2. GENERAL DEVELOPMENT OF THE BUSINESS

Set out below is a discussion of the general development of the business of the Company over the last three years up until the date of the AIF.

(a) Organizational Capability Initiative

Throughout Fiscal 2011, the Company recruited executive talent, which resulted in the appointment of a new President and Chief Executive Officer, Calvin McDonald and the appointment of four senior leaders, including the Executive Vice-President and Chief Administrative Officer, the Senior Vice-President, Merchandising, Home and Hardlines, the Executive Vice-President, Merchandising, Apparel and Accessories and the Senior Vice-President, Marketing.

The Company also held National Hiring Day on October 20, 2011 to hire approximately 1,500 part-time sales associates for the holiday season.

(b) Sustainability Efforts

The Company is continuing its sustainability efforts that encompass all areas of its business. In Fiscal 2011, the Company launched numerous initiatives to help Canadians choose more environmentally sustainable options, including the Million Dollar Energy Challenge to help Canadians save money with ENERGY STAR appliances. In 2010, it introduced its Cost & Carbon Savings Calculator to demonstrate the financial and environmental benefits of

switching to ENERGY STAR qualified products. During the second quarter of Fiscal 2011, the Company won the Retail Sustainability Award at the Excellence in Retailing Awards celebration dinner held by the Retail Council of Canada. The Company received the award for its "*Live Green at Sears: Reducing Our Footprint...Helping Canadians Reduce Theirs*" program that aims to reduce the Company's environmental footprint and help customers do the same.

The award coincided with announcements about Sears Canada's sustainability initiatives which took place during Canadian Environment Week, including one of the largest replacements of inefficient lighting ever undertaken. There were also announcements about the recognition of the Company's Calgary National Logistics Centre as an ISO 14001 facility. Sears was also named by the Government of Canada as the Natural Resources Canada 2011 ENERGY STAR® Retailer of the Year.

(c) Credit Facility

In September 2010, the Company entered into an \$800.0 million senior secured revolving credit facility (the "Credit Facility") with a syndicate of lenders with a maturity date of September 10, 2015. As at January 28, 2012, the Company had drawn \$101.1 million on the Credit Facility and had \$6.3 million of standby letters of credit outstanding. Availability under the Credit Facility was \$415.1 million as at January 28, 2012. The Credit Facility is secured with a first lien on inventory and credit card receivables. Availability under the Credit Facility is determined pursuant to a borrowing base formula. The Credit Facility contains covenants which are customary for facilities of this nature and the Company was in compliance with all covenants as at January 28, 2012.

(d) Sears Travel

Sears Travel service operates within 108 Sears locations across Canada, an online travel service at www.searstravel.ca and 1-866-FLY-SEARS, which connects customers to the nearest geographical branch. As of January 30, 2011, Thomas Cook manages the day-to-day operations of all Sears Travel offices and the Sears Travel website pursuant to an exclusive, multi-year licensing arrangement.

(e) Response to Challenging Economic Environment

In order to position the Company to continue operating efficiently during the challenging economic environment, the Company disposed of excess inventory in Fiscal 2011. The Company also implemented internal restructuring.

The Company carried out expense management measures in the 52-week period ended on January 30, 2010 ("Fiscal 2009"), which included associate wage freezes, up to 15% in salary reductions for associates at the Vice-President level and above, pension contribution reductions, strategic reductions to the Company's associates and call centre expenses. The staffing reduction affected approximately 300 associates and had no impact on customer service at the store level as reductions were initiated at the Company's head office in Toronto and in the repair services business. To continue to provide efficient support to customers and the Company's businesses, especially during peak seasonal times, and to remain competitive, certain call centre functions were outsourced to an experienced external service provider that the Company has used for several years.

(f) Benefits, Pension and Post-Retirement Program

During Fiscal 2009, the Human Resources and Compensation Committee of the Board (“HRCC”) approved changes to the Company’s benefits portfolio. The health and dental benefits were changed from a menu of options to a simpler two-tiered design and the vacation benefit provided for a maximum of four weeks vacation time (or equivalent for part-time associates) per year. In addition, the short-term disability and long-term disability benefits were updated to offer the same coverage for all full-time hourly and salaried associates. The Company’s current benefits are designed to reflect a broader and more consistent offering for the majority of associates and a fairer, simpler and more equitable design across the Company. For the 52-week period ended January 29, 2011 (“Fiscal 2010”) and Fiscal 2011, these updates reduced the Company’s benefit expenditures.

