors at seven and to elect seven nominees for the ensuing year. All seven of the proposed nominees are current directors.

Independence

Section 1.4 of National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”) sets out the standard for director independence. Under NI 52-110, a director is independent if he has no direct or indirect material relationship with the Corporation. A material relationship is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. NI 52-110 also sets out certain situations where a director will automatically be considered to have a material relationship with the Corporation.

Applying the definition set out in section 1.4 of NI 52-110, four of seven current members of the Board are independent. Mark Wall, President and Chief Executive Officer of the Corporation, Jonathan Comerford, Chairman of the Corporation, and Brett Desmond are not independent.

Jonathan Comerford is not independent as he is an employee of an entity that is beneficially owned by a control person of the Corporation.

Brett Desmond is not independent by virtue of his family relationship with a control person of the Corporation.

Other Directorships

In addition to their positions on the Board, the following directors also serve as directors of the following reporting issuers or reporting issuer equivalents as of the date of this Information Circular:

Name of Director	Reporting Issuer(s) or Equivalent(s)
Mark Wall	None
Jonathan Comerford	None
Karen Goracke	None
Brett Desmond	None
Kelly Stark-Anderson	None
Ken Robertson	Avcorp Industries Incorporated, Gold Royalty Corp.
Daniel Johnson	None

Meetings of Directors

The Board meets as necessary in the absence of management to ensure the Board's functional independence from management. The Corporation recognizes the desirability of directors being able to consult outside professional advice, as appropriate, in the discharge of their duties.

Since the beginning of the Corporation's most recently completed financial year, the independent directors have not held a meeting at which non-independent directors were not in attendance. Independent directors do not hold regularly scheduled meetings without non-independent directors and the Corporate Secretary (who is also a member of senior management); however, the Board has adopted a practice whereby the independent directors routinely hold an in-camera session following most Board meetings. Open and candid discussion among independent directors is encouraged, and the independent directors are free to communicate with each other in the absence of the non-independent director and management as they feel is appropriate, and by the means they consider appropriate.

Independence of Chair

The Corporation's corporate governance structure recognizes the value of separating the offices of the Chair and the CEO. Mark Wall is the Corporation's President and Chief Executive Officer and the Board is chaired by Jonathan Comerford, a director.

Attendance

The Board meets on a regularly scheduled basis and more frequently if required. Since January 1, 2021, the beginning of the most recently completed financial year, the Board met 7 times. Jonathan Comerford, Karen Goracke, Brett Desmond, Dean Chambers and Ken Robertson attended all 7 meetings. Tom Peregoodoff and Stuart Brown attended 5 of 5 meetings. Daniel Johnson attended 2 of 2 meetings. Mark Wall attended 1 of 1 meeting. No meetings have been held since Kelly Stark-Anderson was appointed to the Board.

Board Mandate

The Board is required to supervise the management of the business and affairs of the Corporation and to act with a view to the best interests of the Corporation and its shareholders. The Board actively oversees the development, adoption and implementation of the Corporation's strategies and plans. The Board's responsibilities include:

- (a) representing the interests of the shareholders in all significant decisions affecting the Corporation and ensuring that shareholders are kept informed of developments affecting the Corporation;
- (b) the Corporation's strategic planning process,
- (c) the identification of the principal risks of the Corporation's business and ensuring the implementation of appropriate systems to manage risk,
- (d) reviewing significant operational and financial issues as they arise and providing direction to management of these matters,
- (e) acting diligently to ensure that the Corporation fulfils its legal and regulatory requirements,
- (f) evaluating the effectiveness of senior management and establishing their compensation,
- (g) evaluating whether or not directors receive the information they require to perform their duties as directors,
- (h) the Corporation's succession planning, including appointing, training and monitoring senior management,

- (i) the Corporation's major business development initiatives,
- (j) the integrity of the Corporation's internal control and management information systems,
- (k) the Corporation's policies for communicating with shareholders and others, and
- (l) the general review of the Corporation's results of operations.

The Board considers certain decisions to be of sufficient importance to the Corporation and as such, requires management to seek the prior approval of the Board with respect to these decisions. Such decisions include:

- (a) approval of the annual capital budget and any material changes to the operating budget,
- (b) approval of the Corporation's business plan and monitoring performance,
- (c) acquisition of, or investments in, new business,
- (d) changes in the nature of the Corporation's business,
- (e) changes in senior management, and
- (f) all matters as required under the *Business Corporations Act* (Ontario).

Position Descriptions

There are no written position descriptions for the Chair of the Board and the chairs of each Board committee. The roles and responsibilities of each Board committee are included in the "Terms of Reference" for each Board committee. It is understood by the Board committee chairs that they are responsible for the overall management, guidance, and functioning of their respective committee. As well, there exists a Corporation Mandate for the Board, and the Chair of the Board understands that it is his role to ensure the overall management, guidance, and functioning of the Board.

The duties and responsibilities of the President and CEO are included in the Wall Agreement including the power and authority to manage, supervise and direct the Corporation's business and affairs, and to undertake such other duties as may, from time to time, be assigned to the President and CEO by the Board. Such duties and responsibilities are indicated to be subject always to the control and direction of the Board.

Orientation and Continuing Education

Board turnover is relatively rare and, accordingly, the Corporation has not adopted a formalized process of orientation for new Board members. Orientation of new directors is conducted on an as-needed basis.

Current directors are kept informed as to matters impacting, or which may impact, the Corporation's operations through reports and presentations at Board meetings. Directors are also provided with the opportunity to meet with senior management and other employees, advisors and directors, who can answer any questions that may arise.