Sears Canada introduced new programs in Fiscal 2009, Fiscal 2010 and Fiscal 2011 designed to enhance the health, wellness and quality of life for its associates. The programs included discounts on fitness facilities across Canada, spa facilities, weight loss services, home and auto insurance, tax preparation services, basic household and personal care items through a network of pharmacies, transportation and vehicle discounts as well as discounts on a wide range of entertainment and attractions, sporting events, magazine subscriptions and more.

In the first quarter of Fiscal 2009, the HRCC approved a change to the Company’s pension plan. Previously the Company had matched a certain percentage of an associate’s contribution to the defined contribution component of his/her pension plan in accordance with a matching schedule. Pursuant to the approval of the change by the HRCC, the amount matched by the Company was reduced by two percent.

(g) Strategic Initiatives

Sears is committed to its mission of building customer relationships, increasing profitability and improving every day. The Company aimed to achieve this mission by focusing on several key strategic initiatives geared towards growing profitable sales. Over the last three years, the Company has undertaken several strategic initiatives to achieve these objectives, including:

(i) Relevant and Current Product Assortment

The Company endeavours to produce profitable sales by increasing sales and volumes of product assortments that are relevant to its existing customers, while attracting new customers through innovative products and brands, including the Sears brand, private label brands and non-proprietary brands exclusive to Sears. On a regular basis, the Company undertakes “recharges” to improve product selection, promotion, customer service and staff product knowledge. These initiatives also permit Sears to introduce new brands and substitute or discontinue existing brands.

During Fiscal 2011, the Company announced Jay Manuel as Creative Director of ATTITUDE®. Jay Manuel and launched the inaugural collection at the LG® Fashion Week Beauty in Toronto.

The Company also focused on winning market share in the mattress category through initiatives that include the promotion of brands such as Stearns & Foster® and Simmons® Beautyrest®, as well as the launch of luxury mattresses under the private label Sears-O-Pedic®.

The Company expanded its furniture selection including the innovative Paula Deen and prestigious Thomasville TM Brands.

In Fiscal 2011, the Company created the Kids Room Program to improve the shopping experience in the areas of kids fashion, toys and home accessories and restructured its merchandising operations and introduced integrated teams to better coordinate planning, marketing, buying, allocation and finance functions.

During Fiscal 2010, the Company recharged the private label Jessica[®] brand, and expanded the national brand portfolio to include brands such as Kensie[®], Mac & Jac[®], Liz Claiborne[®], and Kenneth Cole Unlisted[®]. During Fiscal 2010, the Company introduced new brands such as Italsofa The Italian Touch[®], a Natuzzi[®] sub-brand and Paula Deen Home into its furniture business, and Stearns & Foster[®] and Simmons[®] Beautyrest[®] into its mattresses business.

During Fiscal 2009, the Company commenced recharges in: women's wear, men's wear, children's wear, and cosmetics - including the launch of Oasis, a new beauty department concept, in two Full-line stores.

(ii) Private and National Brand Growth

Jessica[®], Nevada[®], Attitude[®], Distinction[®], Boulevard Club[®], Tradition[®], Protocol[®], Retreat[®], Alpinetek[®], Pure NRG Athletics[®], Trendzone[®], Baby Boots[®], Whole Home[®] and Sears-O-Pedic[®].

The Company also has licenses from Sears, Roebuck and Co. ("Sears Roebuck") to use the following brands:

- Kenmore[®], Craftsman[®] and DieHard[®]

In addition, the Company has exclusivity relationships with many non-proprietary national brands. By leveraging and building upon its portfolio of brands, the Company strives to deliver relevant products that resonate with its customers and gives them additional reasons to continue to shop at Sears.

During the third quarter of Fiscal 2011, the Company launched the Attitude[®] Jay Manuel line, as introduced at LG Fashion Week in Toronto, and also launched the private label Sears-O-Pedic luxury mattresses line in Fiscal 2011.

During Fiscal 2010, the Company expanded and improved its private and national brand portfolio, which included the recharge of the private-label brand Jessica[®] and the launch of national brands such as Kensie[®], Liz Claiborne[®] and Kenneth Cole Unlisted[®], to provide customers with product assortments that are exciting and relevant to their needs. In the third quarter of Fiscal 2010, Attitude[®] was showcased at LG[®] Fashion Week in Toronto, Ontario.

In Fiscal 2009, the Company expanded and improved its private and national brand portfolio, which included the launch of Liz & Co[®] and the re-launch of Attitude[®] and Distinction[®].

(iii) Pricing Strategy

The Company's pricing strategy is anchored to its Value Strategy, which offers everyday value with an active promotional program. Sears Value Strategy focuses on solutions for the customer, from coordinating a particular look to providing easy-to-understand product benefits and features. This strategy is intended to increase the average transaction value and improve profitability.

The Company recently enhanced its value proposition by lowering the price on over 5,000 items including items in every store and in every department. This was announced on February 16, 2012 and was the first significant change customers saw as a result of the transformation being undertaken by the Company. The Company also introduced weekly specially-priced must-have WOW items concurrent with the price reductions.

In Fiscal 2010, the appreciation of the Canadian dollar versus the U.S. dollar encouraged cross-border shopping by Canadians in the U.S. The Company responded by increasing promotional and clearance activity and undertook various initiatives to mitigate the impacts of this challenging environment, including merchandise, customer financing and internet initiatives. One of these initiatives included expanding the Company's price match guarantee and matching prices on most products in its retail stores with those available in U.S. retail stores. In addition, the Company improved its financing options by introducing no interest, no back-dated interest deferred or equal billing financing with respect to merchandise purchased with the Sears Card or Sears MasterCard.

(iv) Product and Service Innovation

The Company strives to provide an innovative and exciting product assortment and service selection that leverages the Company's multi-channel capability.

During Fiscal 2011, the Company continued to enhance its national presence by growing its Dealer network through the conversion of catalogue agents into full Dealer stores.

The Company restructured store operations by consolidating regional operations and introducing two new roles - District Managers who are responsible for store operations and execution, and Category Specialists who seek to ensure collaboration between merchandising and in-store teams. There are eight District Managers and twenty-four Category Specialists.

The Company also distributed the 2011 Wish Book to more than 3 million Canadian homes.

In Fiscal 2010, Sears Canada undertook several initiatives to introduce new businesses and products targeted to specific customer segments and local markets. These included the expansion of the gift registry across 15 Full-line stores, 41 Home stores, and all hometown Dealer locations, as well as the roll out of the Modern Shop in 43 stores to offer a shopping experience appealing to the younger-minded customer. The Modern Shop is a contemporary shop set up in high-traffic areas of the store, focusing on modern brands.

Additionally, the Company continued its focus on providing sustainable, energy efficient green products and services, including:

- Introducing Cost and Carbon Savings Calculators in stores and online, to help customers estimate the dollar savings associated with replacing old appliances with new, energy efficient ones;

- Increasing eco-product offerings such as organic cotton apparel and bedding; and
- Launching the first Sears eco-catalogue in the first quarter of Fiscal 2010 featuring only environmentally-friendly products and services, including the debut of the “Live Green” brand.

In recognition of the Company’s excellence and commitment to promoting ENERGY STAR® products to help Canadians become more energy efficient, the Company received the 2011 ENERGY STAR® Retailer of the Year award for the fourth consecutive year. Since the ENERGY STAR® Market Transformation Awards were first presented in 2003, the Company has won the “Retailer of the Year” award five times. Sears was also presented with the award for Sustained Excellence by the federal government’s Office of Energy Efficiency (Natural Resources Canada).

In Fiscal 2009, Sears Canada focused on its gift registry business, which was expanded to a total of 107 stores, and launched Oasis in two Full-line stores. In addition, during Fiscal 2009, Sears Canada expanded the products and services offered throughout its various channels, including: (i) launched “Sears Certified Real Estate Services”, designed to help make real estate transactions professional, easy and rewarding for customers who are buying or selling a home in the Greater Toronto Area; (ii) secured commercial agreements with a provincial electric utility company to supply energy efficient appliances for its major appliance replacement program as well as with reputable home builders to supply major appliances to new home buyers; (iii) expanded its diverse product and services offerings to include a new residential painting service in select markets; and (iv) launched the Sears Water Appliance Program (SWAP), a national program that encourages homeowners to upgrade their inefficient or non-functional water softeners to an ENERGY STAR®-compliant unit, providing Canadians with more energy efficient solutions and another way to reduce emissions of greenhouse gases into the environment.

(v) Customer Segmentation

During Fiscal 2011, the Company focused on becoming more customer driven and marketing led by distributing product-specific flyers designed to offer more relevant apparel and accessories merchandise and developing analytical models leveraging customer segmentation research to drive a more targeted catalogue distribution.