Business Conduct Policy

The Corporation has adopted a Business Conduct Policy (May 2006, amended in September 2010) posted on its website at www.mountainprovince.com and available on SEDAR at www.sedar.com and on the SEC's website at <https://www.sec.gov/edgar.shtml> as an exhibit to the Corporation's annual report on Form 20-F for the year ended March 31, 2006. The amended Business Conduct Policy was included in an exhibit to the Corporation's annual report on Form 40-F for the year ended December 31, 2021.

Shareholders may also request copies of the Corporation's Business Conduct Policy by contacting the Corporation at 161 Bay Street, Suite 1410, P.O. Box 216, Toronto, Ontario, Canada M5J 2S1, by mail, or by telephone at 416-361-3562.

Annually, the Corporation's officers and key consultants provide their recognition of the current policy and understanding of its importance. The Business Conduct Policy provides guidance to the directors and officers individually, and to the Board as a whole, to ensure the exercise of independent judgment in considering transactions and agreements where a director or officer might have a material interest. Having a director, Jonathan Comerford, as the chair of the Board, also helps to ensure independent judgment and to encourage and promote a culture of ethical business conduct.

The Board considers that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest are sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

Gender Diversity

The Board has not adopted a written policy relating to the identification and nomination of women directors. The directors of the Corporation have a fiduciary duty to act in the best interests of the Corporation. As part of that duty, the Board believes that it should be able to select and nominate for election or appointment as directors those individuals who will best serve the interests of the Corporation, regardless of gender. The Board believes that

implementing such a policy will potentially restrict the Board's ability to select those individuals that will best serve the interests of the Corporation.

The Board considers the level of representation of women on the board in identifying and nominating candidates for the appointment or election to the Board. In identifying and nominating candidates for election or appointment to the Board, the Board considers various factors, including, but not limited to: (i) the individual merits of each potential candidate, including their skills, education, background, experience and any previous contributions to the Corporation; (ii) the number and qualities of potential candidates and whether any such candidates are women; (iii) the current composition of the Board; and (iv) the needs of the Corporation. The ultimate selection will be based on serving the best interests of the Corporation.

The Corporation considers the level of representation of women in executive officer positions when making executive officer appointments. In making executive officer appointments, the Corporation considers various factors, including, but not limited to: (i) the merits of each potential candidate, including their skills, education, background, experience and any previous contributions to the Corporation; (ii) the number and qualities of potential candidates and whether any such candidates are women; (iii) the composition of the executive officers; and (iv) the needs of the Corporation. The ultimate selection will be based on serving the best interests of the Corporation.

The Corporation has not adopted specific targets for gender or other dimensions of diversity at the Board or executive officer level due to the relatively small size of these groups. In addition, the Corporation believes that it is important that each appointment to the Board and at the executive officer level be made, and be perceived as being made, based on the merits of the individual and the needs of the Corporation at the relevant time. If specific targets were adopted based on specific criteria, including gender, this could limit the Corporation's ability to ensure that the overall composition of the Board and its team of executive officers meets the needs of the Corporation.

As at the date hereof, the number of women on the Board is two (28%) and the number of women in executive officer positions is one. As at the date hereof, the number of women in management positions within the Corporation is one.

Nomination of Directors

The Board does not have a separate nominating committee. The Corporate Governance and Nominating Committee assesses the performance and qualification of directors and assesses and recommend potential nominees to the Board, as needed.

Assessments

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

Board Committees

Committees of the Board are an integral part of the Corporation's governance structure. There are three standing committees: the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee, each established to devote the necessary expertise and resources to particular areas, and to enhance the quality of discussion at Board meetings. The Committees facilitate effective Board decision-making by providing recommendations to the Board on matters within their respective responsibilities. The Board believes that the Committees assist in the effective functioning of the Board and that the composition of the Committees should ensure that the views of unrelated and independent directors are effectively represented.

Each of these committees is comprised solely of non-management directors. The committees, their mandates and memberships are outlined below.

Compensation Committee

The Compensation Committee, in consultation with the President of the Corporation, reviews and recommends to the Board for approval all matters relating to the compensation of executives of the Corporation. The Compensation Committee monitors the performance of senior management generally. Executive officers are compensated in a manner consistent with their respective contributions to the overall benefit of the Corporation.

However, compensation matters may also be reviewed and approved by the Corporation's entire board of directors.

The compensation determinations are made under a philosophy more fully described in the Executive Compensation section of this Information Circular, and are based on a number of factors including a comparative review of information provided to the Compensation Committee by compensation consultants, recruitment agencies and auditors as well as historical precedent.

Since January 1, 2021, the beginning of the most recently completed financial year, the Compensation Committee has held five meetings in consideration of the Committee's recommendation to the Board of compensation matters. These compensation matters included the annual incentive award to Mr. Wall, Mr. Brown, Mr. Ing, Mr. Mackie, Dr. McCandless and Mr. MacPhail, the granting of options and restricted share units to Mr. Wall, Mr. Brown, Mr. Ing, Mr. Mackie, Dr. McCandless, Mr. MacPhail and other employees, and the compensation for directors.

The Committee is composed of Karen Goracke (Chair), Daniel Johnson and Ken Robertson, all of whom are independent directors.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee is responsible for developing the approach of the Corporation to the matters of corporate governance including the mandate, size

and composition of the Board and its committees, and assessing the effectiveness of the Board, its members and the committees of the Board. Since January 1, 2021, the beginning of the most recently completed financial year, the Corporate Governance and Nominating Committee met fifteen times. The Corporate Governance and Nominating Committee is composed of Kelly Stark-Anderson (Chair), Brett Desmond and Karen Goracke; two of the members are independent directors. Until May 19, 2021, Tom Peregoodoff was Chair of the Corporate Governance and Nominating Committee.