To grow profitable sales, the Company must provide the right products to the right customers at the right time and the right price. During Fiscal 2010, the Company continued to use customer insights to further develop strategies for key categories and channels in order to drive sales and grow market share. These initiatives included:

- Implementing strategies to improve customers’ in-store experience. For example, the Company rolled out Modern Shops in 43 stores during Fiscal 2010 to offer a shopping experience appealing to the younger-minded customer;
- Optimized flyer distribution to a revised distribution footprint focusing on the current Sears shopper and high potential neighbourhoods; and
- Used customer segmentation to develop unique strategies for each of the Company’s categories and channels to drive sales and market share growth.

The Company also issues special, targeted catalogues that are geared toward specific product and lifestyle themes (“Specialogues”) and leverage exclusive catalogue partnerships to increase the assortment of new product offerings. In Fiscal 2010, 11 Specialogues were produced.

(vi) Direct Channel Business

One of the Company’s strengths is its multi-channel operations that permit an enhanced merchandise selection and a wide offering of services to consumers.

The Company’s Direct Channel is comprised of its catalogue business, which is Canada’s largest general merchandise catalogue business, and sears.ca, one of Canada’s leading online shopping destinations.

In Fiscal 2011, Sears.ca had over 81 million visits. In addition, during Fiscal 2011, the Company continued to invest in its online capabilities to improve the current users’ experience and engage new customers and demographics. Sears is committed to maintaining its reputation as a trusted Canadian retailer by focusing on customer privacy, security and satisfaction when shopping on Sears.ca

In Fiscal 2011, 20 different catalogues were distributed throughout Canada reaching up to approximately 3.2 million households. In addition, during Fiscal 2011, Sears distributed 17 Specialogues designed to offer more seasonally relevant merchandise to specific customers.

In Fiscal 2010, the Company increased leverage of social media to build customer engagement and increase traffic, supported new brand launches to encourage customer shopping across all channels via multi-channel marketing, and invested in infrastructure to improve product information and website features to enhance the users’ experience.

In Fiscal 2009, in an effort to further improve the online shopping experience, the Company launched the first phase of the new Sears.ca website with an increased selection of products and categories available to engage new customers and demographics. Sears.ca was rebuilt on a more robust, technologically advanced platform, featuring improved search capability, easier navigation, more detailed product information, as well as enhanced speed and reliability.

(vii) Loyalty Rewards Program

During Fiscal 2009, the Company, in conjunction with JPMorgan Chase, introduced modifications to the Sears Club Loyalty program, one of the highest value reward programs in Canada. The Company revised certain assumptions used to calculate the Sears Club Loyalty program based on new information regarding redemption rates and the costs associated with this program, resulting in a net decrease to the reserve and a pre-tax gain of \$7.0 million. The Company simplified the earn rates and redemption values to allow for more effective communication and promotion of the program, which resulted in an additional decrease to the reserve and a pre-tax gain of \$2.9 million. The redemption options for Sears Club Points were expanded to allow customers to instantly redeem for travel purchases through Sears Travel, making the Sears MasterCard one of the fastest ways for Canadians to earn travel rewards with a no fee credit card. Further enhancements and simplifications were introduced to allow customers to redeem more frequently and in smaller increments.

(viii) Productivity Improvement Initiatives

For the upcoming year, Sears will continue its mission of building customer relationships, increasing profitability and improving every day and remains confident in its strategy geared towards productivity improvement and growing profitable sales by better meeting the needs of its target customers. Some of the priorities for the 2012 Fiscal Year include: (i) focusing on lean inventory management and implementing further reductions in inventory shrinkage and product returns; and (ii) continuing to focus on expense management and recovering costs while improving customer service.

In Fiscal 2009, the Company completed the relocation of head office operations to the vacant space above the Toronto Eaton Centre to reduce costs and improve efficiencies. The Company also reduced inventory levels by \$116.0 million through promotional events and improved inventory management practices through initiatives such as integrating return-to-vendor provisions into agreements as well as selling products on consignment. Furthermore, the Company improved its replenishment and direct importing practices to increase margins, enhance its competitive pricing capabilities and ensure customers have a broad and relevant selection of quality products to choose from in order to grow sales.

(ix) Conversion of Catalogue Agents to Hometown Dealer Stores

The Company's 1,734 catalogue agents represent a competitive advantage as they reinforce the Company's national presence and place it in close proximity to its customers. Throughout Fiscal 2011, Sears Canada has continued to enhance its national presence by growing its Hometown Dealer network through the conversion of catalogue agents into full Hometown Dealer stores with an expanded assortment of products and services, including gift registry, home improvement services, and an expanded selection of big ticket appliances and electronics. The Company currently has 285 Hometown Dealer stores throughout Canada. The Company converted 20 catalogue agent locations to Hometown Dealer stores in Fiscal 2011. In 2010, the Company converted 79 catalogue agent locations to Hometown Dealer stores.

(h) Real Estate

(i) Real Estate Joint Venture Operations

As at January 28, 2012, Sears had joint venture interests in 12 shopping centres across Canada and carries the proportionate share of these interests in the Company's consolidated financial statements. Joint venture interests range from 15% to 50% and are co-owned with major shopping centre owners and institutional investors. Sears is not involved in the day-to-day management of the shopping centres, but is involved in major decisions regarding the joint venture interests.

During Fiscal 2011, the Company sold its interests in the Chatham Centre.

During Fiscal 2010, Sears sold land in Lachenaie, Québec, which was held by one of the Company's real estate joint ventures. The relocation was completed in the first quarter of Fiscal 2009, and resulted in improved efficiencies and an enhanced office environment.

3. DESCRIPTION OF THE BUSINESS

(a) Company Overview

Sears is a multi-channel retailer and as of March 15, 2012, had a network that included 196 corporate stores, 285 Hometown Dealer stores, 30 home improvement showrooms, over 1,700 catalogue merchandise pick-up locations, 108 Sears Travel offices and a nationwide home maintenance, repair, and installation network. The Company also publishes Canada's most extensive general merchandise catalogue and offers shopping online at Sears.ca. Sears is committed to creating lifelong relationships built on trust.

(b) Business Overview

The Company's operations are centered around merchandising and include sale of goods and services through the Company's Retail channel, which includes its Full-line, Sears Home, Hometown Dealer, Outlet, Appliances and Mattresses, and Corbeil Electrique Inc. ("Corbeil") stores, and its Direct (catalogue/internet) Channel. It also includes service revenue related to product repair, home improvement, Cantrex Group Inc. ("Cantrex"), travel and logistics, and performance payments received from JPMorgan Chase under the Company's long-term credit card marketing and servicing alliance with JPMorgan Chase.

For a more detailed description of the Company's business operations and performance, see Section 2 - "Company Performance" of the Company's 2011 MD&A. Please also refer to Section 11 - "Risks and Uncertainties" of the Company's 2011 MD&A for a discussion of certain of the risks and uncertainties inherent in the Company's business.

(c) Competitive Conditions

The Canadian retail market remains highly competitive as key players and new entrants compete for market share. International retailers continue to expand into Canada while existing competitors enhance their product offerings and become direct competitors. The Company's competitors include traditional Full-line department stores, discount department

stores, wholesale clubs, “big box” retailers, internet retailers and specialty stores offering alternative retail formats.

Furthermore, the increase in the Canadian dollar over the last two years has presented an additional challenge for Canadian retailers as customers are motivated to cross-border shop.

The majority of the performance payments earned pursuant to the credit card marketing and servicing alliance with JPMorgan Chase are related to customers’ purchases using the Sears Card and Sears MasterCard. The credit card industry is highly competitive as credit card issuers continue to expand their product offerings to distinguish their cards.

For a discussion of the other competitive conditions faced by the Company, see Section 11 - “Risks and Uncertainties” of the Company’s 2011 MD&A.

(d) Intangible Properties

The Company has a license from Sears Roebuck to use the name “Sears” as part of its corporate name, as well as a license to use other brand names, such as Kenmore[®], Craftsman[®], and DieHard[®]. The Company has established procedures to register and otherwise vigorously protect its intellectual property, including the protection of the Sears Roebuck trademarks used by the Company in Canada.

One of the Company’s most important strengths is the recognition and reputation of the Company’s private brands and exclusive relationships with many non-proprietary national brands. The Company’s private brands, which are available in Canada, include Jessica[®], Nevada[®], Whole Home[®], Boulevard Club[®], Tradition[®], Protocol[®], Retreat[®], Alpinetek[®], Pure NRG Athletics[®], Trendzone[®], Baby Boots[®], Attitude[®], Distinction[®] and Sears-O-Pedic[®]. The Company believes that the trademarks owned or licensed to it enjoy considerable brand awareness in the Canadian market. The Company also owns a number of domain names which are used in its online business.

(e) Cycles – Seasonality of Business

The Company’s operations are seasonal in nature with respect to operating results and in products and services offered. Merchandise and service revenues, as well as performance payments received from JPMorgan Chase, will vary by quarter based upon consumer spending behaviour. Historically, the Company’s revenues and earnings are higher in the fourth quarter than in any of the other three quarters due to the holiday season. The Company is able to adjust certain variable costs in response to seasonal revenue patterns; however, costs such as occupancy are fixed, causing the Company to report a disproportionate level of earnings in the fourth quarter. This business seasonality results in quarterly performance that is not necessarily indicative of annual performance.

In addition, Sears offers many seasonal goods and services. The Company sets budgeted inventory levels and promotional activity to be in accord with its strategic initiatives and expected consumer demand. Businesses that generate revenue from the sale of seasonal merchandise and services are subject to the risk of changes in consumer spending behaviour as a result of unseasonable weather patterns.

(f) Economic Dependence

The Company relies on its right to use the “Sears” name, referred to in Section 3(d) – “Intangible Properties” of this AIF. This right is subject to termination by Sears Roebuck

following a transitional period, determined by the Company, of up to seven years should Sears Roebuck reduce its indirect ownership interest in the Company to less than 25 percent.

(g) Environmental Protection

The Company is currently remediating various locations throughout Canada where it operated gas bars, auto centres and a logistics facility. The extent of this remediation and the cost thereof has not yet been determined, but Sears continues to monitor the cost of remediation and appropriately provides for this cost in its reserves.

For a discussion of the effects of environmental protection requirements on the Company, see Section 11 – “Risks and Uncertainties” of the Company’s 2011 MD&A.

(h) Associates

Sears associates are a critical asset to the Company. Sears works to inspire its associates to be committed to improving customers’ lives by providing quality services, products and solutions that earn their trust and build lifetime relationships, so that Sears can become Canada’s #1 retailer.

Sears had an average of 11,468 full-time and 18,304 part-time associates for a total average of 29,972 associates in Fiscal 2011.

(i) Social or Environmental Policies

The Company has established the following policies and procedures for the well-being of its associates, customers, visitors and contractors.

(i) Health and Safety Policy

The Company has established its Health and Safety Policy (“H&S Policy”) which sets out the guiding principles that all leaders, associates, contractors and vendors are required to follow in order to provide leaders, associates, contractors, vendors and customers with a safe and healthy work and shopping environment. Specifically, the H&S Policy states that leaders, associates, contractors and vendors must adhere to the applicable laws and regulations that apply to their work and that health and safety is everyone’s responsibility under the Internal Responsibility System. The Company reviews the H&S Policy on an annual basis.

(ii) Employment Equity and Non-Discrimination

The Company’s Employment Equity and Non-Discrimination policy is designed to ensure that the Company’s employment policies, practices and procedures support its commitment to employment equity, non-discrimination and an inclusive work environment. Sears Canada’s commitment to employment equity aligns with its commitment to quality and is built into the Company’s recruitment, hiring and advancement practices. The Company believes that having the best candidate in every position, regardless of race, gender, ethnic or national origin, sexual orientation, religion, marital or family status, or other factors unrelated to a candidate’s ability to carry out his/her responsibilities, allows the Company to attract and retain the best associates from all segments of the population.

The Company has developed a number of policies and programs which are designed to identify and address hazards in the workplace thereby creating a safer environment for associates and customers. The Company’s zero tolerance approach and Respect in the

Workplace and Violence Prevention policies are embedded in the Sears Canada Code of Business Conduct (the “Code”) and are examples of its commitment to maintaining a safe working and shopping environment for its customers and its associates.

(iii) Code of Business Conduct

The Code applies to every officer and associate. The Code provides guidelines and sets out expectations regarding interactions with: customers, investors, governmental authorities, and suppliers of merchandise and services, and among associates. It also sets out the ethical values and standards of behaviour that apply to all of the Company’s business activities, including such matters as fair dealing, conduct in the workplace, conflicts of interest, corporate property and records and compliance with the laws of all jurisdictions in which the Company conducts business.

(iv) Global Compliance Program Requirements

Sears is committed to conducting its business in Canada and abroad with a high standard of business ethics, in compliance with all applicable laws, and with regard for human rights and workplace standards. Sears expects its vendors to do the same, and has developed the Global Compliance Program Requirements (the “Compliance Program”), contractual requirements, and social compliance procedures to maximize vendor compliance with Sears requirements. The Compliance Program is in accordance with the Retail Council of Canada’s “Responsible Trading Guidelines” which focus on sourcing products and services in a fair and equitable manner both locally and internationally. The Compliance Program outlines the standards to which all Sears vendors, both domestic and foreign, as well as the subcontractors employed by those vendors, are required to adhere as a condition of doing business with Sears. The Compliance Program is printed in 26 languages and must be posted in the factories of the Company’s vendors, ensuring that the individuals it protects are able to read and understand it.

(v) Ethics Hotline

The Sears Canada Ethics Hotline (the “Hotline”) was established to facilitate the confidential and anonymous reporting of suspected breaches of internal accounting controls, or other financial reporting matters, as well as actual or suspected violations of the Code. The Hotline, which is managed by an independent service provider, enables individuals to make reports anonymously, by telephone using the toll-free number 1-877-987-3277 or by reporting a concern electronically at www.clearviewconnects.com, in English or French, 24 hours a day, seven days a week. The Audit Committee of the Board is provided with a summary of the reports submitted to the Hotline on a quarterly basis.

(vi) Environmental Awareness

Sears recognizes that minimizing the adverse effects on the environment is both a corporate and business responsibility. Sears is committed to identifying opportunities for improvement with respect to the environment throughout all of its business channels. The Environmental Compliance department assists all areas of the business to evaluate, create and modify business practices and assists Sears in maintaining compliance with Federal and Provincial regulatory standards. The Company’s National Health, Safety and Environment Committee has representation from all of its business channels and works to create awareness of health, safety and environmental issues which impact the business of Sears.

(vii) Sears in the Community – Charitable Activities

Being a responsible member of the communities in which the Company does business is important to Sears Canada. Working with its customers and associates across Canada, the Company raises funds and invests in partnerships with local and national charitable organizations that help better Canadian communities.

For almost sixty years, the Company has been supporting both national and local community-based initiatives through its investment in non-profit organizations. The Company has two main mandates for which it raises funds: children's education (with an emphasis on after-school programs) and children's health (with an emphasis on the fight against childhood cancer).

After-School Programs

After-school programs include relationships with organizations that have a positive impact on children outside of school hours. Sears Canada has partnerships with organizations such as the Boys and Girls Clubs of Canada, 4-H, Scouts Canada, Girl Guides of Canada and Sears I CAN SWIM! which help children develop and reach their full potential. In addition, initiatives such as the Sears Drama Festival and the Sears Canadian High School Design Competition also lead to the healthy development of Canadian Youth.

Childhood Cancer

Children's cancer fundraising provides for much needed research, support for families and community awareness about the primary cause of non-accidental death among children in Canada. Sears works with children's hospitals across the country and helps to raise funds to provide the special care required for children living with cancer as well as much needed research in the field of pediatric oncology. As an example, the Sears Canada Charitable Foundation provides funding for the Sears Cancer Clinic at the Hospital for Sick Children in Toronto. Since 2008, the Company has sponsored the Sears National Kids Cancer Ride where cyclists travel over 7,000 km from Vancouver to Halifax, being welcomed by Canadians as they stop at Sears Canada locations along the way. The ride is conducted by the Coast to Coast Against Cancer Foundation. In 2011, Sears held two additional inaugural regional events to help raise funds and awareness for the childhood cancer cause: the Sears Great Canadian Chill polar bear dips and the Sears Great Canadian Run relays. In Québec, the Company enjoys a special relationship with Operation Enfant Soleil, an organization which raises funds for the province's four pediatric hospitals.

(j) *Purchasing and Distribution*

(i) Purchase of Merchandise

The sourcing and purchase of goods sold by the Company is conducted at its head office in Toronto, Ontario by the merchandise buying and corporate procurement teams. The Company purchases its merchandise from approximately 2,300 domestic and international suppliers, many of which have long-standing relationships with the Company. Sears works closely with its suppliers in marketing, research, design and development, production standards and production planning.

For the majority of its merchandise purchased on a direct import basis, Sears Canada utilizes the international merchandise purchasing services of Sears Holdings. Sears Holdings may

provide assistance to the Company with respect to monitoring and facilitating the production and inspection of imported goods, as well as the co-ordination of shipments and the payment to suppliers.

Although the Company's business is not substantially dependant on any one supplier, its relationship with certain suppliers is of significance to the Company's merchandising strategy, including attracting customers to its locations, cross segment sales and image. The Company is dependent upon a significant amount of products that originate from non-Canadian markets.

The majority of the Company's merchandise bought on a direct import basis is purchased in U.S. currency. As a result, exchange rate fluctuations between the Canadian and U.S. dollars may pose a risk to the Company's expected Canadian equivalent cost of U.S. dollars. In order to minimize the cost of its U.S. dollar requirements, the Company may use foreign currency forward or option contracts to hedge the exchange rate risk.

(ii) Distribution

Sears operates five distribution centres and one cross dock facility strategically located across the country. The total area of these facilities is approximately 6.3 million square feet.

All merchandise sold through the Corporate Store (Full-line, Sears Home, Hometown Dealer, Outlet, Appliances and Mattresses stores) and Direct Channels (Catalogue and Internet) are distributed from the Company's five distribution centres and one cross dock facility. The Company's distribution centres are located in Montreal, Québec, Vaughan and Belleville, Ontario, Regina, Saskatchewan and Calgary, Alberta and the Company's cross dock facility is located in Port Coquitlam, British Columbia.

The Company's wholly-owned subsidiary, S.L.H. Transport Inc. ("SLH"), transports merchandise to stores, catalogue merchandise pick-up locations and direct to customers. SLH is responsible for providing logistics services for the Company's merchandising operations by operating a fleet of tractors and trailers to provide carrier services for Sears and contract carrier services to commercial customers who are unrelated to Sears.

(iii) Services

Sears Home Services provides a broad range of home services, including Home Improvements, Product Repair Services and Protection Agreements.

Home Improvements – Home Improvements includes installation businesses such as flooring, heating, ventilation and air conditioning (HVAC), windows and doors, window coverings, roofing, kitchens and countertops, as well as home maintenance services (carpet and upholstery cleaning, duct cleaning and painting).

Product Repair Services – Product Repair Services includes servicing of In Warranty Kenmore appliances and National Brands and Cash Calls (paid labour for any appliance).

Protection Agreements – Protection Agreements includes three and five year coverage on major appliances, electronics, vacuums, lawn and garden, fitness as well as accident protection for furniture and mattresses.

(iv) Risks

The Company's performance may be adversely impacted by the risks that are associated with the sourcing and delivery of merchandise including potential economic, social and political instability in jurisdictions where suppliers are located, increased shipping costs, potential transportation delays and interruptions, adverse foreign currency fluctuations, changes in international laws, rules and regulations pertaining to the importation of products, quotas, and the imposition and collection of taxes and duties.

(k) Risk Factors

For a discussion of certain of the risks relating to the Company, see Section 11 - "Risks and Uncertainties" of the Company's 2011 MD&A.

Sears Canada has a risk oversight subcommittee ("ROC") which reports to the Audit Committee on a quarterly basis and is responsible for identifying, assessing and monitoring the principal risks of the Company and ensuring that management has a structured process in place for managing, mitigating and controlling those risks as set out in its charter. The ROC meets at least four (4) times a year and the Senior Vice-President and Chief Financial Officer serves as the chair of these meetings. The ROC has the authority to engage experts, if necessary.

4. DIVIDENDS

There were no dividends declared or paid to holders of common shares in Fiscal 2011.

During Fiscal 2010, the Company distributed approximately \$753.4 million to holders of common shares as extraordinary cash dividends. Payments in the amounts of \$3.50 per common share were made to shareholders on: (i) June 4, 2010; and (ii) September 24, 2010.

In 2006, Sears Canada announced that it would discontinue the practice of paying quarterly dividends.

The Company regularly monitors its sources and uses of cash and its level of cash on hand, and considers the most effective use of cash on hand including, among other options, the payment of dividends.

5. GENERAL DESCRIPTION OF CAPITAL STRUCTURE

(d) Ratings

The Company's corporate credit rating is influenced by the financial position of Sears Holdings, the Company's controlling shareholder, and may not reflect the independent credit risk profile of Sears Canada. On August 17, 2011, DBRS Limited discontinued its rating of Sears Canada at the request of the Company. On January 4, 2012, Moody's Investors Services, Inc. adjusted the Sears Holdings corporate family credit rating downward to B3 from Ba3. On January 5, 2012, Standard & Poor's adjusted Sears Holdings credit rating downward to CCC+ from B. These non-investment grade credit ratings may limit the Company's future access to capital markets or adversely affect the Company's cost of borrowing.
